7. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The current application is a renewal application. All the development parameters are the same as the last planning permission No. A/HSK/224.
2. The application site subjects to seven planning permissions since 2000. The applied use of the current application is the same as the approved use of the last planning permission since 2017.
3. The proposed development conforms to the Town Planning Board Guidelines for Application for Open Storage and Port Back-up Uses (TPB PG-NO. 13F) because the application site is subject to previous planning permissions.
4. The proposed development is a temporary use for a period of 3 years which would not jeopardize the long term planning intention of the current zoning.
5. The proposed development is not incompatible with the surrounding environment including open storage use and port back-up activities.
6. Open storage & port back-up uses adjoining the application site were granted with planning permission. Similar preferential treatment should be granted to the current application.
7. All the planning conditions imposed to the last planning permission have been complied with.
8. Shortage of land for port back-up purpose in Ha Tsuen.
9. The planning circumstance pertaining to the application site is similar to the recent approval of adjacent open storage yards and port back-up uses.
10. Minimal traffic impact.
11. Insignificant environmental and noise impacts because the applied use is housed within an enclosed structure.
12. Insignificant drainage impact because surface U-channel is provided at the application site.

8. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

I hereby grant a permission to the Board to copy all the materials submitted in an application to the Board and/or to upload such materials to the Board's website for browsing and downloading by the public free-of-charge at the Board's discretion.
本人現准許委員會的情將就這宗申請所提交的所有資料複製及/或上載至委員會網站，供公眾免費瀏覽或下載。

Proposed Temporary Warehouse for Storage of Construction Machinery and Construction Materials with Ancillary Office and Repairing Workshop for a Period of 3 Years
at
Lot 897 S.B RP in D.D. 125, Ha Tsuen, Yuen Long, N.T.

Annex 1 Estimated Traffic Generation

- 1.1 The application site is abutting Ping Ha Road. The 10m ingress/egress of the proposed development is situated at the western part of the application site. (Figure 3)
- 1.2 The proposed development involves only storage of construction machinery and construction materials. In view of that the site is small in size, i.e., only 1,108m², a light goods vehicle is sufficient to deliver the construction machinery and construction materials. The estimated average traffic generation and traffic generation rate at peak hours are as follow:

