Government Land in D.D. 219, Mang Kung Wo Road, Sai Kung

Site Area: About 113sq.m

Zoning: "Conservation Area"

Applied use: Underground Cable/ **Excavation of Land**

Dear TPB Members,

CLP applications, particularly when they involve the excavation of government land, should declare what is the end use of the installation. The power supply is to some lots that were rejected for Religious Institution & Columbarium use three decades ago. It appears that the columbarium project went ahead?

Strong objections in this instance as it is well within CA zoning. This indicates that the end use will be detrimental to the preservation of the local environment and the planning intention of the conservation area.

This week we are experiencing record high temperatures and flooding, further erosion of important ecological habitat cannot be tolerated.
