Supplementary Statement

1) Background

- 1.1 The applicant seeks planning permission from the Town Planning Board (the Board) to use *Various Lots in D.D. 107 and Adjoining Government Land (GL), Fung Kat Heung, Kam Tin, Yuen Long, New Territories* (the Site) for 'Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Facilities for a Period of 3 Years and Associated Filling of Land' (proposed development) (Plan 1).
- 1.2 Due to the increasing demand for indoor storage space in recent years, the applicant would like to construct 3 single-storey structures at the Site for warehouses in order to support the local warehousing and storage industry.

2) Planning Context

- 2.1 The Site currently falls within an area zoned as "Agriculture" ("AGR") on the Draft Kam Tin North Outline Zoning Plan No.: S/YL-KTN/10. According to the Notes of the OZP, the applied use is not a column one nor two use within the "AGR" zone, which requires planning permission from the Board (Plan 2). Despite the fact that the applied use is not in line with the planning intention of the "AGR" zone, similar S.16 planning applications (Nos. A/YL-KTN/824, 852, 890, 898 etc.) for the 'warehouse' use were approved by the Board within the same "AGR" zone. Therefore, approval of the current application is in line with the Board's previous decision and would not set undesirable precedent within the "AGR" zone.
- 2.2 Although the Site falls within area zoned as "AGR", there is no active agricultural use within the Site. The Site is surrounded by sites occupied by vacant land and open storage yards, the proposed development is considered not incompatible with the surrounding area. Therefore, approval of the current application on a temporary basis of 3 years would better utilize deserted agricultural land and would not jeopardize the long term planning intention of the "AGR" zone.

3) Development Proposal

- 3.1 The Site occupied an area of 17,052 m² (about), including 171 m² (about) of GL (Plan 3). The operation hours of Site are Monday to Saturday from 09:00 to 18:00. No operation on Sunday and public holiday. 3 structures are proposed at the Site for warehouses (excl. D.G.G.)

and ancillary offices with total GFA of 9,554 m² (about) (Plan 4). The ancillary site office is intended to provide indoor workspace for administrative staff to support the daily operation of the Site. It is estimated that the Site would be able to accommodate 15 staff. As the Site is proposed for 'warehouse' use with no shopfront, no visitor is anticipated at the Site. Details of development parameters are shown at Table 1 below:

Table 1 – Major Development Parameters

Application Site Area	17,052 m ² (about), including 171 m ² (about) of GL
Covered Area	9,554 m ² (about)
Uncovered Area	7,498 m ² (about)
Plot Ratio	0.56 (about)
Site Coverage	56% (about)
Number of Structure	3
Total GFA	9,554 m ² (about)
- Domestic GFA	Not applicable
- Non-Domestic GFA	9,554 m ² (about)
Building Height	13 m (about)
No. of Storey	1

- 3.2 The proposed warehouses are intended for storage of miscellaneous goods (i.e. packaged food, apparel, footwear, electronic goods, furniture etc). No dangerous goods and workshop activities will be stored/conducted at the Site at any time during the planning approval period.
- 3.3 The Site is proposed to be filled wholly with concrete of not more than 0.4m (about) in depth for site formation of structures and circulation space (Plan 5). As heavy loading of structures and vehicles would compact the existing soiled ground and weaken the ground surface, concrete site formation is required to meet the operation needs and that has been kept to minimal for the operation of the proposed development. The applicant will reinstate the Site to an amenity area after the planning approval period.
- 3.4 The Site is accessible from Castle Peak Road – Tam Mi via Shui Mei Road and Mei Fung Road (Plan 1). A total of 14 parking and loading/unloading (L/UL) spaces are provided at the Site, details are shown at Table 2 below:

Table 2 – Parking and Loading/Unloading Provisions

Type of Space	No. of Space
Private Car (PC) Parking Space for Staff - 2.5 m (W) x 5 m (L)	6
L/UL Space for Light Goods Vehicle (LGV) - 3.5 m (W) x 7 m (L)	4
L/UL Space for Medium Goods Vehicle (MGV) - 3.5 m (W) x 11 m (L)	4

- 3.5 Sufficient space is provided for vehicle to smoothly manoeuvre within the Site to ensure that no vehicle will turn back onto the local access (Plan 6). As traffic generated and attracted by the proposed development is minimal (as shown at Table 3 below), adverse traffic impact should not be anticipated.

Table 3 – Estimated Trip Generation and Attraction

Time Period	PC		LGV		MGV		2-Way Total
	In	Out	In	Out	In	Out	
Trips at <u>AM peak</u> per hour (09:00 – 10:00)	6	0	1	0	0	0	7
Trips at <u>PM peak</u> per hour (17:00 – 18:00)	0	6	0	1	0	0	7
Traffic trip per hour (10:00 – 17:00)	1	1	2	2	2	2	10

- 3.6 The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department (EPD) to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly comply with all environmental protection / pollution control ordinances, i.e. Water Pollution Control Ordinance, Air Pollution Control Ordinance, Noise Control Ordinance etc. at all times during the planning approval period. The applicant will follow the Professional Persons Environmental Consultative Committee Practice Notes (ProPECCPNs) for sewage treatment at the Site.