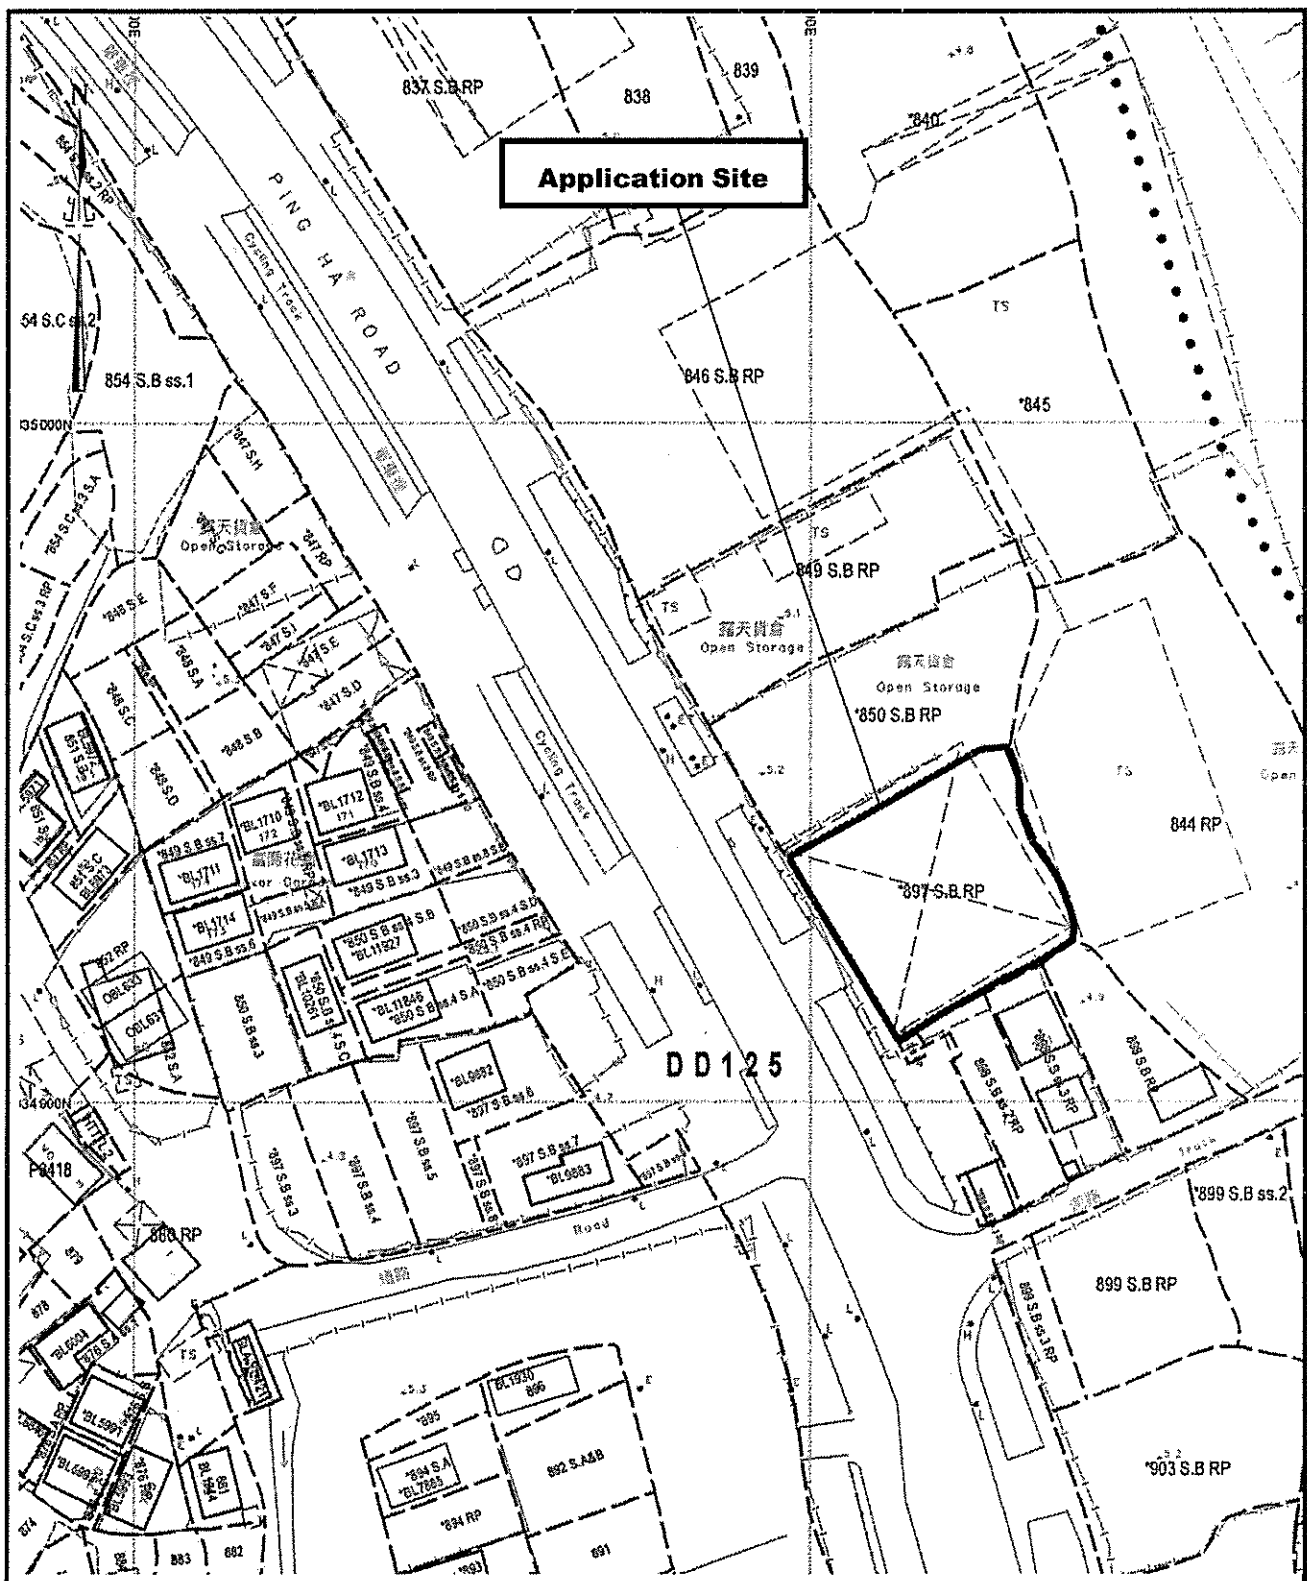

Type of Vehicle	<u>Average</u> Traffic Generation Rate (pcu/hr)	<u>Average</u> Traffic Attraction Rate (pcu/hr)	Traffic Generation Rate at <u>Peak Hours</u> (pcu/hr)	Traffic Attraction Rate at <u>Peak Hours</u> (pcu/hr)
Light goods vehicle	0.32	0.32	1.5	1.5

Note 1: The opening hour of the proposed development is restricted to 7:00 a.m. to 9:00 p.m. from Mondays to Saturdays. No operation will be held on Sundays and public holidays.

