10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use Lots 1222 S.A (Part) and 1224 S.B in D.D. 107, Fung Kat Heung, Kam Tin, New Territories (the Site) for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling' (Plan P01). The applicant would like use the Site to operate an animal boarding establishment (dog kennel).

The Site falls within an area zoned as "Agriculture" ("AGR") on the Approved Kam Tin North OZP No. S/YL-KTN/9 (Plan P02). According to the Notes of the OZP, 'animal boarding establishment' is a column 2 use within the "AGR" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "AGR" zone.

The Site occupied an area 516 sq.m (about) of private land (Plan P03). One structure is proposed at the Site for animal boarding establishment, storage of pet goods and ancillary office with total GFA of 216 sq.m (about) (Plan P04). The Site involves of 516 sq.m filling of land of not more than 0.2m (about) in depth for site formation of structure and circulation space (Plan P05). As heavy loading of structures would compact the existing soiled ground and weaken the ground surface, concrete site formation is required to provide stronger ground reinforcement to stabilise the existing soiled ground and prevent erosion from surface run-off. The land filling area and number of structures have been kept to minimal for the operation of the proposed development. The applicant will reinstate the Site to an amenity area after the planning approval period.

The operation hours of the proposed development are from 09:00 to 18:00. The proposed development will not operate between 18:00 to 09:00 (except for overnight animal boarding services) during the planning approval period. The estimated number of staff working at the Site is four. Two staffs will stay at the Site overnight to handle potential complaints arising from the proposed development. No visitor is allowed at the Site.

A total of not more than 20 dogs will be kept at the Site. All dogs are kept indoor at structure fitted with soundproofing materials and mechanical ventilation and air-conditioning systems. No public announcement system, whistle blowing, portable loud speaker, or any form of audio amplification system is allowed on the Site during the planning approval period.

The Site is accessible from Castle Peak Road - Tam Mi via a local access (Plan P01). Two private car parking and one loading / unloading spaces for light goods vehicle are provided for the use of staff only. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road (Plan P06). Medium or heavy goods vehicles, including container tractor/trailer are prohibited to parked/ stored at the Site. As trips generated and attracted by the prepares development is minimal, adverse traffic impact to the surrounding road networks should not be anticipated (Appendix I).

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly follow the Professional Persons Environmental Consultative Committee Practice Notes for sewerage treatment at the Site.

The applicant will submit a Boarding Establishment License in accordance to The Public Health (Animals) (Boarding Establishment) Regulations to Agriculture, Fisheries and Conservation Department after planning approval has been granted by the Board.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

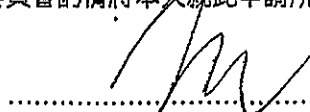

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling'.

10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use various lots in D.D. 107, Kam Tin, Yuen Long, New Territories (the Site) for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling' (Plan P01). The applicant would like use the Site to operate an animal boarding establishment (dog kennel).

The Site falls within an area zoned as "Agriculture" ("AGR") on the Approved Kam Tin North OZP No. S/YL-KTN/9 (Plan P02). According to the Notes of the OZP, 'animal boarding establishment' is a column 2 use within the "AGR" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "AGR" zone.

The Site occupied an area 541 sq.m (about) of private land (Plan P03). One structure is proposed at the Site for animal boarding establishment and storage of pet goods with total GFA of 216 sq.m (about) (Plan P04). The Site involves of 541 sq.m filling of land of not more than 0.2m (about) in depth for site formation of structure (Plan P05). The applicant will reinstate the Site to an amenity area after the planning approval period.

The operation hours of the proposed development are from 09:00 to 18:00. The proposed development will not operate between 18:00 to 09:00 (except for overnight animal boarding services) during the planning approval period. The estimated number of staff working at the Site is four. Two staffs will stay at the Site overnight to handle potential complaints arising from the proposed development. No visitor is allowed at the Site.

A total of not more than 20 dogs will be kept at the Site. All dogs are kept indoor and structure fitted with soundproofing materials and mechanical ventilation and air-conditioning systems. No public announcement system, whistle blowing, portable loud speaker, or any form of audio amplification system is allowed on the Site during the planning approval period.

