**Section 16 Planning Application for Renewal of Temporary Approval for
“Public Vehicle Park (excluding Container Vehicle)” (Letting of Surplus Monthly
Parking Spaces to Non-residents) Use in Tin Yan Estate, Tin Shui Wai**

Justifications

Purpose

1. This application seeks approval of the Town Planning Board (TPB) to renew the temporary permission granted under Application No. A/TSW/68^{Note 1} for the letting of surplus monthly parking spaces in Tin Yan Estate to non-residents for a period of five years. Locations of Tin Yan Estate and its parking facilities are shown on Plans 1 to 2.

Background

2. Tin Yan Estate was planned and built as public rental housing (PRH) by the Hong Kong Housing Authority (HA). The estate has parking facilities for private cars, light goods vehicles and motorcycles.

Planning Context

3. Tin Yan Estate is held under a Vesting Order which vested in HA the control and management of the estate within the boundary. Tin Yan Estate is governed by the Draft Tin Shui Wai Outline Zoning Plan (OZP) No. S/TSW/15.
4. The parking facilities concerned within Tin Yan Estate are zoned as Residential (Group A) (R(A)). Under the R(A) zone, “Public Vehicle Park (excluding container vehicle)” is a Column 2 use in which planning permission is required.

^{Note 1} The temporary planning permission under Application No. A/TSW/68 covers Tin Yan Estate and Grandeur Terrace. Based on the statistics from September 2020 to August 2021, the monthly parking spaces in Grandeur Terrace were fully let to the residents over the above period. Since, there is currently no surplus monthly parking space available for letting to non-residents, the vehicle park at Grandeur Terrace has not been included in this renewal application.

Survey on Vacancy Rates and Better Use of Public Resources

5. The HA has been keeping in view closely the usage and occupancy position of its parking facilities to maximize usage and meet the needs of residents and local communities. A survey of utilization rate of monthly parking spaces in Tin Yan Estate for a 12-month period from September 2020 to August 2021 has been conducted. As revealed from the data collected and summarized in **Appendix 1**, the estate still has surplus parking spaces after allocation of parking spaces to the residents. The overall vacancy rate for Tin Yan Estate is 4%, representing a total of 8 parking spaces. In order to optimize the use of the public resources, we propose to let all surplus parking spaces in the estate to non-residents.

Past Planning Applications

6. An application for temporary permission for the letting of surplus monthly parking spaces to non-residents in Tin Yan Estate and Grandeur Terrace for a period of five years was made in December 2016 and approved on 17 February 2017 (Application No. A/TSW/68).
7. The prevailing approval under Application No. A/TSW/68 is valid until 17 February 2022 which is subject to the conditions that priority should be accorded to the residents of Tin Yan Estate in the letting of the surplus monthly vehicle parking spaces and the proposed number of vehicle parking spaces to be let to non-residents should be agreed with the Commissioner for Transport (C for T). The conditions have been fulfilled accordingly. Copies of the TPB's letter dated 3 March 2017 and the agreement from C for T dated 31 March 2017 are enclosed in **Appendix 2** for reference.

No Adverse Traffic and Environmental Impacts

8. The proposal will not result in any increase of parking spaces over the existing spaces provided. Letting of surplus parking spaces on a monthly basis to non-residents will not generate any additional traffic flow over that previously planned. No adverse traffic or environmental impact is therefore envisaged. The application simply seeks to widen the clientele to whom the vacant spaces can be let for the mutual benefit of the HA and the public.

Compatibility with Surrounding Land Use

9. The proposal does not involve any physical changes and changes in land use. It is considered compatible with other uses in the surrounding areas.

Statutory Plot Ratio

10. Since no statutory non-domestic plot ratio restriction is imposed on the R(A) zone under the Draft Tin Shui Wai OZP No. S/TSW/15, the proposed conversion of the parking spaces from ancillary to residents' use to public vehicle park use would not contravene the relevant OZP in this respect.

No Security and Management Concerns

11. Entrances to individual residential towers in Tin Yan Estate are separated from the carparks. Moreover, security guards are stationed at each tower and will patrol within the estate from time to time. The proposal should not create any management or security problems.