Note 2: The pcu of the light goods vehicle of not exceeding 5.5 tonnes is 1.5.

Note 3: Morning peak is defined as 7:00a.m. to 9:00a.m. whereas afternoon peak is defined as 5:00p.m. to 7:00p.m.

- 1.3 In association with the proposed storage purpose, adequate space for manoeuvring and loading/unloading of construction machinery and construction materials would be provided. By virtue of the fact that the application site is directly linked with Yuen Long Highway via Tin Wah Road and Tin Ying Road, the open storage being applied would not aggravate the traffic condition of Ha Tsuen area.

**Extract of Town Planning Board Guidelines
on Renewal of Planning Approval
and Extension of Time for Compliance
with Planning Conditions for Temporary Use or Development**
(TPB PG-No. 34D)

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.

Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department:

- no adverse comment on the application; and
- according to his record, there is no lease modification/land exchange application or building plan submission in relation to development at the application site (the Site) approved/under processing.

2. Traffic

(a) Comments of the Commissioner for Transport:

No adverse comment on the application from traffic engineering point of view.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department:

No adverse comment on the application.

3. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department:

- no objection in principle to the application from drainage point of view; and
- should the application be approved, a condition should be stipulated requiring the applicant to maintain the existing drainage facilities and submit condition record of the existing drainage facilities to his satisfaction.

4. Environment

Comments of the Director of Environmental Protection:

- no adverse comment on the application; and
- there was no environmental complaint pertaining to the Site received in the past three years.

5. Fire Safety

Comments of the Director of Fire Services:

No in-principle objection to the renewal application subject to the existing fire service installations implemented on the Site being maintained in efficient working order at all times.

6. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department:

- no adverse comment on the application under the Buildings Ordinance; and
- no building plan submission in relation to the development at the Site was approved or under processing.

7. Water Supplies

Comments of the Chief Engineer/Construction, Water Supplies Department:

No comment on the application.

8. Long-term Development

Comments of the Project Manager (West), Civil Engineering and Development Department:

No objection to the application.

9. District Officer's Comments

Comments of the District Officer (Yuen Long), Home Affairs Department:

- no comment from departmental point of view; and
- his office has not received any comment from the locals on the application.

Recommended Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note that the Site may be resumed at any time during the planning approval period for implementation of Government projects;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
 - the Site comprises Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
 - Lot 897 S.B RP in D.D. 125 is covered by Short Term Waiver (STW) No. 4981 for the purpose of Temporary Warehouse for Storage of Construction Machinery and Construction Materials with Ancillary Office and Repairing; and
 - should planning approval be given to the planning application, the STW holder will need to apply to his office for modification of the STW conditions where appropriate, if any. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by the LandsD;
- (d) to note the comments of the Commissioner for Transport that:
 - sufficient manoeuvring space shall be provided within the Site. No vehicles are allowed to queue back to public roads or reverse onto/from public roads; and
 - the local track leading to the Site is not under Transport Department's purview. The applicant shall obtain consent of the owners/managing departments of the local track for using it as the vehicular access to the Site;
- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that:
 - adequate drainage measures shall be provided to prevent surface water running from the Site to the nearby public roads and drains; and
 - the access road connecting the Site with Ping Ha Road is not and will not be maintained by his office. His office should not be responsible for maintaining any access connecting the Site with Ping Ha Road;
- (f) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department that the required condition record should include coloured photos showing the current condition of the drainage facilities and a layout plan indicating the locations of the photos taken. The submitted photos should cover all internal surface channels, catch pits, sand traps, manholes, terminal catch pits/manholes and the downstream discharge path as indicated on the submitted drainage proposal;

- (g) to note the comments of the Director of Environmental Protection that the applicant is advised to follow the latest 'Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites' in order to minimise the possible environmental impacts on the surrounding areas;
- (h) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:
- if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under this planning application;
 - the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively;
 - if the Site does not abut on a specified street of not less than 4.5 m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage;
 - before any new building works (including containers / open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO; and
 - for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO; and
- (i) to note the comment of the Project Manager (West), Civil Engineering and Development Department (PM(W), CEDD) that the Site falls within the boundary of Hung Shui Kiu/Ha Tsuen New Development Area (HSK/HT NDA). To ensure timely and orderly implementation, the development of HSK/HT NDA and relevant site formation and infrastructure works would be implemented in three phases, viz. First Phase development, Second Phase development and Remaining Phase Development. The lots concerned fall within the site under Remaining Phase Development of HSK/HT NDA. While the detailed implementation programme for the project is still being formulated, it is envisaged that the site formation and engineering infrastructure works for the Remaining Phase development will commence in 2030. The applicant is required to pay attention to the development programme and ensure his proposed development would not affect or impose constraints to the proposed works under HSK/HT NDA.
