Dear TPB Members,

Application 339 achieved a **new record EIGHTEEN extensions of time**. It is not clear if conditions were ever fulfilled.

Members have a duty to make inquiries into the matter as conditions like fire safety and drainage have an impact on the safety of local residents.

A/TM-LTYT/339
Lots in D.D. 130, 83 Lam Tei Main Street, Lam Tei, Tuen Mun
Site area : 270 m²
Zoning : "VTD" and "CDA"
Applied Use : Shop and Services for 5 years

Dear TPB Members,

While the most recent application was over a decade ago, the Gist indicates that there are 5 structures on the site. Is the application to legitimize illegal land use?

No doubt members will question what the development plans for the district are. The VTD zone looks quite fully developed.

Applicant requests approval for 5 years which is almost double the usual

approval period.

doc11234420190628113651.pdf,

Dear Mr Wong,

Please mark our comment about your application of connecting your storm water channel to the channel maintained by Tuen Mun District Office (TMDO) :

Having checked our record, the existing drainage channel adjacent to the development site is constructed in 2012 and maintained by this office. We have no adverse comment for the proposed Small House Applications subject to the following conditions:-

- i. Our existing drainage channel is a storm water channel. Discharge of effluent from the small house site to the channel is not allowed;
- ii. The developers should check and ensure storm water discharged from the small house site will not adversely affect the discharging capacity of our drainage system;
- iii. The developers should not block or choke our drainage system during and after the construction period;
- iv. The developer should make good of any damages to our drainage system at his own cost; and
- v. This office will not maintain any drainage work that is connected by the developer.

However, TMDO is not in a position to comment whether the applicant should carry out site investigation / site formation work since as we do not possess any necessary technical knowledge. The applicant is advised to consult relevant departments such as BD / DSD for their professional advice.

Regards
