According to the Notes of the OZP, ‘House (NTEH only)’ in the “AGR” zone requires planning permission from the Town Planning Board (the Board).
- 1.2 Details of the proposed Small House are as follows:

|-------------------|---|----------------------|

<sup>1</sup> District Lands Officer/North, Lands Department (DLO/N, LandsD) advises that the applicant’s eligibility of Small House grant is yet to be ascertained.

<sup>2</sup> Although a minor portion of the Site (about 4.99% or 6.54m<sup>2</sup>) falls within an area zoned “Village Type Development” (“V”), the Site can be considered as falling entirely within the “AGR” zone due to minor boundary adjustment allowed under the covering Notes of the OZP.

Planning Committee (the Committee) of the Board on 13.1.2017. Details of the previous application are set out in paragraph 5.1 below.

- 1.5 In support of the application, the applicant has submitted an Application Form with attachments received on 24.10.2024 (**Appendix I**).

## **2. Justifications from the Applicant**

The justifications put forth by the applicant in support of the application are detailed in the Application Form at **Appendix I**, as summarised below:

- (a) the Site is the subject of a previously approved application No. A/NE-PK/103. The Small House grant application is under processing by the District Lands Officer/North, Lands Department (DLO/N, LandsD);
- (b) the applicant, site layout and major development parameters under the current application remain unchanged as compared to the approved application; and
- (c) the applicant will comply with the requirements of the relevant government departments.

## **3. Compliance with the “Owner’s Consent/Notification” Requirements**

The applicant is the sole “current land owner” of the Site. Detailed information would be deposited at the meeting for Members’ inspection.

## **4. Assessment Criteria**

The set of Interim Criteria for Consideration of Application for NTEH/Small House in New Territories (the Interim Criteria) was first promulgated on 24.11.2000. The latest set of Interim Criteria, which was revised on 7.9.2007, is at **Appendix II**.

## **5. Previous Application**

- 5.1 The Site is the subject of a previously approved Application No. A/NE-PK/103 submitted by the same applicant for the same use, which was approved by the Committee on 13.1.2017 mainly on considerations that the proposed development was in line with the Interim Criteria in that more than 50% of the footprint of the proposed Small House fell within the village ‘environs’ (‘VE’) of Kai Leng Village and there were insufficient land within the “V” zone to meet the demand for Small House at the time of consideration. The validity of the planning permission has been extended once to 13.1.2025 under the approved application No. A/NE-PK/103-1. As LandsD requires more time for processing the Small House grant application, a fresh planning application is required. Compared with the previous application, the major development parameters and the footprint of the proposed Small House remain unchanged.

- 5.2 Details of the previous application are summarised at **Appendix III** and its location is shown on **Plans A-1** and **A-2a**.

## **6. Similar Applications**

- 6.1 There have been 146 similar applications involving 91 sites for Small House developments within the same “AGR” zone in the vicinity of the Sites since the first promulgation of the Interim Criteria on 24.11.2000. All these applications were approved with conditions by the Committee between 2001 and 2024 on similar considerations as stated in paragraph 5.1.
- 6.2 Details of the similar applications are summarised at **Appendix IV** and their locations are shown on **Plan A-2a**.

## **7. The Site and Its Surrounding Areas (Plans A-1 to A-4)**

- 7.1 The Site is:
- (a) currently hard-paved and vacant; and
  - (b) located entirely within the ‘VE’ of Kai Leng Village.
- 7.2 The surrounding areas are predominantly rural in character comprising village houses, farmland and clusters of trees. The immediate north of the Site is Kai Leng Village.
- 7.3 There are two similar applications No. A/NE-PK/207 and 209 for proposed house (NTEH – Small House) use falling within the subject “AGR” zone (**Plan A-2a**), which will be considered at the same meeting.

## **8. Planning Intention**

The planning intention of the “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.

## **9. Comments from Relevant Government Departments**

- 9.1 The application had been assessed against the assessment criteria at **Appendix II**. The assessment is summarised in the following table:

The Site possesses potential for agricultural

<sup>3</sup> Among the 69 outstanding Small House grant applications, 12 fall within “V” zone and 57 straddle or fall outside the “V” zone. For cases straddling or falling outside of “V” zone, 53 of them are the subject of approved planning application(s).

Traffic impact?	✓		- Commissioner for Transport (C for T) advises that although additional traffic generated by the proposed development are not significant, the permission of development outside the “V” zone will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact has to be reviewed on a case-by-case basis in the future. The application only involving development of one Small House could be tolerated

12.	Landscape impact?		✓	- CTP/UD&L, PlanD has no adverse comment on the application from landscape planning perspective as significant adverse impact on the landscape character and existing landscape resources within the Site arising from the proposed use is not anticipated.
13.	Geotechnical impact?		✓	- Head of Geotechnical Engineering Office, Civil Engineering and Development Department (H(GEO), CEDD) has no geotechnical comment on the application.
14.	Local objections conveyed by DO?		✓	- District Officer (North), Home Affairs Department (DO(N), HAD) advises that he has issued consultation letters to the Chairman of Sheung Shui District Rural Committee, Indigenous Inhabitant Representative and Resident Representative of Kai Leng Village.

