**10. Justifications 理由**

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.  
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seek to use Lot 283 S.A RP (Part) in D.D. 109, Kam Tin Road, Kam Tin, Yuen Long, New Territories (the Site) for 'Proposed Temporary Shop and Services for a Period of 5 Years (**Plan P01**)'. The applicant hopes to provide retail shops and service at the Site mainly for local residents.

The Site falls within an area zoned "Village Type Development" ("V") on the Approved Kam Tin North Outline Zoning Plan No. S/YL-KTN/9 (**Plan P02**). As 'shop and services' is column two use within the "V" zone, it requires planning permission from the Town Planning Board (the Board). The proposed development is only on a temporary basis, it will not frustrate the long term planning intention of the "V" zone. The Site is subject of various previous approved S.16 planning applications, within which, the latest S.16 planning applicaiton (No. A/YL-KTN/644) for the same use (shop and services) was approved with conditions by the Board on 8.3.2019. Therefore, approval of the current application will not set undeserible precedent within the "V" zone.

The Site occupied an area of 868 sqm (about) of private land (**Plan P03**). A total of six structures are proposed at the Site for shop and services (including pet grooming, metalware products, car beauty products etc.), storage of goods and fire service water tank with total GFA of 222 sqm (about). In view of the future operation of the Site, i.e. change of tenant, the type of retail shop and services provided at the Site is interchangeable within 'shop and services' use. The operation hours of the proposed development are 09:00 to 20:00 (including public holidays). The estimated no. of visitor per day is approximately 30. The estimated no. of staff working at the Site is approximately 10.

The Site is accessible from Kam Tin Road. One loading/unloading spaces for light goods vehicle is provided at the Site (**Plan P04**). As the shop and services is proposed to serve nearby local residents, no parking space is provided at the Site. Staff is required to commute by taking public transport to Kam Tin Road then walk to the Site. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road. Medium or heavy goods vehicles exceeding 5.5 tonnes, including container tractor/trailer are prohibited to parked/stored at the Site.

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' by the EPD to minimize all possible environmental impacts on the nearby sensitive receivers.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided, i.e. submission of drainage, fire service installations and landscape proposals etc. to mitigate any adverse impact arising from the proposed development after planning approval has been granted by the Board.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Shop and Services for a Period of 5 Year'.

## S.16 Planning Application No. A/YL-KTN/753

## Responses-to-Comments Table

Proposed Temporary Shop and Services for a Period of 5 Years in "Village Type Development" Zone,  
Lot 283 S.A RP (Part) in D.D. 109, Kam Tin Road, Kam Tin, Yuen Long, New Territories

(Application No. A/YL-KTN/753)

- (i) The application site (the Site) involves of several previous approved S.16 planning applications, within which the latest application for 'Temporary Shop and Services (Real Estate Agent, Grocery, Metalware Retail Shop and Car Beauty Product) with Ancillary Office for a Period of 3 Years' was approved by the Town Planning Board on 8.3.2019.
- (ii) The Site is currently occupied by different tenants. As the type of shop and services will likely change in time, the proposed type of shop and services should not be limited to real estate agent, grocery, metalware retail shop and car beauty product as proposed under the previous approved S.16 planning application No. A/YL-KTN/644. The applicant also revised the operation hours to 09:00 to 20:00 daily (including public holiday) (09:00 to 19:00 previously). Therefore, a fresh S.16 planning application for 'Proposed Temporary Shop and Services for a Period of 5 Years' was submitted by a different applicant to regularize the future 'shop and services' use.
- (iii) Replacement page of the application form (Annex I); and
- (iv) RtoC Table:

Departmental Comments		Applicant's Responses
<b>1. Comments of Commissioner for Transport (C for T)</b> (Contact Person: Mr. Wilson LEE; Tel: 2399 2421)		
(a)	The applicant should justify the proposed parking and loading / unloading considering the commute of staff / visitors and logistics;	The Site involves of several previous approved S.16 planning applications, within which the latest application No. A/YL-KTN/644 for 'shop and services' use was approved by the Town Planning Board (the Board) on 8.3.2019. One loading/unloading (L/UL) for light goods

