Annex 1

Proposed Temporary Place of Recreation, Sports or Culture (Hobby Farm) at Lot 140 (Part) in DD86, Man Kam To, New Territories for a period of 3 years

Justifications

The size of the application site is about 647 m². It is currently zoned " Green Belt " according to the APPROVED MAN KAM TO OUTLINE ZONING PLAN NO : S/NE-MKT/4

The proposed development is a temporary use which would not jeopardize the long term planning intention of the " Green Belt " zone. The application site is not subject to any land transaction being proposed by the Land Authority for the conversion into low density residential use.

The applicant has adjusted the application site boundary to only about 647 sq.m and the site is out of the No-Build zone area. The site will be lightly used open-air recreation area to fulfill and minimum the concern of steep natural terrain (Group 4 facilities).

The applicant clarify that No land filling will be carried out.

Neither land filling nor pond filling will be carried out at the application site. No hard paved is apply to the site.

Objectives and proposed activities :

The objectives of the proposed temporary hobby farm is intended to cultivating the interest and knowledge of the participants in organic farming and providing an opportunity for the participant to experience the organic farming(NO pesticides).

All vegetables will not be sold, only for personal use and experiencing farming activities(播種子、收割各種蔬果體驗活動) and contact with NGO organize day camping for special conditions children. The farm is open to the public, ticket fees will be collected e.g \$20/per person.

No operation will be held in site during sensitive hours from 11 p.m to 9:00 a.m next morning.

Applicants need to obtain approval from the Town Planning Board for land use in order to obtain suitable development opportunities, due to the trend that many people are interested in visiting Hobby Farm(Outdoor activities) especially during the pandemic of Covid-19 and it is a development match the surroundings and needs.

The nature from and layout of the proposed development are compatible with the surrounding environment. It would not affect the character of the green belt Zone. Car parking spaces will not be provided.

The applicant proposed and emphasis that a clearance of at least 1m from all the trees at the site, no barbecue activity is allowed on the site at any time, no public announcement system is allowed on the site during the planning approval period, all visitors should be take pubic transport or by foot to the application site. Upon expiry of the planning permission, the reinstatement of the site to amenity area would be carried out to the satisfaction of the Director of Planning or of the TPB.

The justifications of this application are would not contravene the planning intention of the " Green Belt " zone; compatible with surrounding land uses; no adverse drainage, traffic, environmental of visual impacts. The applicant therefore seeks the Board's permission for the Proposed Temporary Place of Recreation, Sports or Culture (Hobby Farm) at Lot 140(Part) in DD86, Man Kam To, New Territories for a period of 3 years.

**Relevant Extracts of Town Planning Board Guidelines No. 10
for “Application for Development within Green Belt Zone
under Section 16 of the Town Planning Ordinance”
(TPB PG-No. 10)**

The relevant assessment criteria for assessing applications include:

- (a) there is a general presumption against development (other than redevelopment) in a “GB” zone;
- (b) an application for new development in a “GB” zone will only be considered in exceptional circumstances and must be justified with very strong planning grounds. The scale and intensity of the proposed development including the plot ratio, site coverage and building height should be compatible with the character of surrounding areas;
- (c) the design and layout of any proposed development should be compatible with the surrounding area. The development should not involve extensive clearance of existing natural vegetation, affect the existing natural landscape, or cause any adverse visual impact on the surrounding environment;
- (d) the vehicular access road and parking provision proposed should be appropriate to the scale of the development and comply with relevant standards. Access and parking should not adversely affect existing trees or other natural landscape features. Tree preservation and landscaping proposals should be provided;
- (e) the proposed development should not overstrain the capacity of existing and planned infrastructure such as sewerage, roads and water supply. It should not adversely affect drainage or aggravate flooding in the area;
- (f) the proposed development must comply with the development controls and restrictions of areas designated as water gathering grounds;
- (g) the proposed development should not overstrain the overall provision of Government, institution and community facilities in the general area; and
- (h) the proposed development should not be susceptible to adverse environmental effects from pollution sources nearby such as traffic noise, unless adequate mitigating measures are provided, and it should not itself be the source of pollution.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/North, Lands Department (DLO/N, LandsD):

- the Site comprises Lot No. 140 (Part) in D.D. 86. The lot is an Old Schedule lot held under the Block Government Lease (demised for agricultural use) without any guarantee of right of access. There is no guarantee that any Government land shall be allowed for the access to the Site; and
- should the application be approved, the owner of the application lot shall apply to this office for a Short Term Waiver.

2. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no objection to the application from public drainage viewpoint; and
- should the application be approved, the following approval conditions are required: (i) the submission and implementation of a drainage proposal for the Site to ensure that it will not cause adverse drainage impact to the adjacent area; and (ii) the implemented drainage facilities at the Site shall be maintained at all times during the planning approval period.

3. Environment

Comments of the Director of Environmental Protection (DEP):

- no objection to the application from environmental planning point of view;
- in order to minimize any noise nuisance from the proposed development, should the application be approved, an approval condition for prohibiting the use of any form of audio amplification system is recommended; and
- there has been no environmental complaint received on the Site in the past three years.

4. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD):

- there is no record of approval by the Building Authority for the buildings/structures existing at the Site and BD is not in a position to offer comments on their suitability for the use related to the application.

5. **Other Departments**

The following government departments have no comment on/no objection to the application:

- (i) Chief Highway Engineer/New Territories East, Highways Department (CHE/NTE, HyD);
- (ii) Project Manager (North), North Development Office, Civil Engineering and Development Department (PM(N), CEDD);
- (iii) Director of Fire Services (D of FS); and
- (iv) Chief Engineer/Construction, Water Supplies Department (CE/C, WSD).

Recommended Advisory Clauses

- (a) to note the following comments of the District Lands Officer/North, Lands Department the application for Short Term Waiver (STW) will be considered by Government in its landlord's capacity and there is no guarantee that it will be approved. If the STW is approved, its commencement date would be backdated to the first date of occupation and it will be subject to such terms and conditions to be imposed including payment of waiver fee and administration fee as considered appropriate by this office;
- (b) to note the comments of the Commissioner for Transport (C for T) that the vehicular access between the Site and Lin Ma Hang Road is not managed by this department;
- (c) to note the comments of the Chief Highway Engineer/New Territories East, Highways Department (CHE/NTE, HyD) that the road leading from Lin Ma Hang Road to the Site is not maintained by this department;
- (d) to note the comments of the Chief Town Planner/Urban Design and Landscape, Planning Department that the approval of the application does not imply approval of tree works such as pruning, transplanting and felling under lease. The applicant is reminded to seek approval for any proposed tree works from relevant departments prior to commencement of the works;
- (e) to note the comments of the Director of Environmental Protection (DEP) that the applicant is advised to follow EPD's latest "Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites (CoP)". The applicant is advised to strictly observe all relevant pollution control/ environmental protection ordinances, particularly Water Pollution Ordinance and Noise Control Ordinance. Good practices stated under ProPECC PN 5/93 should be adopted when designing on-site drainage system and best management practice should be adopted to avoid refuse/ wastewater/ sewage and other pollution from entering the surface runoff;
- (f) to note the following comments of the Chief Engineer/Mainland North, Drainage Services Department that:
 - (i) the Site is in an area where no public sewer connection is available. EPD should be consulted regarding the sewage treatment/disposal facilities for the proposed development;
 - (ii) the applicant is advised on the following general requirements of the drainage proposal:
 - surface channel with grating covers should be provided along the site boundary;
 - a drainage plan should be provided clearly showing the size, levels and routes of the proposed drainage. The details (invert level, gradient, general sections etc.) of the proposed drain/ surface channel, catchpits and the discharge structure shall be provided;
 - the cover levels of proposed channels should be flush with the existing adjoining ground level;

