Dear Sir/Madam

I am writing to voice my support for the application (A/YL-KTN/803 ). I have grown up in this village and In the past 5-8 years have seen the number of houses and families resides in Pak Wai Tsuen increased in big number, to my knowledge that is also one of the biggest reason Pak Wai Tsuen had been split into 2 parts in recent year . And converting some of the spaces for car parking are extremely necessary due to the reason I mentioned above.

Thank you for time

Kind regards

**Advisory Clauses**

- (a) note DLO/YL, LandsD's comments that the Site comprises an Old Scheduled Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The lot owner(s) will need to apply to his office to permit the structure(s) to be erected or regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity as the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by the LandsD;
- (b) note C for T's comments that sufficient manoeuvring space shall be provided within the Site. No vehicle is allowed to queue back to or reverse onto / from public road at any time during the planning approval period. The Site is connected to the public road network via a section of a local access road which is not managed by the Transport Department. The land status of the local access road should be checked with the LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
- (c) note CHE/NTW, HyD's comments that Shui Tau Road is not maintained by HyD. His department shall not be responsible for the maintenance of any access connecting the Site and Chi Ho Road. Adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads or drains;
- (d) note DEP's comments that the applicant is advised to follow the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Open Storage and Temporary Uses" issued by the DEP;
- (e) note D of FS's comments that the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to Fire Services Department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSI to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the Buildings Ordinance (BO)(Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans; and
- (f) note CBS/NTW, BD's comments that before any new building works (including containers/open sheds as temporary buildings and land filling) are to be carried out on the Site, prior approval and consent of the BD should be obtained, otherwise they are

Unauthorized Building Works (UBW). An Authorized Person (AP) should be appointed as the co-ordinator for the proposed building works in accordance with the BO. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Sites does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the Building (Planning) Regulations. Detailed checking under the BO will be carried out at building plan submission stage.
