

**Relevant Revised Interim Criteria for Consideration of
Application for New Territories Exempted House (NTEH)/Small House in New
Territories
(promulgated on 7.9.2007)**

- (a) sympathetic consideration may be given if not less than 50% of the proposed NTEH/Small House footprint falls within the village 'environs' ('VE') of a recognized village and there is a general shortage of land in meeting the demand for Small House development in the "Village Type Development" ("V") zone of the village;
- (b) if more than 50% of the proposed NTEH/Small House footprint is located outside the 'VE', favourable consideration could be given if not less than 50% of the proposed NTEH/Small House footprint falls within the "V" zone, provided that there is a general shortage of land in meeting the demand for Small House development in the "V" zone and the other criteria can be satisfied;
- (c) development of NTEH/Small House with more than 50% of the footprint outside both the 'VE' and the "V" zone would normally not be approved unless under very exceptional circumstances (e.g. the application site has a building status under the lease, or approving the application could help achieve certain planning objectives such as phasing out of obnoxious but legal existing uses);
- (d) application for NTEH/Small House with previous planning permission lapsed will be considered on its own merits. In general, proposed development which is not in line with the criteria would normally not be allowed. However, sympathetic consideration may be given if there are specific circumstances to justify the cases, such as the site is an infill site among existing NTEHs/Small Houses, the processing of the Small House grant is already at an advance stage;
- (e) an application site involves more than one NTEH/Small House, application of the above criteria would be on individual NTEH/Small House basis;
- (f) the proposed development should not frustrate the planning intention of the particular zone in which the application site is located;
- (g) the proposed development should be compatible in terms of land use, scale, design and layout, with the surrounding area/development;
- (h) the proposed development should not encroach onto the planned road network and should not cause adverse traffic, environmental, landscape, drainage, sewerage and geotechnical impacts on the surrounding areas. Any such potential impacts should be mitigated to the satisfaction of relevant Government departments;
- (i) the proposed development, if located within water gathering grounds, should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. the application site has a building status under the lease or the applicant can demonstrate that the water quality within water gathering grounds will not be affected by the proposed development^);

- (j) the provision of fire service installations and emergency vehicular access, if required, should be appropriate with the scale of the development and in compliance with relevant standards; and
 - (k) all other statutory or non-statutory requirements of relevant Government departments must be met. Depending on the specific land use zoning of the application site, other Town Planning Board guidelines should be observed, as appropriate.
- [^]i.e. the applicant can demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/North, Lands Department (DLO/N, LandsD):

- the application site (the Site) falls entirely within the village 'environs' ('VE') of Kai Leng Village;
- the Small House application is under processing. The applicant claimed himself as indigenous villager of Sheung Shui, Sheung Shui Heung. The applicant's eligibility for Small House grant has be ascertained;
- the Site is Old Schedule Agriculture Lot held under Block Government Lease; and
- the location of the proposed septic tank and soakage pit as shown in the application form are the same as those in the Small House application.

2. Agriculture

Comments of the Director of Agriculture, Fisheries and Conservation (DAFC):

- the proposed development is not supported from agricultural perspective; and
- the Site falls within the "Agriculture" zone and are generally abandoned. The agricultural activities are active in the vicinity, and agricultural infrastructures such as road access and water sources are also available. The Site can be used for agricultural activities such as open-field cultivation, greenhouses, plant nurseries, etc. The Site possesses potential for agricultural rehabilitation.

3. Traffic

Comments of the Commissioner for Transport (C for T):

- although additional traffic generated by the proposed development is not significant, the permission of development outside the "Village Type Development" ("V") zone will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact has to be reviewed on a case-by-case basis in the future; and
- the application only involves development of one Small House at the Site and it can be tolerated on traffic grounds.

4. Environment

Comment of the Director of Environmental Protection (DEP):

- in view of small scale of the proposed development, the application is unlikely to cause major pollution.

5. **Drainage**

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no objection to the application from public drainage viewpoint;
- the Site is in an area where no stormwater drain maintained by DSD is available; and
- the Site is within an area where no existing public sewerage connection is available. DEP should be consulted regarding the sewage treatment/disposal aspects of the development and the provision of septic tank.

6. **Water Supplies**

Comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD):

- no objection to the application; and
- for provision of water supply to the proposed development, the applicant may need to extend his inside services to the nearest suitable government water mains for connection. The applicant shall resolve any land matter (such as private lots) associated with the provision of water supply and shall be responsible for the construction, operation and maintenance of the inside services within the private lots to WSD's standards.

