收到・城市規劃委員會 工件後才正式確認收到

會在收到所有用 申請的日期。

16 APR 2024

This document is received on The Town Planning Board will formally acknowledge the date of receipt of the application only upon receipt of all the required information and documents.

APPLICATION FOR PERMISSION **UNDER SECTION 16 OF** THE TOWN PLANNING ORDINANCE

(CAP. 131)

根據《城市規劃條例》(第131章) 第 16 條 遞 交 的 許 可

Applicable to Proposal Only Involving Temporary Use/Development of Land and/or Building Not Exceeding 3 Years in Rural Areas or Regulated Areas, or Renewal of Permission for such Temporary Use or Development*

適用於祇涉及位於鄉郊地區或受規管地區土地上及/或建築物內進行 為期不超過三年的臨時用途/發展或該等臨時用途/發展的許可續期的建議*

*Form No. S16-I should be used for other Temporary Use/Development of Land and/or Building (e.g. temporary use/developments in the Urban Area) and Renewal of Permission for such Temporary Use or Development. *其他土地上及/或建築物內的臨時用途/發展 (例如位於市區內的臨時用途或發展)及有關該等臨時用途/發 展的許可續期,應使用表格第S16-I 號。

Applicant who would like to publish the notice of application in local newspapers to meet one of the Town Planning Board's requirements of taking reasonable steps to obtain consent of or give notification to the current land owner, please refer to the following link regarding publishing the notice in the designated newspapers: https://www.tpb.gov.hk/en/plan application/apply.html

申請人如欲在本地報章刊登申請通知,以採取城市規劃委員會就取得現行土地擁有人的同意或通知現行 土地擁有人所指定的其中一項合理步驟,請瀏覽以下網址有關在指定的報章刊登通知: https://www.tpb.gov.hk/tc/plan application/apply.html

General Note and Annotation for the Form 填寫表格的一般指引及註解

- "Current land owner" means any person whose name is registered in the Land Registry as that of an owner of the land to which the application relates, as at 6 weeks before the application is made 「現行土地擁有人」指在提出申請前六星期,其姓名或名稱已在土地註冊處註冊為該申請所關乎的 土地的擁有人的人
- & Please attach documentary proof 請夾附證明文件
- ^ Please insert number where appropriate 請在適當地方註明編號

Please fill "NA" for inapplicable item 請在不適用的項目填寫「不適用」

Please use separate sheets if the space provided is insufficient 如所提供的空間不足,請另頁說明

Please insert a 「 🗸 」 at the appropriate box 請在適當的方格內上加上「 🗸 」號

For Official Use Only 請勿填寫此欄 Application No. 申請編號 Application No. 申請編號 Date Received 收到日期 16 APR 2024

- 1. The completed form and supporting documents (if any) should be sent to the Secretary, Town Planning Board (the Board), 15/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong. 申請人須把填妥的申請表格及其他支持申請的文件(倘有),送交香港北角渣華道 333 號北角政府合署 15 樓城市規劃委員會(下稱「委員會」)秘書收。
- 2. Please read the "Guidance Notes" carefully before you fill in this form. The document can be downloaded from the Board's website at http://www.tpb.gov.hk/. It can also be obtained from the Secretariat of the Board at 15/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong (Tel: 2231 4810 or 2231 4835), and the Planning Enquiry Counters of the Planning Department (Hotline: 2231 5000) (17/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong and 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin, New Territories). 請先細閱《申請須知》的資料單張,然後填寫此表格。該份文件可從委員會的網頁下載(網址: http://www.tpb.gov.hk/),亦可向委員會秘書處(香港北角渣華道 333 號北角政府合署 15 樓-電話:2231 4810 或 2231 4835)及規劃署的規劃資料查詢處(熱線:2231 5000) (香港北角渣華道 333 號北角政府合署 17 樓及新界沙田上禾輋路 1 號沙田政府合署 14 樓)索取。
- 3. This form can be downloaded from the Board's website, and obtained from the Secretariat of the Board and the Planning Enquiry Counters of the Planning Department. The form should be typed or completed in block letters. The processing of the application may be refused if the required information or the required copies are incomplete. 此表格可從委員會的網頁下載,亦可向委員會秘書處及規劃署的規劃資料查詢處索取。申請人須以打印方式或以正楷填寫表格。如果申請人所提交的資料或文件副本不齊全,委員會可拒絕處理有關申請。