4) Conclusion

- 4.1 The proposed development will not create significant nuisance to the surrounding areas. Adequate mitigation measures will be provided, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development

after planning approval has been granted by the Board.

- 4.2 In view of the above, the Board is hereby respectfully recommended to approve the subject application for 'Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Facilities for a Period of 3 Years with Associated Filling of Land'.

Supplementary Statement

1) Background

- 1.1 The applicant seeks planning permission from the Town Planning Board (the Board) to use *Various Lots in D.D. 107, Fung Kat Heung, Kam Tin, Yuen Long, New Territories* (the Site) for 'Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Facilities for a Period of 3 Years and Associated Filling of Land' (proposed development) (Plan 1).
- 1.2 Due to the increasing demand for indoor storage space in recent years, the applicant would like to construct one single-storey structures at the Site for warehouses in order to support the local warehousing and storage industry.

2) Planning Context

- 2.1 The Site currently falls within an area zoned as "Agriculture" ("AGR") on the Draft Kam Tin North Outline Zoning Plan No.: S/YL-KTN/10. According to the Notes of the OZP, the applied use is not a column one nor two use within the "AGR" zone, which requires planning permission from the Board (Plan 2). Despite the fact that the applied use is not in line with the planning intention of the "AGR" zone, similar S.16 planning applications (Nos. A/YL-KTN/824, 852, 890, 898 etc.) for the 'warehouse' use were approved by the Board within the same "AGR" zone. Therefore, approval of the current application is in line with the Board's previous decision and would not set undesirable precedent within the "AGR" zone.
- 2.2 Although the Site falls within area zoned as "AGR", there is no active agricultural use within the Site. The Site is surrounded by sites occupied by vacant land and open storage yards, the proposed development is considered not incompatible with the surrounding area. Therefore, approval of the current application on a temporary basis of 3 years would better utilize deserted agricultural land and would not jeopardize the long term planning intention of the "AGR" zone.

3) Development Proposal

- 3.1 The Site occupied an area of 8,154 m² (about)(Plan 3). The operation hours of Site are Monday to Saturday from 09:00 to 18:00. No operation on Sunday and public holiday. 1 structure is proposed at the Site for warehouses (excl. D.G.G.) and ancillary offices with total

GFA of 3,776 m² (about) (Plan 4). The ancillary site office is intended to provide indoor workspace for administrative staff to support the daily operation of the Site. It is estimated that the Site would be able to accommodate 10 staff. As the Site is proposed for 'warehouse' use with no shopfront, no visitor is anticipated at the Site. Details of development parameters are shown at Table 1 below:

Table 1 – Major Development Parameters

Application Site Area	8,154 m ² (about)
Covered Area	3,776 m ² (about)
Uncovered Area	4,378 m ² (about)
Plot Ratio	0.46 (about)
Site Coverage	46% (about)
Number of Structure	1
Total GFA	3,776 m ² (about)
- Domestic GFA	Not applicable
- Non-Domestic GFA	3,776 m ² (about)
Building Height	13 m (about)
No. of Storey	1

- 3.2 The proposed warehouses are intended for storage of miscellaneous goods (i.e. packaged food, apparel, footwear, electronic goods, furniture etc). No dangerous goods and workshop activities will be stored/conducted at the Site at any time during the planning approval period.
- 3.3 The Site is proposed to be filled wholly with concrete of not more than 0.5m (about) in depth for site formation of structures and circulation space (Plan 5). As heavy loading of structures and vehicles would compact the existing soiled ground and weaken the ground surface, concrete site formation is required to meet the operation needs and that has been kept to minimal for the operation of the proposed development. The applicant will reinstate the Site to an amenity area after the planning approval period.
- 3.4 The Site is accessible from Castle Peak Road – Tam Mi via Shui Mei Road and Mei Fung Road (Plan 1). A total of 11 parking and loading/unloading (L/UL) spaces are provided at the Site, details are shown at Table 2 below:

Table 2 – Parking and Loading/Unloading Provisions

Type of Space	No. of Space
Private Car (PC) Parking Space for Staff - 2.5 m (W) x 5 m (L)	5
L/UL Space for Light Goods Vehicle (LGV) - 3.5 m (W) x 7 m (L)	3
L/UL Space for Medium Goods Vehicle (MGV) - 3.5 m (W) x 11 m (L)	3

- 3.5 Sufficient space is provided for vehicle to smoothly manoeuvre within the Site to ensure that no vehicle will turn back onto the local access (**Plan 6**). As traffic generated and attracted by the proposed development is minimal (as shown at **Table 3** below), adverse traffic impact should not be anticipated.

