7. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use Lots 588 (Part) and 593 RP in D.D. 109, Kam Tin, Yuen Long, New Territories for 'Proposed Temporary Tent Camping Ground with Ancillary Facilities for a Period of 3 Years' (proposed development) (**Plan P01**). The applicant would like to operate a new tent camping ground at the Site to serve the nearby locals.

The Site falls within an area zoned as "Village Type Development" ("V") on the Approved Kam Tin North Outline Zoning Plan No.: S/YL-KTN/9 (**Plan P02**). According to the Notes of the OZP, 'tent camping ground' is not column 1 nor 2 use within the "V" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "V" zone.

The Site occupied an area of 3,425sq.m (about) of private land (**Plan P03**). Two structures are proposed at the Site for reception, portable toilet and changing room with total GFA of 63sq.m (about)(**Plan P04**). The remaining uncovered area are proposed for tent camping area and circulation space.

The operation hours of the proposed development are from 09:00 to 18:00 daily (including public holiday). The proposed development will not operate between 18:00 and 09:00 (except for overnight tent camping activities) during the planning approval period. The applicant proposed to provide 12 tents (about) at the Site for visitors. The estimated maximum number of visitor per day are 30 (about). The estimated number of staff working at the Site is 5.

The Site is accessible from Chi Ho Road via a local access (**Plan P01**). Eight private car parking and one loading/unloading spaces are provided at the Site. As traffic trips generated and attracted by the proposed development is minimal, adverse traffic impact to the surrounding road network should not be anticipated (**Appendix I**).

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' by the EPD to minimize all possible environmental impacts on the nearby sensitive receivers. The applicant will follow the Professional Persons Environmental Consultative Committee Practice Notes (ProPECCPNs) for sewage treatment at the Site.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures, i.e. submission of drainage, landscape and FSIs proposals will be provided to minimize nuisance to the existing environment after planning approval has been granted by the Board.

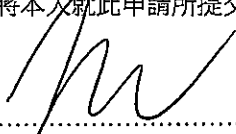

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Tent Camping Ground with Ancillary Facilities for a Period of 3 Years'.

8. Declaration 聲明

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.

Estimated Trip Generation and Attraction

**Proposed Temporary Tent Camping Ground with Ancillary Facilities for a Period of 3 Years in
"Village Type Development" Zone, Lots 588 (Part) and 593 RP in D.D. 109,
Kam Tin, Yuen Long, New Territories**

- (i) The application site (the Site) is accessible from Chi Ho Road via a local access. A total of nine parking and loading/unloading (L/UL) spaces are provided at the Site, details are as follows:

Type of Space	No. of Space
Private Car Parking Space for Visitor	7
Private Car Parking Space for Staff	1
L/UL Space for Light Goods Vehicle	1

- (ii) Sufficient space is provided for vehicle to smoothly manoeuvre to/from and within the Site to ensure no queuing, turning back outside the Site during the planning approval period (Plan P05).
- (iii) The operation hours of the proposed development are from 09:00 to 18:00 daily (including public holiday). The proposed development will not operate between 18:00 and 09:00 (except for overnight tent camping activities) during the planning approval period.
- (iv) Advanced booking is required for visitor to access the Site and the use of parking space, this could help to regulate the use of parking space and prevent excessive number of vehicle and visitor to the Site and affect the public. Light goods vehicle is deployed for transportation of goods to support the daily operation of the Site. Please see below the trip generation and attraction of the proposed development:

Time Period	Trip Generation and Attraction				
	Private Car		Light Goods Vehicle		2-Way Total
	In	Out	In	Out	
Trips at <u>AM peak</u> per hour (09:00 – 10:00)	1	0	1	0	2
Trips at <u>PM peak</u> per hour (18:00 – 19:00)	0	1	0	1	2
Traffic trip per hour (average)	2	2	0	0	4

- (v) No medium or heavy goods vehicles including container tractors/trailers are allowed to be parked/stored on or enter/exit the Site at any time during the planning approval period.
- (vi) In view of the above, the parking provision is adequate for the site operation and adverse traffic impact to the surrounding road network should not be anticipated.

Details of the Comment :

I objection to this A/YL-KTN/795 application based on the following reasons:

- 1) in regarding the vehicular access shown in the application document drawing no. P01 & P04 which does not actually exist because I visited the application site in person recently; other than that it is also involved some private land lots matters (if) for forming this vehicular access; besides of that, I found there is a illegally opened vehicular road between the CHI HO Road planter area and private land lot areas, so there is no other local access (contradiction to the application document) on site; the land area of the illegally opened vehicular access is belonging to the Hong Kong government GLA-TYL 1295 (site A). So there is NO ROAD!!!
- 2) the application document has not attached any vehicle swept path analysis and risk assessment relating to traffic flow at the spot.
- 3) In addition, the current application no. A/YL-KTN/795 is propose to conduct camping business this may contravene the usage of V-zone purpose and also it may be require to pay land premiums/ government rent to the Rating and Valuation Department - please consider this point.
- 4) For hygiene & safety problems, this proposed camping site is adjacent to the approved planning case no. A/YL-KTN/717 which involve eating canteen and car parking, I think this may lead to oppose the current(A/YL-KTN/795) applicant's intention to chase wild life camping nature/ experience; also the A/YL-KTN/717 is a car parking area that may cause injury to the campers because there is no secure boundary fencing such as concrete wall between the planning cases A/YL-KTN/795 and A/YL-KTN/717; besides, we must think carefully how to avoid close & larger group gathering as promoted by the government because of the COVID-19 pandemic and it not only hit hard Hong Kong but also globally. It is a complicated pathogen problem, so there is no merit to approve this A/YL-KTN/795 case; we cannot bear the consequence of the COVID-19 wide spread!!!

Dear TPB Members,

So its out with solar panel farms, animal boarding, hobby farm and in with the 'new kid on the block' initiative to exploit our precious farm land, TENTS

No information provided re how many tents. There is mention of portable toilet but what about showers and water supplies for cooking, etc?

What expertise does applicant have with regard to the management of temporary accommodation?

As this village does not need the land for small houses, the administration should consider resuming the lots to provide transitional housing that is a use more consistent with the residential zoning.

Advisory Clauses

- (a) resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (b) note DLO/YL, LandsD's comments that the lot owner(s) will need to apply to his office to permit the structure(s) to be erected or regularize any irregularities on Site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity as the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by LandsD;
- (c) note C for T's comments that the Site is connected to the public road network via a section of a local access road which is not managed by TD. The land status of the local access road should be checked with the LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
- (d) note CHE/NTW, HyD's comments that HyD shall not be responsible for the maintenance of any access connecting the Site and Fan Kam Road. Adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains;
- (e) follow the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Temporary uses and Open Storage Sites" issued by DEP;
- (f) note D of FS's comments that in consideration of the design/nature of the proposal, FSIs are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSI to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the Buildings Ordinance (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans. Licensing requirements, if any, shall be formulated upon receipt of formal application via the Licensing Authority; and
- (g) note CBS/NTW, BD's comments that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the BA, they are UBW under the BO and should not be designated for any proposed use under this application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/ open sheds as temporary buildings,

demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. If the proposed use under application is subject to issue of a license, the applicant should be reminded that any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licensing authority. Detailed checking under the BO will be carried out at building plan submission stage.
