

**APPLICATION FOR PERMISSION**  
**UNDER SECTION 16 OF THE TOWN PLANNING ORDINANCE**

**APPLICATIONS NO. A/NE-MUP/195 and 196**

- Applicants** : Mr CHUNG Vui Leong (Application No. A/NE-MUP/195)  
Mr CHUNG Chee Phun (Application No. A/NE-MUP/196)  
  
all represented by Mr LIU Wai Koon
- Sites** : Lot 328 S.B in D.D. 37 (Application No. A/NE-MUP/195)  
Lot 328 S.C in D.D. 37 (Application No. A/NE-MUP/196)  
  
all in Man Uk Pin Village, Sha Tau Kok, New Territories
- Site Areas** : 157.33m<sup>2</sup> (Application No. A/NE-MUP/195)  
149.16m<sup>2</sup> (Application No. A/NE-MUP/196)
- Lease** : Block Government Lease (demised for agricultural use)
- Plan** : Approved Man Uk Pin Outline Zoning Plan (OZP) No. S/NE-MUP/11
- Zoning** “Agriculture” (“AGR”)
- Applications** : Proposed House (New Territories Exempted House (NTEH) - Small House)

**1. The Proposals**

1.1 The applicants, who claim themselves to be indigenous villagers of Man Uk Pin Village<sup>1</sup>, are seeking planning permission to build a NTEH (Small House) on each of the application sites (the Sites) in Man Uk Pin Village (**Plans A-1 and A-2a**). The Sites fall within an area zoned “AGR” on the approved Man Uk Pin OZP No. S/NE-MUP/11. According to the Notes of the OZP, ‘House (NTEH only) in the “AGR” zone requires planning permission from the Town Planning Board (the Board). The Sites are currently vacant and covered with vegetation.

1.2 Details of each of the two proposed NTEHs (Small Houses) are as follows:

Total Floor Area	: 195.09m <sup>2</sup>
Number of Storeys	: 3
Building Height	: 8.23m
Roofed Over Area	: 65.03m <sup>2</sup>

---

<sup>1</sup> As advised by District Lands Officer/North, Lands Department (DLO/N, LandsD), the applicants claim themselves to be the indigenous villagers of Man Uk Pin Village. Their eligibilities for Small House grants are yet to be ascertained.

- 1.3 Layouts of the proposed Small Houses (including septic tanks) are shown in **Drawings A-1 to A-2** respectively. The applicants indicate that the uncovered areas of the Sites would be used for garden.
- 1.4 Each of the Sites is the subject of a previous application (No. A/NE-MUP/89 and 92 respectively) submitted by the same applicant for the same use (**Plans A-1 and A-2a**), which was approved by the Rural and New Town Planning Committee (the Committee) on 9.5.2014. Details of the previous applications are set out in paragraph 5.1 below. Compared with the previous applications, the major development parameters and the layouts of the Small Houses are generally the same as the current ones.
- 1.5 In support of the applications, the applicants have submitted Application Forms with attachments (**Appendices Ia to Ib**) which were received on 13.10.2023.

## **2. Justifications from the Applicants**

The applicants indicate that the proposed Small Houses grants are still being processed by Lands Department and the previous planning permission lapsed in 2022 and hence require fresh application as mentioned in the Application Forms at **Appendices Ia and Ib**.

## **3. Compliance with the “Owner’s Consent/Notification” Requirements**

The applicants are the sole “current land owners” of their respective lots. Detailed information would be deposited at the meeting for Members’ inspection.

## **4. Assessment Criteria**

The set of Interim Criteria for Consideration of Application for New Territories Exempted House (NTEH)/Small House in New Territories (the Interim Criteria) was first promulgated on 24.11.2000. The latest set of Interim Criteria, which was promulgated on 7.9.2007, is at **Appendix II**.

## **5. Previous Applications**

- 5.1 Each of the Sites is the subject of a previously approved application (No. A/NE-MUP/89 and 92 respectively) approved by the Committee on 9.5.2014 mainly on the grounds that the applications generally complied with the Interim Criteria in that more than 50% of the footprints of the proposed Small Houses fell within the ‘VE’ of Man Uk Pin Village and there was insufficient land within the “Village Type Development” (“V”) zone of Man Uk Pin Village at the time of consideration. Applications for extension of time for commencement of the approved development for each of the Sites were subsequently approved. The planning permissions of A/NE-MUP/89 and 92 lapsed on 9.5.2022.
- 5.2 Details of the previous applications are summarized at **Appendix III** and their locations are shown in **Plans A-1 and A-2a**.

