Dear Sir/Madam,

EA Licence No: C-026687

Re: Proposed S.16 Planning Application to allow School Use (Other than those listed in Column 1) at Lot No. 146 in D.D. 224, Hang Hau, Tseung Kwan O, Sai Kung, New Territories

I write to refer to the phone conversations between Ms. Sylvia Chun from the Sai Kung & Islands District Planning Office and me recently regarding the aforesaid S.16 application.

In the light of the departmental comments concerning the captioned application received by the Sai Kung & Islands District Planning Office, a 2-month deferment had been allowed by the Board in order to allow sufficient time for our side to prepare responses to the concerned Government department's opinion earlier.

However, during this deferment period, our side has tried to approach environmental consultants but it's less smooth than our expected. Therefore, I write to seek for another deferment to be allowed for our side to prepare the necessary information for the concerned department.

The deferment is being for a period of two months.

Should you have any queries, please feel free to contact our Sr Keith Siu or the undersigned at 3408-3188.

Thank you.

Yours sincerely,  
 For and on behalf of  
 RHL Surveyors Ltd.
