

APPLICATION FOR PERMISSION
UNDER SECTION 16 OF THE TOWN PLANNING ORDINANCE

APPLICATION NO. A/NE-TK/763

<u>Applicant</u>	: Mr. WONG Chi Wah represented by Leadtops Raymond Limited
<u>Site</u>	: Government land adjoining Lot 882 in D.D. 28, Tai Mei Tuk, Tai Po, New Territories
<u>Site Area</u>	: About 49.91m ²
<u>Land Status</u>	: Government land
<u>Plan</u>	: Approved Ting Kok Outline Zoning Plan (OZP) No. S/NE-TK/19
<u>Zoning</u>	: “Village Type Development” (“V”)
<u>Application</u>	: Temporary Eating Place (Outside Seating Accommodation (OSA) of a Restaurant) for a Period of 3 Years

1. The Proposal

- 1.1 The applicant seeks planning permission for a temporary eating place (OSA of a restaurant) for a period of 3 years at the application site (the Site) (**Plan A-1**). According to the Notes of the OZP, while ‘Eating Place’ on the ground floor of a New Territories Exempted House (NTEH) within the “V” zone is always permitted, such use elsewhere within the “V” zone requires planning permission from the Town Planning Board (the Board). The Site is currently occupied by the applied use without valid planning permission.
- 1.2 The Site is an extension of an existing restaurant on the ground floor of the adjoining village house at 69B Tai Mei Tuk. According to the applicant, the OSA involves an area of about 36.681m² covered by a canopy with a height of about 4.71m and provides about 30 seats. The operating hours of the OSA are from 11:00 a.m. to 11:00 p.m. daily (including public holidays). The Site is accessible from Ting Kok Road via a village road. The floor plan and section plan of the applied use submitted by the applicant are at **Drawings A-1** and **A-2**.
- 1.3 The Site is the subject of 6 previously approved applications submitted by the same applicant for the same use. Details of the previous applications are set out in paragraph 5 below. As compared to the last previous application (No. A/NE-TK/672), there is no change in the area and layout of the OSA under current application.

1.4 In support of the application, the applicant has submitted the following documents:

(a) Application form and supplementary information (SI) (**Appendix I**) received on 20.9.2022 and 28.9.2022

(b) Further Information (FI) received on 31.10.2022 (**Appendix Ia**)

2. Justifications from the Applicant

The justifications put forth by the applicant in support of the application are detailed in Part 7 of the application form, SI and FI at **Appendices I to Ia**, as summarized below:

- (a) the applicant would like to continue running the restaurant business at the Site; and
- (b) the existing drainage facilities and fire service installations previously approved by the relevant departments have remained unchanged over the years.

3. Compliance with the “Owner’s Consent/Notification” Requirements

As the Site involves government land only, the “owners’ consent/notification” requirements as set out in the Town Planning Board Guidelines on Satisfying the “Owner’s Consent/Notification” Requirements under Sections 12A and 16 of the Town Planning Ordinance (TPB PG-No. 31A) are not applicable to the application.

4. Town Planning Board Guidelines

The Town Planning Board Guidelines for ‘Application for Eating Place within “Village Type Development” Zone in Rural Areas under Section 16 of the Town Planning Ordinance’ (TPB PG-No. 15A) is relevant to the application. The relevant planning criteria are summarized in **Appendix II**.

5. Previous Applications

5.1 The Site is the subject of 6 previous applications (No. A/NE-TK/218, 236, 315, 447, 584 and 672) for temporary OSA use submitted by the same applicant as the current application (**Plan A-1**). All of them were approved with conditions by the Rural and New Town Planning Committee (the Committee) between 2006 and 2019, mainly on consideration of not frustrating the long-term planning intention of the “V” zone nor adversely affecting the land availability for village type development; complying with TPB PG-No. 15A; being relatively small in scale; and not causing significant adverse impacts on the surrounding areas. The planning permission given under the last previous application No. A/NE-TK/672 lapsed on 25.8.2022. Compared with this previous application, there is no change in the area and layout of the OSA under current application.

- 5.2 Details of the previous applications are at **Appendix III** and their locations are shown on **Plans A-1** and **A-2**.

6. Similar Applications

- 6.1 There are 4 similar applications (No. A/NE-TK/630, 656, 695 and 746) covering 3 sites for temporary OSA use in the vicinity of the Site within the same “V” zone over the past 5 years (**Plan A-1**). All of them were approved with conditions by the Committee between 2018 and 2022 on similar considerations as stated in paragraph 5.1 above.
- 6.2 Details of the similar applications are at **Appendix IV** and their locations are shown on **Plan A-1**.