Re: A/NE-LT/766_ Departmental Comments_WSD

Dear Sir/ Madam:

According to the notice we have received from Town Planning Board, we cannot complete risk assessment report on time, therefore, I am asking for time extension of another two months.

Please kindly find the attached file for your arrangement, thank you.

Should you have any inquiries, please contact Mr. Vincent Li at \S Thank you very much for your consideration.

Best Regards,

WINLI CONSULTING ENGINEERS

Application No. A/NE-LT/766

Comments from Chief Engineer/ Construction, Water Supplies Department

Contact person: Ms

Please see our reply as follows:

1) No discharge of effluent or foul water into adjoining land, storm water drain, channel stream or river course is allowed. Such foul water or effluent shall be collected and disposed of outside WGG.

Reply:

There will be no foul water on site as we will not have any buildings or facilities such as toilets, car wash on site.

2) All solid waste and sludge arising from the proposed development shall be disposed of properly outside WGG.

Reply:

There also wouldn't be any solid waste on site either. However, we will have a person walking the sites and if any litter is found, they will clean it up.

3) The use and storage of pesticides, herbicides, toxicants, chemical solvents, larvicidal oil, rodenticide, tar and petroleum oil are strictly prohibited in WGG.

Reply:

We will not allow for any of the above to be stored or be on site, we will also have staff on site to make sure none of the above will be allowed on site. We also put up appropriate warnings signs on the fencing to remind and warn people.

4) No chemicals including fertilizers and detergents shall be used/stored without the prior approval from the Water Authority.

Reply:

None of the above will be allowed on site, we will have staff on site checking the area and

also put up appropriate warnings signs on the fencing to remind and warn people.

5) Oil leakage and spillage are not allowed within WGG at all time. Oil and grease decontamination kit such as absorbent pads shall be made available to decontaminate any possible oil leakage or spillage. Control measures including not allowing oil tanker to park inside the vehicle parking spaces shall be implemented to avoid oil leakage or spillage in the gathering grounds.

Reply:

We will not permit any oil tankers to park on site and we will have on site staff to prevent this from happening. Once the approval have been accepted we will carefully follow your instructions. We will have Oil and grease decontamination kit such as absorbent pads shall be made available to decontaminate any possible oil leakage or spillage and will be proper maintenance and disposal records will also be maintained.

6) The vehicle park and its associated activities shall be located away from any water courses as far as possible. Signage for alerting not to pollute WGG should be Displayed.

Reply:

This will be arranged so cars parked will be as far away as possible to the water courses. And Signage of not to pollute will be displayed too.

7) Fencing shall be erected on the sides facing the nearest stream course to trap all windblown litters within the site of development.

Reply:

-We will install wooden/metal fencing near the stream course to make sure all rubbish gets trapped within the development area. Our onsite staff will also check the area on regular intervals to clean any litter that gets blown into the site. Once the approval have been accepted we will carefully follow your instructions to properly install the fencing near the stream course.

8) Site surface should be impermeable to oil and grease as far as practicable. Any soil contaminated with fuel leakage should be immediately removed off site and the viod arising from removal of contaminated soil shall be replaced by suitable material to the satisfaction of the Water Authority.

Reply:

We will have onsite staff keep checking on this matter everyday. We have a warning signage to let the car owner know. If we see any sign of soil contaminated with fuel leakage it will be immediately removed off site and the viod arising from removal of contaminated soil shall be replaced by suitable material to the satisfaction of the Water Authority.