The Site is accessible from Castle Peak Road - Tam Mi via a local access (Plan P01). Two private car parking spaces are provided for staff only. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road. Light goods vehicle is deployed for transportation of animal and goods to support the operation of the proposed development, hence, one loading / unloading space is provided at the site. Medium or heavy goods vehicles, including container tractor/trailer are prohibited to be parked/stored at the Site.

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly follow the Professional Persons Environmental Consultative Committee Practice Notes for sewerage treatment at the Site.

The applicant will submit a Boarding Establishment License in accordance to The Public Health (Animals) (Boarding Establishment) Regulations to Agriculture, Fisheries and Conservation Department after planning approval has been granted by the Board.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling'.

10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use Lots 1222 S.A (Part) and 1224 S.B in D.D. 107, Fung Kat Heung, Kam Tin, New Territories (the Site) for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling' (**Plan P01**). The applicant would like use the Site to operate an animal boarding establishment (dog kennel).

The Site falls within an area zoned as "Agriculture" ("AGR") on the Approved Kam Tin North OZP No. S/YL-KTN/9 (**Plan P02**). According to the Notes of the OZP, 'animal boarding establishment' is a column 2 use within the "AGR" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "AGR" zone.

The Site occupied an area 516 sq.m (about) of private land (**Plan P03**). One structure is proposed at the Site for animal boarding establishment, storage of pet goods and ancillary office with total GFA of 216 sq.m (about) (**Plan P04**). The Site involves of 516 sq.m filling of land of not more than 0.2m (about) in depth for site formation of structure and circulation space (**Plan P05**). As heavy loading of structures would compact the existing soiled ground and weaken the ground surface, concrete site formation is required to provide stronger ground reinforcement to stabilise the existing soiled ground and prevent erosion from surface run-off. The land filling area and number of structures have been kept to minimal for the operation of the proposed development. The applicant will reinstate the Site to an amenity area after the planning approval period.

The operation hours of the proposed development are from 09:00 to 18:00 daily (including Sunday and public holiday). The proposed development will not operate between 18:00 to 09:00 (except for overnight animal boarding services) during the planning approval period. The estimated number of staff working at the Site is four. Two staffs will stay at the Site overnight to handle potential complaints arising from the proposed development. No visitor is allowed at the Site.

A total of not more than 20 dogs will be kept at the Site. All dogs are kept indoor at structure fitted with soundproofing materials and mechanical ventilation and air-conditioning systems. No public announcement system, whistle blowing, portable loud speaker, or any form of audio amplification system is allowed on the Site during the planning approval period.

The Site is accessible from Castle Peak Road - Tam Mi via a local access (**Plan P01**). Two private car parking and one loading / unloading spaces for light goods vehicle are provided for the use of staff only. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road (**Plan P06**). Medium or heavy goods vehicles, including container tractor/trailer are prohibited to parked/ stored at the Site. As trips generated and attracted by the prepares development is minimal, adverse traffic impact to the surrounding road networks should not be anticipated (**Appendix I**).

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly follow the Professional Persons Environmental Consultative Committee Practice Notes for sewerage treatment at the Site.

The applicant will submit a Boarding Establishment License in accordance to The Public Health (Animals) (Boarding Establishment) Regulations to Agriculture, Fisheries and Conservation Department after planning approval has been granted by the Board.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling'.

10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use various lots in D.D. 107, Kam Tin, Yuen Long, New Territories (the Site) for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling' (**Plan P01**). The applicant would like use the Site to operate an animal boarding establishment (dog kennel).

The Site falls within an area zoned as "Agriculture" ("AGR") on the Approved Kam Tin North OZP No. S/YL-KTN/9 (**Plan P02**). According to the Notes of the OZP, 'animal boarding establishment' is a column 2 use within the "AGR" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "AGR" zone.

