**Proposed Temporary Shop and Services (Convenient Store) for a Period of 3 Years**

**at**

**Lot 650 RP (Part) in D.D. 125, Ha Tsuen, Yuen Long, N.T.**

---

**Annex 1 Estimated Traffic Generation**

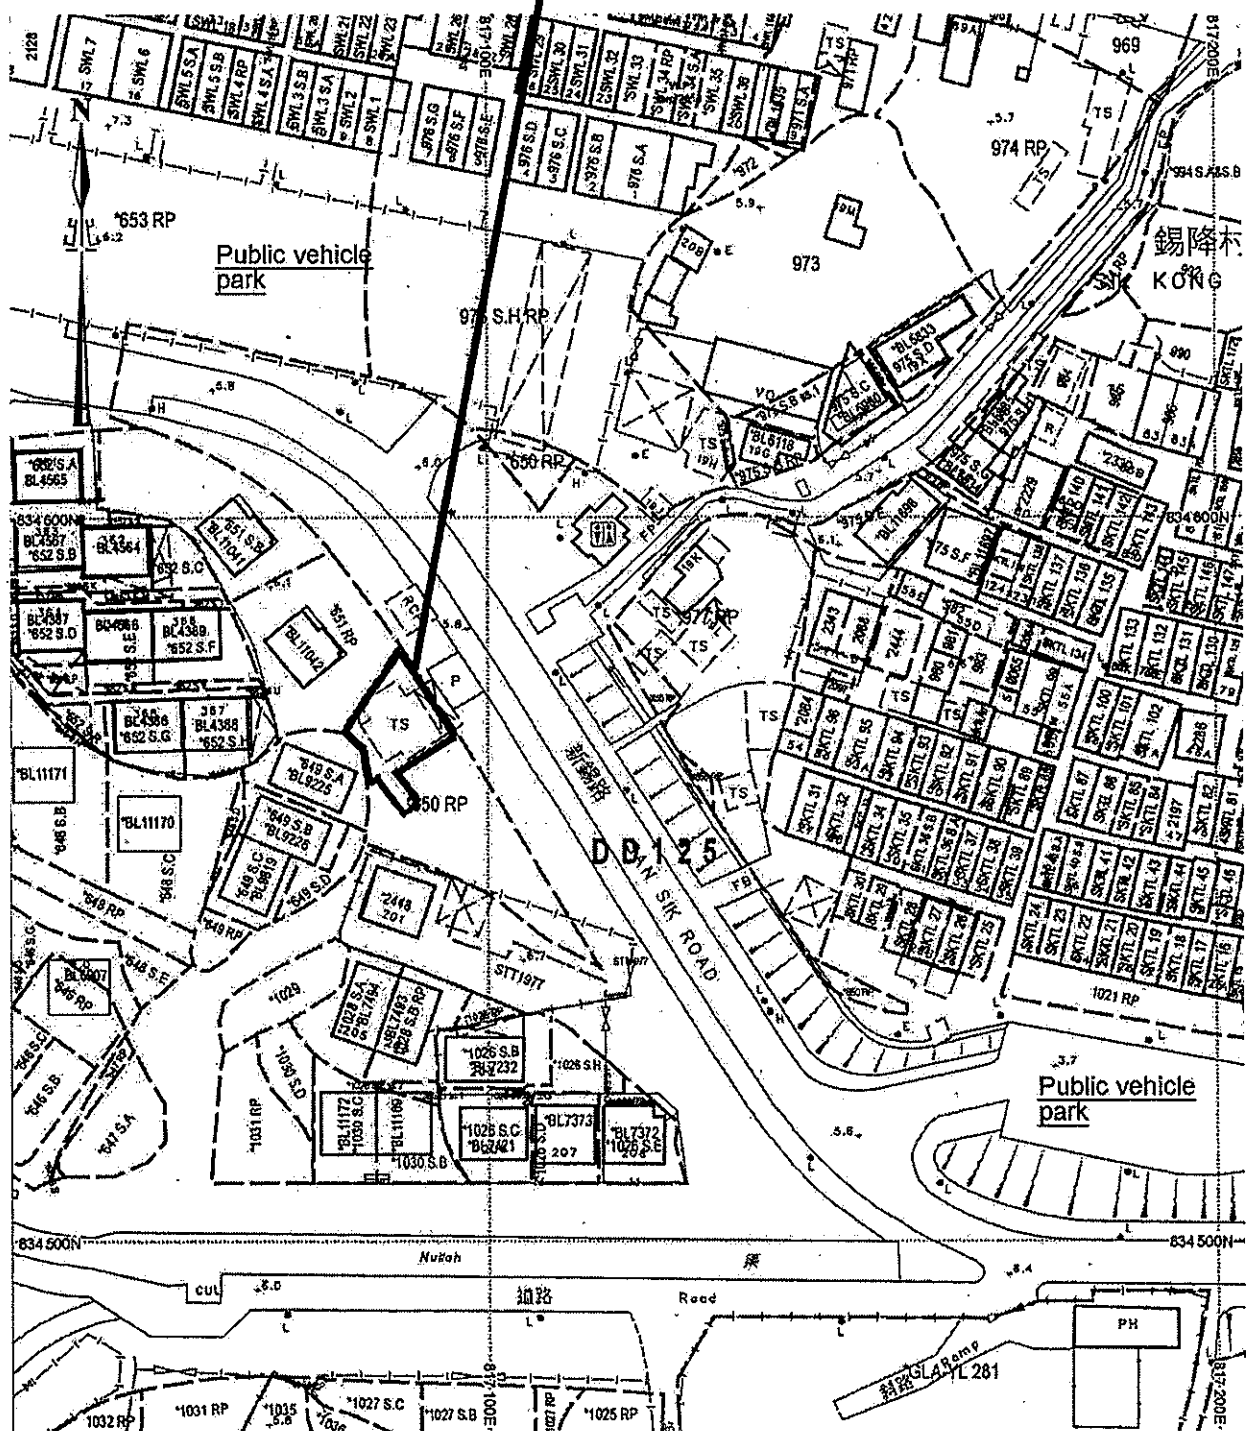

- 1.1 The application site is abutting San Sik Road. Having mentioned that the site is intended for shop and services (convenient store) in only 171m<sup>2</sup>, traffic generated by the proposed development is extremely insignificant.
- 1.2 Due to the limited size of the site and the proposed development is target for the nearby residents and villagers and they will visit the application site on foot, no parking space is proposed for the proposed development. However, adequate parking spaces were found at the two public vehicle parks to the north and southeast of the application site as shown in **Figure 1**. The loading and unloading activity will take place at the said public vehicle parks.
- 1.3 Also, the proposed convenient store is intended to serve the neighbourhood so that the vehicle generation/attraction would not be significant. The estimated traffic generation/attraction rate is shown below:

Type of Vehicle	<u>Average</u> Traffic Generation Rate (pcu/hr)	<u>Average</u> Traffic Attraction Rate (pcu/hr)	Traffic Generation Rate at <u>Peak Hours</u> (pcu/hr)	Traffic Attraction Rate at <u>Peak Hours</u> (pcu/hr)
Light goods vehicle	0.13	0.13	1.5	0

Note:

1. The operation hours of the proposed development is from 8:00a.m. to 8:00p.m. daily including public holidays;
  2. The pcu of light goods vehicle is taken as 1.5; &
  3. Morning peak is defined as 7:00a.m. to 9:00a.m. whereas afternoon peak is defined as 5:00p.m. to 7:00p.m.
- 1.4 No vehicular ingress/egress is proposed for the proposed development. In view of that the nature of the proposed development would not generate significant traffic generation, it is concluded that the proposed development would not generate adverse traffic impact.

**Extract of Town Planning Board Guidelines  
on Renewal of Planning Approval  
and Extension of Time for Compliance  
with Planning Conditions for Temporary Use or Development**  
**(TPB PG-No. 34D)**

---

1. The criteria for assessing applications for renewal of planning approval include:
  - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
  - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
  - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
  - (d) whether the approval period sought is reasonable; and
  - (e) any other relevant considerations.

Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

**Advisory Clauses**

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The private land of Lot No. 650 RP in D.D. 125 is covered by a Short Term Waiver (STW) No. 4699 to permit structures for the purpose of “Temporary Shop and Services (Real Estate Agency & Convenience Store)”. The STW holder(s) should apply to his office for modification of the STW conditions where appropriate. Besides, given the applied use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by the LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by LandsD;
- (c) to note the comment of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains;
- (d) to note the comment of the Director of Environmental Protection (DEP) that the applicant is advised to follow the latest ‘Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites’ (‘COP’);
- (e) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) that the required condition record should include coloured photos showing the current condition of the drainage facilities and a layout plan indicating the locations of the photos taken. The submitted photos should cover all internal surface channels, catch pits, sand traps, manholes, terminal catch puts/manholes and the downstream discharge path as indicated on the submitted drainage proposal;
- (f) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Department (BD), they are unauthorized building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the BD’s enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings and land filling) are to be carried out on the Site, prior approval and consent of the BD should be obtained, otherwise they are UBW. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage; and
- (g) to note the comments of the Director of Fire Services (D of FS) that relevant layout plans

incorporated with the proposed fire service installations (FSIs) should be submitted for his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSIs are to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the BO (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans.