7. **Landscape**

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):

- no objection to the application from the landscape planning perspective;
- the Site is located in an area of rural inland plains landscape character comprising farmland, vegetated areas, scattered tree groups and village houses; and
- with reference to the justifications in the application form, there is no change in the development layout. Based on recent site photos, the site is vacant/hard paved with no sensitive landscape resources observed. Significant adverse impact on the landscape character and existing landscape resources within the Site arising from the proposed use is not anticipated.

8. **Fire Safety**

Comments of the Director of Fire Services (D of FS):

- no in-principle objection to the application provided that the proposed development would not encroach on any existing emergency vehicular access (EVA) or planned EVA under application in accordance with LandsD's record; and
- his advisory comments are set out at **Appendix VI**.

9. Demand and Supply of Small House Site

According to DLO/N, LandsD's record, the total number of outstanding Small House applications for Kai Leng Village is 69, while the 10-year Small House demand forecast for concerned village is 279. Based on the latest estimate by Planning Department, about 0.67ha (or equivalent to about 26 Small House sites) of land is available within the "V" zone of Kai Leng Village. Therefore, the land available cannot fully meet the future demand of 348 Small Houses (or equivalent to about 8.7ha of land).

Recommended Advisory Clauses

- (a) to note the comments of the Director of Environmental Protection that septic tank and soakaway system are an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the Practice Note for Professional Person (ProPECC) PN 5/93 “Drainage Plans subject to Comment by the Environmental Protection Department” and are duly certified by an Authorized Person;
- (b) to note the comments of the Chief Town Planner/Urban Design and Landscape of Planning Department that approval of the application does not imply approval of tree works such as pruning, transplanting and felling. The applicant is reminded to seek approval for any proposed tree works from relevant authority prior to commencement of the works;
- (c) to note the comments of the Director of Fire Services that the applicant is advised to observe ‘New Territories Exempted Houses — A Guide to Fire Safety Requirements’ published by the Land’s Department (LandsD). Detailed fire safety requirements will be formulated upon receipt of formal application referred by LandsD; and
- (d) to note that the permission is only given to the development under application. If provision of an access road is required for the proposed development, the applicant should ensure that such access road (including any necessary filling/excavation of land) complies with the provisions of the relevant statutory plan and obtains planning permission from Town Planning Board where required before carrying out the road work.

Dear Sir/Madam,

Re: Proposed House (New Territories Exempted House – Small House) in
“Agriculture” zone in Kai Leng, Sheung Shui (A/NE-PK/207)

WWF would like to lodge an objection to the captioned proposal.

Not in line with planning intention of “Agriculture” zone

The application site falls within an area zoned “Agriculture” (“AGR”) under the approved Ping Kong Outline Zoning Plan No. S/NE-PK/11 which has the planning intention of *“primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.”* The proposed development is not in line with the planning intention of “AGR”. Without any assessments, the applicant has failed to demonstrate that the proposed development would not exceed the environmental acceptability of the site or contradict the “AGR” zone’s intention of retaining fallow arable land for cultivation. According to the latest available satellite image retrieved from Google Earth (Fig. 1), the application site is covered with vegetation, indicating its significant potential for agricultural revitalization. Therefore, we recommend that the land use of the site be retained for agricultural purposes.

together possible™

Undesirable precedent on agricultural landscape

There are contiguous, actively managed farmlands in the immediate vicinity of the project site (Fig 2.). We are concerned that approval of this proposal would set an undesirable precedent for other similar applications involving concrete filling, the cumulative effect of which would adversely impact the agricultural landscape of the surrounding area.

We would be grateful if our comments could be considered by the Town Planning Board.

Yours faithfully,
Bonnie LEUNG (Ms.)
Conservation Officer, Conservation Policy

8. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. 申請地點原先於2016年12月23日已獲得規劃許可(A/NE-PK/94)，但由地政處辦理小型屋宇申請需時，我們於8年
 仍未獲地政處批出小型屋宇，因該規劃許可的期限已到，因此我們需要重新申請規劃許可。
2. 申請地點無論申請人、擬議屋宇、露台及化糞池位置位按原先的一樣，沒有任何改動。
3. 申請位置不涉及填土或掘土。
4. 我們定必遵從貴署或有關部門意見。

9. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

I hereby grant a permission to the Board to copy all the materials submitted in this application and/or to upload such materials to the Board's website for browsing and downloading by the public free-of-charge at the Board's discretion.
本人現准許委員會酌情將本人就此申請所提交的所有資料複製及/或上載至委員會網站，供公眾免費瀏覽或下載。
