

APPLICATION FOR PERMISSION
UNDER SECTION 16 OF THE TOWN PLANNING ORDINANCE

APPLICATION NO. A/NE-KTS/543

Applicant : Mr. LIU Tez Foun represented by Access Consulting Limited

Site : Lot 1228 S.A in D.D. 100, Chan Uk Po, Tsiu Keng, Sheung Shui, New Territories

Site Area : 165m²

Lease : Block Government Lease (demised for agricultural use)

Plan : Draft Kwu Tung South Outline Zoning Plan (OZP) No. S/NE-KTS/21

Zoning : “Agriculture” (“AGR”)

Application : Proposed House (New Territories Exempted House (NTEH) — Small House)

1. The Proposal

1.1 The applicant who claims himself to be an indigenous villager of Sheung Shui Heung¹ seeks planning permission to build a NTEH (Small House) on the application site (the Site) in Chan Uk Po, Tsiu Keng, Sheung Shui. The Site falls within an area zoned “AGR” on the OZP (**Plans A-1 and A-2a**). According to the Notes of the OZP, ‘House (NTEH only, other than rebuilding of NTEH or replacement of existing domestic building by NTEH permitted under the covering Notes)’ is a Column 2 use in the “AGR” zone requiring planning permission from the Town Planning Board (the Board). The Site is currently vacant and covered with grass (**Plan A-4**).

1.2 Details of the proposed NTEH (Small House) are as follows:

Total Floor Area	: 195.09m ²
Number of Storeys	: 3
Building Height	: 8.23m
Roofed Over Area	: 65.03m ²

¹ As advised by the District Lands Officer/North, Lands Department (DLO/N, LandsD), the eligibility of the applicant for Small House concessionary grant is yet to be ascertained.

- 1.3 The Site is accessible via a footpath which connects a village road leading to Tsiu Keng Road. The applicant indicates that the uncovered area of the Site would be used as garden area. The layout of the proposed Small House (including septic tank) is shown in **Drawing A-1**.
- 1.4 The Site is the subject of two previous applications No. A/NE-KTS/355 and 483 submitted by the same applicant for the same applied use as the current application at the Site, which were approved with conditions by the Rural and New Town Planning Committee (the Committee) of the Board in 2014 and 2020 respectively. The planning permissions for A/NE-KTS/355 and 483 lapsed in 2018 and 2024 respectively (see details under paragraph 6 below).
- 1.5 In support of the application, the applicant has submitted an Application Form with attachment received on 11.9.2024 (**Appendix I**).

2. Justifications from the Applicant

The justifications put forth by the applicant in support of the application are detailed in **Appendix I** and are summarised as follows:

- (a) The applicant is an indigenous villager in the New Territories and he has only one chance in his lifetime to apply for construction of NTEH Small House. The proposed Small House could meet the applicant's housing demand and would meet Government departments' requirements; and
- (b) The Site falls within low density area with good air ventilation. In view of close proximity to open space and access road, the Site is suitable for Small House development.

3. Compliance with the "Owner's Consent/Notification" Requirements

The applicant is the sole "current land owner". Detailed information would be deposited at the meeting for Members' inspection.

4. Assessment Criteria

The set of Interim Criteria for Consideration of Application for NTEH/Small House in New Territories (the Interim Criteria) was first promulgated on 24.11.2000. The latest set of Interim Criteria, which was promulgated on 7.9.2007, is at **Appendix II**.

5. Background

The Site is not subject to planning enforcement action.

6. **Previous Applications**

- 6.1 The Site is the subject of two previous applications No. A/NE-KTS/355 and 483 submitted by the same applicant for the same applied use as the current application at the Site. Details of the previous applications are summarized at **Appendix III** and their locations are shown on **Plan A-1**.
- 6.2 Application No. A/NE-KTS/355 was approved with conditions on 3.1.2014 (i.e. before the formal adoption of a more cautious approach by the Board since August 2015²) mainly on the considerations that the proposed Small House complied with the Interim Criteria in that its footprint fell within the 'VE' of Chan Uk Po, Tsiu Keng and there was a general shortage of land in meeting the demand for Small House development in the "V" zone of Tsiu Keng at the time of consideration; the application site was located close to Chan Uk Po, Tsiu Keng with similar approved applications in the vicinity; the proposed Small House was not incompatible with the surrounding land uses; and there would be no significant adverse traffic, environment, drainage and landscape impacts to the surrounding areas. The planning permission of this application lapsed on 4.1.2018.
- 6.3 Application No. A/NE-KTS/483 was approved with conditions on 3.1.2020 mainly on the considerations that the site was the subject of previously approved planning application submitted by the same applicant for the same use; the Small House grant application was already at an advance stage; the site was located close to similar approved applications in the vicinity; the proposed Small House was not incompatible with the surrounding land uses; and there would be no significant adverse traffic, environment, drainage and landscape impacts to the surrounding areas. The planning permission of this application lapsed on 4.1.2024.