The Site occupied an area 541 sq.m (about) of private land (**Plan P03**). One structure is proposed at the Site for animal boarding establishment, site office and storage of pet goods with total GFA of 216 sq.m (about)(**Plan P04**). The Site involves of 541 sq.m filling of land of not more than 0.2m (about) in depth for site formation of structure (**Plan P05**). The applicant will reinstate the Site to an amenity area after the planning approval period.

The operation hours of the proposed development are from 09:00 to 18:00 daily (including Sunday and public holiday). The proposed development will not operate between 18:00 to 09:00 (except for overnight animal boarding services) during the planning approval period. The estimated number of staff working at the Site is four. Two staffs will stay at the Site overnight to handle potential complaints arising from the proposed development. No visitor is allowed at the Site.

A total of not more than 20 dogs will be kept at the Site. All dogs are kept indoor and structure fitted with soundproofing materials and mechanical ventilation and air-conditioning systems. No public announcement system, whistle blowing, portable loud speaker, or any form of audio amplification system is allowed on the Site during the planning approval period.

The Site is accessible from Castle Peak Road - Tam Mi via a local access (**Plan P01**). Two private car parking spaces are provided for staff only. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road. Light goods vehicle is deployed for transportation of animal and goods to support the operation of the proposed development, hence, one loading / unloading space is provided at the site. Medium or heavy goods vehicles, including container tractor/trailer are prohibited to be parked/stored at the Site.

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly follow the Professional Persons Environmental Consultative Committee Practice Notes for sewerage treatment at the Site.

The applicant will submit a Boarding Establishment License in accordance to The Public Health (Animals) (Boarding Establishment) Regulations to Agriculture, Fisheries and Conservation Department after planning approval has been granted by the Board.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling'.

Dear TPB Members,

Another part of the jig-saw puzzle. Members **without asking any questions** approved

769 –and 771 : There were also 28 similar applications for temporary animal boarding establishment on 19 sites and four similar applications involving filling of land within the same "AGR" zone

This is despite all the reports about abuse of animals, puppy mills, and now we have Covid infections at caged animal facilities.

I heard how the members of the Appeal Board make site visits to check out the actual conditions.

It is high time that TPB members from time to time make random inspections of areas with a lot of suspect activities to ensure that they are not responsible for encouraging unacceptable operations.

Note that the previous approvals have not yet complied with conditions.

Lots 1226 S.C, 1227 S.B, 1227 S.C and 1230 S.A in D.D.107, Fung Kat Heung, Kam Tin

Site area : About 1,270sq.m

Zoning : "Agriculture"

Applied use : Animal Boarding Establishment / 5 Years / **Filling of Land** / 4 Vehicle Parking

Dear TPB Members,

This is death by a thousand slices approach. Get approval for a Hobby Farm and then split the site into smaller sections. Each one diminishes the amount of arable land and increases the quota of filled land and area devoted to parking etc that is also rendered unsuitable for cultivation. 771 must be considered in tandem with 769

I would remind members that there was a long discussion on Destroy to Build during the consideration of Application

745. https://www.info.gov.hk/tpb/en/meetings/RNTPC/Minutes/m665rnt_e.pdf

*Ms Ivy C.W. Wong, STP/FSYLE, said that the application site was subject to an on-going planning enforcement action against an unauthorised development (UD) involving filling of land. Enforcement Notice (EN) was issued on 9.4.2020 requiring discontinuation of the UD and Reinstatement Notice (RN) was also issued on 21.4.2020 requiring **removal of leftovers, debris and filled materials and grassing the land.***

It was quite disturbing to read that strong suspicions of Destroy to Build activities were not deemed to be relevant to the factors to be considered by the members.

However you can question if ABE is suitable for the site and in view of the many applications for such in the area that there is already a more than adequate supply of such facilities.

Agricultural land is a valuable and essential commodity. Hong Kong is required to comply with the policies of the mainland government. President Xi has been quite clear on this point, it is essential that China become less dependent on importing food and good land must be ring fenced for the purpose of feeding the nation.

Dear TPB Members,

Strongly object. This is the southern section of the lots approved for Hobby Farm on 5 Feb despite a lengthy discussion re enforcement and Destroy to Build.

