

**Relevant Interim Criteria for Consideration of
Application for New Territories Exempted House (NTEH)/Small House in New Territories
(promulgated on 7.9.2007)**

- (a) sympathetic consideration may be given if not less than 50% of the proposed NTEH/Small House footprint falls within the village 'environs' ('VE') of a recognized village and there is a general shortage of land in meeting the demand for Small House development in the "Village Type Development" ("V") zone of the village;
- (b) if more than 50% of the proposed NTEH/Small House footprint is located outside the 'VE', favourable consideration could be given if not less than 50% of the proposed NTEH/Small House footprint falls within the "V" zone, provided that there is a general shortage of land in meeting the demand for Small House development in the "V" zone and the other criteria can be satisfied;
- (c) development of NTEH/Small House with more than 50% of the footprint outside both the 'VE' and the "V" zone would normally not be approved unless under very exceptional circumstances (e.g. the application site has a building status under the lease, or approving the application could help achieve certain planning objectives such as phasing out of obnoxious but legal existing uses);
- (d) application for NTEH/Small House with previous planning permission lapsed will be considered on its own merits. In general, proposed development which is not in line with the criteria would normally not be allowed. However, sympathetic consideration may be given if there are specific circumstances to justify the cases, such as the site is an infill site among existing NTEHs/Small Houses, the processing of the Small House grant is already at an advance stage;
- (e) if an application site involves more than one NTEH/Small House, application of the above criteria would be on individual NTEH/Small House basis;
- (f) the proposed development should not frustrate the planning intention of the particular zone in which the application site is located;
- (g) the proposed development should be compatible in terms of land use, scale, design and layout, with the surrounding area/development;
- (h) the proposed development should not encroach onto the planned road network and should not cause adverse traffic, environmental, landscape, drainage, sewerage and geotechnical impacts on the surrounding areas. Any such potential impacts should be mitigated to the satisfaction of relevant Government departments;
- (i) the proposed development, if located within water gathering grounds, should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. the application site has a building status under the lease or the applicant can demonstrate that the water quality within water gathering grounds will not be affected by the proposed development*);
- (j) the provision of fire service installations and emergency vehicular access, if required, should be appropriate with the scale of the development and in compliance with relevant standards; and

- (k) all other statutory or non-statutory requirements of relevant Government departments must be met. Depending on the specific land use zoning of the application site, other Town Planning Board guidelines should be observed, as appropriate.
- *i.e. the applicant can demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum.

Rejection Reasons:

R1 The proposed development was not in line with the planning intention of the "Agriculture"

zone. There was no strong planning justification in the submission for a departure from the planning intention.

- R2 The proposed development was not in line with the planning intention of the "Green Belt" ("GB") zone. There was a general presumption against development within this zone. There was no strong planning justification in the submission for a departure from the planning intention.
- R3 The proposed development did not comply with the Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories and Town Planning Board Guidelines No. 10 on 'Application for Development within "GB" Zone under Section 16 of the Town Planning Ordinance' in that the proposed development would involve clearance of vegetation and would affect the existing natural landscape on the surrounding environment.
- R4 Land was still available within the "Village Type Development" zone of Ma Tseuk Leng & San Uk Ha and Shek Kiu Tau village cluster.
- R5 The approval of the application would set an undesirable precedent for similar applications in the area. The cumulative impacts of approving such applications would result in a general degradation of the environment and landscape quality of the area.
- R6 The proposed development would cause adverse drainage impacts on the surrounding areas.

Detailed Comments from Government Departments

1. Land Administration

Comments of the District Lands Officer/North, Lands Department (DLO/N, LandsD):

- (a) the Site falls entirely within the village environs of Ma Tseuk Leng;
- (b) the applicant claimed himself to be an indigenous villager of Ma Tseuk Leng, his eligibility for Small House grant is yet to be ascertained;
- (c) the Site is not covered by any Building Licence nor Modification of Tenancy;
- (d) the Small House grant application in respect to the Site was rejected on 21.12.2021; and
- (e) there is no “Fung Shui” area at Ma Tseuk Leng.

2. Traffic

Comments of the Commissioner of Transport (C of T):

- (a) she has reservation on the application. Such type of development should be confined within the “Village Type Development” (“V”) zone as far as possible. Although additional traffic generated by the proposed development is not expected to be significant, such type of development outside the “V” zone, if permitted, will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial;
- (b) notwithstanding the above, the application only involve the construction of one Small House. She considers that the application could be tolerated; and
- (c) the local village access adjacent to the Site is not managed by TD.

Comments of the Chief Highway Engineer/ New Territories East. Highway Department (CHE/NTE, HyD):

- (a) no comment on the application; and
- (b) the local village access adjacent to the Site is not maintained by HyD.