7. **Similar Applications**

- 7.1 There have been 16 similar applications involving 13 sites for Small House development within/partly within the same "AGR" zone in the vicinity of the Site in Chan Uk Po, Tsiu Keng since the first promulgation of the Interim Criteria on 24.11.2000.

Approved applications

- 7.2 Five applications (No. A/NE-KTS/150, 155, 156, 356 and 375) were approved by the Committee between 2002 and 2014 (i.e. before the formal adoption of a more cautious approach by the Board since August 2015) mainly on the considerations that the application complied with the Interim Criteria in that the entire/majority of the footprint of the proposed Small House fell within the 'VE'; and there was not sufficient land within the "V" zone to satisfy the Small House demand.

² Among others, in considering whether there is a general shortage of land in meeting Small House demand, more weighting shall be put on the number of outstanding Small House applications provided by LandsD.

- 7.3 Four applications (No. A/NE-KTS/455, 481, 482 and 535) were approved by the Committee between 2018 and 2024 (i.e. after the formal adoption of a more cautious approach by the Board since August 2015) mainly on sympathetic considerations that the site was located at the fringe of Chan Uk Po, Tsiu Keng and surrounded by existing Small Houses; part of the footprint of the proposed Small House fell within the “V” zone; and previous approvals were given to the same use submitted by the same applicant.

Rejected applications

- 7.4 The remaining seven applications (No. A/NE-KTS/424 to 428, 430 and 431) were rejected by the Committee in 2016 (i.e. after the formal adoption of the more cautious approach by the Board in August 2015) mainly on the ground that the proposed Small House was not in line with the planning intention of the “AGR” zone; and land was still available within the “V” zone of Chan Uk Po, Tsui Keng.
- 7.5 Details of the similar applications are summarized at **Appendix IV** and their locations are shown on **Plans A-2a**.

8. The Site and Its Surrounding Areas (Plans A-1 to Plan A-4)

- 8.1 The Site is:

- (a) accessible via a footpath which connects a village road leading to Tsiu Keng Road;
- (b) vacant and covered with grass; and
- (c) located to the west of the village cluster of Chan Uk Po, Tsiu Keng and falls entirely within the ‘VE’ of Tsiu Keng (Tsiu Keng Chan Uk Po) (**Plan A-2a**).

- 8.2 The surrounding areas are of rural character mainly comprising village houses, active/fallow agricultural land, temporary residential structures, unused land and trees clusters.

9. Planning Intention

The planning intention of the “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.

10. Comments from Relevant Government Departments

10.1 The application has been assessed against the assessment criteria of the Interim Criteria detailed in **Appendix II**. The assessment is summarised in the following table:

	<u>Criteria</u>	<u>Yes</u>	<u>No</u>	<u>Remarks</u>
1	Within “V” zone? - The Site - Footprint of the proposed Small House	- -	100% 100%	- The Site and the footprint of the proposed Small House falls wholly within “AGR” zone.
2.	Within ‘VE’? - The Site - Footprint of the proposed Small House	100% 100%	- -	- DLO/N, LandsD advises that the Site falls entirely within the ‘VE’ of Tsiu Keng (Tsiu Keng Chan Uk Po).
3.	Sufficient land in “V” zone to meet Small House demand (outstanding Small House application plus 10-year Small House demand)?		✓	<u>Land Required</u> - Land required for meeting Small House demand in the entire Tsiu Keng ³ : about 4.9 ha (equivalent to about 197 Small House sites). The outstanding Small House applications for the entire Tsiu Keng are 37 ⁴ (including 16 for Tsiu Keng Chan Uk Po ⁵ and a total of 21 for Tsiu Keng Lo Wai, Tsiu Keng Pang Uk and Tsiu Keng San Wai) while the 10-year Small House demand forecast for the entire Tsiu Keng is 160.

³ Includes Tsiu Keng Chan Uk Po, Tsiu Keng Lo Wai, Tsiu Keng Pang Uk and Tsiu Keng San Wai.

⁴ Among the 37 outstanding Small House applications in Tsiu Keng, 13 of them fall within the “V” zones, and 24 straddle or outside the “V” zones including two sites with valid permissions approved by the Committee.