## 6. Similar Applications

- 6.1 There have been 32 similar applications for Small House development in the vicinity of the Sites within the same “AGR” zone since the first promulgation of the Interim Criteria on 24.11.2000.
- 6.2 23 applications (No. A/NE-MUP/56, 57, 58, 59, 60, 61, 62, 64, 81, 88, 90, 91, 93, 94, 95, 96, 97, 98, 115, 116, 117, 118 and 119) were approved by the Committee or by the Board on review between July 2008 and August 2015 (i.e. before the Board formal adoption of a more cautious approach since August 2015<sup>2</sup>) mainly on the grounds that more than 50% of the proposed Small House footprints fell within the ‘VE’; there was a general shortage of land within the “V” zone in meeting the Small House demand at the time of consideration; and the proposed Small House developments were not incompatible with the surrounding rural landscape character and would unlikely generate significant adverse impacts on the surrounding areas.
- 6.3 Eight applications (No. A/NE-MUP/127, 162, 163, 164, 165, 189, 190 and 191) were approved by the Committee between April 2017 and August 2023 (i.e. after the formal adoption of a more cautious approach) mainly on the ground that the Sites were the subject of previously approved planning applications submitted by the same applicants for the same use.
- 6.4 The remaining one (No. A/NE-MUP/184) was approved by the Committee on 19.5.2023 mainly on sympathetic consideration that there were approved Small House applications in the vicinity at different stages of development forming a new cluster in the locality and the application was considered as an infill site among the existing and approved Small House sites.
- 6.5 Details of the similar applications are summarized at **Appendix IV** and their locations are shown on **Plan A-2a**.

## 7. The Sites and Its Surrounding Areas (Plans A-1 to A-4b)

- 7.1 The Sites are:
  - (a) vacant and covered with vegetation;
  - (b) in close vicinity to the existing Small Houses of Man Uk Pin Village to the north; and
  - (c) not accessible by any vehicular access;
- 7.2 The surrounding areas are predominantly rural inland plains landscape character comprising active/fallow agricultural lands, Small Houses, vegetated areas, tree clusters and woodlands. A stream course is located to the southeast of the Sites.

---

<sup>2</sup> Among others, in considering whether there is a general shortage of land in meeting Small House demand, more weighting shall be put on the number of outstanding Small House applications provided by LandsD.

## 8. Planning Intention

The planning intention of the “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.

## 9. Comments from Relevant Government Departments

9.1 The applications have been assessed against the assessment criteria at **Appendix II**. The assessment is summarized in the following table:

	<u>Criteria</u>	<u>Yes</u>	<u>No</u>	<u>Remarks</u>
1.	Within “V” zone? - The Sites - Footprints of the proposed Small Houses		100% 100%	The Sites and footprints of the proposed Small Houses fall entirely within “AGR” zone.
2.	Within ‘VE’? - The Sites - Footprints of the proposed Small Houses.	100% 100%		District Lands Office/North, Lands Department (DLO/N, LandsD) advises that the Sites and the footprints of the proposed Small Houses fall entirely within the ‘VE’ of Man Uk Pin Village.
3.	Sufficient land in “V” zone to meet Small House demand (outstanding Small House applications plus 10-year Small House demand)?		✓	<u>Land Required</u> Land required to meet the Small House demand in Man Uk Pin Village: about 12.28 ha (equivalent to 491 Small House sites). The number of outstanding Small House applications for Man Uk Pin Village is 43 <sup>3</sup> while the 10-year Small House demand forecast for the same village is 448.
	Sufficient land in “V” zone to meet outstanding Small House applications?	✓		<u>Land Available</u> Land available to meet the Small House demand within the “V” zone of Man Uk Pin Village: about 2.14 ha (equivalent to 85 Small House sites) ( <b>Plan A-2b</b> ).

<sup>3</sup> Among the 43 outstanding Small House applications, 28 of them fall within the “V” zone and 15 straddle or outside the “V” zone. For those 15 applications straddling or falling outside the “V” zone, 9 of them have obtained valid planning approval from the Board.

