8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The applicant is an indigenous villager. He had apply a New Territories Exempted House (NTEH) to the Lands Department on 16-9-2013 and the file number was DLNOR 351/SHL/13.
2. Under the Town Planning Ordinance(TPB), the applicant had also submitted an application to TPB for the NTEH and was approved on 26-9-2014.
3. The approval from TPB would be invalid after 26-9-2018 but the application at Lands Department was still under processing. The applicant had asked the TPB for 4 years time extension and was approved on 2-10-2018.
4. The time extension will be invalid after 26-9-2022. Unfortunately, the application at Lands Department is still under processing.
5. According to the Town Planning Ordinance, the applicant cannot ask for any time extension and can only renew the permission through this application.
6. The proposed NTEH is located within the agreed 'village environs' of Sheung Shui Wah Shan (see Plan 1) and about 8% of the house falls within 'V' zone. Therefore, the application is in line with the Government's Small House police.
7. During the application period, the lot had been carved out so that the application lot number had been changed from pervious lot 259C to 259CRP. The building footprint is unchanged.
8. The application site is the only land resource for the applicant to accommodate his need for small house.
9. The site is bounded by village settlements to its north-east and by 'village environ' to its south-west. It would be a natural extension to accommodate NTEH development on the site
10. The site has been left vacant. The proposed development brings about new house and landscaping features that will improve visual and environmental qualities
11. The site comprises only one NTEH and will not directly link with the local track thus relies mostly on public/pedestrian transport. The proposed development would have insignificant traffic impact.

9. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

I hereby grant a permission to the Board to copy all the materials submitted in an application to the Board and/or to upload such materials to the Board's website for browsing and downloading by the public free-of-charge at the Board's discretion.
本人現准許委員會酌情將本人就此申請所提交的所有資料複製及/或上載至委員會網站，供公眾免費瀏覽或下載。

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The applicant is an indigenous villager. He had apply a New Territories Exempted House (NTEH) to the Lands Department on 16-9-2013 and the file number was DLNOR 352/SHL/13.
2. Under the Town Planning Ordinance(TPB), the applicant had also submitted an application to TPB for the NTEH and was approved on 4-4-2014.
3. The approval from TPB would be invalid after 4-4-2018 but the application at Lands Department was still under processing. The applicant had asked the TPB for 4 years time extension and was approved on 17-1-2018.
4. The time extension will be invalid after 4-4-2022. Unfortunately, the application at Lands Department is still under processing.
5. According to the Town Planning Ordinance, the applicant cannot ask for any time extension and can only renew the permission through this application.
6. The proposed NTEH is located within the agreed 'village environs' of Sheung Shui Wah Shan (see Plan 1) and about 7% of the house falls within 'V' zone. Therefore, the application is in line with the Government's Small House policy.
7. During the application period, the lot had been carved out so that the application lot number had been changed from pervious lot 259D to 259DRP. The building footprint is unchanged.
8. The application site is the only land resource for the applicant to accommodate his need for small house.
9. The site is bounded by village settlements to its north-east and by 'village environ' to its south-west. It would be a natural extension to accommodate NTEH development on the site
10. The site has been left vacant. The proposed development brings about new house and landscaping features that will improve visual and environmental qualities
11. The site comprises only one NTEH and will not directly link with the local track thus relies mostly on public/pedestrian transport. The proposed development would have insignificant traffic impact.

9. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The applicant is an indigenous villager. He had apply a New Territories Exempted House (NTEH) to the Lands Department on 16-9-2013 and the file number was DLNOR 5/SHL/14.
2. Under the Town Planning Ordinance(TPB), the applicant had also submitted an application to TPB for the NTEH and was approved on 4-4-2014.
3. The approval from TPB would be invalid after 4-4-2018 but the application at Lands Department was still under processing. The applicant had asked the TPB for 4 years time extension and was approved on 17-1-2018.
4. The time extension will be invalid after 4-4-2022. Unfortunately, the application at Lands Department is still under processing.
5. According to the Town Planning Ordinance, the applicant cannot ask for any time extension and can only renew the permission through this application.
6. The proposed NTEH is located within the agreed 'village environs' of Sheung Shui Wah Shan (see Plan 1) and about 45% of the house falls within 'V' zone. Therefore, the application is in line with the Government's Small House policy.
7. During the application period, the lot had been carved out so that the application lot number had been changed from previous lot 259F to 259FRP. The building footprint is unchanged.
8. The application site is the only land resource for the applicant to accommodate his need for small house.
9. The site is bounded by village settlements to its north-east and by 'village environ' to its south-west. It would be a natural extension to accommodate NTEH development on the site
10. The site has been left vacant. The proposed development brings about new house and landscaping features that will improve visual and environmental qualities
11. The site comprises only one NTEH and will not directly link with the local track thus relies mostly on public/pedestrian transport. The proposed development would have insignificant traffic impact.

9. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.

Re: Planning Application No. A/NE-FTA/228 Proposed House (NTEH/Small House) at Lot 259 S.C RP in D.D. 52, Sheung Shui Wa Shan, N.T
31/08/2023 14:11

From: Edwin Lau <>
To: "aytchong@pland.gov.hk" <aytchong@pland.gov.hk>

History: This message has been forwarded.

Referring to the comments from Chief Town Planner/Urban Design and Landscape, our response shall be as follows:

1. The existing fruit trees should be located on Lot 273RP in D.D.52 which belongs to the owner of Lot273RP in D.D.52 so that our client cannot do any thing about the trees.
2. The proposed small house application had been processed nearly ten years by Lands Department. If the layout of the proposed house is changed at this moment, it may take more time to renew the application. Hence, our client would not like to change the layout.
3. The existing development would not have any impact on the said trees. Our client will discuss with the owner of 273RP if there is any impact on the existing trees during the development.

Edwin Lau

Relevant Interim Criteria for Consideration of
Application for New Territories Exempted House (NTEH)/Small House in New Territories
(promulgated on 7.9.2007)

- (a) sympathetic consideration may be given if not less than 50% of the proposed NTEH/Small House footprint falls within the village 'environs' ('VE') of a recognized village and there is a general shortage of land in meeting the demand for Small House development in the "Village Type Development" ("V") zone of the village;
- (b) if more than 50% of the proposed NTEH/Small House footprint is located outside the 'VE', favourable consideration could be given if not less than 50% of the proposed NTEH/Small House footprint falls within the "V" zone, provided that there is a general shortage of land in meeting the demand for Small House development in the "V" zone and the other criteria can be satisfied;
- (c) development of NTEH/Small House with more than 50% of the footprint outside both the 'VE' and the "V" zone would normally not be approved unless under very exceptional circumstances (e.g. the application site has a building status under the lease, or approving the application could help achieve certain planning objectives such as phasing out of obnoxious but legal existing uses);
- (d) application for NTEH/Small House with previous planning permission lapsed will be considered on its own merits. In general, proposed development which is not in line with the criteria would normally not be allowed. However, sympathetic consideration may be given if there are specific circumstances to justify the cases, such as the site is an infill site among existing NTEHs/Small Houses, the processing of the Small House grant is already at an advance stage;
- (e) if an application site involves more than one NTEH/Small House, application of the above criteria would be on individual NTEH/Small House basis;
- (f) the proposed development should not frustrate the planning intention of the particular zone in which the application site is located;
- (g) the proposed development should be compatible in terms of land use, scale, design and layout, with the surrounding area/development;
- (h) the proposed development should not encroach onto the planned road network and should not cause adverse traffic, environmental, landscape, drainage, sewerage and geotechnical impacts on the surrounding areas. Any such potential impacts should be mitigated to the satisfaction of relevant Government departments;
- (i) the proposed development, if located within water gathering grounds, should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. the application site has a building status under the lease or the applicant can demonstrate that the water quality within water gathering grounds will not be affected by the proposed development*);
- (j) the provision of fire service installations and emergency vehicular access, if required, should be appropriate with the scale of the development and in compliance with relevant standards; and

- (k) all other statutory or non-statutory requirements of relevant Government departments must be met. Depending on the specific land use zoning of the application site, other Town Planning Board guidelines should be observed, as appropriate.
- *i.e. the applicant can demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum.