7. The Site and Its Surrounding Areas (Plans A-1 to A-4)

- 7.1 The Site is :
- (a) located outside the ground floor of the adjoining village house at 69B Tai Mei Tuk;
 - (b) situated at the southern fringe of Wong Chuk Tsuen;
 - (c) accessible from Ting Kok Road via a village road; and
 - (d) currently used for the applied use without valid planning permission.
- 7.2 The surrounding areas are predominantly rural in character comprising village houses, many of which are occupied by restaurant on the ground floor with/without OSA. A cycle track and a number of bicycle hiring stalls are located to the immediate south of the Site. About 55m to the south on the opposite side of Ting Kok Road are a bus terminus and Tai Mei Tuk Public Car Park. Further south are various recreational facilities including barbecue areas, water sports centre and nature trails.

8. Planning Intention

The planning intention of the “V” zone is to designate both existing recognized villages and areas of land considered suitable for village expansion. Land within this zone is primarily intended for development of Small Houses by indigenous villagers. It is also intended to concentrate village type development within this zone for a more orderly development pattern, efficient use of land and provision of infrastructures and services.

9. Comments from Relevant Government Departments

All departments consulted have no objection to or no adverse comment on the application. Their general comments on the application and recommended advisory clauses are provided at **Appendices V** and **VI** respectively.

10. Public Comment Received During Statutory Publication Period

During the statutory public inspection period, no public comment was received.

11. Planning Considerations and Assessments

- 11.1 This application is for temporary eating place use (OSA of a restaurant) for a period of 3 years at the Site zoned “V” on the OZP. The applied use is not entirely in line with the planning intention of the “V” zone which is primarily intended for development of Small Houses by indigenous villagers, however it could serve the local residents and visitors. As advised by District Lands Officer/Tai Po of Lands Department, there is at present no Small House application received in respect of the Site. Approval of the application on a temporary basis for a period of 3 years would not frustrate the long-term planning intention of the “V” zone, nor adversely affect the land availability for Small House development.
- 11.2 The Site is located at the southern fringe of Wong Chuk Tsuen adjacent to a village road. The applied use is considered not incompatible with its surrounding uses predominated by village houses, many of which are occupied by restaurant on the ground floor with/without OSA. With a site area of about 49.91m² and providing about 30 seats, the applied use is small in scale and is not anticipated to cause significant adverse environmental, traffic, drainage impacts and fire risks on the surrounding areas. According to the Director of Environmental Protection, there has been no environmental complaint related to the Site in the past 3 years. Other government departments consulted including Commissioner for Transport, Chief Engineer/Mainland North of Drainage Services Department and Director of Fire Services have no objection to or no adverse comment on the application from technical aspects. In view of the above, the OSA under application is generally in line with the TPB PG-No. 15A.
- 11.3 The Site is the subject of 6 previous applications for the same use submitted by the same applicant as the current application. There are also 4 similar applications covering 3 sites within the same “V” zone in the vicinity of the Site over the past 5 years. All these applications were approved by the Committee between 2006 and 2022 on similar considerations as stated in paragraph 5.1 above. The planning circumstances of approving these applications are applicable to the current one.

12. Planning Department’s Views

- 12.1 Based on the assessments made in paragraph 11 above, Planning Department has no objection to the application.
- 12.2 Should the Committee decide to approve the application, it is suggested that the permission shall be valid on a temporary basis for a period of 3 years until 11.11.2025. The following conditions of approval and advisory clauses are also suggested for Members’ reference:

Approval Conditions

- (a) the setback of the development by 1.6m from the existing village road to its south shall be maintained at all times during the planning approval period;
- (b) the existing drainage facilities on the Site shall be maintained at all times during the planning approval period;
- (c) the submission of a proposal for fire service installations (FSIs) and water supplies for fire-fighting within **6** months from the date of planning approval to the satisfaction of the Director of Fire Services or of the Town Planning Board by 11.5.2023;
- (d) in relation to (c) above, the implementation of FSIs and water supplies for fire-fighting within **9** months from the date of planning approval to the satisfaction of the Director of Fire Services or of the Town Planning Board by 11.8.2023;
- (e) if any of the above planning condition (a) or (b) is not complied with during the planning approval period, the approval hereby given shall cease to have effect and shall be revoked immediately without further notice; and
- (f) if any of the above planning condition (c) or (d) is not complied with by the specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice.

Advisory Clauses

The recommended advisory clauses are attached at **Appendix VI**.

12.3 Alternatively, should the Committee decide to reject the application, the following reason for rejection is suggested for Members' reference:

- the applied use is not in line with the planning intention of "V" zone which is primarily for development of Small Houses by indigenous villagers. There is no strong justification in the submission for a departure from the planning intention, even on a temporary basis.

13. Decision Sought

- 13.1 The Committee is invited to consider the application and decide whether to grant or refuse to grant permission.
- 13.2 Should the Committee decide to approve the application, Members are invited to consider the approval condition(s) and advisory clause(s) to be attached to the permission, and the period of which the permission should be valid on a temporary basis.

- 13.3 Alternatively, should the Committee decide to reject the application, Members are invited to advise what reason(s) for rejection should be given to the applicant.