9.2 Comments from the following government departments have been incorporated in paragraph 9.1 above. Other detailed comments and recommended advisory clauses are provided at **Appendices V** and **VI** respectively.

- (a) DLO/N, LandsD;
- (b) DAFC;
- (c) C for T;
- (d) DEP;
- (e) CE/MN, DSD;
- (f) Chief Engineer/Construction, Water Supplies Department (CE/C, WSD);
- (g) CTP/UD&L, PlanD;

- (h) D of FS;
- (i) H(GEO), CEDD; and
- (j) DO(N), HAD.

9.3 The following government departments have no objection to/no comment on the application:

- (a) Chief Highway Engineer/New Territories East, Highways Department (CHE/NTE, HyD); and
- (b) Project Manager (North), Civil Engineering and Development Department (PM(N), CEDD).

## **10. Public Comment Received During Statutory Publication Period**

On 1.11.2024, the application was published for public inspection. During the statutory public inspection period, one public comment (**Appendix VII**) was received from a member of North District Council indicating no comment on the application.

## **11. Planning Considerations and Assessments**

- 11.1 The application is for proposed Small House development at the Site zoned “AGR” on the OZP. The proposed development is not in line with the planning intention of the “AGR” zone, which is to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. DAFC does not support the application from agricultural perspective as the Site possesses potential for agricultural rehabilitation.
- 11.2 Regarding the Interim Criteria (**Appendix II**), the footprint of the proposed Small House falls entirely within the ‘VE’ of Kai Leng Village. According to DLO/N, LandsD’s records, the total number of outstanding Small House applications for Kai Leng Village is 69 while the 10-year Small House demand forecast is 279. Based on the latest estimate by PlanD, about 0.67ha of land (or equivalent to about 26 Small House sites) is available within the “V” zone concerned (**Plan A-2b**). In this regard, there is insufficient land within the “V” zone to meet the outstanding Small House applications. As such, the application generally complies with the Interim Criteria.
- 11.3 The Site is currently hard-paved and vacant. The village proper of Kai Leng is to the immediate north and some pieces of vacant land with planning approvals for Small House developments and Small House grant applications being processed by DLO/N, LandsD are found in the immediate surroundings of the Site. The proposed Small House is not incompatible with the surrounding areas comprising village houses, farmland and clusters of trees. The CTP/UD&L, PlanD has no objection to the application as significant adverse impact on the landscape character and existing landscape resources within the Site arising from the proposed development is not anticipated. The C for T considers that the application involving only one Small House could be

tolerated. Other concerned government departments including CE/MN, DSD, DEP and D of FS have no objection to or no adverse comment on the application.

- 11.4 The Site is the subject of a previously approved application submitted by the same applicant for the same use as set out in paragraph 5.1 above. Although the previous approval has lapsed, the Small House grant application at the Site is still being processed by DLO/N, LandsD. Compared with the previous application, the major development parameters and the footprint of the proposed Small House remain unchanged. In this regard, sympathetic consideration may be given to the application.
- 11.5 There are 146 approved similar applications for Small House development within the same “AGR” zone in the vicinity of the Site. The circumstances of the current application are largely the same as these similar applications. Approving the subject application is in line with the previous decisions of the Committee.

## **12. Planning Department’s Views**

- 12.1 Based on the assessments made in paragraph 11, Planning Department has no objection to the application.
- 12.2 Should the Committee decide to approve the application, it is suggested that the permission shall be valid until 20.12.2028, and after the said date, the permission shall cease to have effect unless before the said date, the development permitted is commenced or the permission is renewed. The recommended advisory clauses are attached at **Appendix VI**.
- 12.3 Alternatively, should the Committee decide to reject the application, the following reason for rejection is suggested for Members’ reference:

the proposed development is not in line with the planning intention of the “Agriculture” zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There is no strong planning justification in the submission for a departure from the planning intention.

## **13. Decision Sought**

- 13.1 The Committee is invited to consider the application and decide whether to grant or refuse to grant the permission.
- 13.2 Should the Committee decide to approve the application, Members are invited to consider the approval condition(s) and advisory clause(s) to be attached to the permission, and the date when the validity of the permission should expire.
- 13.3 Alternatively, should the Committee decide to reject the application, Members

are invited to advise what reason(s) for rejection should be given to the applicant.
