**Relevant Interim Criteria for Consideration of**  
**Application for NTEH/Small House in New Territories**  
**(promulgated on 7.9.2007)**

- (a) sympathetic consideration may be given if not less than 50% of the proposed NTEH/Small House footprint falls within the village 'environs' ('VE') of a recognized village and there is a general shortage of land in meeting the demand for Small House development in the "Village Type Development" ("V") zone of the village;
- (b) if more than 50% of the proposed NTEH/Small House footprint is located outside the 'VE', favourable consideration could be given if not less than 50% of the proposed NTEH/Small House footprint falls within the "V" zone, provided that there is a general shortage of land in meeting the demand for Small House development in the "V" zone and the other criteria can be satisfied;
- (c) development of NTEH/Small House with more than 50% of the footprint outside both the 'VE' and the "V" zone would normally not be approved unless under very exceptional circumstances (e.g. the application site has a building status under the lease, or approving the application could help achieve certain planning objectives such as phasing out of obnoxious but legal existing uses);
- (d) application for NTEH/Small House with previous planning permission lapsed will be considered on its own merits. In general, proposed development which is not in line with the criteria would normally not be allowed. However, sympathetic consideration may be given if there are specific circumstances to justify the cases, such as the site is an infill site among existing NTEHs/Small Houses, the processing of the Small House grant is already at an advance stage;
- (e) if an application site involves more than one NTEH/Small House, application of the above criteria would be on individual NTEH/Small House basis;
- (f) the proposed development should not frustrate the planning intention of the particular zone in which the application site is located;
- (g) the proposed development should be compatible in terms of land use, scale, design and layout, with the surrounding area/development;
- (h) the proposed development should not encroach onto the planned road network and should not cause adverse traffic, environmental, landscape, drainage, sewerage and geotechnical impacts on the surrounding areas. Any such potential impacts should be mitigated to the satisfaction of relevant Government departments;
- (i) the proposed development, if located within water gathering grounds, should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. the application site has a building status under the lease or the applicant can demonstrate that the water quality within water gathering grounds will not be affected by the proposed development\*);

- (j) the provision of fire service installations and emergency vehicular access, if required, should be appropriate with the scale of the development and in compliance with relevant standards; and
- (k) all other statutory or non-statutory requirements of relevant Government departments must be met. Depending on the specific land use zoning of the application site, other Town Planning Board guidelines should be observed, as appropriate.

\*i.e. the applicant can demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum.

## Remarks

- \*1: The rejected application no. A/NE-LK/78 and approved application no. A/NE-LK/80 involves the same site as the approved application no. A/NE-LK/112
- \*2: The application no. A/NE-LK/122 involves part of the site of the application nos. A/NE-LK/92 and A/NE-LK/93
- \*3: The rejected application no. A/NE-LK/135 involves part of the site of the approved application nos. A/NE-LK/94

Rejection Reasons:

- R1 The proposed development was not in line with the planning intention of the "Agriculture" zone in the Luk Keng and Wo Hang area which was primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There was no strong planning justification in the submission for a departure from the planning intention.
- R2 The proposed development was located in the immediate vicinity of a natural stream. There was insufficient information in the subject application to demonstrate that the proposed development would not cause adverse impact on the stream.
- R3 The proposed development was not in line with the planning intention of the "Green Belt" ("GB") zone in the Luk Keng and Wo Hang area which was primarily for defining the limits of urban and sub-urban development areas by natural features and to contain urban sprawl as well as to provide passive recreational outlets. There was a general presumption against development within this zone. There was no strong planning justification in the submission for a departure from the planning intention.
- R4 The proposed development did not comply with the Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories and Town Planning Board Guidelines No. 10 on 'Application for Development within "GB" Zone under Section 16 of the Town Planning Ordinance' in that the proposed development would involve clearance of vegetation and would affect the existing natural landscape on the surrounding environment.
- R5 Land was still available within the "Village Type Development" zone of Ma Tseuk Leng where land was primarily intended for Small House development. It was considered more appropriate to concentrate the proposed Small House development close to the existing village cluster for orderly development pattern, efficient use of land and provision of infrastructure and services.
- R6 The approval of the application would set an undesirable precedent for similar applications in the area. The cumulative impacts of approving such applications would result in a general degradation of the environment and landscape quality of the area.
- R7 Land was still available within the "Village Type Development" zone of Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Shek Kiu Tau village cluster where land was primarily intended for Small House development. It was considered more appropriate to concentrate the proposed Small House development close to the existing village cluster for orderly development pattern, efficient use of land and provision of infrastructures and services.
- R8 The proposed development did not comply with the Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories in that the proposed development would cause adverse drainage impacts on the surrounding areas.

