現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

Background

The applicant seeks to use Lots 946 S.K, 946 S.L, 1119 S.A, 1119 S.B and 1120 (Part) in D.D. 107, Fung Kat Heung, Yuen Long, New Territories (the Site) for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling' (Plan P01). The applicant would like use the Site to operate an animal boarding establishment (dog kennel).

Planning Context

The Site falls within an area zoned as "Agriculture" ("AGR") on the Approved Kam Tin North OZP No. SYL-KTN/9 (Plan P02). According to the Notes of the OZP, 'animal boarding establishment' is a column 2 use within the "AGR" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "AGR" zone.

Development Proposal

The Site occupied an area 373 sq.m (about) of private land (Plan P03). One structure is proposed at the Site for animal boarding establishment, washroom and site office with total GFA of 192 sq.m (about) (Plan P04). The operation hours of the proposed development are from 09:00 to 18:00 daily, including public holiday (except for overnight animal boarding services). It is estimated that 4 staff will work at the Site. 1 staff will stay overnight at the Site to handle potential complaints arising from the proposed development. No visitor is allowed at the Site.

Maximum of 20 dogs will be kept at the Site. All dogs are kept indoor at structure fitted with soundproofing materials and mechanical ventilation and air-conditioning systems. No public announcement system, whistle blowing, portable loud speaker, or any form of audio amplification system is allowed on the Site during the planning approval period.

The Site involves of 373 sq.m filling of land of not more than 0.2m (about) in depth for site formation of structure and circulation space (Plan P05). As heavy loading of structures and vehicles would compact the existing soiled ground and weaken the ground surface, concrete site formation is required to provide stronger ground reinforcement to stabilise the existing soiled ground and prevent erosion from surface run-off. The land-filling area and number of structures have been kept to minimal for the operation of the proposed development.

The Site is accessible from Mei Fung Road via a local access (Plan P01). Two private car parking spaces are provided for staff only. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road (Plan P06). As trips generated and attracted by the proposed development is minimal, adverse traffic impact to the nearby road network should not be anticipated (Appendix I).

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly follow the Professional Persons Environmental Consultative Committee Practice Notes for sewage treatment at the Site.

Conclusion

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Animal Boarding Establishment for a Period of 5 Years and Land Filling'.