- a catchpit with covers should be provided where there is a change of direction of the channel/drain. The details of the catchpit with covers shall be provided;
- catchpits with sand trap shall be provided at the outlets of the proposed drainage system. The details of the catchpit with sand trap should be provided;
- the applicant should check and ensure that the existing drainage downstream to which the proposed connection will be made have adequate capacity and satisfactory condition to cater for the additional discharge from the Site. The applicant should also ensure that the flow from the Site will not overload the existing drainage system;
- the applicant is reminded that where walls are erected or kerbs are laid along the boundary of the same, peripheral channels should be provided on both sides of the walls or kerbs, and/or adequate openings should be provided at the walls/kerbs to allow existing overland flow passing through the Site to be intercepted by the drainage system of the Site with details to be agreed by DSD, unless justified not necessary;
- the applicant is reminded that all existing flow paths as well as the run-off falling onto and passing through the Site should be intercepted and disposed of via proper discharge points. The applicant shall also ensure that no works, including any site formation works, shall be carried out as may adversely interfere with the free flow condition of the existing drains, channels and watercourses on or in the vicinity of the Site any time during or after the works;
- the proposed drainage works, whether within or outside the site boundary, should be constructed and maintained properly by the applicant and rectify the system if it is found to be inadequate or ineffective during operation at his/her own expense;
- for works to be undertaken outside the lot boundary, the applicant should obtain prior consent and agreement from DLO/N and/or relevant private lot owners;
- the applicant should make good all the adjacent affected areas upon the completion of the drainage works;
- the applicant shall allow all time free access for the Government and its agent to conduct site inspection on his completed drainage works;
- the applicant and the successive lot owners shall allow connections from the adjacent lots to the completed drainage works on Government Land when so required;
- photos should be submitted clearly showing the current conditions of the area around the Site, the existing drainage/flowpaths around the Site, the proposed drainage from the Site to the downstream existing watercourse and the existing watercourse at about 20 m intervals. The locations of the camera and the direction of each photo should also be indicated on a plan;

- (g) to note the following comments of the Chief Building Surveyor/New Territories West, Buildings Department that:
- (i) if the existing structures are erected on leased land without approval of the Buildings Department (BD) (not being a New Territories Exempted House), they are unauthorised under the Buildings Ordinance (BO) and should not be designated for any proposed uses under the captioned application;
 - (ii) before any new building works are to be carried out on the Site, the prior approval and consent of the Building Authority (BA) should be obtained unless they are exempted building works or commenced under the simplified requirement under the Minor Works Control System. Otherwise they are unauthorized buildings works (UBW). An Authorized Person (AP) should be appointed as the coordinator for the proposed building works in accordance with the BO;
 - (iii) for UBW erected on leased land, enforcement action may be taken by the BA to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;
 - (iv) if the proposed use under application is subject to issue of a licence, any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licencing authority;
 - (v) any temporary shelters or converted containers for storage or office, canteen or other uses are considered as temporary buildings that are subject to the control of the Building (Planning) Regulations (B(P)R) Pt. VII;
 - (vi) the site shall be provided with means of obtaining access thereto from a street under the B(P)R 5 and emergency vehicular access shall be provided under B(P)R 41D;
 - (vii) if the Site is not abutting on a specified street having a width not less than 4.5m, the development intensity shall be determined by the BA under B(P)R 19(3) at building plan submission stage;
 - (viii) the applicant's attention is drawn to the provision under regulations 40 and 41 of the Building (Standards of Sanitary Fitments, Plumbing, Drainage Works and Latrines) Regulation in respect of disposal of foul water and surface water respectively;
 - (ix) formal submission under the BO is required for any proposed new works, including any temporary structures and site formation like filling of ponds and land and site formation drainage works. Detailed comments under BO on individual site will be provided at the building plan submission stage;
- (h) to note the following comments of the Director of Fire Services that:
- (i) the installation /maintenance/ modification/ repair work of fire service installation (FSI) shall be undertaken by an Registered Fire Service Installation Contractor (RFSIC). The RFSIC shall after completion of the installation/maintenance/ modification/ repair work issue to the person on whose instruction the work was

undertaken a certificate (FS 251) and forward a copy of the certificate to the Director of Fire Services; and

- (ii) the applicant is reminded that if the proposed structure(s) is required to comply with the BO (Cap. 123), detailed fire safety requirements will be formulated upon receipt of formal submission of general building plans.

Site area : About 1,914sq.m

Zoning : "Green Belt"

Applied use : Hobby Farm / 2 Vehicle Parking

Dear TPB Members,

Strong objections. An adjacent pond has been filled in. The lot is in the middle of an extensive GB zoning. There is ample AG zoned land nearby that can accommodate hobby or other farms. There is no convenient public transport so

one has to question the proposed function.

This is clearly a destroy to build and to turn the Man Kam To area into another Kam Tin sprawl of unregulated brownfield.

With no previous approval there is no justification to consider an alternative use to the planning intention.