Upholding of Residents' Rights and Interests

12. The HA will continue to uphold the following policies on letting its parking spaces:-
 - (a) the residents are accorded the highest priority in letting of vehicle parking spaces;
 - (b) only surplus monthly vehicle parking spaces are to be let to non-residents; and
 - (c) the monthly charges are the same for both residents and non-residents.

Therefore, the interests of the residents would not be compromised. No complaints regarding letting of surplus parking spaces to non-residents from Tin Yan Estate have been received since last approval.

Local Consultation

13. The Estate Management Advisory Committee (EMAC) of Tin Yan Estate was consulted on 11 August 2021. The EMAC members raised no objection to this renewal application.

Precedents

14. The HA has previously submitted applications of similar nature and most recently for the renewal or fresh permission in some 40 estates/HOS developments since late 2018. The applications have all been approved by the TPB, subject to some / all of the following conditions:

- (a) priority should be accorded to the residents in letting of the surplus vehicle parking spaces;

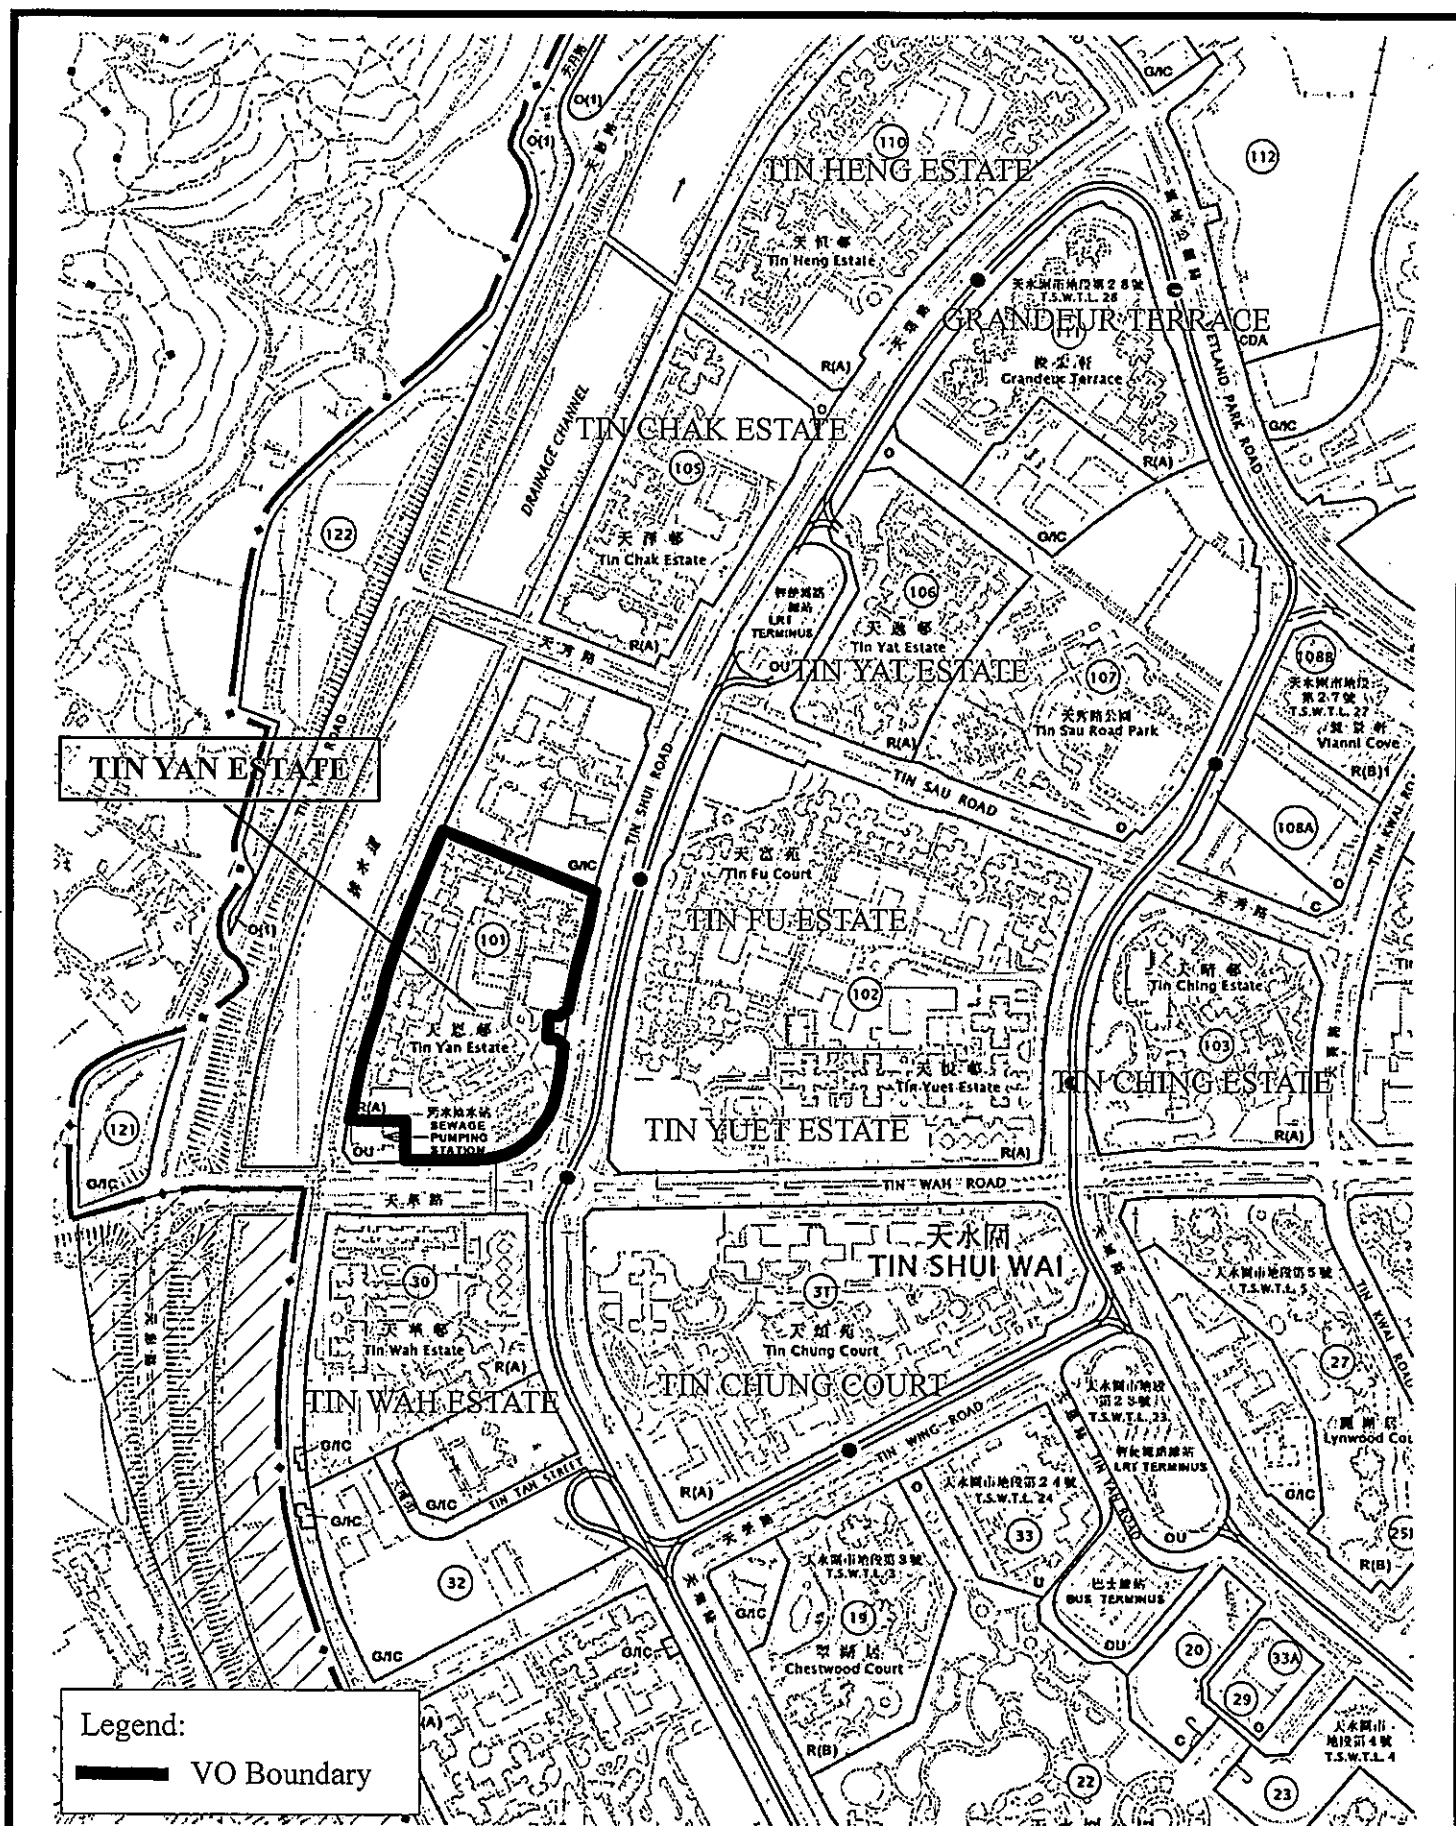

- (b) the proposed number of parking spaces to be let to non-residents should be agreed with the C for T; and

- (c) the HA should monitor from time to time the demand from the residents of the estates and courts for renting monthly parking spaces and adjust the number of parking spaces to be let to non-residents as appropriate.

There have been no undue difficulties encountered for the HA to implement the proposals with the conditions fulfilled.