The Site is currently subject to an on-going planning enforcement action against an unauthorised development (UD) involving filling of land. Enforcement Notice was issued on 9.4.2020 requiring discontinuation of the UD. Reinstatement Notice was issued on 21.4.2020 requiring removal of leftovers, debris and filled materials and to grass the land.

This plan would reduce the area that was, supposedly, to be devoted to agriculture.

There are numerous ABEs in the district. There is no information provided with regard to the number of animals, disposal of waste, drainage, and the applicants track record in providing this service.

Is it animal boarding or animal breeding? The number of applications for animal boarding going through the system is disproportionate to the market for such facilities.

There are many media reports on animal cruelty and puppy farms. Members must ask questions.

Dear TPB Members,

Another Hobby Farm, they are already dozens in the district.

Filling of land 740sq.m, is this Destroy to Build to turn the land into Open Storage in line with the adjacent lots to the right?

President Xi, who has a lot more access to data than lesser mortals, clearly believes that there will be shortfalls in food production in China in coming years. Apart from environmental degradation climate change is having an impact re flooding, crop failures, etc. This winter is the coldest for 50 years in some regions in the north and this will certainly destroy or delay production..

But here in Hong Kong we live in a bubble. Agriculture land is not for producing food but for storing construction waste and, when used for crops, is for selfie friendly plots for weekend farmers.

Once again the mindset here is way behind the curve. A large site of arable land should be used for serious food production not as a playground.

In line with most government departments, Ag and Fish appears to be in ignorance of the policy guidelines laid down by the Central Government. It should be pursuing a programme to address the issue that a certain amount of local agricultural production is a necessity. Lay members of the Board have a duty to question government depts with regards to issues where officials are not moving with the times.

Dear Sir/ Madam,

**Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and
Filling of Land (A/YL-KTN/814)**
&
**Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and
Filling of Land (A/YL-KTN/815)**

1. We refer to the captioned.
2. These two application sites are close to each other, within Agriculture (AGR) zone, and the proposed uses of these applications are definitely not in line with the planning intention of this zone.
3. According to the gists, there was an application approved in 2021 (i.e., Proposed Temporary Place of Recreation, Sports or Culture (Hobby Farm) for a Period of 5 Years and Land Filling (A/YL-KTN/745)) covering both sites, which also involved land filling. In the current applications, concrete is proposed as the material for land filling as shown in the gists; we urge the Board to investigate exactly how large the proposed areas (and the proportion) to be filled with concrete in the current applications would be, and whether the proposed locations to be filled with concrete match with the locations proposed to be filled with concrete in the approved application (i.e., A/YL-KTN/745). We urge the Board to seriously consider whether the proposed 'temporary' uses would permanently affect the arability of the sites.
4. We also urge the Board to note that as shown in the gists both sites are located adjacent/ very close to a watercourse. We urge the Board to consider whether the proposed land filling

would affect the drainage in the locality and also how the potential sewage and waste generated by the proposed uses would be treated. Would the sewage directly discharge into this watercourse or would surface runoff with animal waste discharge into this watercourse, which eventually drains into the Deep Bay Area where an internationally important Ramsar Site is located?

5. We also conducted a visit to the area where both sites are located in January 2022. Based on our observation, we would like the Board to investigate with relevant authorities the following:

- Has the watercourse in the area, or part of this watercourse, been seriously affected by land filling recently (see **Figure 1** and also **Figure 2**)?
- Would the situation shown in **Figure 1** affect the drainage in the area? Does Drainage Services Department notice this situation?
- Is the situation as shown in **Figure 1** related to any of the current application site(s)?
- There is also a concrete platform like structure in the area (**Figure 3**). What is it for and is it related to the current application(s)?
- Is there any ongoing enforcement case under the jurisdiction of the Planning Department/ Lands Department within the locality? If yes, where is this case exactly located?

6. Thank you for your attention.

Dear TPB Members,

Another part of the jig-saw puzzle. Members **without asking any questions** approved

769 –and 771 : There were also 28 similar applications for temporary animal boarding establishment on 19 sites and four similar applications involving filling of land within the same “AGR” zone

This is despite all the reports about abuse of animals, puppy mills, and now we have Covid infections at caged animal facilities.

