8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversighted the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1 and 3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.
3. In light of the above, the Applicant respectfully requests the TPB to give sympathetic consideration to and approve the present planning application.

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

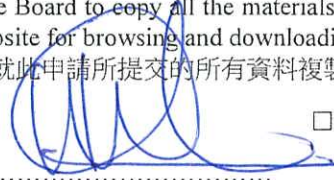

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversights the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1 and 3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.
3. In light of the above, the Applicant respectfully requests the TPB to give sympathetic consideration to and approve the present planning application.

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversights the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1 and 3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.
3. In light of the above, the Applicant respectfully requests the TPB to give sympathetic consideration to and approve the present planning application.

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversights the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1** and **3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.
3. In light of the above, the Applicant respectfully requests the TPB to give sympathetic consideration to and approve the present planning application.

9. Declaration 聲明

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversights the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1 and 3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.
3. In light of the above, the Applicant respectfully requests the TPB to give sympathetic consideration to and approve the present planning application.

9. Declaration 聲明

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversights the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1** and **3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The Application Site is the subject of two previously approved applications (i.e., Nos. A/NE-LT/240 and A/NE-LT/439) for proposed Small House. The two planning permissions were lapsed owing to the Applicant mistakenly oversighted the timelines for applying the extension of time, a re-submission is hence required to allow him to continue to proceed his Small House Grant with the Lands Department. The current proposal is for a Small House development which is the same as that in the previously approved applications.
2. The proposed Small House fully complies with the Town Planning Board (“TPB”) technical document on *“Interim Criteria for Consideration of Application for New Territories Exempted House/Small House in New Territories”* in that:
 - (i) The Application Site falls within the village ‘environs’ of Sha Pa Village; and the location and disposition of the proposed Small House remain unchanged when compared to the two previously approved applications. The lot index plan and proposed small house plan are in **Figures 1 and 3**;
 - (ii) The Application Site is a piece of fallow agricultural land. The proposed Small House is compatible with the surrounding development character and some approved Small House developments are also found in its vicinity;
 - (iii) No adverse sewerage impact on the local area due to the proposed Small House is anticipated. The sewage generated from the proposed Small House will be connected to the existing public sewer system at the Applicant’s own cost. Therefore, no impact on the water gathering ground is anticipated. The previously accepted sewerage system proposal remains unchanged and is indicated in **Figure 2**. The Applicant has obtained consents from all affected lot owners (**Appendix I**);
 - (iv) No adverse traffic impact on the local area due to the proposed Small House is anticipated. Like many local residents in the vicinity, the Applicant will rely on the local public transport facilities. The actual walking time between the Application Site and Lam Kam Road is only about 3 minutes, and there are adequate public transport facilities running along Lam Kam Road, including but not limited to, three bus routes (64K, 64P and 65K) and one green minibus route (25K) to and from Tai Po Market and Tai Wo MTR stations. No parking space is proposed in the current proposal. There are parking spaces available in the vicinity of the site if required; and
 - (v) Overall impact arising from the proposed development regarding traffic, environmental, landscape, drainage and sewerage aspects on the locality would be minimal.
3. In light of the above, the Applicant respectfully requests the TPB to give sympathetic consideration to and approve the present planning application.

**Relevant Revised Interim Criteria for Consideration of
Application for NTEH/Small House in New Territories**
(promulgated on 7.9.2007)

- (a) sympathetic consideration may be given if not less than 50% of the proposed NTEH/Small House footprint falls within the village 'environs' ('VE') of a recognized village and there is a general shortage of land in meeting the demand for Small House development in the "Village Type Development" ("V") zone of the village;
- (b) if more than 50% of the proposed NTEH/Small House footprint is located outside the 'VE', favourable consideration could be given if not less than 50% of the proposed NTEH/Small House footprint falls within the "V" zone, provided that there is a general shortage of land in meeting the demand for Small House development in the "V" zone and the other criteria can be satisfied;
- (c) development of NTEH/Small House with more than 50% of the footprint outside both the 'VE' and the "V" zone would normally not be approved unless under very exceptional circumstances (e.g. the application site has a building status under the lease, or approving the application could help achieve certain planning objectives such as phasing out of obnoxious but legal existing uses);
- (d) application for NTEH/Small House with previous planning permission lapsed will be considered on its own merits. In general, proposed development which is not in line with the criteria would normally not be allowed. However, sympathetic consideration may be given if there are specific circumstances to justify the cases, such as the site is an infill site among existing NTEHs/Small Houses, the processing of the Small House grant is already at an advance stage;
- (e) an application site involves more than one NTEH/Small House, application of the above criteria would be on individual NTEH/Small House basis;
- (f) the proposed development should not frustrate the planning intention of the particular zone in which the application site is located;
- (g) the proposed development should be compatible in terms of land use, scale, design and layout, with the surrounding area/development;
- (h) the proposed development should not encroach onto the planned road network and should not cause adverse traffic, environmental, landscape, drainage, sewerage and geotechnical impacts on the surrounding areas. Any such potential impacts should be mitigated to the satisfaction of relevant Government departments;
- (i) the proposed development, if located within water gathering grounds, should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. the application site has a building status under the lease or the applicant can demonstrate that the water quality within water

gathering grounds will not be affected by the proposed development[^]);