3. Environment

Comments of the Director of Environmental Protection (DEP):

- (a) in view of the small scale of the proposed development, the application is unlikely to cause major pollution; and
- (b) septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the ProPECC PN 5/93 “Drainage Plans subject to Comment by the

Environmental Protection Department” and are duly certified by an Authorized Person.

4. Landscape

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):

- (a) she has no objection to the application from the landscape planning perspective;
- (b) according to the aerial photo, the Site is located in an area of settled valley landscape character comprising village houses, vegetated areas, farmlands, ponds, tree group cluster and woodland. The Site is covered by self-seeded vegetation. A large *Dimocarpus longan* 龍眼 in good condition outside the site boundary was observed at the west with part of the tree canopy encroached into the Site. According to the layout plan provided by the applicant, the proposed Small House is located at the eastern portion of the Site. Significant adverse impact on the landscape character and existing landscape resources within the Site arising from the proposed use is not anticipated; and
- (c) should the application be approved by the Board, it is considered not necessary to impose a landscape condition as the Site is not abutting major public frontage and the effect of additional landscaping on enhancing the quality of public realm is not apparent.

5. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- (a) he has no objection to the application from the public drainage viewpoint; and
- (b) should the application be approved, a condition should be included to request the applicant to submit and implement a drainage proposal for the Site to ensure that it will not cause adverse drainage impact on the adjacent area, and the drainage system should be properly maintained at all times during the planning approval period and rectified if they are found inadequate / ineffective during operation; and
- (c) the Site is in an area where no public sewerage connection is available.

6. Agriculture

Comments of the Director of Agriculture, Fisheries and Conservation (DAFC):

- (a) the application is not supported from agricultural perspective as the Site possesses potential for agricultural rehabilitation; and
- (b) the Site falls within the “AGR” zone and is abandoned. The agricultural activities are active in the vicinity, and agricultural infrastructures such as road access and water sources are also available. The Site can be used for agricultural activities such as open-field cultivation, greenhouses, plant nurseries, etc.

7. Fire Safety

Comments of the Director of Fire Services (D of FS):

- (a) he has no in-principle objection to the application at this stage provided that the proposed house would not encroach onto any existing emergency vehicular access (EVA) or planned EVA under application in accordance with LandsD's record; and
- (b) the applicant is reminded to observe 'New Territories Exempted Houses – A Guide to Fire Safety Requirements' administrated by LandsD. Detailed fire safety requirements will be formulated upon receipt of formal application via LandsD.

8. District Officer's Comments

Comments of the District Officer (North), Home Affairs Department (DO(N), HAD):

- he has consulted the locals regarding the application. The Indigenous Inhabitant Representative (IIR) and the Resident Representative (RR) of Ma Tseuk Leng Village object to the application mainly on the grounds that the Site is not fall within the "V" zone and there are no supporting facilities for drainage and sewerage; and
- the Chairman of Sha Tau Kok District Rural Committee and the incumbent North District Councilor of N16 Constituency have no comment on the application.

9. Demand and Supply of Small House Sites

According to DLO/N's records, the total number of outstanding Small House applications for Ma Tseuk Leng & San Uk Ha and Shek Kiu Tau village cluster is 33 while the 10-year Small House demand forecast for the same village is 693. According to the latest estimate by PlanD, about 1.7 ha (equivalent to 67 Small House sites) of land are available within the "V" zones of Ma Tseuk Leng & San Uk Ha and Shek Kiu Tau village cluster for Small House development. There is insufficient land in the "V" zones of Ma Tseuk Leng & San Uk Ha and Shek Kiu Tau village cluster to meet the future demand of land for Small House development (i.e. about 18.1 ha of land which is equivalent to 726 Small House sites).

Dear TPB Members,

Application 144 698th RNTPC MEETING ON 24.06.2022

After deliberation, the Committee decided to reject the application. The reasons were :

(a) the proposed development is not in line with the planning intention of the "Agriculture" zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There is no strong planning justification in the submission for a departure from the planning intention; and

(b) land is still available within the "Village Type Development" ("V") zone of Ma Tseuk Leng, Ma Tseuk Leng San Uk Ha and Shek Kiu Tau village cluster where land is primarily intended for Small House development. It is considered more appropriate to concentrate the proposed Small House development within the "V" zone for more orderly development pattern, efficient use of land and provision of infrastructures and services.

A slight tweaking to the site size does not provided any justification.

Site area : About 184.5sq.m

Zoning : "Agriculture"

Applied Development : NET House

Dear TPB Members,

A previous Application 121 for this village was rejected because

(b) land is still available within the "Village Type Development" zone of Ma Tseuk Leng where land is primarily intended for Small House development. It is considered more appropriate to concentrate the proposed Small House development close to the existing village cluster for orderly development pattern, efficient use of land and provision of infrastructures and services;

There is therefore no justification to approve construction on Agriculture zoning. In addition there is the issue of the septic tank. TPB guidelines and Audit Commission recommend that approval for additional septic tanks is not desirable.