9) Vehicle park shall be surrounded by kerbs and drains. Drainage traps such as grease traps and petrol interceptors shall be installed at each of the drainage outlets and shall be under proper maintenance. All such drainage traps shall have sufficient capacity to ensure the proper interception and collection of fuel and lubricants in surface run-off for off-site disposal. Proper maintenance and disposal records should be maintained.

Reply:

Once the approval have been accepted we will carefully follow your instructions. We will hire a professional company to properly install the drainage traps such as grease traps and petrol interceptors and properly maintain it. All such drainage traps will have sufficient capacity to ensure the proper interception and collection of fuel and lubricants in surface run-off for off-site disposal. Proper maintenance and disposal records will also be maintained.

10) Besides vehicle parking, other activities such as on-site vehicle inspection, maintenance, repairing and washing activities shall not be allowed in the proposed development.

Reply:

Car park will be used strictly for vehicle parking and maintained by on-site staff.

11) During construction of the proposed vehicle park, no earth and other installation materials which may cause contamination to WGG are allowed to be stockpiled or stored on site. Furthremoreyall excavated of filled surfaces should be protected from erosion and siltation to any water courses shall be prevented within WGG. All spoils shall be contained and protected; and effluent containing spoils shall be disposed of after desiltation.

Reply:

We understand and we will comply with it. When hired the contractor to do the works, we will make sure he understands this also.

12) The operation and maintenance of the vehicle park shall not cause any contamination and leaching of contaminants to WGG.

Reply:

We understand and we will comply with it. We make sure who maintain this car park understand this as well.

13) The 'Condition of Working within Water Gathering Grounds" should be complied.

Reply:

We understand and we will comply with it.

Similar Application within the same "AGR" and "V" zones in the vicinity of the site on the Lam Tsuen Outline Zoning Plan

Approved Application

Application No.	Proposed Development	Date of Consideration
A/NE-LT/702	Proposed Temporary Private Vehicle Park (Private Cars Only) for a Period of 3 Years and Filling of Land	14.1.2022

Detailed Comments from Relevant Government Departments

1. Land Administration

Comments of the District Lands Officer/Tai Po, Lands Department:

- (a) no objection to the application;
- (b) the application site (the Site) comprises two Old Schedule Agricultural Lots all in D.D. 7 held under the Block Government Lease which contain the restriction that no structures are allowed to be erected without the prior approval of the Government;
- (c) there is no guarantee to grant of a right of way to the Site or approval of the EVA thereto; and
- (d) there is no Small House application received for the Site.

2. Landscape

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department:

- (a) no objection to the application from landscape planning perspective; and
- (b) the Site is located in an area of settled valleys landscape character comprising village houses, carparks, river channel, and clusters of tree groups. The site is hard-paved and currently occupied by a carpark. No significant landscape resource observed within the site. Significant adverse impact on the existing landscape resources arising from the proposed use is not anticipated.

3. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department:

if the application is approved, a condition on the submission and implementation of drainage proposal for the Site is required to ensure that it will not cause adverse drainage impact on the adjacent areas.

4. Water Supply

Comments of the Chief Engineer/Construction, Water Supplies Department:

- (a) no objection to the application;
- (b) the Site is located within upper indirect gathering ground (WGG) and is less than 30m from the nearest water course; and
- (c) if the application is approved, the applicants should be required to follow and implement the mitigation measures proposed in the submission under the condition(s) of approval.

5. <u>Fire Safety</u>

Comments of the Director of Fire Services:

no in-principle objection to the application subject to the provision of fire service installations and water supplies for firefighting being provided to his satisfaction.