Detailed Comments from Relevant Government Departments

1. Land Administration

Comments of the District Lands Officer/North, Lands Department (DLO/N, LandsD):

- (a) the Sites fall entirely within the ‘village environs’ (‘VE’) of Sheung Shui Wa Shan;
- (b) the applicants’ eligibilities for Small House grant have yet to be ascertained;
- (c) the Sites are currently not covered by any Building Licence nor Modification of Tenancy;
- (d) the number of outstanding Small House applications and the 10-year Small House demand for the village concerned are as follows:

<u>Village</u>	<u>No. of outstanding Small House application</u>	<u>No. of 10-year Small House demand*</u>
Sheung Shui Wa Shan	42	430

(* the figure of 10-year Small House demand is estimated and provided by the IIRs of Wa Shan and the information so obtained is not verified in any way by DLO/N, LandsD)

- (e) all the Small House applications are still under processing and yet to be approved.

2. Traffic

Comments of the Commissioner for Transport (C for T):

- (a) Small House developments should be confined within the “V” zone as far as possible. Although additional traffic generated by the proposed development is not expected to be significant, such type of developments outside the “V” zone, if permitted, will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial; and
- (b) notwithstanding the above, the applications only involve development of three Small Houses could be tolerated on the traffic grounds.

3. Environment

Comments of the Director of Environmental Protection (DEP):

- (a) in view of the small scale of the proposed developments, the applications alone are unlikely to cause major pollution; and
- (b) septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the Practice Note for Professional Person (ProPECC) PN 5/93 “Drainage Plans subject

to Comment by the Environmental Protection Department” and are duly certified by an Authorized Person.

4. **Landscape**

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):

- (a) no objection to the applications from the landscape planning perspective; and
- (b) with reference to aerial photo of 2022, the Sites are located in an area of rural inland plains landscape character comprising village houses, vegetated areas and tree groups. To the further west is Ng Tung River. The Sites of Applications No. A/NE-FTA/228 and 230 are occupied by farmlands, while the Site of Application No. A/NE-FTA/229 is vacant. Some fruit trees are found within the northern part of the Site of Application No. A/NE-FTA/228. Significant adverse impact on the landscape character and the existing landscape resources within the Sites are not anticipated.

5. **Drainage**

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- (a) no objection to the applications from public drainage viewpoint;
- (b) should the applications be approved, an approval condition requiring the applicants to submit and implement a drainage proposal to ensure that the proposed developments will not cause adverse drainage impact to the adjacent area is required; and
- (c) to note his advisory comments at **Appendix VII**.

6. **Agriculture**

Comments of the Director of Agriculture, Fisheries and Conservation (DAFC):

- (a) the Sites consist of partially cemented vacant land and vegetable fields. The agricultural activities are active in the vicinity, and agricultural infrastructures such as road access and water source are also available. The Sites can be used for agricultural activities such as open-field cultivation, greenhouses and plant nurseries, etc.; and
- (b) the Sites possess potential for agricultural rehabilitation. As such, the applications are not supported from agricultural point of view.

7. **Fire Safety**

Comments of the Director of Fire Services (D of FS):

- no in-principle objection to the applications provided that the proposed Small Houses would not encroach on any existing or planned Emergency Vehicular Access in accordance with LandsD's record.

8. **District Officer's Comments**

Local views/comments conveyed by the District Officer (North), Home Affairs Department (DO(N), HAD):

- the Chairman of Sheung Shui District Rural Committee, the Indigenous Inhabitant Representative (IIR) and the Resident Representative (RR) of Wa Shan Tsuen have no comment on the applications.