**Detailed Comments from Relevant Government Departments**

**1. Land Administration**

Comments of the District Lands Officer/North, Lands Department (DLO/N, LandsD):

- (a) the Sites fall within the village 'environs' ('VE') of Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Wo Tong Kong;
- (b) the applicants claimed to be the indigenous villagers of Ma Tseuk Leng Village of Sha Tau Kok Heung. Their eligibility for Small House grants have yet to be ascertained;
- (c) the Sites are not covered by any Modification of Tenancy / Building Licence;
- (d) the number of outstanding Small House applications and the number of 10-year Small House demand for the villages concerned are as follows:

Villages	No. of outstanding Small House applications	No. of 10-year Small House demand*
Sheung Ma Tseuk Leng	51	50
Ha Ma Tseuk Leng		88
Shek Kiu Tau	6	380

\* The figures of the 10-year Small House demand forecast were provided by the relevant Indigenous Inhabitant Representatives without any supporting evidence and his office is not in a position to verify the forecasts; and

- (e) both Small House grant applications were made to her office on 20.8.2013. The Small House application regarding Lot 1518 S.A ss.1 is still under processing, while Small House application regarding Lot 1518 RP is at an advance stage.

**2. Traffic**

Comments of the Commissioner for Transport (C for T):

- (a) she has reservation on the applications. Such type of development should be confined within the "V" zone as far as possible. Although additional traffic generated by the proposed developments is not expected to be significant, such type of development outside the "V" zone, if permitted, will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial; and
- (b) notwithstanding the above, the applications involve the construction of two Small Houses. She considers that the applications can be tolerated unless being rejected on other grounds.

### **3. Environment**

Comments of the Director of Environmental Protection (DEP):

- (a) in view of the small scale of the proposed developments, the applications alone are unlikely to cause major pollution; and
- (b) septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the ProPECC PN 5/93 "Drainage Plans subject to Comment by the Environmental Protection Department" and are duly certified by an Authorized Person; and
- (c) the applicants should take appropriate measures to prevent contaminated surface runoff from being discharged into the watercourse during construction and operational stages of the Small Houses.

### **4. Landscape**

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):

- (a) she has no objection to the applications from the landscape planning point of view;
- (b) according to her record, the Sites are scrubland covered by vegetation. No existing trees is observed within the Sites. The Sites are located in an area of rural landscape character predominated by active/fallow farmlands, village houses and tree groups. The landscape character remains unchanged since the previous applications and the proposed developments are considered not incompatible with the landscape character of the surrounding area. As the proposed developments are not in conflict with any significant landscape resources within the Site, significant adverse landscape impact arising from the proposed developments is not envisaged; and
- (c) in view of that significant landscape impact is not expected from the proposed developments and the Sites are not abutting to any prominent public frontage, it is considered not necessary to impose any landscape condition should the applications be approved by the Board.

### **5. Drainage**

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- (a) he has no objection to the applications from the public drainage viewpoint;
- (b) should the applications be approved, a condition should be included to request the applicant to submit and implement a drainage proposal for the Sites to ensure that it will not cause adverse drainage impact to the adjacent area; and
- (c) the Sites are in an area where no public sewerage connection is available.

## **6. Nature Conservation and Agriculture**

Comments of the Director of Agriculture, Fisheries and Conservation (DAFC):

- (a) the Sites fall within "AGR" zone and are currently abandoned. Agricultural infrastructures such as road access and water source are available. The Sites can be used for agricultural activities such as open-field cultivation, greenhouses, plant nurseries, etc. As the Sites possess potential for agricultural rehabilitation, the applications are not supported from agricultural point of view; and
- (b) considering the applied use were approved in 2014, he has no comment on the applications from nature conservation point of view. The applicants should be reminded to minimise any impacts to the watercourse nearby during construction and operation phases.