6. Other Departments

The following departments have no objection to/no adverse comment on the application:

- (a) Chief Highway Engineer/New Territories East, Highways Department;
- (b) Director of Environmental Protection;
- (c) Head of Geotechnical Engineering Office, Civil Engineering and Development Department;
- (d) Commissioner of Police; and
- (e) District Officer/Tai Po, Home Affairs Department

Recommended Advisory Clauses

- (a) to note the comments of the District Lands Office/Tai Po, Lands Department (DLO/TP, LandsD) that:
 - (i) should the Town Planning Board approve the application, the lot owners are required to submit applications for Short Term Waiver ("STW") to LandsD if they wish to erect structures on the Site. LandsD will consider the STW applications in accordance with the established procedures and guidelines. However, there is no guarantee at this stage that the STW application would be approved. If the STW application is approved by LandsD acting in the capacity as landlord at its sole discretion, such approval will be subject to such terms and conditions as may be imposed by LandsD including the payment of waiver fee and administrative fee as considered appropriate; and
 - (ii) the applicants will likely make use of the adjoining unleased/unallocated Government land as vehicles access to and from Hang Kai Lane. The maintenance and management responsibility of the said Government land and any other Government land leading to the Site should be sorted out with the relevant Government departments, prior to the use of access purpose;
- (b) to note the comments of the Commissioner for Transport (C for T) that it is noted that in order to access the parking spaces, vehicles may have to encroach onto the adjacent private lots. The applicants shall make their own arrangement with the concerned landowners for using the road, and the land status, management, maintenance responsibilities of it should be clarified with the relevant lands and maintenance authorities accordingly in order to avoid potential land disputes;
- (c) to note the comments of the Director of Environmental Protection (DEP) that the applied uses and the future project have to implement standard pollution control measures as per "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" to avoid causing adverse environmental impacts to the surroundings;
- (d) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) that:
 - (i) the applicants should have their own stormwater collection and discharge system to cater for the runoff generated within the Site and overland flow from surrounding of the Site, e.g. surface channel of sufficient size along the perimeter of the Site; sufficient openings should be provided at the bottom of the boundary wall/fence to allow surface runoff to pass through the Site if any boundary wall/fence to be erected. Any existing flow path affected should be re-provided. The applicants should neither obstruct overland flow nor adversely affect the existing natural streams, village drains, ditches and the adjacent areas. The applicants are required to maintain the drainage systems properly and rectify/modify the nearby existing/original systems if they are found to be inadequate or ineffective to accommodate the additional runoff arisen from the developments of the Site. The applicants shall also be liable for and shall indemnify claims and demands arising out of damage or nuisance caused by

failure or ineffectiveness of the modified drainage systems caused by their works. Please be reminded that the runoff within the subject premise including the runoff from the rooftop shall be served by a designated stormwater collection and discharge system and shall not be drained to the public sewerage network;

- (ii) DSD's maintained public sewers exist in the vicinity but the feasibility of sewerage connection is subject to the invert level of discharge connection pipe leading from the proposed Site. The applicants should demonstrate the technical feasibility of sewerage connection. Should the applicants choose to dispose of the sewage of the proposed development through other means, view and comments from Environmental Protection Department should be sought;
- (iii) the applicants should resolve any conflict/disagreement with relevant lot owner(s) and seek LandsD's permission for laying new drains/channels and/or modifying/upgrading existing ones in other private lots or on Government land (where required) outside the application site; and
- (iv) the cost and works of drainage and sewerage connection as well as future maintenance responsibility should be borne by the applicants;
- (e) to note the comment of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD) that:
 - (i) in order to safeguard the raw water quality in water gathering ground (WGG), the applicants should demonstrate there is no material increase in pollution effect resulting from the applied use including:
 - no discharge of effluent of foul water into adjoining land, stormwater drain, channel, stream or river course is allowed. Such foul water or effluent shall be collected and disposed of outside WGG. All solid waste and sludge arising from the applied use shall be disposed of properly outside WGG. The use and storage of pesticides, herbicides, toxicants, chemical solvents. larvicidal oil, rodenticide, tar and petroleum oil are strictly prohibited in WGG. No chemical including fertilizers and detergents shall be used/stored without the prior approval from the Water Authority. Oil leakage and spillage are not allowed within WGG at all time. Oil and grease decontamination kit such as absorbent pads shall be made available to decontaminate any oil leakage or spillage. Control measures, including not allowing oil tanker to park inside the vehicle parking spaces, shall be implemented to avoid oil leakage or spillage in the gathering grounds;
 - the vehicle park and its associated activities shall be located away from any water courses as far as possible. Signage for alerting not to pollute WGG should be displayed. Fencing shall be erected on the sides facing the nearest stream course to trap all wind-blown litters within the site of development. Site surface should be impermeable to oil and grease as far as practicable. Any soil contaminated with fuel leakage shall be immediately removed off site and the voids arising from removal of contaminated soil shall be replaced by suitable material to the satisfaction of the Water Authority. Vehicle park shall be surrounded by kerbs and drains. Drainage traps such as grease traps and petrol interceptors shall be