⁵ Among the 16 outstanding Small House applications in Tsiu Keng Chan Uk Po, two of them fall within the concerned “V” zone, and 14 straddle or outside the “V” zone including two sites with valid planning permission approved by the Committee.

	<u>Criteria</u>	<u>Yes</u>	<u>No</u>	<u>Remarks</u>
	Sufficient land in “V” zone to meet outstanding Small House applications?	✓		<u>Land Available</u> - Land available to meet the Small House demand within the “V” zones of the entire Tsui Keng: about 2.59 ha (equivalent to about 103 Small House sites), including about 0.75 ha (equivalent to about 30 Small House sites) within the “V” zone for Tsui Keng Chan Uk Po (Plan A-2b).
4.	Compatible with the planning intention of “AGR” zone?		✓	- Director of Agriculture, Fisheries and Conservation (DAFC) does not support the application from agricultural perspective. The Site falls within “AGR” zone and is generally abandoned. The agricultural activities are active in the vicinity and agricultural infrastructures such as road access and water source are available. The Site can be used for agricultural activities such as open-field cultivation, greenhouses, plant nurseries, etc. The Site possesses potential for agricultural rehabilitation.
5.	Compatible with surrounding area/development?	✓		- Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD) advises that the Site is situated in an area of rural inland plain landscape character comprising village houses, farmlands, vacant lands and clusters of trees.
6.	Within Water Gathering Grounds (WGGs)?		✓	- Chief Engineer/Construction, Water Supplies Department (CE/C, WSD) has no objection to the application.
7.	Encroachment onto planned road networks and public works boundaries?		✓	

	<u>Criteria</u>	<u>Yes</u>	<u>No</u>	<u>Remarks</u>
8.	Need for provision of fire service installations and emergency vehicular access (EVA)?		✓	- Director of Fire Services (D of FS) has no objection in principle to the application provided that the proposed Small House would not encroach on any existing EVA or planned EVA. Detailed fire safety requirements will be formulated upon receipt of formal application referred by LandsD.
9.	Traffic impact?	✓		- Commissioner for Transport (C for T) has reservation on the application. Small House development should be confined within "V" zone as far as possible. Although additional traffic generated by the proposed development is not expected to be significant, such type of development outside "V" zone, if permitted, will set an undesirable precedent for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial. - Notwithstanding the above, the application only involves construction of one Small House and can be tolerated.
10.	Drainage impact?		✓	- Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) has no objection to the application from public drainage viewpoint.
11.	Sewerage impact?		✓	- Director of Environmental Protection (DEP) advises that in view of the small-scale nature of the proposed development, the application alone is unlikely to cause major pollution. - Septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage.

	<u>Criteria</u>	<u>Yes</u>	<u>No</u>	<u>Remarks</u>
12.	Landscaping impact?		✓	<ul style="list-style-type: none"> - CTP/UD&L, PlanD has no objection to the application from the landscape planning perspective. - The Site is vacant covered with vegetation. A few fruit trees are observed close to the boundary of the southern corner of the Site. No landscape resources of high sensitivity are observed within the Site. Significant adverse landscape impact within the Site arising from the proposed development is not anticipated.
13.	Local objections conveyed by District Officer (North)?		✓	<ul style="list-style-type: none"> - District Officer (North), Home Affairs Department (DO(N), HAD) advises that he has issued consultation letters to the Chairman of the Sheung Shui District Rural Committee (SSDRC) and the Indigenous Inhabitant Representative and Resident Representative of Tsiu Keng. No comment was received.

10.2 Comments from the following Government departments have been incorporated in paragraph 10.1 above. Their other detailed comments, if any, are at **Appendix V**.

- (a) DLO/N, LandsD;
- (b) DAFC;
- (c) C for T;
- (d) DEP;
- (e) CE/MN, DSD;
- (f) CE/C, WSD;
- (g) D of FS;
- (h) CTP/UD&L, PlanD; and
- (i) DO(N), HAD.

10.3 The following Government departments have no comment on the application. Their other detailed comments, if any, are at **Appendix V**:

- (a) Chief Highway Engineer/New Territories East, Highways Department (CHE/NTE, HyD);
- (b) Director of Electrical and Mechanical Services (DEMS);
- (c) Head of the Geotechnical Engineering Office, Civil Engineering and Development Department (H(GEO), CEDD);

- (d) Project Manager (North Development Office), Civil Engineering and Development Department (PM(NDO), CEDD); and
- (e) Commissioner for Police (C for P).