	<b><u>Criteria</u></b>	<b><u>Yes</u></b>	<b><u>No</u></b>	<b><u>Remarks</u></b>
4.	Compatible with the planning intention of “AGR” zone?		✓	Director of Agriculture, Fisheries and Conservation (DAFC) does not support the applications from agricultural point perspective as the Sites possess potential for agricultural rehabilitation. Agricultural activities are active in the vicinity and agricultural infrastructures such as road access and water sources are also available. The Sites can be used for agricultural activities such as greenhouses and plant nurseries, etc.
5.	Compatible with surrounding area/ development?	✓		The proposed Small Houses are not incompatible with the surrounding areas predominated by village houses.
6.	Within Water Gathering Grounds (WGGs)?		✓	Chief Engineer/Construction, Water Supplies (CE/C, WSD) has no objection to the applications.
7.	Encroachment onto planned road networks and public works boundaries?		✓	
8.	Need for provision of fire service installations and emergency vehicular access (EVA)?		✓	Director of Fire Services (D of FS) has no in-principle objection to the applications. The applicants are reminded to observe ‘New Territories Exempted Houses – A Guide to Fire Safety Requirements’ published by LandsD.
9.	Traffic impact?	✓		Commissioner for Transport (C for T) has reservation on the applications and advises that Small House developments should be confined within the “V” zone as far as possible. Although additional traffic generated by the proposed developments is not expected to be significant, such type of development outside the “V” zone, if permitted, will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial.  Notwithstanding the above, each application only involving the construction of one Small House could be tolerated.

	<u>Criteria</u>	<u>Yes</u>	<u>No</u>	<u>Remarks</u>
10.	Drainage impact?		✓	Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) has no objection to the proposed developments from public drainage viewpoint.
11.	Sewage impact?		✓	Director of Environmental Protection (DEP) advises that in view of the small scale of the proposed developments, the applications alone are unlikely to cause major pollution.
12.	Landscape impact?		✓	Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD) has no objection to the applications from landscape planning perspective. Significant adverse impact arising from the proposed developments is not anticipated.
13.	Ecological impact?	✓		DAFC advises that a natural stream, which is the downstream section of the Ecologically Important Stream at Man Uk Pin, is located adjacent to the Sites ( <b>Plan A-2a</b> ). The applicants should avoid adverse impact to the watercourse nearby during construction and operation of the proposed Small Houses development.
14.	Local objection conveyed by DO?		✓	District Officer (North), Home Affairs Department (DO(N), HAD) advises that he has consulted the locals.  The Indigenous Inhabitant Representative (IIR) of Man Uk Pin supports the applications.  The Chairman of Sha Tau Kok District Rural Committee and the Resident Representative (RR) of Man Uk Pin have no comment.

9.2 Comments from the following government departments have been incorporated in paragraph 9.1 above. Detailed comments from government departments are at **Appendix V**.

- (a) DLO/N, LandsD;
- (b) C for T;
- (c) DEP;
- (d) CTP/UD&L, PlanD;
- (e) CE/MN, DSD;
- (f) DAFC;
- (g) D of FS; and
- (h) DO(N), HAD.

## **10. Public Comments Received During Statutory Publication Period (Appendix VI)**

On 20.10.2023, the applications were published for public inspection. During the statutory public inspection period, two public comments were received. The Chairman of Sheung Shui District Rural Committee indicates no comment on the applications. An individual raises concern and suggests the footprints of the applications should set back 5m, mainly on the grounds that the current proposals will block the natural light ventilation to the village, the proposed Small House of Application No. A/NE-MUP/196 will significantly expose the villagers to the exhaust emission from the kitchen and the harmony of the community should be taken into account for consideration of the applications.

