Approval Condition(s):

- 1a. The submission of fire service installations and water supplies for firefighting proposals within 3 months.
- 1b. The submission of fire service installations and water supplies for firefighting proposals within 6 months.
- 2a. The implementation of fire service installations and water supplies for firefighting proposals within 6 months.
- 2b. The implementation of fire service installations and water supplies for firefighting proposals within 9 months.
- 2c. The submission and implementation of fire service installations and water supplies for fire-fighting proposals within 6 months.
3. The provision of fire service installations and water supplies for firefighting.
4. Revocation clause.

**Recommended Advisory Clauses**

- (a) to note the comments of the District Lands Office/Tsuen Wan and Kwai Tsing, Lands Department that:

the application site is not matched with the two temporary waiver areas and the proposed floor area under the captioned application of 4,439m<sup>2</sup> is large than the sum of the permitted areas of the two existing temporary waivers (4,349.911m<sup>2</sup>). The extra floor area not covered by the two temporary waivers for ITTI uses would be in breach of the user restriction under lease. If planning approval is given by the Board, the owner of the Premises will need to apply to LandsD for a fresh waiver or an amendment to the existing temporary waiver. I must emphasize that the proposal will only be considered upon our receipt of the valid application from the owner of the Premises. I would also advise that there is no guarantee that the application, if received by LandsD, will be approved and this office reserves our comment on such. The application will be considered by LandsD acting in the capacity as the landlord at its sole discretion. In the event that the application is approved, it would be subject to such terms and conditions as the Government shall deem fit to do so, including, among others, charging of waiver fee and administrative fee.

- (b) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department that:

- (i) under the Buildings Ordinance, the applicant shall not commence or carry out the proposed building works/change in use without having first obtained approval and consent from the Building Authority before commencement of works unless they are exempted under s.41 of the Building Ordinance, or fall within minor works under the Building (Minor Works) Regulation;
- (ii) adequate fire separation should be provided between the subject premises and the remaining portion of the building;
- (iii) any proposed building works should comply with the prevailing requirements under the BO and allied regulations and Code of Practices. Particular attention is drawn to adequate provisions of means of escape such as (i) no excessive travel distance for the remaining portion on 1/F

not under the subject application; and (ii) the requirement for people using one required staircase should be able to gain access to at least one other required staircase at any time, without having to pass through other person's private premises, to comply with the Code of Practice for Fire Safety in Buildings 2011; and

- (iv) detailed checking will be made at plan submission stage.
