Lot 1024 S.A RP (Part) in D.D. 124, Hung Chi Road, Hung Shui Kiu, Yuen Long

Site area : 48m<sup>2</sup> increased to 51.85sq.m

Zoning : "GIC"

Applied Use : Estate and Property Agency

Dear TPB Members,

Since when have property agents become purveyors of community services?

These blood suckers have colluded with developers to prop up home prices and rents.

This commercial activity is inappropriate to the intention of the GIC zoning.

Mary Mulvihill

**Advisory Clauses**

- (a) prior planning permission should have been obtained before commencing the development on the Site;
- (b) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (c) to note that the Site might be resumed at any time during the planning approval period for implementation of government projects;
- (d) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises Old Schedule Agricultural Lot (OSAL) held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The private Lot no. 1024 S.A RP in D.D.124 is covered by Short Term Waiver (STW) for the purpose of "Temporary Shop and Services (Estate and property agency). According to his record, there is no lease modification/land exchange application or building plan submission in relation to development at the Site approved / under processing. The STW holder should apply to his office for modification of the STW conditions where appropriate. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by LandsD;
- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. HyD will not be responsible for the maintenance of any access connecting the Site and Hung Shui Kiu Main Street / Hung Chi Road;
- (f) to follow the relevant mitigation measures and requirements in the latest 'Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites' issued by the Environmental Protection Department to minimize any potential environmental nuisances;
- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that if the existing structures (not being a New Territories Exempted House (NTEH)) are erected on leased land without approval of the Building Authority (BA), they are unauthorized building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of BA should be obtained, otherwise they are UBW. An Authorized Person should be appointed as the coordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning)

Regulations (B(P)R) respectively. If the Site abuts on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. Detailed checking under BO will be carried out at building plan submission stage;

- (h) to note the comments of the Director of Fire Services (D of FS) that relevant layout plans incorporated with the proposed fire service installations (FSIs) should be submitted to his Department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSIs are to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the BO (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans; and
- (i) to note the comments of the Project Manager (West), Civil Engineering and Development Department (PM/W, CEDD) that the Site falls within the boundary of Hung Shui Kiu/Ha Tsuen New Development Area (HSK/HT NDA). To ensure timely and orderly implementation, the development of HSK/HT NDA and relevant site formation and infrastructure works would be implemented in three phases, viz. First Phase development, Second Phase Development and Remaining Phase development. The lot(s) concerned falls within the site under Remaining Phase development of HSK/HT NDA. While the detailed implementation programme for the project is still being formulated, it is envisaged that the site formation and engineering infrastructure works for the Remaining Phase development will commence in 2030.