Table 3 – Estimated Trip Generation and Attraction

Time Period	PC		LGV		MGV		2-Way Total
	In	Out	In	Out	In	Out	
Trips at AM peak per hour (09:00 – 10:00)	5	0	1	0	0	0	6
Trips at PM peak per hour (17:00 – 18:00)	0	5	0	1	0	0	6
Traffic trip per hour (10:00 – 17:00)	1	1	2	2	2	2	10

- 3.6 The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department (EPD) to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly comply with all environmental protection / pollution control ordinances, i.e. Water Pollution Control Ordinance, Air Pollution Control Ordinance, Noise Control Ordinance etc. at all times during the planning approval period. The applicant will follow the Professional Persons Environmental Consultative Committee Practice Notes (ProPECCPNs) for sewage treatment at the Site.

4) Conclusion

- 4.1 The proposed development will not create significant nuisance to the surrounding areas. Adequate mitigation measures will be provided, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development

after planning approval has been granted by the Board.

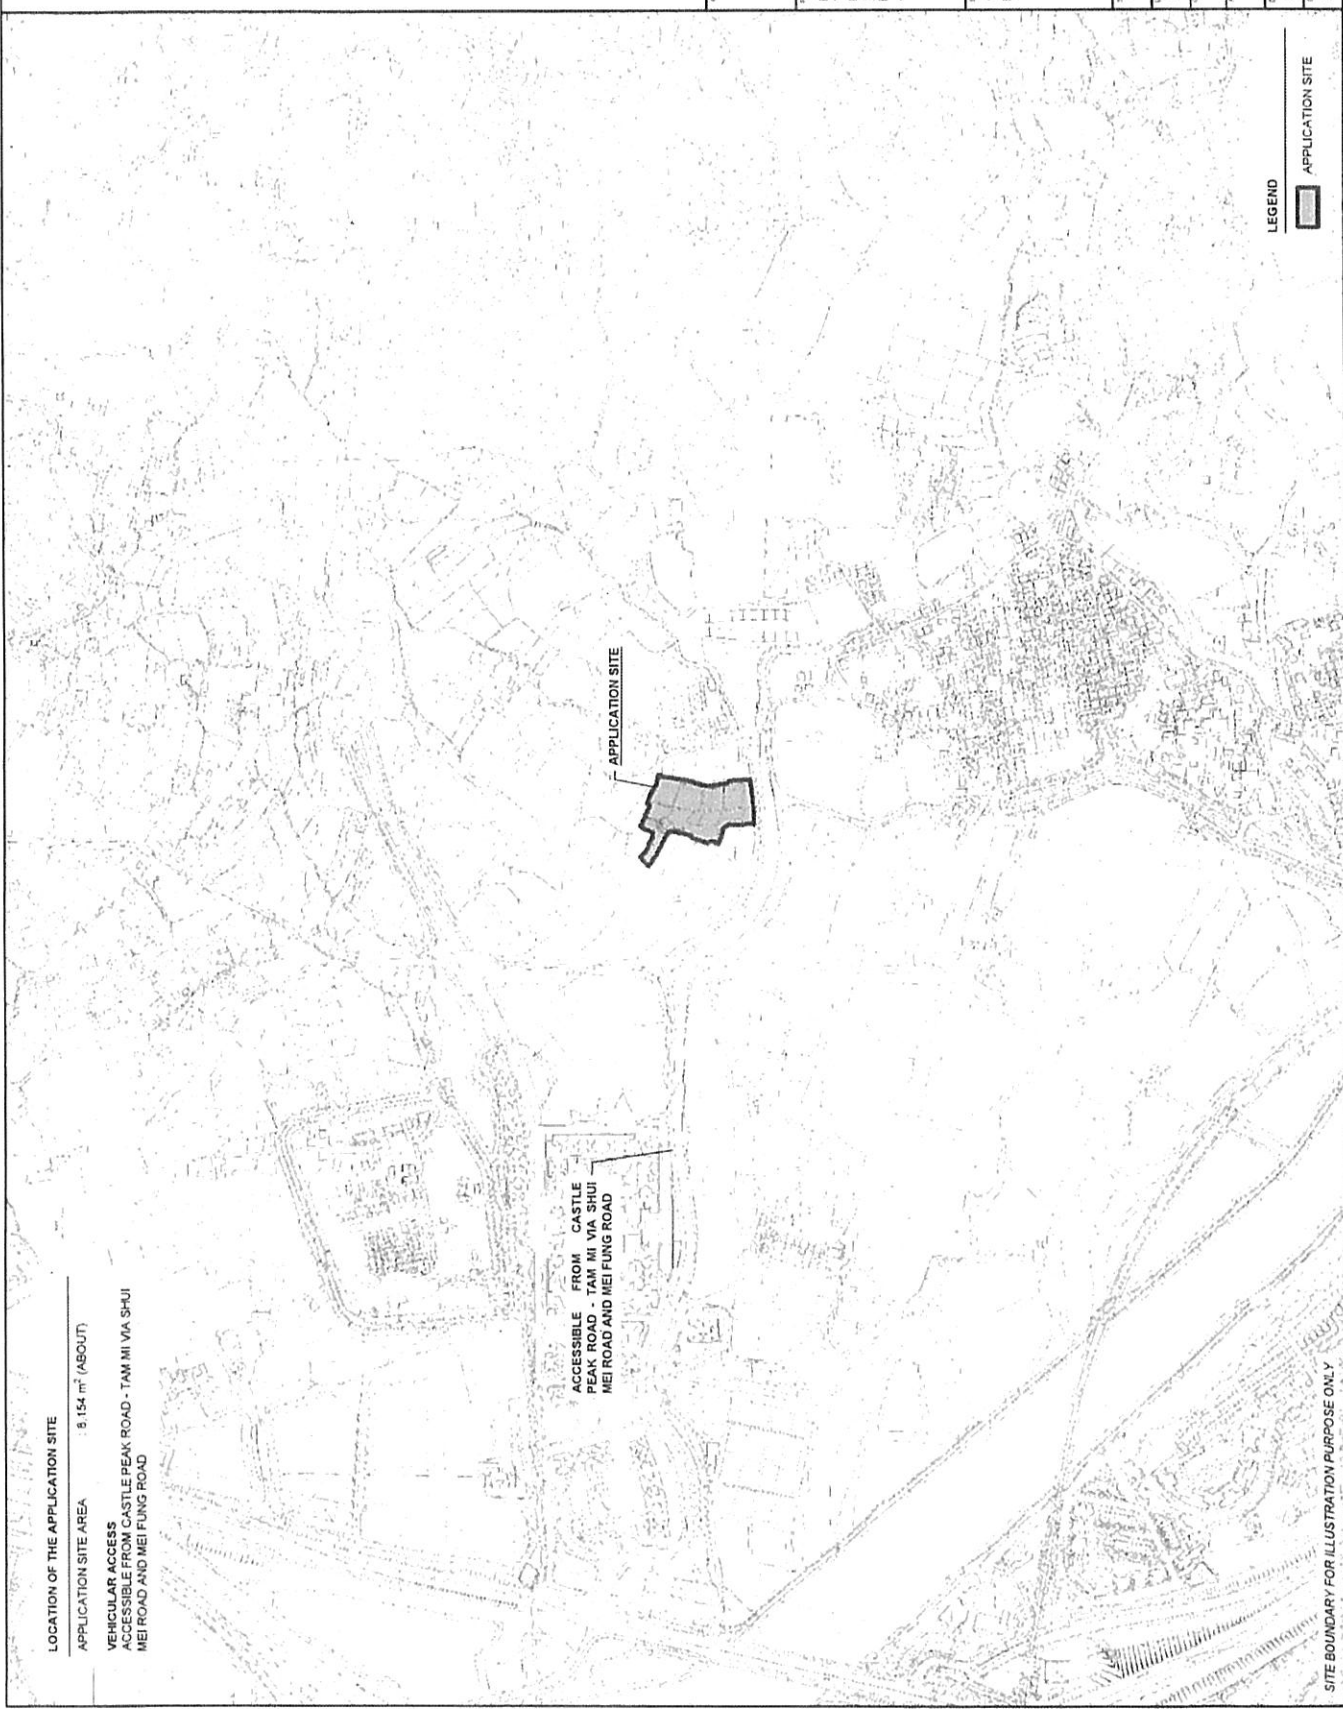

- 4.2 In view of the above, the Board is hereby respectfully recommended to approve the subject application for 'Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Facilities for a Period of 3 Years with Associated Filling of Land'.

Departmental Comments	Applicant's Responses
1. Comments of Chief Town Planner/Urban Design and Landscape Section, Planning Department (Contact Person: Mr. Samuel HUI; Tel: 3565 3957)	
<p>(a) The site is located in a rural inland plains landscape character comprising of vacant lands, ponds, farmlands, temporary structures, village houses. Noting that active farming is observed in vicinity, there is concern that approval of the application would alter the landscape character of the "AGR" zone.</p>	<p>The applicant submitted a landscape proposal to mitigate the landscape impact arising from the proposed development (Plan 1). A total of 20 trees are proposed to be planted at the application site as landscape buffer along the southern boundary and all these new trees will be well-maintained by the applicant during the planning approval period.</p>

Responses-to-Comments

**Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Facilities
for a Period of 3 Years and Filling of Land in "Agriculture" Zone, Various Lots in D.D. 107 and
Adjoining Government Land, Fung Kat Heung, Kam Tin, Yuen Long, New Territories**

(Application No. A/YL-KTN/951)

(i) Clarifications for the Proposed Development:

- Justifications for the Demand of the Applied Use

- Due to land resumption by the Government to pave way for various New Development Areas (NDAs) in the New Territories (i.e. Kwu Tung North and Fanling North NDAs, Hung Shui Kiu and Ha Tsuen NDAs, etc.), a large number of business premises operators were affected and forced to relocate to new locations in order to continue their operations. Resulting in the significant increase of demand and rental fee for local indoor storage space in recent years. However, large amount of business operators who were not included in the pre-clearance survey were ineligible to apply for monetary compensation from the Government, making it difficult for them to find suitable spaces for relocation, which subsequently led to the closure or relocation of their warehouse facilities.
- In view of this, the applicant would like to use the application site (the Site) and the adjacent site (i.e. the application site of S.16 planning application No. A/YL-KTN/953) to alleviate the pressing demand for the applied use, as well as to support the local warehousing and logistics industries. After planning approval has been granted by the Board, the applicant will be responsible for the construction and management of the proposed development, the Site and the adjacent site will be rented to two business operators in order to reduce their financial burden for relocation (i.e. construction and consulting costs, etc.). Therefore, two separate S.16 planning applications were submitted for better management. With the affected businesses able to continue operations, this could create additional employment opportunities, as well as boosting the local economy.
- Both of the Site will be used for storage of miscellaneous goods (including but not limited to packaged food, apparel, footwear, electronic goods, furniture etc). No dangerous goods and workshop activities will be stored/conducted at the Site at any time during the planning approval period.

- Better Utilize Deserted Agricultural Land

- The Site is relatively flat and in close vicinity of the existing road network. Although the Site is currently zoned as "Agriculture" on the Draft Kam Tin North Outline Zoning Plan No. S/YL-KTN/10, there is no active agricultural activities within the Site. Therefore, approval of the current application on a temporary basis of 3 years would

not frustrate the long-term planning intention of the “AGR” zone and better utilize deserted agricultural land.

Departmental Comments		Applicant's Responses
1. Comments of Chief Town Planner/Urban Design and Landscape Section, Planning Department (CTP/UD&L, PlanD) (Contact Person: Mr. Samuel HUI; Tel: 3565 3957)		
(a)	It is noted that none of the existing trees within site will be retained and 6 nos. of <i>Bauhinia blakeana</i> are proposed along the southern boundary within site. The applicant is advised to adjust the spacing (i.e. Min. 4 m) of the proposed new trees to ensure enough growing space to facilitate sustainable tree growth.	Noted. Minimum of 4 m spacing is adopted for the proposed new trees to ensure enough growing space to facilitate sustainable tree growth at the application site (the Site) (Plan 1) .
2. Comments of Commissioner for Transport (C for T) (Contact Person: Mr. Phil CAI; Tel: 2399 2421)		
(a)	It is noted that there is no vehicular access from Mei Fung Road and Shui Mei Road to the site of A/YL-KTN/953. The applicant shall provide written consent from adjacent land lot owner(s) which allows the vehicles to enter and leave the site.	Please be informed that the Site is located at the immediate west of the application site of the S.16 Planning Application No. A/YL-KTN/951, which was also submitted by the <u>same</u> applicant. As the Site is accessible from Mei Fung Road via the application site of application No. A/YL-KTN/951, sufficient space is provided for vehicles to enter and leave the Site (Plan 2) .
3. Comments of Director of Fire Services (D of FS) (Contact Person: Mr. CHEUNG Wing Hei; Tel: 2733 7737)		
(a)	In consideration of the design/nature of the proposal, FSIs are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to this Department for approval. In addition,	Noted. The applicant will submit a fire service installations proposal after planning approval has been granted from the Town Planning Board.

<p>the applicant should also be advised on the following points:</p> <ul style="list-style-type: none">(i) The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy; and(ii) The location of proposed FSIs to be installed should be clearly marked on the layout plans.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD):

- no adverse comment on the applications; and
- the application sites (the Sites) comprise Government Land (GL) and Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government.
- no permission is given for occupation of GL (about 171m² subject to verification) included in the Sites. Any occupation of GL without Government's prior approval is not allowed.

2. Traffic

Comments of the Commissioner for Transport (C for T):

- no adverse comment on the applications from traffic engineering perspective.

Comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD):

- no objection to the applications.

3. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no objection in-principle to the applications from the public drainage point of view; and
- should the applications be approved, the applicants are required (i) to submit a drainage proposal and (ii) to implement and maintain the drainage proposal for the development to the satisfaction of the Director of Drainage Services or of the Town Planning Board.

4. Fire Safety

Comments of the Director of Fire Services (D of FS):

- no objection in-principle to the applications subject to fire service installations (FSIs) being provided to the satisfaction of his department.

5. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD):

- no objection to the applications.

6. District Officer's Comments

Comments of the District Officer (Yuen Long), Home Affairs Department (DO(YL), HAD):

- his office has not received any locals' comment on the applications and he has no comment on the applications.