- (j) the provision of fire service installations and emergency vehicular access, if required, should be appropriate with the scale of the development and in compliance with relevant standards; and
- (k) all other statutory or non-statutory requirements of relevant Government departments must be met. Depending on the specific land use zoning of the application site, other Town Planning Board guidelines should be observed, as appropriate.

[^]i.e. the applicant can demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum.

Detailed Comments from Relevant Government Departments

1. Land Administration

Comments of the District Lands Officer/Tai Po, Lands Department (DLO/TP, LandsD):

- (a) no objection to the applications;
- (b) the Sites fall within the tentative village ‘environs’ (‘VE’) boundary of Sha Pa (**Plan A-1**) drawn up in accordance with the 300-ft rule adopted by LandsD. Though the ‘VE’ boundary of Sha Pa has not been drawn up, the tentative ‘VE’ of Sha Pa is still applicable and Sha Pa was incorporated into the list of Recognized Villages for the purpose of Small House grant in 1996;
- (c) the applicants are indigenous villagers of the villages listed below as confirmed by their Indigenous Inhabitant Representatives (IIRs). The applicants are eligible for Small House grant;

Name of Applicants	Native Village	Lot No (s).
Mr. CHUNG Kwok Ki (Application No. A/NE-LT/706)	Tai Om Shan	Lots 567 S.C and 573 S.F
Mr. KOO Wai Kit (Application No. A/NE-LT/707)	Ng Tung Chai	Lots 573 S.A and 574 S.B
Mr. KOO Wai Ho (Application No. A/NE-LT/708)	Ng Tung Chai	Lots 573 S.B and 574 S.C
Mr. KO Fong Wah (Application No. A/NE-LT/709)	Ng Tung Chai	Lots 573 S.D and 574 S.G
Mr. CHEUNG Tsz Shan, George (Application No. A/NE-LT/710)	Wong Yue Tan	Lots 573 S.E and 574 S.H
Mr. KOO Yuk Ki (Application No. A/NE-LT/711)	Ng Tung Chai	Lots 574 S.A
Mr. KOO Heung Wah (Application No. A/NE-LT/712)	Ng Tung Chai	Lots 574 S.F

- (d) the Sites are held under Block Government Lease demised for agricultural use and not covered by any Modification of Tenancy or Building Licence;
- (e) Small House applications submitted by the applicants for the Sites are still under processing;

- (f) the number of outstanding Small House applications and the number of 10-year Small House demand for the village concerned are as follows:

<u>Village</u>	<u>No. of outstanding Small House applications</u>	<u>No. of 10-year Small House demand*</u>
Shui Wo (including Sha Pa)	29	190

(*There is no IIR for Sha Pa. The figure of 10-year Small House demand forecast was provided by the IIR of Shui Wo (who also handles the village matters of Sha Pa) in March 2020);

- (g) if and after planning permissions have been granted by the Town Planning Board (the Board), LandsD will process the Small House applications. However, there is no guarantee at this stage that the Small House applications would be approved. If the Small House applications are approved by LandsD acting in the capacity as landlord at its sole discretion, such approvals will be subject to such terms and conditions as may be imposed by LandsD. There is no guarantee to the grant of right of way to the Small Houses concerned or approval of Emergency Vehicular Access (EVA) thereto; and
- (h) regarding the public comment claiming that the proposed developments are villa type development not intended to provide genuine housing for indigenous villagers, Sha Pa Village is one of the recognized villages in Tai Po Heung and the respective applicants are indigenous villagers of the same “Heung”. Under the Small House Policy, applications for Small House grants on private land within the same “Heung” will be considered. LandsD would investigate and follow up if suspected selling of Small House right is involved.

2. Traffic

Comments of the Commissioner for Transport (C for T):

- (a) such type of development should be confined within the “Village Type Development” (“V”) zone as far as possible. Although additional traffic generated by the proposed developments are not expected to be significant, such type of developments outside the “V” zone, if permitted, will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial; and
- (b) notwithstanding the above, the applications only involve development of seven Small Houses can be tolerated on traffic grounds.