Conclusion

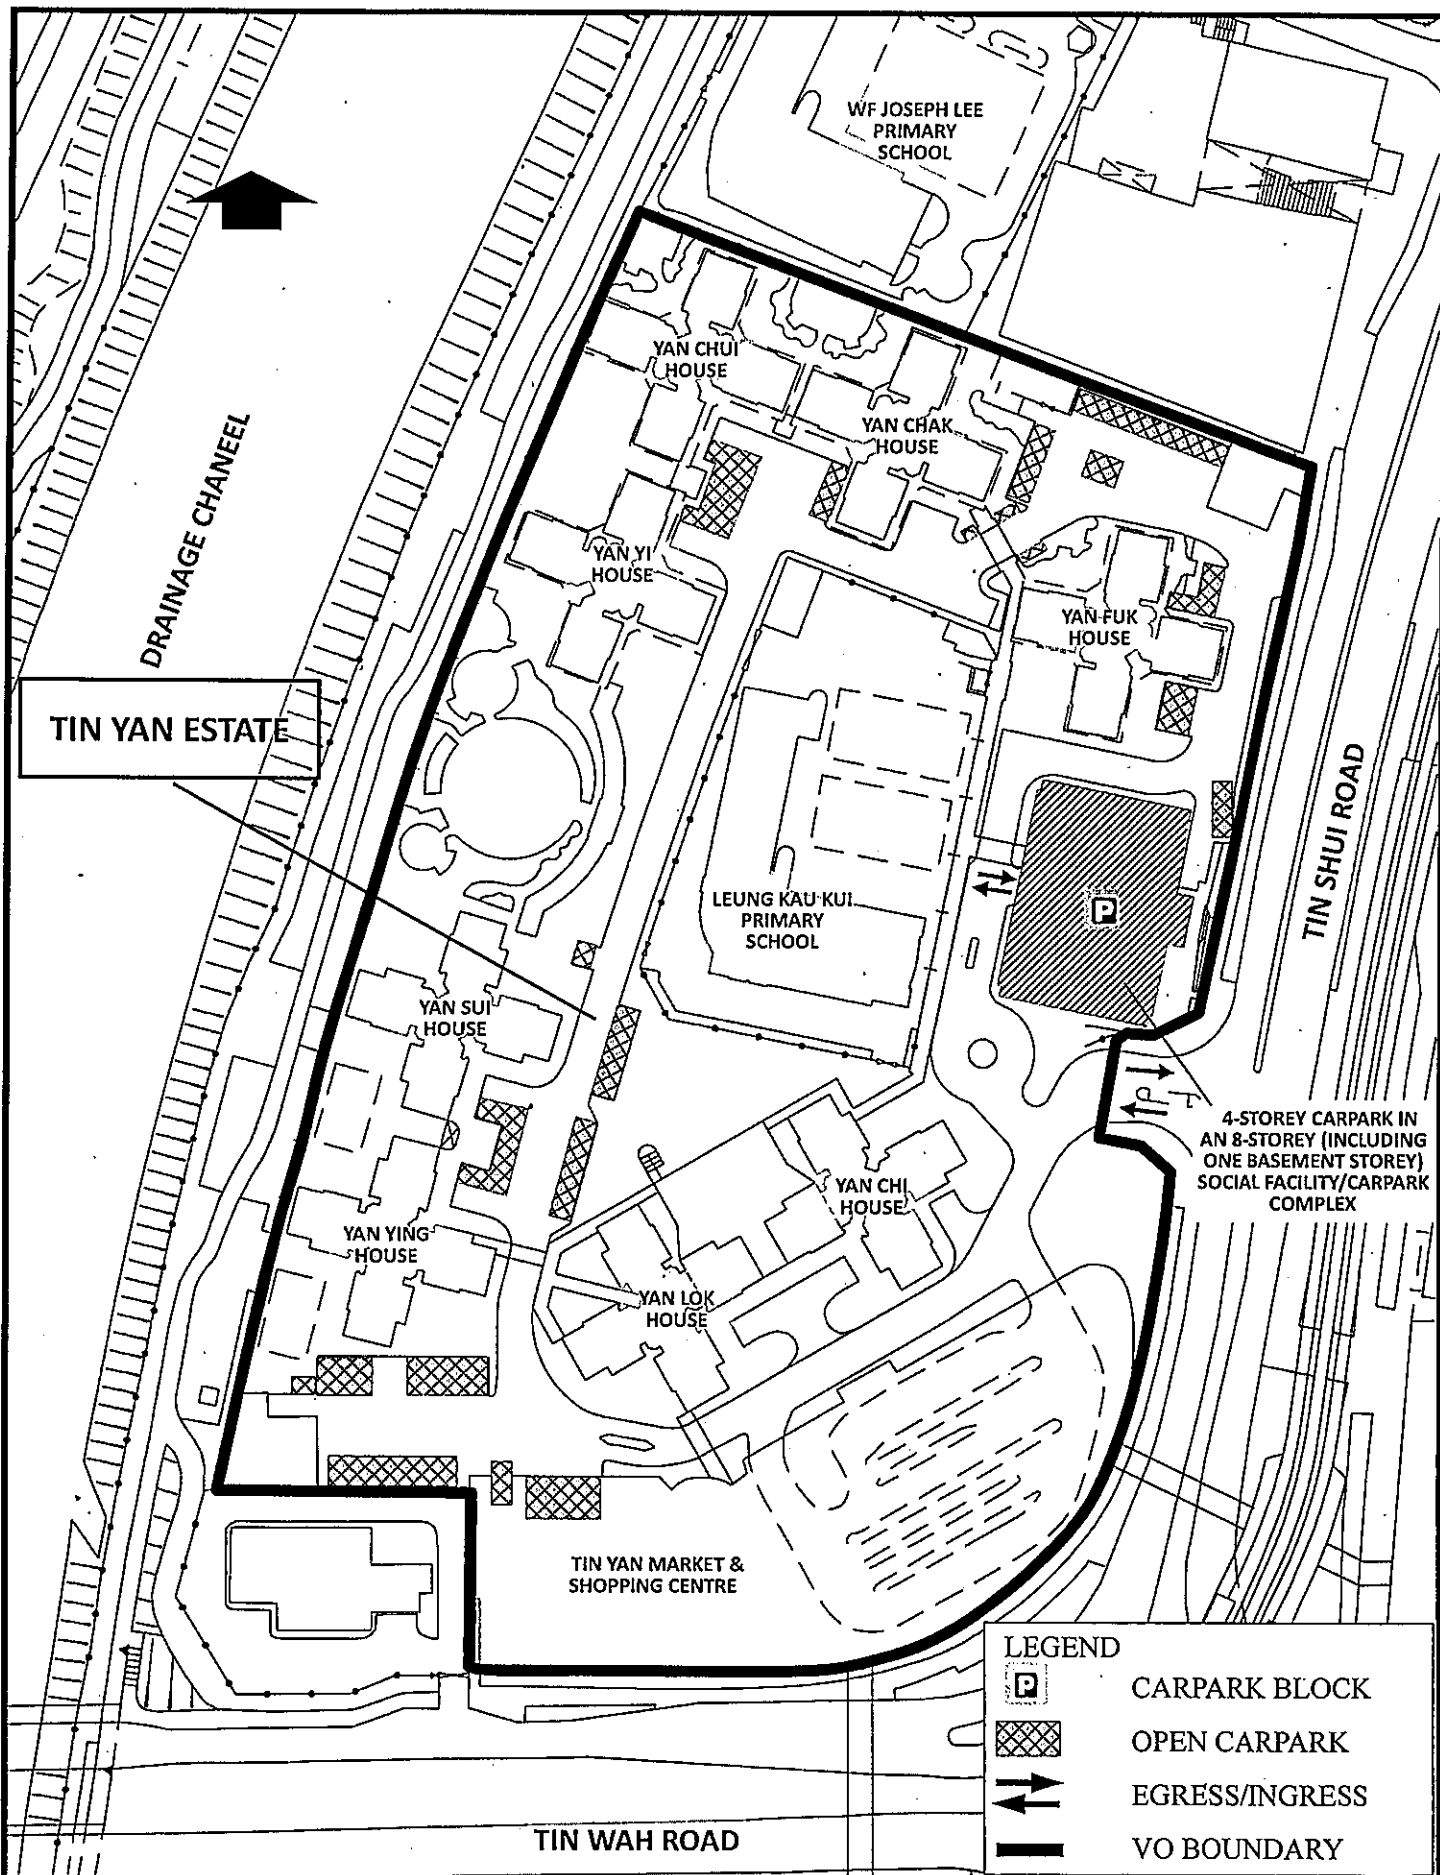

15. The proposed letting of surplus parking spaces to non-residents will allow the HA to make better use of public resources without compromising the rights and interests of the residents. Besides, it will offer the public a wider choice of parking facilities. The TPB is invited to grant favourable consideration to this application.

I refer to the Town Planning Board's approval for the captioned planning application on 17 February 2017, subject to the condition that the proposed number of vehicle parking spaces to be let to non-residents should be agreed with the Commissioner for Transport. A copy of TPB's approval letter dated 3 March 2017 is enclosed for your reference.

I refer to your above quoted memo. I have no in-principle objection to the arrangement of letting only surplus car park to non-residents provided that TD is kept informed of the change in number of parking spaces let to residents and non-residents whenever adjustment is made.

Subject: Re: Planning Application No. A/TSW/76 (Tin Yan Estate) - TD's Comment

Dear Wilson,

I refer to the email of 2022/01/18 17:49 from TMYLW DPO below and our discussion over the phone yesterday.

Despite the fact that the surplus monthly parking spaces in Tin Yan Estate had not been taken up by non-residents for the period from September 2020 to August 2021, to meet the increase in demand from residents of other public housing estates for car parking spaces in the local community (e.g. Tin Heng Estate and Grandeur Terrace with all monthly parking spaces fully let to residents), the proposed letting of surplus parking spaces to non-residents will offer the public a wider choice of parking facilities and alleviate the shortage of parking spaces in the neighbourhood.

