10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use Lot 107 RP (Part), Hung Shui Kiu, Yuen Long, New Territories (the Site) for 'Proposed Temporary Shop and Services with Ancillary Office for a Period of 5 Years' (proposed development) (**Plan P01**).

The applicant would like to use the Site to operate a shop and services (Car Product) business to provide convenience to nearby locals. Type of car products to be sold at the Site include mud flap, windscreen wiper, car key, car fragrance etc..

The Site falls within an area zoned as "Government, Institution or Community" ("GIC") and "Village Type Development" zones on the Approved Hung Shui Kiu and Ha Tsuen Outline Zoning Plan No.: S/HSK/2 (**Plan P02**). According to the Notes of the OZP, 'Shop and Services' is a column 2 use within these zones, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of these zones.

The Site occupied an area of 508 sq.m (about) of Old Schedule Agricultural Lots held under the Block Government Lease (**Plan P03**). A total of three structures are proposed at the Site for shop and services, ancillary office and storage of goods and rain shelter with total GFA of 326 sq.m (about) and building height of 4m (about)(**Plan P04**). The operation hours of the proposed development are Monday to Saturday 09:00 to 18:00. No operation on Sunday and public holiday. The estimated maximum number of visitor per day are 15 (about). The estimated number of staff working at the Site is 10.

The Site is accessible from Fung Kong Tsuen Road via a local access (**Plan P01**). Two private car parking and one loading/unloading spaces for light goods vehicle are provided for the use of staff and visitor (**Plan P04**). Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site. Visitor is required to make appointment in advance to access the Site. Medium or heavy goods vehicles exceeding 5.5 tonnes, including container tractor/trailer are prohibited to parked/stored at the Site.

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimise adverse environmental impacts and nuisance to the surrounding area. No dangerous goods will be stored at the Site at any time during the planning approval period.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Shop and Services with Ancillary Office for a Period of 5 Years'.

Lot 107 RP (Part) in D.D. 128, Fung Kong Tsuen, Hung Shui Kiu

Site area : About 508sq.m

Zoning : "GIC" and "VTD"

Applied use : Shop and Services / 5 Years / 3 Vehicle Parking

Dear TPB Members,

While the planned use could be considered not incompatible with the VTD zoning, this cannot be justified for the majority of the site which is GIC.

As there is no previous approval on record then members should reject the application as it could hinder the development of community facilities to support the planned housing projects in the district.

Mary Mulvihill

Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site;
- (b) to note that the Site might be resumed at any time during the planning approval period for implementation of government projects;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The lot owners(s) of the lot(s) will need to apply to his office for permitting the structures to be erected or to regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by LandsD;
- (d) to note the comments of the Commissioner for Transport (C for T) that sufficient manoeuvring spaces shall be provided within the Site. Local track leading to the Site is not under TD's purview. The applicant shall obtain consent of the owners/managing departments of the local track for using it as the vehicular access to the Site;
- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. HyD shall not be responsible for the maintenance of any access connecting the Site and Fung Kong Tsuen Road;
- (f) to follow the relevant mitigation measures and requirements in the latest 'Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites' issued by the Environmental Protection Department to minimize any potential environmental nuisances;
- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that if the existing structures (not being a New Territories Exempted Houses) are erected on leased land without approval of the Building Authority (BA), they are unauthorized building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of BA should be obtained, otherwise they are UBW. An Authorized Person (AP) should be appointed as the coordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage,

washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. Detailed checking under the BO will be carried out at building plan submission stage;

- (h) to note the comments of the Director of Fire Services (D of FS) that relevant layout plans incorporated with the proposed fire service installations (FSIs) should be submitted for his approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSIs are to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the BO (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans; and
- (i) to note the comments of the Project Manager (West), Civil Engineering and Development Department (PM/W, CEDD) that the Site falls within the boundary of Hung Shui Kiu/Ha Tsuen New Development Area (HSK/HT NDA). To ensure timely and orderly implementation, the development of HSK/HT NDA and relevant site formation and infrastructure works would be implemented in three phases, viz. First Phase development, second Phase Development and Remaining Phase development. The lot(s) concerned falls within the Site under Remaining Phase development of HSK/HT NDA. While the detailed implementation programme for the project is still being formulated, it is envisaged that the site formation and engineering infrastructure works for the Remaining Phase development will commence in 2030.