3. Environment

Comments of the Director of Environmental Protection (DEP):

- no in-principle objection to the applications provided that the applicants will provide adequate sewer connection for disposal of sewage from the Small Houses to the existing public sewer at their own costs and reserve adequate land for the sewer connection work.

4. Landscape

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):

- (a) no objection to the applications from the landscape planning point of view;
- (b) the Sites are located in an area of settled valleys landscape character comprising of village houses, farmlands and tree clusters. The proposed developments are considered not entirely incompatible with the landscape character in their close proximity. The sites of Applications No. A/NE-LT/706, 709 and 712 are occupied by active agriculture land whereas some fruit trees and saplings are observed within and along the site boundaries of A/NE-LT/706 to 712. A small temporary structure is also found within the site of A/NE-LT/707. While the proposed Small Houses under A/NE-LT/707, 708 and 711 are in conflict with existing trees, those trees are common species and are not mature trees. Hence, significant adverse impact on the landscape resources arising from the proposed developments is not anticipated;
- (c) for Application No. A/NE-LT/711, a tree (*Dimocarpus longan* 龍眼) is located to the northwest of the site of which the tree canopy may be affected. The applicant is advised to avoid impact on the tree; and
- (d) the applicants are reminded that approval of the applications does not imply approval of tree works such as pruning, transplanting and felling under lease. The applicants should seek approval for any proposed tree works from relevant departments prior to commencement of the works.

5. Drainage and Sewerage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- (a) no in-principle objection to the applications from public drainage viewpoint;
- (b) if the applications are approved, a condition on submission and implementation of drainage proposal for the Sites is required to ensure that it will not cause adverse drainage impact to the adjacent area;

- (c) the proposed developments should have their own stormwater collection and discharge system to cater for runoff generated within the Sites and overland flow from surrounding of the Sites. Any existing flow path affected should be re-provided. The applicants should neither obstruct overland flow nor adversely affect the existing natural streams, village drains, ditches and the adjacent areas. The applicants are required to maintain the drainage systems if they are found to be inadequate or ineffective to accommodate the additional runoff arisen from the development of the Sites. The applicants shall also be liable for and shall indemnify claims and demands arising out of damage or nuisance caused by failure or ineffectiveness of the modified drainage systems caused by their works;
- (d) there are public sewers maintained by DSD in the vicinity and the feasibility of sewerage connection is subject to the invert level of discharge connection pipe leading from the Sites. No stud pipe is reserved for sewerage connection;
- (e) the applicants shall provide written consent(s) from relevant lot owner(s) and/or LandsD's permission for laying new drains/channels and/or modifying/upgrading existing ones outside the Sites or on government land (when required); and
- (f) the cost and works of drainage and sewerage connection as well as future maintenance responsibility shall be borne by the applicants.

6. Agriculture

Comments of the Director of Agriculture, Fisheries and Conservation (DAFC):

- (a) the Sites are currently abandoned or under active farming. There are active agricultural activities in the vicinity, and agricultural infrastructure such as road access and water source is available. The Sites could be used for agricultural activities such as open-field cultivation, greenhouse, plant nurseries, etc.; and
- (b) as the Sites possess potential for agricultural rehabilitation, the applications are not supported from agricultural point of view.

7. Fire Safety

Comments of the Director of Fire Services (D of FS):

- (a) no in-principle objection to the applications; and
- (b) the applicants are reminded to observe "New Territories Exempted Houses – A Guide to Fire Safety Requirements" published by LandsD. Detailed fire safety requirements will be formulated upon receipt of formal applications referred by LandsD.

8. Water Supply

Comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD):

- (a) no objection to the applications;
- (b) the Sites are located within upper indirect WGG and are situated less than 30m from the nearest stream; and
- (c) the applicants should also note the following comments:
 - (i) the whole of foul effluent from the proposed Small Houses shall be conveyed through cast iron pipes with sealed joints and hatch boxes;
 - (ii) since the proposed Small Houses are less than 30m from the nearest watercourse, the proposed Small Houses should be located as far away from the watercourse as possible; and
 - (iii) the applicants shall submit an executed Deed of Grant of Easement for each private lot through which the sewer connection pipes are proposed to pass to demonstrate that it is both technically and legally feasible to install sewerage pipes from the proposed Small Houses to the public sewerage system via relevant private lots; and
- (d) for provision of water supply to the proposed developments, the applicants may need to extend their inside services to the nearest suitable government water mains for connection. The applicants shall resolve any land matter (such as private lots) associated with the provision of water supply and shall be responsible for the construction, operation and maintenance of the inside services within the private lots to WSD's standards.