installed at each of the drainage outlets and shall be under proper maintenance. All such drainage traps shall have sufficient capacity to ensure the proper interception and collection of fuel and lubricants in surface run-off for off-site disposal. Proper maintenance and disposal records should be maintained. Besides vehicle parking, other activities such as on-site vehicle inspection, maintenance, repairing and washing activities shall not be allowed in the proposed development;

- during construction of the proposed vehicle park, no earth and other
 installation materials which may cause contamination to WGG are allowed
 to be stockpiled or stored on site. Furthermore, all excavated or filled
 surfaces shall be protected from erosion and siltation to any water courses
 shall be prevented within WGG. All spoils shall be contained and
 protected; and effluent containing spoils shall be disposed of after
 desiltation; and
- the operation and maintenance of the vehicle park shall not cause any contamination and leaching of contaminants to WGG;
- (ii) the "Conditions for Working within WGG" (Appendix VI) shall be complied;
- (iii) additional mitigation measures may be required when the actual situation renders the initial risk assessment inviable. Should pollution be detected in future due to the applied use, immediate remedial action to clear the pollution must be taken by the grantee; and
- (iv) the acceptance of drainage proposal and its implementation should be subject to the jurisdiction of DSD; and
- (f) to note the comments of the Director of Fire Services (D of FS) that:
 - (i) in consideration of the design/nature of the proposal, fire services installations (FSIs) are anticipated to be required. Therefore, the applicants are advised to submit relevant layout plans incorporated with the proposed FSIs for his approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSI to be installed should be clearly marked on the layout plans; and
 - (ii) if there is electric vehicle charging station involved, the "Requirements of Fireman's Emergency Switch" (**Appendix VII**) shall be complied.

Subject:

A/NE-LT/766 DD 7 Kau Liu Ha Private Vehicle Park

A/NE-LT/766

Lots 1190 RP and 1192 S.B RP in D.D. 7, Kau Liu Ha, Lam Tsuen

Site area: About 415sq.m

Zoning: "VTD" and "Agriculture"

Applied use: 26 Vehicle Private Vehicle Park

Dear TPB Members,

Google Maps shows that this space is already a parking lot. In addition, there is a public parking to the north of the homes.

This is the second application recently for Private Vehicle Park.

Members should question this as only Public Vehicle Park is listed under Col 2 use for "V" zoning.

What is the business model? Is the parking free of charge? If not, what are the regulations with regard to annual declaration of income, etc.

Clarification required.