7. Other Departments

The following government departments have no objection to / no adverse comment / no comment on the applications:

- Project Manager (West), Civil Engineering and Development Department (PM(W), CEDD);
- Director of Electrical and Mechanical Services (DEMS);
- Chief Engineer/Construction, Water Supplies Department (CE/C, WSD); and
- Commissioner of Police (C of P).

Appendix IV of RNTPC
Paper No. A/YL-KTN/951A & 953A

Recommended Advisory Clauses

- (a) prior planning permission should have been obtained before commencing the proposed use at the application site (the Site);
- (b) the permission is given to the proposed development under application. It does not condone any other development currently exists on the Site which are not covered by the application. Immediate action should be taken to discontinue such development not covered by the permission;
- (c) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (d) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
 - the lots owners will need to apply to his Office to permit the structure(s) to be erected or regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Furthermore, the applicant has to either exclude the Government land (GL) from the Site or apply for a formal approval prior to the actual occupation of the GL portion without short term tenancy. Applications for any of the above will be considered by LandsD acting in the capacity as the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by LandsD;
- (e) to note the comments of the Commissioner for Transport (C for T) that:
 - the Site is connected to the public road network via a section of a local access road which is not managed by Transport Department. The land status of the local access road should be checked with the LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly. Sufficient manoeuvring space shall be provided within the Site. No vehicle is allowed to queue back to or reverse onto / from public road at any time during the planning approval period;
- (f) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that:
 - his department shall not be responsible for the maintenance of any access connecting the Site and Castle Peak Road – Tam Mei; and
 - adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public road or exclusive road drains;
- (g) to note the comments of the Director of Fire Services (D of FS) that:
 - in consideration of the design/nature of the application, fire service installations (FSIs) are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. In

addition, the applicant should also be advised on the following:

- (i) the layout plans should be drawn to scale and depicted with dimensions and nature of occupancy; and
 - (ii) the location of where the proposed FSIs to be installed should be clearly marked on the layout plans; and
- the applicant is reminded that if the proposed structures are required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (h) to note the comments of the Director of Electrical and Mechanical Services (DEMS) that:
- in the interests of public safety and ensuring the continuity of electricity supply, the parties concerned with planning, designing, organizing and supervising any activity near the underground cable or overhead line under the mentioned works should approach the electricity supplier (i.e. CLP Power) for the requisition of cable plans (and overhead line alignment drawings, where applicable) to find out whether there is any underground cable and/or overhead line within and/or in the vicinity of the concerned site. The applicant is reminded to observe the Electricity Supply Lines (Protection) Regulation and the “Code of Practice on Working near Electricity Supply Lines” established under the Regulation when carrying out works in the vicinity of the electricity supply lines; and
- (i) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:
- the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively;
 - the Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at building plan submission stage;
 - before any new building works (including containers / open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on application site, prior approval and consent of the Building Authority should be obtained, otherwise they are unauthorized building works (UBW) under the BO. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO;
 - for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the application site under the BO;
 - any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R; and
 - detailed checking under the BO will be carried out at building plan submission stage.

Dear TPB Members,

Strongest Objections. This brown field operation has been formed via a series of applications for Animal Boarding. The site is comprised of lots under 869, 870 and 871 plus some additional land.

The applications were approved together on 13 Jan with no questions asked with regard to the obvious fake nature of the applications and the lack of any data indicating that there is demand for so many ABE.

*A Member, whilst having no objection to the applications, remarked that the area in which the Sites were located were previously known as the **Kam Tin buffalo fields** and a place for bird watching but it had been filled some years ago.*

Indeed and no enforcement action was taken.

Now the developer has come forward with the true intention, an extensive warehouse compound.

THAT THERE IS EXTENSIVE COLLUSION BETWEEN DEVELOPERS, GOVERNMENT DEPARTMENTS AND MEMBERS OF THE BOARD TO STEALTHY ENCOURAGE THE DEVELOPMENT OF NEW BROWNFIELD SITES DESPITE THE MANY PROCLAMATIONS ON THE PART OF THE AUTHORITIES THAT THIS LAND USE BE PHASED OUT IS CLEAR FROM APPLICATIONS LIKE THIS. APPROVAL WILL CONFIRM THIS.

SHAME ON ALL OF YOU.

Dear TPB Members.

The filling of land is with an area of about 3,615.8m² and depth of about 0.3m.
So clearly a Destroy to Build application.

This is adjacent to 869 and 870 and the 3 plans should be considered together.

There is absolutely no justification for approval of these fake ABE applications.
The combined lots are larger than many PH estates.

Objections to 869 and 870 equally applicable.

Dear TPB Members,

STRONGEST OBJECTIONS

774 was also withdrawn. These two applications are related and are **DESTROY TO BUILD**. Splitting the sites is a divide to rule ploy.