I heard how the members of the Appeal Board make site visits to check out the actual conditions.

It is high time that TPB members from time to time make random inspections of areas with a lot of suspect activities to ensure that they are not responsible for encouraging unacceptable operations.

Note that the previous approvals have not yet complied with conditions.

Advisory Clauses

- (a) note DLO/YL, LandsD's comments that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The lots owners will need to apply to his office to permit the structures to be erected or regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity as the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by the LandsD;
- (b) note C for T's comments that sufficient manoeuvring space shall be provided within the Site. No vehicle should be allowed to queue back to or reverse onto / from public road. The Site is connected to the public road network via a section of a local access road which is not managed by his department. The land status of the local access road should be checked with LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
- (c) note CHE/NTW, HyD's comments that her department shall not be responsible for the maintenance of any access connecting the Site and Castle Peak Road – Tam Mi. Adequate drainage measures should be provided to prevent surface water running from the Site to nearby public roads and drains;
- (d) note DEP's comments that the applicant is advised (i) that the proposed structure for animal boarding establishment should be enclosed with soundproofing materials with provision of 24-hour mechanical ventilation and air-conditioning system; (ii) to follow the requirements stipulated in "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Site"; (iii) to provide adequate supporting infrastructure/ facilities for proper collection, treatment and disposal of waste/ wastewater generated from the proposed use. If septic tank and soakaway system will be used in case of unavailability of public sewer, its design and construction shall follow the requirements of EPD's Practice Note for Professional Person (ProPECC) PN 5/93 "Drainage Plans subject to Comment by the Environmental Protection Department" including completion of percolation test and certification by Authorized Person; and (iv) it is the obligation of the applicant to meet the statutory requirements under relevant pollution control ordinances;
- (e) note DAFC's comments that under the Public Health (Animals) (Boarding Establishment) Regulations, Cap. 139I, any person who provides food and accommodation for animals in return for a fee paid by the owner must apply for a

Boarding Establishment Licence from his department. Besides, the dogs kept by the applicant should be properly licensed in accordance with Cap. 421 Rabies Ordinance and he is reminded to observe Cap. 169 Prevention of Cruelty to Animals Ordinance at all times;

- (f) note D of FS' comments that in consideration of the design/nature of the proposal, FSIs are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his Department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSI to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the Buildings Ordinance (BO)(Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (g) note CBS/NTW, BD's comments that before any new building works (including containers/open sheds as temporary building, demolition and land filling, etc.) are to be carried out on Site, prior approval and consent of the Building Authority should be obtained, otherwise they are UBW under the BO. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. If the proposed use under application is subject to issue of a license, the applicant should be reminded that any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licensing authority. Detailed checking under the BO will be carried out at building plan submission stage;
- (h) note DFEH's comments that proper license/ permit issued by his department is required if there is any food business/ catering service/ activities regulated by the DFEH under the Public Health and Municipal Services Ordinance (Cap. 132) and any other relevant legislation for the public and the operation of any business should not cause any obstruction. If the proposal involves any commercial / trading activities, there should be no encroachment on the public place and no environmental nuisance should be generated to the surroundings. Its state should not be a nuisance or injurious or dangerous to health and surrounding environment. Any animal carcass/ parts shall be properly wrapped or bagged before disposal and in accordance with the relevant legislation. Also, for any

waste generated from the activities in the premises, the applicant should handle on their own / at their expenses; and

- (i) note DEMS' comments that in the interest of public safety and ensuring the continuity of electricity supply, the parties concerned with planning, designing, organizing, supervising and conducting any activity near the underground cable or overhead line under the application should approach the electricity supplier (i.e. CLP Power) for the requisition of cable plans (and overhead line alignment drawings, where applicable) to find out whether there is any underground cable and/or overhead line within and/or in the vicinity of the Site. They should also be reminded to observe the Electricity Supply Lines (Protection) Regulation and the "Code of Practice on Working near Electricity Supply Lines" established under the Regulation when carrying out works in the vicinity of the electricity supply lines.
