**Relevant Extract of Town Planning Board Guidelines No. 34D on
“Renewal of Planning Approval and Extension of Time for Compliance
with Planning Conditions for Temporary Use or Development”
(TPB- PG No. 34D)**

1. The relevant assessment criteria for assessing applications include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.

2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine appropriate approval period, which may be shorter than the time under request.

Lot 824 in D.D. 10, Chai Kek, Lam Tsuen
Site area : About 318.1m²
Zoning : "VTD"
Applied Use : 10 Vehicle Parking

Dear TPB Members,

NT villagers are always whingeing that they have no land to build NET houses but then use sites like this for parking. It is large enough to accommodate 3 NET houses.

At grade parking is most inefficient use of scarce land resources and must be phased out. In this case more than 30sqmts per vehicle, the size of a two bedroomed family unit.

Vehicles should be parked underground, in custom built high rise towers or on the ground floor of 2,100sqft Net houses or villa developments. .

If parking is indeed required it should be provided in stacked facilities, see attached, thereby freeing up land for other uses.

Mary Mulvihill