## **7. Fire Safety**

Comments of the Director of Fire Services (D of FS):

- (a) he has no in-principle objection to the applications; and
- (b) the applicants are reminded to observe 'New Territories Exempted Houses – A Guide to Fire Safety Requirements' published by LandsD. Detailed fire safety requirements will be formulated upon receipt of formal application referred by LandsD.

## **8. District Officer's Comments**

Comments of the District Officer (North), Home Affairs Department (DO(N), HAD):

he has consulted the locals regarding the applications and all consultees have no comment on the applications.

## **9. Demand and Supply of Small House Sites**

According to DLO/N's records, the total number of outstanding Small House applications for Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Shek Kiu Tau village cluster is 57 while the 10-year Small House demand forecast for the same village cluster is 518<sup>1</sup>. According to the latest estimate by PlanD, about 2.25 ha (equivalent to 89 Small House sites) of land are available within the "V" zone of Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Shek Kiu Tau village cluster for Small House development (**Plan A-2b**). There is insufficient land in the "V" zone of Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Shek Kiu Tau village cluster to meet the demand of land for Small House development (i.e. about 14.35 ha of land which is equivalent to 575 Small House sites).

---

<sup>1</sup> The number of outstanding Small House applications and the number of 10-year Small House demand forecast for Ma Tseuk Leng and Ma Tseuk Leng San Uk Ha are 51 and 138 respectively, whereas that for Shek Kiu Tau are 6 and 380 respectively.

本人從貴署網頁獲悉2宗擬議屋宇(新界豁免管制屋宇-小型屋宇)的規劃申請，申請編號A/NE-LK/138及A/NE-LK/139，申請地點分別位於新界沙頭角麻雀嶺丈量約份39約地段第1518號A分段第1小分段及第1518號餘段。

就有關規劃申請，本人提出以下3點反對意見：

- 1) 貴署並沒有提供申請人的資料；包括申請人姓名及申請人是否當村原居村民；
- 2) 申請興建屋宇的地點為「農業」地帶並不符合鹿頸及禾坑地區的規劃意向。
- 3) 麻雀嶺村的「鄉村式發展」地帶內仍有土地可供使用。

請注意，在未徵得本人書面同意前請勿披露本人的個人資料，包括本人的姓名及電郵地址與其他人士因披露本人的個人資料可能令本人招致不必要麻煩/騷擾。

Dear TPB Members,

1248th TPB MEETING ON 02.07.2021

After deliberation, the Board decided to reject the application on review for the following reasons:

" (a) the proposed development is not in line with the planning intention of the "Agriculture" zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There is no strong planning justification in the submission for a departure from the planning intention; and

(b) land is still available within the "Village Type Development" ("V") zone of Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Shek Kiu Tau village cluster where land is primarily intended for Small House development. It is considered more appropriate to concentrate the proposed Small House development within the "V" zone for orderly development pattern, efficient use of land and provision of infrastructures and services."

2014 approvals have long lapsed.

Mary Mulvihill

**Recommended Advisory Clauses**

- (a) to note the comments of D of FS that the applicants should observe 'New Territories Exempted Houses – A Guide to Fire Safety Requirements' published by LandsD. Detailed fire safety requirements will be formulated upon receipt of formal application referred by LandsD;
- (b) to note the comments of CE/MN, DSD that the Sites are in an area where no public sewerage connection is available;
- (c) to note the comments of DAFC that the applicants are advised that to minimise any impacts to the watercourse nearby during construction and operation phases;
- (d) to note the advice of DEP that septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the ProPECC PN 5/93 "Drainage Plans subject to Comment by the Environmental Protection Department" and are duly certified by an Authorized Person; and the applicants should take appropriate measures to prevent contaminated surface runoff from being discharged into the watercourse during construction and operational stages of the Small Houses; and
- (e) to note that the permission is only given to the development under applications. If provision of an access road is required for the proposed development, the applicant should ensure that such access road (including any necessary filling/excavation of land) complies with the provisions of the relevant statutory plan and obtain planning permission from the Town Planning Board where required before carrying out the road works.