**Extract of Town Planning Board Guidelines
on Renewal of Planning Approval
and Extension of Time for Compliance
with Planning Conditions for Temporary Use or Development
(TPB PG-No. 34D)**

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.
2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

天恩本身車位已經供不應求 係差唔多同區最少車位
點解唔整多啲位俾月租 反而搞公眾位
有時月租位都好幾次俾啲時租衝入黎搞到月租都有位泊
所以我反對再加公眾位
開多啲月租位就得

關於出租車位予非住戶的申請，我反對申請人之申請。

本邨停車場車位每年都是供不應求，每年在11月中就開始申請交表，本邨停車場申請分為三類人士，第一類優先是傷殘人士申請，第二類是居於本邨有戶籍之申請人，第三類是非住戶人士申請，之後再於12月中抽籤，但由於每年申請人數眾多，基本連第二類本邨居民申請都供不應求，每年等待後備車位都超過50個申請，就以今年為例，已經有超過50個申請人是後備，如果再額外供應出租車位予非住戶人士，對本邨居民申請人士不公平。

主旨: A/TSW/76 Tin Shui Wai HA parking

Dear TPB Members,

While the number of spaces has been reduced to 8, alternative use should still be considered.

When Gaw Capital took over Kai Yip Estate mall it renovated and transformed the community facilities on the podium.

<https://www.peoplesplace.com.hk/revitalisation-en/kai-yip-recreation-centre-renovation-works/>

I saw the before and after and the transformation is very impressive. Time HA thinks out of the box, and TPB members encourage INNOVATION.

Applied Use : Public Vehicle Parking for a Period of **5 Years**

Dear TPB Members,

Previous applications were all for 3 years why 5 years? Could it be because members of the public are starting to question why scarce land resources should be dedicated to parking for non residents rather than to enhancing the environment for residents?

Tin Yan Estate parking is at grade so a number of outdoor parking spaces could be eliminated to provide outdoor seating areas in an estate that is obviously overbuilt without adequate OS and outdoor recreational amenities.

As it appears residents do not need the spaces the Housing Authority should eliminate one parking area and convert it to recreational space. As usual no visuals have been provided to assist members of the public in putting forward some ideas on alternative uses for the GFA but with some creative input the parking could be redesigned to provide exercise equipment for the elderly and facilities for youngsters.

At Grandeur Terrace the underutilized spaces could be collated on upper floors and converted into much needed community facilities such as study rooms (there are 2 schools adjacent) or elderly or disabled day care facilities.

HA was incorporated to resolve housing issues not to be an operator of private car parking facilities.

Having read the minutes re previous applications I find it most disappointing that TPB has rolled over and rubber stamped a number of similar applications without asking some hard questions despite the fact that the current arrangement can hardly be the best use of precious land resources. I would remind members that their role is to represent the community and it is their duty as such to discuss objections made by the general public.

TPB members by rubber stamping instead of questioning are negligent in fulfilling the duties they are appointed to carry out.

Open space is intended for the active and passive recreational needs of the community not for car parking.

And a term of five years should certainly never be considered as it locks in inappropriate use of facilities for far too long and allows HA to sit back and do nothing instead of finding alternative uses for precious land resources.

Mary Mulvihill

Advisory Clauses

- (a) to review and keep a record of the conditions of the use of parking spaces regularly so as to ensure good management in utilizing the public resources and avoid exploiting the right of letting of monthly vehicle parking spaces in the vehicle park by the residents;
- (b) to note the comments of the Director of Environmental Protection (DEP) to follow the relevant mitigation measures and requirements in the revised “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” to minimise any potential environmental nuisance;
- (c) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures shall be provided to prevent surface water running from the application site to the nearby public roads and drains. The estate road within the Vesting Order (VO) boundary of Tin Yan Estate is not and will not be maintained by HyD. HyD should not be responsible for maintaining the estate road within the VO boundary of Tin Yan Estate; and
- (d) consideration may be given to letting the vacant vehicle parking spaces to non-governmental organizations for other uses so as to fully utilize the vacant vehicle parking spaces in the subject housing estate.
