10: Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

由於食用菌種植場需要有部分平滑和整潔的地面及平坦場地工作通道，以便培養料發酵及配制的需要，望貴處給予批准申請場地填土工程，填土物料以約0.15米厚度的混凝土結構平滑地面，便改善場地環境。

11. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

I hereby grant a permission to the Board to copy all the materials submitted in an application to the Board and/or to upload such materials to the Board's website for browsing and downloading by the public free-of-charge at the Board's discretion.
本人現准許委員會酌情將本人就此申請所提交的所有資料複製及/或上載至委員會網站，供公眾免費瀏覽或下載。

A/YL-HTF/1127

Lot 595 RP (Part) in D.D.128 and adjoining Government Land, Ngau Hom Shek, Deep Bay Road, Yuen Long

Site area : About 2,100sq.m Includes Government Land of about 230sq.m

Zoning : "Coastal Protection Area"

Applied use : **Filling of Land 1,180sq.m** / Mushroom Farm / 2 Vehicle Parking

Dear TPB Members,

Shocking. The lot extends directly to the coast line. This is a most sensitive coastal and buffer zone.

Mushroom cultivation is an indoor crop. Members are aware that Plant Nursery is not allowed on this zoning.

*CPA zoning is intended to conserve, protect and retain the natural coastlines and the sensitive coastal natural environment, including attractive geological features, physical landform or area of high landscape, scenic or ecological value, **with a minimum of built development**. It may also cover areas which serve as natural protection areas sheltering nearby developments against the effects of coastal erosion. There is a general presumption against development in this zone. In general, only developments that are needed to support the conservation of the existing natural landscape or scenic quality of the area or are essential infrastructure projects with overriding public interest may be permitted.*

In addition cultivating mushrooms **produces a lot of waste**. For every kilogram of mushrooms produced, about three kilograms of soil-like material containing straw, manure and peat is left behind. One can only imagine where this waste would end up. It would certainly negatively impact the surrounding area and seep into the water.

Members must send out a strong message that this type of activity will not be permitted on CPA.

Mary Mulvihill

Advisory clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site is comprised of Lot 595RP in D.D.128 held under New Grant No. 307 and Government Land (GL). The New Grant Lot is granted for agriculture purpose only and no building of any description shall be erected on the lot. No permission is given for occupation of the GL included in the Site (about 230m² subject to verification). The act of occupation of GL without Government's prior approval is not allowed. The lot owner(s) will need to apply to his office for permitting the structures to be erected or to regularize any irregularities on site, if any, or to waive the user restriction as stipulated in the lease conditions. The applicant has to either exclude the GL from the Site or obtain a formal approval prior to the actual occupation of the GL. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by LandsD;
- (c) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. The access road connecting the Site with Deep Bay Road is not and will not be maintained by HyD. HyD shall not be responsible for the maintenance of any access connecting the Site and Deep Bay Road;
- (d) to note the comments of the Director of Environmental Protection that, the applicant is advised that the land should not be filled with construction waste. It is the applicant's responsibility to comply with all relevant environmental legislations during construction and operation of the project. The applicant is also advised to follow the Recommended Pollution Control Clauses for Construction Contracts (https://www.epd.gov.hk/epd/english/environmentinhk/eia_planning/guide_ref/rpc.html) to minimize the environmental impacts during the construction stage. It is also noted that a bathroom will be provided at the Site. The applicant is advised to provide adequate supporting infrastructure / facilities for proper collection, treatment and disposal of waste / wastewater generated from the proposed use. If septic tank and soakaway system will be used in case of unavailability of public sewer, its design and construction shall follow the requirements of EPD's Practice Note for Professional Person (ProPECC) PN 5/93 "Drainage Plans subject to Comment by the Environmental Protection Department" including percolation test; and also acceptable if chemical toilets by service provider are proposed;
- (e) to note the comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD) that the applicant should note that approval of the s.16 application by the Town Planning Board does not imply approval of the tree works such as pruning, transplanting and/or felling under lease. The applicant is reminded to approach relevant authority/government department(s) direct to obtain the necessary approval on tree works;
- (f) to note the comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD) that no fresh water from the Government mains shall be used for watering plant

nurseries or landscape features purposes on any part of the lot without the written consent of the Water Authority. Consent to use fresh water for the mains for such purposes may be given on concessionary supply basis if an alternative supply is impracticable and evidence to that effect is offered to and accepted by the Water Authority; and

- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority, they are unauthorized building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of the Building Authority should be obtained, otherwise they are UBW under the BO. An Authorized Person (AP) should be appointed as the co-ordinator for the proposed building works in accordance with the BO. For UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses which are considered as temporary buildings are subject to the control of Part VII of the B(P)R. If the proposed use under application is subject to issue of a licence, the applicant should be reminded that any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licensing authority. Detailed checking under the BO will be carried out at building plan submission stage.