Recommended Advisory Clauses

- (a) to note the comments of Director of Fire Services that the applicant should observe ‘New Territories Exempted Houses – A Guide to Fire Safety Requirements’ administrated by Lands Department (LandsD). Detailed fire safety requirements will be formulated upon receipt of formal application via LandsD;
- (b) to note the comments of the Director of Environmental Protection that septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the ProPECC PN 5/93 “Drainage Plans subject to Comment by the Environmental Protection Department” and are duly certified by an Authorized Person;
- (c) to note the comments of he Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):
 - (i) considering that a large *Dimocarpus longan* 龍眼 in good condition is in close proximity to the western site boundary, the applicant is reminded to adopt precautionary measures to avoid damaging the tree especially during construction period. The applicant should observe “Tree Management Practice Note No.1 – Tree Preservation during Construction 樹木管理作業備考第1號 – 施工期間保育樹木的工作” promulgated by the GLTM Section, DEVB; and
 - (ii) the applicant is reminded that approval of the application does not imply approval of tree works such as pruning, transplanting and felling under lease. The applicant should seek approval for any proposed tree works from relevant departments prior to commencement of the work;
- (d) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department that;
 - (i) the Site is in an area where no public sewerage connection is available; and
 - (ii) there is no public stormwater system in the vicinity of the Site. The applicant should construct and maintain the proposed drainage works whether within or outside the lot boundary by lot owner at their own expense;
- (e) to note the comments of the Commissioner of Transport that the local village access leading the Site from Ping Che Road is not managed by TD;
- (f) to note the comments of the Chief Highway Engineer/ New Territories East, Highway Department that the local village access adjacent to the Site is not maintained by HyD; and
- (g) to note that the permission is only given to the development under application. If provision of an access road is required for the proposed development, the applicant should ensure that such access road (including any necessary filling/excavation of land) complies with the provisions of the relevant statutory plan and obtain planning permissions from the Town Planning Board where required before carrying out the road works.

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其中請的資料。如有需要，請另頁說明。

1. 本人是沙頭角麻雀嶺的原居民，根據現行的小型屋宇政策，本人有權獲批准興建小型屋宇。
2. 申請位置位于麻雀嶺的鄉村界線範圍內。
3. 申請位置是本人唯一的土地可供申請小型屋宇。
4. 申請位置位于西北面為入村的車路，車路對面亦有小型屋宇，而申請位于的東北面有兩幢小型屋宇，另外有一個已獲批的建屋牌照，而西南面有一幢小型屋宇，另外有兩個已獲批的建屋牌照，因此我們申請位置是位于屋群中，而西南面有一幢小型屋宇，另外有兩個已獲批的建屋牌照，因此我們申請位置是位于的建屋牌照，因此我們申請位置是位于屋群中，因此申請位置與鄰近的面貌互相協調，而地理上合適興建小型屋宇。
5. 申請位置旁有一條車輛出入通道，可供任何緊急車輛及工程車輛出入。
6. 申請位置只興建一間小型屋宇，屬於小規模發展，對附近環境沒有太大影響。
7. 根據資料顯示，申請位置附近的鄉村式發展地帶包含三條村落，分別是我們下麻雀嶺張氏，上麻雀嶺曾氏及石橋頭李氏，由此證明我們的鄉村式發展地帶並不單單我們使用，還有其餘兩條村同屬一個鄉村式發展地帶內，因此該鄉村式發展地帶並不足夠滿足三條村落的小型屋宇申請。
8. 我們的申請並非先例，過往附近亦有很多類似的規劃申請例子獲得批准，原因是因為該三條村落沒有足夠的鄉村式發展用地給予原居民申請興建小型屋宇。
9. 我們查核有關申請位置之前所涉及絕大部份的部門都不反對，絕對可在附帶條件下獲得批准，如要復耕，我相信位於本村對面，沙頭角公路另一面的農業地帶及石橋頭村旁石涌凹段的農業地帶較具復耕潛力，而且面積相當大，足夠任何農業活動。
10. 我們希望貴署認真考慮有關申請，其於所屬的區域有足夠農業地帶，是否可以放寬一些土地給予原居民興建小型屋宇。
11. 香港住屋政策一向都是重要議題，有很多原居民需然有丁權，但沒有土地建屋，最後亦迫不得已，無可奈何地去排隊輪候公屋，這絕對增加住屋政策的負擔，因此還望貴署放寬，批准有關規劃許可。