9. **Demand and Supply of Small House Sites**

According to DLO/N, LandsD's records, the total number of outstanding Small House applications for Sheung Shui Wa Shan is 42 while the 10-year Small House demand forecast for the same village is 430. Based on the latest estimate by Planning Department, about 2.47ha of land (equivalent to 98 Small House sites) are available within the "V" zone of Sheung Shui Wa Shan for Small House development. There is insufficient land in the "V" zones of the concerned village. Therefore, the land available cannot fully meet the future demand of 472 Small Houses (equivalent to about 11.8ha of land).

Recommended Advisory Clauses

- (a) to note the comments of Director of Fire Services that the applicants are reminded to observe “New Territories Exempted Houses – A Guide to Fire Safety Requirements”, which is administered by LandsD. Detailed fire safety requirements would be formulated upon receipt of formal application via LandsD;
- (b) to note the comments of Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD) that approval of the applications do not imply approval of tree works such as pruning, transplanting and felling under lease. The applicants are reminded to seek approval for any proposed tree works from relevant departments prior to commencement of the works;
- (c) to note the following comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) that:
 - (i) the Sites are in an area where public sewer connection is not available. Environmental Protection Department should be consulted regarding the sewage treatment/disposal facilities for the proposed developments;
 - (ii) to note the following general requirements of the drainage proposal:
 - surface channel with grating covers should be provided along the site boundaries;
 - a drainage plan should be provided clearly showing the size, levels and routes of the proposed drainage. The details (invert level, gradient, general sections etc.) of the proposed drain/ surface channel, catchpits and the discharge structure shall be provided;
 - the cover levels of the proposed channels should be flush with the existing adjoining ground level;
 - a catchpit with covers should be provided where there is a change of direction of the channel/drain. The details of the catchpit with covers shall be provided;
 - catchpits with sand trap shall be provided at the outlets of the proposed drainage system. The details of the catchpit with sand trap should be provided;
 - to check and ensure that the existing drainage downstream to which the proposed connection will be made have adequate capacity and satisfactory condition to cater for the additional discharge from the captioned sites. The applicants should also ensure that the flow from the Sites will not overload the existing drainage system;
 - where walls are erected or kerbs are laid along the boundary of the Sites, peripheral channels should be provided on both sides of the walls or kerbs, and/or adequate openings should be provided at the walls/kerbs to allow existing overland flow passing through the Sites to be intercepted by the drainage system of the Sites with details to be agreed by DSD, unless justified not necessary;

- all existing flow paths as well as the run-off falling onto and passing through the Sites should be intercepted and disposed of via proper discharge points. The applicants shall also ensure that no works, including any site formation works, shall be carried out as may adversely interfere with the free flow condition of the existing drains, channels and watercourses on or in the vicinity of the subject site any time during or after the works;
 - the proposed drainage works, whether within or outside the Sites boundary, should be constructed and maintained properly by the applicants and rectify the system if it is found to be inadequate or ineffective during operation at his own expense;
 - for works to be undertaken outside the lot boundary, the applicants should obtain prior consent and agreement from DLO/N, LandsD and/or relevant private lot owners;
 - to make good all the adjacent affected areas upon the completion of the drainage works;
 - to allow all time free access for the Government and its agent to conduct site inspection on their completed drainage works;
 - the applicants and the successive lot owners shall allow connections from the adjacent lots to the completed drainage works on Government Land when so required; and
 - photos should be submitted clearly showing the current conditions of the area around the Sites, the existing drainage/flowpaths around the Sites, the proposed drainage from the Sites to the downstream existing watercourse and the existing watercourse at about 20m intervals. The locations of the camera and the direction of each photo should also be indicated on a plan.
- (d) to note the comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD) that for provision of water supply to the developments, the applicants may need to extend his/her inside services to the nearest suitable government water mains for connection. The applicants shall resolve any land matter (such as private lots) associated with the provision of water supply and shall be responsible for the construction, operation and maintenance of the inside services within the private lots to WSD's standards; and
- (e) to note that the permissions are only given to the developments under applications. If provision of an access road is required for the proposed developments, the applicants should ensure that such access road (including any necessary filling/excavation of land) complies with the provisions of the relevant statutory plan and obtain planning permission from the Town Planning Board where required before carrying out the road works.