9. Archaeological Aspect

Comments of the Executive Secretary of Antiquities and Monuments Office, Development Bureau (ES(AMO), DEVB):

- (a) no comment on the applications; and
- (b) the Sites fall within the Sha Pa Site of Archaeological Interest. In view of the location and scope of the proposed works and according to the findings of previous archaeological works in the surrounding areas, the applicants are required to notify AMO two weeks prior to the commencement of the construction works so as to facilitate their staff to conduct site inspection in the course of excavation works.

10. Demand and Supply of Small House Sites

According to the DLO/TP, LandsD's record, the total number of outstanding Small House applications for Shui Wo (including Sha Pa) is 29 while the 10-year Small House demand forecast for the same villages is 190. Based on the latest estimate by the Planning Department, about 0.96 ha of land (equivalent to about 37 Small House sites) are available within the "V" zones of Shui Wo and Sha Pa. Therefore, there is insufficient land in the "V" zones concerned to meet the future demand of 219 Small Houses (equivalent to about 5.48 ha of land).

Applied development : 7 NET House

Dear TPB Members,

Strong objections to what is obviously a VILLA development. There have been a number of applications for development of this area that were withdrawn including A/NE-LT/642/3/4/5/6

With regard to NET house applications members must also comply with the following recommendations when considering applications for NET houses that have all the appearance of developments for commercial sale rather than the provision of homes for indigenous residents::

Koon Ping Leung v. The Director of Lands [2012] 2 HKC 329

The judge ruled that the Small House Policy was an administrative measure that provided land on certain conditions to those who had no land so that they could exercise the right. Those with residence outside the territory do not qualify under the policy.

The haphazard construction of small houses with no access basic amenities must be discouraged.

• Transactions of land lots related to the captioned applications, the coordinated nature of the applications, the well-known history and well-advertised activities of local developers, and other relevant information are sufficient grounds to suspect that misrepresentations may have been made to the Director of Lands and to the Town Planning Board as to the intention of the owners of the land and the owners of the "ding" rights regarding the use of the house and the beneficial interests.

- It appears that it would be reasonable to suspect that the applications are misrepresentations to Government and the Board, and that the small house applicants have no intention to build for themselves. If the Town Planning Board is reasonable and rational, it should ask for further information and clarifications.

- Such unlawful schemes (misrepresenting the intention to build for oneself) are common and there is a high risk that the Town Planning Board could be aiding and abetting a scheme which in whole or in part could be unlawful or unauthorized under the small house policy and associated regulations.

- In case the Town Planning Board is not aware of the risks of involvement in such unlawful but common schemes, the Board should make enquiries with the Department of Justice and the ICAC on the risk of involvement in conspiracies to defraud and misrepresentations by the applicants as there could well be adequate grounds for a healthy suspicion and for a thorough investigation.

- In fact, the methods and instruments involved in schemes whereby indigenous villagers were recruited to act as "front men" to enable the land owners to develop small houses on their land are well known, including how land is carved into sections and assigned, from evidence discovered during many Court Cases. The Board may not have the investigative powers itself, but it can't pretend to be blind and must make comprehensive enquiries and themselves consider the information discovered.

- It is a duty of the Town Planning Board to ensure it is not aiding and abetting unlawful schemes. It must first make sure that it has full knowledge of the background of the applications by verifying that the Lands Department undertook extensive investigations, including by soliciting the help from other agencies including the Immigration Department, Police and ICAC directly by the Board or by making sure the Lands Department has done so, including but not limited to the following information:

1. Were the captioned applications to the Town Planning Board fully coordinated and submitted as a whole by the same agent?
2. Who owns and has owned the land, and for what values was the land exchanged?
3. Which companies have been involved in the transactions and financing, where were they located and who are/were the directors?
4. Do the applicants ordinarily reside in Hong Kong according to entry and exit information from the Immigration Department?

5. And so forth.

- Having considered the above information, the Board should ensure it is fully satisfied that it would be unreasonable to suspect that the applications are misrepresentations to Government and the Board, and that the small house applicants are indeed applying for permission to build for themselves. If it can't be fully satisfied it should ask for further information and clarifications, or reject the captioned applications.

The recent court decision did not open the gates to rampant small house development.

While CFA ruled that the right to build small houses is protected by the Basic Law, the policy had never had a statutory basis and was subject to the discretion of the Lands Department. This indicates that as the OZP stipulates that the sites are zoned for Agriculture then they are designated for other use.

The policy has always been subject to government discretion can cannot be an obstacle to effective land use.

Mary Mulvihill

Recommended Advisory Clauses