11. Public Comments Received During Statutory Publication Period

On 20.9.2024, the application was published for public inspection. During the statutory public inspection period, two public comments were received, including one from the Chairman of SSDRC indicating no comment, and one individual objects to the application mainly on ground that the proposed development will affect the feng shui of the local village (**Appendix VI**).

12. Planning Considerations and Assessments

- 12.1 The application is for a proposed NTEH (Small House) at the Site within the “AGR” zone on the OZP. The proposed development is not in line with the planning intention of the “AGR” zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. DAFC does not support the application from agricultural perspective as agricultural infrastructures such as road access and water source are available and the Site can be used for agricultural activities and possesses potential for agricultural rehabilitation.
- 12.2 The Site is located to the west of the village cluster of Chan Uk Po, and is entirely within the ‘VE’ of Tsiu Keng (Tsiu Keng Chan Uk Po). The proposed Small House is not incompatible with the surrounding environment, which is rural in character comprising village houses, farmlands, vacant lands and clusters of trees. CTP/UD&L, PlanD has no objection to the application from landscape planning perspective as significant landscape impact within the Site arising from the proposed development is not anticipated. Besides, other relevant departments, including DEP, CE/C, WSD, CE/MN, DSD and D of FS have no objection to or no adverse comment on the application. C for T considers that the application could be tolerated given that the application involving one Small House only.
- 12.3 Regarding the Interim Criteria (**Appendix II**), according to DLO/N, LandsD, the number of outstanding Small House applications for the entire Tsiu Keng is 37, while the 10-year Small House demand forecast is 160. Based on the latest estimate by PlanD, about 2.59 ha of land (equivalent to about 103 Small House sites) is available within the “V” zones for the entire Tsiu Keng (**Plan A-2b**) which is insufficient to meet the said future Small House demand. Nevertheless, the land available within the “V” zone of Tsui Keng Chan Uk Po (i.e. about 0.75 ha, equivalent to about 30 Small House sites) is sufficient to accommodate the 16 outstanding Small House applications of Chan Uk Po. It should be noted that the Board has formally adopted a more cautious approach in considering applications for Small House development

since August 2015. Among others, in considering whether there is a general shortage of land in meeting Small House demand, more weighting has been put on the number of outstanding Small House applications as provided by LandsD. As such, it is considered more appropriate to concentrate the proposed Small House development within the “V” zone for more orderly development pattern, efficient use of land and provision of infrastructures and services. Nevertheless, the Site is the subject of two previously approved applications submitted by the same applicant for the same applied use as set out in paragraph 6 above. As advised by DLO/N, LandsD, the application for Small House Grant for the Site is still being processed. In this regard, sympathetic consideration may be given to the application.

- 12.4 There are nine approved similar applications for Small House development within/partly within the same “AGR” zone in the vicinity of the Site (**Plans A-2a**). Among them, four applications were approved by the Committee between May 2018 and May 2024 after the Board’s formal adoption of a more cautious approach since August 2015 mainly on consideration that the applications were the subject of previously approved applications submitted by the same applicant. The planning circumstances of the current application are similar to the approved applications.
- 12.5 Regarding the one objecting public comment received during the statutory public inspection period detailed in paragraph 11 above, feng shui issue is not a planning consideration of the Board.

13. Planning Department’s Views

- 13.1 Based on the assessments made under paragraph 12 and having taken into account the public comments mentioned in paragraph 11 above, the Planning Department has no objection to the application.
- 13.2 Should the Committee decide to approve the application, it is suggested that the permission shall be valid until 8.11.2028, and after the said date, the permission shall cease to have effect unless before the said date, the development permitted is commenced or the permission is renewed. The recommended advisory clauses are attached at **Appendix VII**.
- 13.3 Alternatively, should the Committee decide to reject the application, the following reasons for rejection are suggested for Members reference:
- (a) the proposed development is not in line with the planning intention of the “AGR” zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There is no strong planning justification in the submission for a departure from the planning intention; and
 - (b) land is still available within the “V” zone of Tsiu Keng which is primarily intended for Small House development. It is considered more appropriate to concentrate the proposed Small House development within the existing village

cluster for orderly development pattern, efficient use of land and provision of infrastructures and services.

14. Decision Sought

- 14.1 The Committee is invited to consider the application and decide whether to grant or refuse to grant the permission.
- 14.2 Should the Committee decide to approve the application, Members are invited to consider the approval condition(s) and advisory clause(s), if any, to be attached to the permission, and the date when the validity of the permission should expire.
- 14.3 Alternatively, should the Committee decide to reject the application, Members are invited to advise what reason(s) for rejection should be given to the applicant.