Mary Mulvihill

Conditions of Working within Water Gathering Ground

For all works within water gathering grounds (WGG), the Contractor is required to comply with the following conditions:-

- (a) Good construction and site management practices shall be adopted. Adequate measures shall be taken to ensure that no pollution or siltation occurs to the catchwaters and catchments. Mitigation measures shall be implemented to control runoff from construction areas during site formation and site clearance activities to avoid pollution to the WGG.
- (b) No earth, building materials, fuel, soil or any other materials that may cause contamination to the WGG shall be allowed to be stockpiled on site.
- (c) The storage and discharge of pesticides, toxicant, flammable or toxic solvents, petroleum oil, diesel, tar or other toxic substances are strictly prohibited within the gathering grounds.
- (d) All spoils arising as a result of site formation and construction works shall be contained and disposed of outside the gathering grounds.
- (e) Drainage traps such as grease traps, petrol interceptors shall be installed and shall be under proper maintenance. The drainage traps shall have sufficient capacity to ensure the proper collection and disposal of fuel, lubricants and chemicals.
- (f) Regular cleaning of the silt/grease traps shall be carried out to ensure that they function properly at all times.
- (g) All excavated or filled surfaces which have the risk of erosion shall always be protected from erosion.
- (h) Facilities for washing the wheels of vehicles before leaving the site shall be provided.
- (i) Any construction plant which causes pollution to catchwaters or catchments due to leakage of oil or fuel shall be removed off site immediately.
- (j) Any soil contaminated with fuel leaked from plant shall be removed off site and the voids arising from removal of contaminated soil shall be replaced by suitable material approved by the Director of Water Supplies.
- (k) Only dry-type portable toilet facility with regular desludging schedules is allowed during the construction period. The sludge must be disposed of properly outside the gathering grounds. Portable toilets shall be kerbed on all sides, located at least 30 metres away from the streams and desludged on a regular basis.
- (l) All mud and debris shall be removed from any Waterworks access roads and associated drainage systems.

- (m) No chemicals are allowed to be used within the 30m buffer zones of the stream courses. No chemicals including fertilizers shall be used without the prior approval from WSD. For any usage of chemicals within the gathering grounds, details on the type, nature, quantity and point of application are required for approval by WSD.
- (n) For drainage and/or sewerage works within the WGG, the drainage and/or sewerage plans shall be submitted to the Director of Water Supplies for approval.
- (o) An unimpeded access through waterworks access roads/paths shall always be maintained.
- (p) Earthworks near catchwaters or stream courses shall only be carried out in the dry season between October and March.
- (q) Advance notice must be given prior to commencement of works on site quoting WSD's approval letter reference.
- (r) No discharge of effluent within the gathering grounds is allowed without the prior approval from WSD.
- (s) Detail information on the likely effects on the gathering grounds including loss of yields, siltation, water quality and safety of waterworks installations, and associated measures to avoid pollution shall be submitted to WSD for evaluation. If Environmental Impact Assessment is required by the Environmental Protection Department, the water quality impacts to the receiving water bodies during the construction and operation phases of the proposed development shall be covered in the Environmental Impact Assessment report.

Requirements for the Fireman's Emergency Switch

- 1. A fireman's emergency switch conforming EMSD's Code of Practice shall be provided to cut off the power supply of **all** EV charging facilities within the car parking facilities.
- 2. The switch shall be situated in a conspicuous position, yet out of reach of the public in general. Thus, switch(es) provided at vehicle entrance(s) shall be positioned no more than 3m but not less than 2.5 from ground level. Where more than one fireman's emergency switch is installed on any one building, such switches shall be clearly marked to distinguish one from another.
- 3. In case the switch is installed at a location other than the vehicle entrance, notice plate(s) shall be provided at conspicuous location(s) of vehicle entrance(s) acceptable to the Director of Fire Services to indicate the location of fireman's emergency switch.
- 4. The 'ON' and 'OFF' position of the fireman's emergency switch shall be conventional (i.e. push upward 'OFF'; push downward 'ON') and clearly indicated by lettering legible to a person standing on the ground at the intended site.
- 5. The switch is to be affixed on a board approximately 300 mm long by 250 mm wide, which is painted white and edged with a 50 mm red border. The inscription 'EV CHARGING FACILITIES FIREMAN'S SWITCH' in English is to be painted on the top and '電動車充電設施 消防員開關掣' in Chinese at the bottom of the board in black. The switch is to be positioned in the middle of the board.