## **11. Planning Considerations and Assessments**

- 11.1 The applications are for a proposed Small House on each of the Sites, which fall entirely within “AGR” zone on the OZP. The proposed developments are not in line with the planning intention of the “AGR” zone, which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes, and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. DAFC does not support the applications from the agricultural development point of view as the Sites possess potential for agricultural rehabilitation. Agricultural activities are active in the vicinity and agricultural infrastructures such as road access and water source are also available. The Sites can be used for agricultural activities such as open-field cultivation, greenhouses and plant nurseries, etc.
- 11.2 The Sites are situated in an area of rural inland plains landscape character comprising active/fallow agricultural lands, Small Houses, vegetated areas, tree clusters and woodlands. The proposed Small Houses are not incompatible with the surrounding environment. CTP/UD&L of PlanD has no objection to the applications as significant adverse landscape impact arising from the proposed developments is not anticipated. C for T considers that Small House developments should be confined within the “V” zone as far as possible but given that each application involves one Small House only, the applications could be tolerated from traffic impact perspective. From natural conservation point of view, DAFC advises that the applicants should avoid adverse impact on the watercourse nearby (**Plan A-2a**) during construction and operation of the proposed Small House developments. DEP has no objection to the applications as the Sites are in small scale, the proposed Small Houses would unlikely cause major pollution to the area, the septic tanks are proposed away from the stream to minimize the change of contamination, DEP opines that the proposed septic tank and soakaway system could be an interim measure for sewerage disposal by following the

requirements of the ProPECC PN 5/93, in particular the requirement for percolation test and clearance distance from streams. Other relevant government departments consulted, including CE/C of WSD, CE/MN of DSD and D of FS, have no objection to or no comment on the applications.

- 11.3 Regarding the Interim Criteria, according to DLO/N of LandsD, the number of outstanding Small Houses for Man Uk Pin Village is 43 while the 10-year Small House demand forecast is 448. Based on PlanD's latest estimate, about 2.14 ha (equivalent to 85 Small House sites) is available within the "V" zone concerned. While the amount of land available within the "V" zone of Man Uk Pin Village is insufficient to fully meet the future Small House demand, it is sufficient to accommodate the outstanding Small House applications (**Plan A-2b**). It should be noted that the Board has formally adopted a more cautious approach in approving applications for Small House development since August 2015. Among others, in considering whether there is a general shortage of land in meeting Small House demand, more weighting has been put on the number of outstanding Small House applications provided by LandsD. As such, it is considered more appropriate to concentrate the proposed Small House developments within the "V" zone for more orderly development pattern, efficient use of land and provision of infrastructures and services. Nevertheless, each of the Sites is the subject of a previously approved application submitted by the same applicant for the same use. Compared with the previous applications submitted by the same applicants, the major development parameters and footprints of the proposed Small Houses under the current applications are generally the same. Furthermore, as advised by DLO/N, the applications for Small House Grant for the Sites are still being processed. In this regard, sympathetic consideration might be given to the applications.
- 11.4 There are 32 similar applications for Small House developments in the vicinity of the Sites. Among them, eight applications (No. A/NE-MUP/127, 162, 163, 164, 165, 189, 190 and 191) were considered after the Board's formal adoption of a more cautious approach and were approved by the Committee between April 2017 and August 2023 mainly on sympathetic consideration that the Sites were the subject of previously approved applications submitted by the same applicants for the same use. The planning circumstances of the current applications are similar to these approved applications.
- 11.5 Regarding a public comment concerning the footprints of the proposed Small Houses, assessments above are relevant.

## **12. Planning Department's Views**

- 12.1 Based on the assessments made in paragraph 11 and having taken into account the public comments mentioned in paragraph 10, the Planning Department has no objection to the applications.
- 12.2 Should the Committee decide to approve the applications, it is suggested that the permissions shall be valid until 8.12.2027, and after the said date, the permissions shall cease to have effect unless before the said date, the development permitted is commenced or the permission is renewed. The following advisory clauses are also suggested for Members' reference:

### Advisory Clauses

The recommended advisory clauses for each of the applications are attached at **Appendix VII**.

- 12.3 Alternatively, should the Committee decide to reject the applications, the following reason for rejection of each application is suggested for Members' reference:

the proposed development is not in line with the planning intention of the "AGR" zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There is no strong planning justification in the submission for a departure from the planning intention.

### 13. Decision Sought

- 13.1 The Committee is invited to consider the applications and decide whether to grant or refuse to grant the permissions.
- 13.2 Should the Committee decide to approve the applications, Members are invited to consider the advisory clause(s), if any, to be attached to the permissions, and the date when the validity of the permissions should expire.
- 13.3 Alternatively, should the Committee decide to reject the applications, Members are invited to advise what reason(s) for rejection should be given to the applicants.