More than 8,000sq.mts for animal boarding. This is larger than some PH estates. How many animals are there in HK? What is the demand for these services? Is there a waiting list as long as that for PH?

Members must inquire what is going on at these lots, how much excavation has been done, trees chopped, etc.

There is absolutely no way the board could justify the complete filling in of such a large amount of farm land.

The applications must be rejected.

Dear Sir/Madam,

**Comments on the planning application for the proposed Temporary Warehouse
(excluding Dangerous Goods Godown) with Ancillary Facilities for a Period of 3
Years and Filling of Land at Fung Kat Heung, Kam Tin, Yuen Long (A/YL-KTN/951)**

The Hong Kong Bird Watching Society (HKBWS) objects to the planning applications based on the following reasons.

- 1 **Not in line with the planning intention of the "Agriculture" (AGR) zoning**
The application site is located within the AGR zone, where the planning intention is *"to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes"*. We consider that the site has potential for farmland rehabilitation. However, the site formation and operation for the brownfield uses would lead to direct and permanent loss in farmland, which is not in line with the planning intention to retain land for agricultural purposes. We therefore urge the Town Planning Board (Board) to reject this application.
- 2 **The Town Planning Board should not encourage "destroy first, build later"**
From Google Earth aerial photographs, landscape changes including vegetation clearance and land filling were seen at the application site between 2017 and 2022 (Figure 1). We suspect that this is "destroy first, apply later". We are concerned the approval of the current application would further legitimize the current

misuse of the AGR zone, leading to the promotion of “destroy first, apply later” attitudes among landowners in the locality. As the Board has suggested that “*the Board will not tolerate any deliberate action to destroy the rural and natural environment in the hope that the Board would give sympathetic consideration to subsequent development on the site concerned.*”¹ We urge the Board to reject this application.

3 Set an undesirable precedent to the future development

The approval of this application will set an undesirable precedent to the future similar applications associated with “destroy first, apply later” within the AGR zone, and thus nullifying the statutory planning control mechanism. We urge the Board to reject this application in order to protect AGR zone and the existing agricultural cluster from any development threats.

4 Justifications for the decision and comments made by Government departments and the Board

According to the Hong Kong Planning Standards and Guidelines (HKPSG), Chapter 10, Section 2.1 (iii), the Board has the responsibility to “*control adjoining uses to minimise adverse impacts on conservation zones and optimise their conservation value*”. We note that all other Government bureaux/departments are also bound to the HKPSG, the Agriculture, Fisheries and Conservation Department (AFCD) and the Planning Department (PlanD) has the responsibility to advise the Board on the ecological and planning aspects in particular². Given AFCD’s mission to conserve natural environment and safeguard the ecological integrity³ and the proposed development is not in line with the planning intention of the statutory zoning, HKBWS would also expect AFCD and PlanD to object this application. Should AFCD, PlanD or the Board feels otherwise, we urge that the appropriate justifications are provided.

³ AFCD Vision and Mission. Available at:

The HKBWS respectfully requests the Board to take our comments into consideration and reject the current application. Thank you for your kind attention.

Figure 1. The Google Earth aerial photographs show the farmland at the site (marked with red color) in 2013 was being filled in 2017 and 2020. We suspect this is “destroy first, apply later” Moreover, we are concerned the proposed brownfield would lead to permanent loss in farmland and further legitimize the current misuse of the AGR zone.

Site area: About 8,154sq.m

Zoning: "Agriculture"

Applied use: Warehouse / 11 Vehicle Parking / **Filling of Land**

Dear TPB Members,

911 Approved 25/8 30 tents.

Major part of the Site (about 6,564m² / 95%) will be filled with soil suitable for cultivation at a depth not exceeding 0.6m (from about +3.2mPD to about +3.8mPD), and the remaining part of the Site (about 336m² / 5%) will be filled with soil and gravel at a depth not exceeding 0.6m (from about +3.2mPD to about +3.8mPD) for site formation of structure and vehicular parking and circulation.

Now applicant is back with the true intention, a brownfield storage operation and filling in the entire site.

If PlanD recommends and members approve, this would be a clear indication that there is an ongoing conspiracy between applicants, government depts. and the board to undertake an under the table conversion of farmland to brownfield.

The filling of land is with an area of about 6,900m2 and depth of about 1.2m. 3 private car parking spaces will be provided at the Site.

Site area : About 6,900sq.m

Zoning : "Agriculture"

Applied use : Hobby Farm / Holiday Camp / Filling of Land / No parking spaces and loading/unloading spaces will be provided at the Site

Dear TPB Members,

If you even consider this plan there is serious concern with regard to the function of TPB.

The lots on the right were approved for Hobby Farm under Application 666 despite a history of failure to comply with conditions on 4 Oct 2019.