**S.16 Planning Application No. A/YL-KTN/753**

		vehicle (LGV) space is provided at the Site for staff to transport goods to/out of the Site by LGV. Staff is required to commute by public transport, which the nearest bus stop is approximately 50m southwest of the Site ( <b>Annex II</b> and <b>Plan 1</b> ). As the 'shop and services' is proposed to serve the surrounding locals, visitors are required to access the Site by walking, hence, no parking space is provided. The parking and L/UL provision remains the same as the previous approved S.16 planning application No. A/YL-KTN/644 and the arrangement is workable.
(b)	The applicant should provide the trip generation and attraction due to the development and assess the traffic impact to Kam Tin Road and the local access;	The estimated vehicular trips generated by the proposed development is provided for your consideration ( <b>Annex III</b> ). The vehicular trips generated remain unchanged as the previous approved S.16 planning application No. A/YL-KTN/644. As extra traffic induced by the proposed development is minimal, adverse traffic impact to Kam Tin should not be anticipated.
(c)	The applicant should demonstrate the smooth manoeuvring of vehicles to / from Kam Tin Road , along the local access and within the site;	Sufficient space is provided for vehicles to smoothly manoeuvre to / from Kam Tin Road, along the local access and within the Site ( <b>Annex IV</b> and <b>Plan 2</b> ).
(d)	The applicant should provide nearest public transport services and indicate on the layout plan;	Plan showing the nearest public transport services is provided for your consideration ( <b>Plan 1</b> ).
(e)	The applicant should clarify the extent of the pedestrian access at the frontage of Kam Tin Road; and	Pedestrian can access freely from Kam Tin Road to structures B1 and B3. Fencing is provided on both sides of the access road within the Site to enhance pedestrian safety ( <b>Plan 4</b> ). The access road within the Site will be maintained by the applicant.

**S.16 Planning Application No. A/YL-KTN/753**

(f)	The applicant is reminded to liaise with CEDD Contact No. YL/2017/01 in the vicinity.	Noted. The applicant will liaise with CEDD after planning approval has been granted from the Board.

Applied use : Shop and Services / 5 Years / 3 Vehicle Parking

Dear TPB Members,

You have been negligent re perusal of the data and PlanD has failed in its duty to point out that since 2014 the Applicant has failed to fulfill conditions and approval has been revoked.

8-Mar-2019 ; Application 644 is an example

*(e) the Planning Department (PlanD)'s views – PlanD had no objection to the temporary use for a period of three years based on the assessments set out in paragraph 11 of the Paper. The District Lands Officer/Yuen Long, Lands Department advised that there was no Small House application approved or under processing at the Site. It was considered that approval of the application on a temporary basis for a period of 3 years would not jeopardize the planning intention of the "Village Type Development" zone. According to the applicant, the applied shop and services use was intended to serve the locals. The development was considered not incompatible with the surrounding land uses. Given the nature of the development and its proximity to Kam Tin Road, it was unlikely that the applied shop and services use would generate significant environmental nuisance. The Site was the subject of previously approved applications for similar uses. Approval of the application was in line with the Committee's previous decision*  
**59. Members had no question on the application**

Yet once again conditions have not been fulfilled – 5 extensions of time – but the applicant knows all he has to do is resubmit and get another roll over.

You have a duty to ask questions and a greater duty to refuse to approve applications that have a track record like this that make a mockery of the process.

Mary Mulvihill

**Advisory Clauses**

- (a) the planning permission is given to the developments/uses under application. It does not condone any other developments/uses which currently occur on the Site but not covered by the application. The applicant shall be requested to take immediate action to discontinue such developments/uses not covered by the permission;
- (b) note DLO/YL's comments that the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The STW holder(s) will need to apply to his office for modification of the STW conditions where appropriate. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by the LandsD;
- (c) note C for T's comments that the Site is connected to the public road network via a section of a local access road which is not managed by Transport Department (TD). The land status of the local access road should be checked with the LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
- (d) note CHE/NTW, HyD's comments that HyD shall not be responsible for the maintenance any access connecting the Site and Kam Tin Road. Adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains;
- (e) follow the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" issued by DEP to minimize any potential environmental nuisance.;
- (f) note CTP/UD&L's comments that based on the site photos dated 17.11.2020, some of the existing trees within the Site are with sparse leaves, the applicant is advised to step up maintenance works to keep the existing trees healthy and in good condition. The applicant is reminded that approval of the application does not imply approval of tree works such as pruning, transplanting and felling under lease. The applicant should seek comments and approval from the relevant authority on the proposed tree works and compensatory planting proposal, where appropriate;

- (g) note D of FS' comments that in consideration of the design/nature of the proposal, FSIs are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSI to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans; and
- (h) note CBS/NTW, BD's comments that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the BA, they are unauthorized building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings and are subject to the control of Part VII of the B(P)R. Detailed checking under the BO will be carried out at building plan submission stage.