Revoked on 4 November 2021:

(d) the submission of a drainage proposal within 3 months from the date of planning approval to the satisfaction of the Director of Drainage Services or of the TPB by 4.1.2020;

(e) in relation to (d) above, the implementation of the drainage proposal within 6 months from the date of planning approval to the satisfaction of the Director of Drainage Services or of the TPB by 4.4.2020;

(h) in relation to (g) above, the implementation of the fire service installations proposal within 6 months from the date of planning approval to the satisfaction of the Director of Fire Services or of the TPB by 4.4.202

But the land owner knows how lax the system is and has the audacity to propose now that it develop a hobby farm and a holiday camp.

Note no mention of how many tents/number of visitors.

No mention of toilets / water supply / cooking facilities

No vehicle parking despite the fact that portaloos have to be serviced

In addition members must consider the implications of filling in and converting large tracts of Agriculture land when the world is facing great uncertainties with regard to food supply the immediate future. President Xi has mandated that arable land should be used in order to ensure that China can feed its own population. Every patriotic land owner should be complying with his agenda and the government has a duty to implement state policy.

Previous objections valid and upheld. Exploitation of farmland can no longer be tolerated.

Dear TPB Members,

The two applications are opposite to each other and the applicant appears to be the same so they will be considered together. Hobby Farm is the current application favourite to get around unapproved brownfield use and to avoid the term 'open storage'

The proposed development is not in line with the planning intention of the "Agriculture" ("AGR") zone, which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. There is no strong planning justification in the submission for a departure from the planning intention, even on a temporary basis.

The applicant fails to demonstrate that the proposed development would not generate adverse environmental impacts on the surrounding areas via the provision of facilities such as septic toilets, the run off of chemicals and toxic substances, introduction of foreign species, etc

Location is not close to MTR so parking provision is suspect..

Approval of the application, even on a temporary basis, would set an

undesirable precedent for other similar uses to proliferate into the "AGR" zone. The cumulative effect of approving such applications would result in a general degradation of the rural environment of the area.

Moreover in light of reports of a number of illegal camping sites operating in Kam Tim area to provide accommodation for low cost mainland tours, the true objective of the plan must be evaluated.

Dear Sir/Madam,

Comments on the planning application for the proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Facilities for a Period of 3 Years and Filling of Land at Fung Kat Heung, Kam Tin, Yuen Long (A/YL-KTN/953)

The Hong Kong Bird Watching Society (HKBWS) objects to the planning application based on the following reasons.

1 Not in line with the planning intention of the "Agriculture" (AGR) zoning

The application site is located within the AGR zone, where the planning intention is *"to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes"*. We consider that the site has potential for farmland rehabilitation and should be used for soil cultivation. However, the site formation and operation for the brownfield uses would lead to direct and permanent loss in farmland, which is not in line with the planning intention to retain land for agricultural purposes. We therefore urge the Town Planning Board (Board) to reject this application.

2 The Town Planning Board should not encourage "destroy first, build later"

From Google Earth aerial photographs, landscape changes including vegetation clearance and land filling were seen at the application site between 2017 and 2022 (Figure 1). We suspect that this is "destroy first, apply later". We are concerned the approval of the current application would further legitimize the current

misuse of the AGR zone, leading to the promotion of “destroy first, apply later” attitudes among landowners in the locality. As the Board has suggested that “*the Board will not tolerate any deliberate action to destroy the rural and natural environment in the hope that the Board would give sympathetic consideration to subsequent development on the site concerned.*”¹ We urge the Board to reject this application.

3 Set an undesirable precedent to the future development

The approval of this application will set an undesirable precedent to the future similar applications associated with “destroy first, apply later” within the AGR zone, and thus nullifying the statutory planning control mechanism. We urge the Board to reject this application in order to protect AGR zone and the existing agricultural cluster from any development threats.

4 Justifications for the decision and comments made by Government departments and the Board

According to the Hong Kong Planning Standards and Guidelines (HKPSG), Chapter 10, Section 2.1 (iii), the Board has the responsibility to “control adjoining uses to minimise adverse impacts on conservation zones and optimise their conservation value”. We note that all other Government bureaux/departments are also bound to the HKPSG, the Agriculture, Fisheries and Conservation Department (AFCD) and the Planning Department (PlanD) has the responsibility to advise the Board on the ecological and planning aspects in particular². Given AFCD’s mission to conserve natural environment and safeguard the ecological integrity³ and the proposed development is not in line with the planning intention of the statutory zoning, HKBWS would also expect AFCD and PlanD to object this application. Should AFCD, PlanD or the Board feels otherwise, we urge that the appropriate justifications are provided.

Dear Sir/ Madam,

**Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with
Ancillary Facilities for a Period of 3 Years and Filling of Land
(A/YL-KTN/953)**

1. We refer to the captioned.
2. The site is located within Agriculture (AGR) zone which is primarily intended for farming. We urge the Board to liaise with relevant authorities as to whether the site is still arable, and if yes, to consider whether it is appropriate to approve this application.
3. Thank you for your attention.
