**7. Justifications 理由**

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.  
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The applicant seeks to use Lots 10 RP (Part) in D.D. 128, Lau Fau Shan, Yuen Long, New Territories (the Site) for 'Proposed Temporary Barbecue Area for a Period of 3 Years' (proposed development) (**Plan P01**). The applicant would like to operate a new barbecue area to serve the nearby locals.

The Site falls within an area zoned as "Residential (Group D)" ("R(D)") on the Draft Lau Fau Shan and Tsim Bei Tsui Outline Zoning Plan No.: S/YL-LFS/10 (**Plan P02**). According to the Notes of the OZP, 'barbeque site' is a column 1 nor 2 use within the "R(D)" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "R(D)" zone.

The Site occupied an area of 1,053 sq.m (about) of private land (**Plan P03**). Seven structures are proposed at the Site for reception, refreshment kiosk, storage of goods, rain shelter and portable toilet with total GFA of 92.5 sq.m (about)(**Plan P04**).

The operation hours of the proposed development are Monday to Sunday 08:00 - 23:00 (including public holiday). The proposed development will not operate outside operation hours. The estimated maximum number of visitor per day are 30 (about). The estimated number of staff working at the Site is 8. Advanced booking is required for visitor to enter the Site, this is to better regulate the number of visitor to adverse overcrowding and minimise adverse impact to the surroundings.

The Site is accessible from Deep Bay Road via a local access (**Plan P01**). Staff and visitors are required to take public transport to Deep Bay Road then walk to the Site. No private car parking and loading / unloading spaces for light goods vehicle are provided. Goods to support the operation of the Site are transported by trolleys by staff.

The applicant will strictly follow the "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" issued by EPD during the operation of the proposed development. The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures, i.e. submission of drainage, landscape and FSIs proposals will be provided to minimize nuisance to the existing environment after planning approval has been granted by the Board.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Barbecue Area for a Period of 3 Years'.

**8. Declaration 聲明**

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.  
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

**7. Justifications 理由**

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.  
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明）。

The applicant seeks to use Lots 10 RP (Part) in D.D. 128, Lau Fau Shan, Yuen Long, New Territories (the Site) for 'Proposed Temporary Barbecue Area for a Period of 3 Years and Land Filling' (proposed development) (**Plan P01**). The applicant would like to operate a new barbecue area to serve the nearby locals.

The Site falls within an area zoned as "Residential (Group D)" ("R(D)") on the Draft Lau Fau Shan and Tsim Bei Tsui Outline Zoning Plan No.: S/YL-LFS/10 (**Plan P02**). According to the Notes of the OZP, 'barbeque site' is a column 1 nor 2 use within the "R(D)" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "R(D)" zone.

The Site occupied an area of 1,053 sq.m (about) of private land (**Plan P03**). Seven structures are proposed at the Site for reception, refreshment kiosk, storage of goods, rain shelter and portable toilet with total GFA of 92.5 sq.m (about)(**Plan P04**).

The operation hours of the proposed development are Monday to Sunday 08:00 - 23:00 (including public holiday). The proposed development will not operate outside operation hours. The estimated maximum number of visitor per day are 30 (about). The estimated number of staff working at the Site is 8. Advanced booking is required for visitor to enter the Site, this is to better regulate the number of visitor to adverse overcrowding and minimise adverse impact to the surroundings.

The Site is accessible from Deep Bay Road via a local access (**Plan P01**). Staff and visitors are required to take public transport to Deep Bay Road then walk to the Site. No private car parking and loading / unloading spaces for light goods vehicle are provided. Goods to support the operation of the Site are transported by trolleys by staff.

The applicant will strictly follow the "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" issued by EPD during the operation of the proposed development. The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures, i.e. submission of drainage, landscape and FSIs proposals will be provided to minimize nuisance to the existing environment after planning approval has been granted by the Board.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Barbecue Area for a Period of 3 Years and Land Filling'.

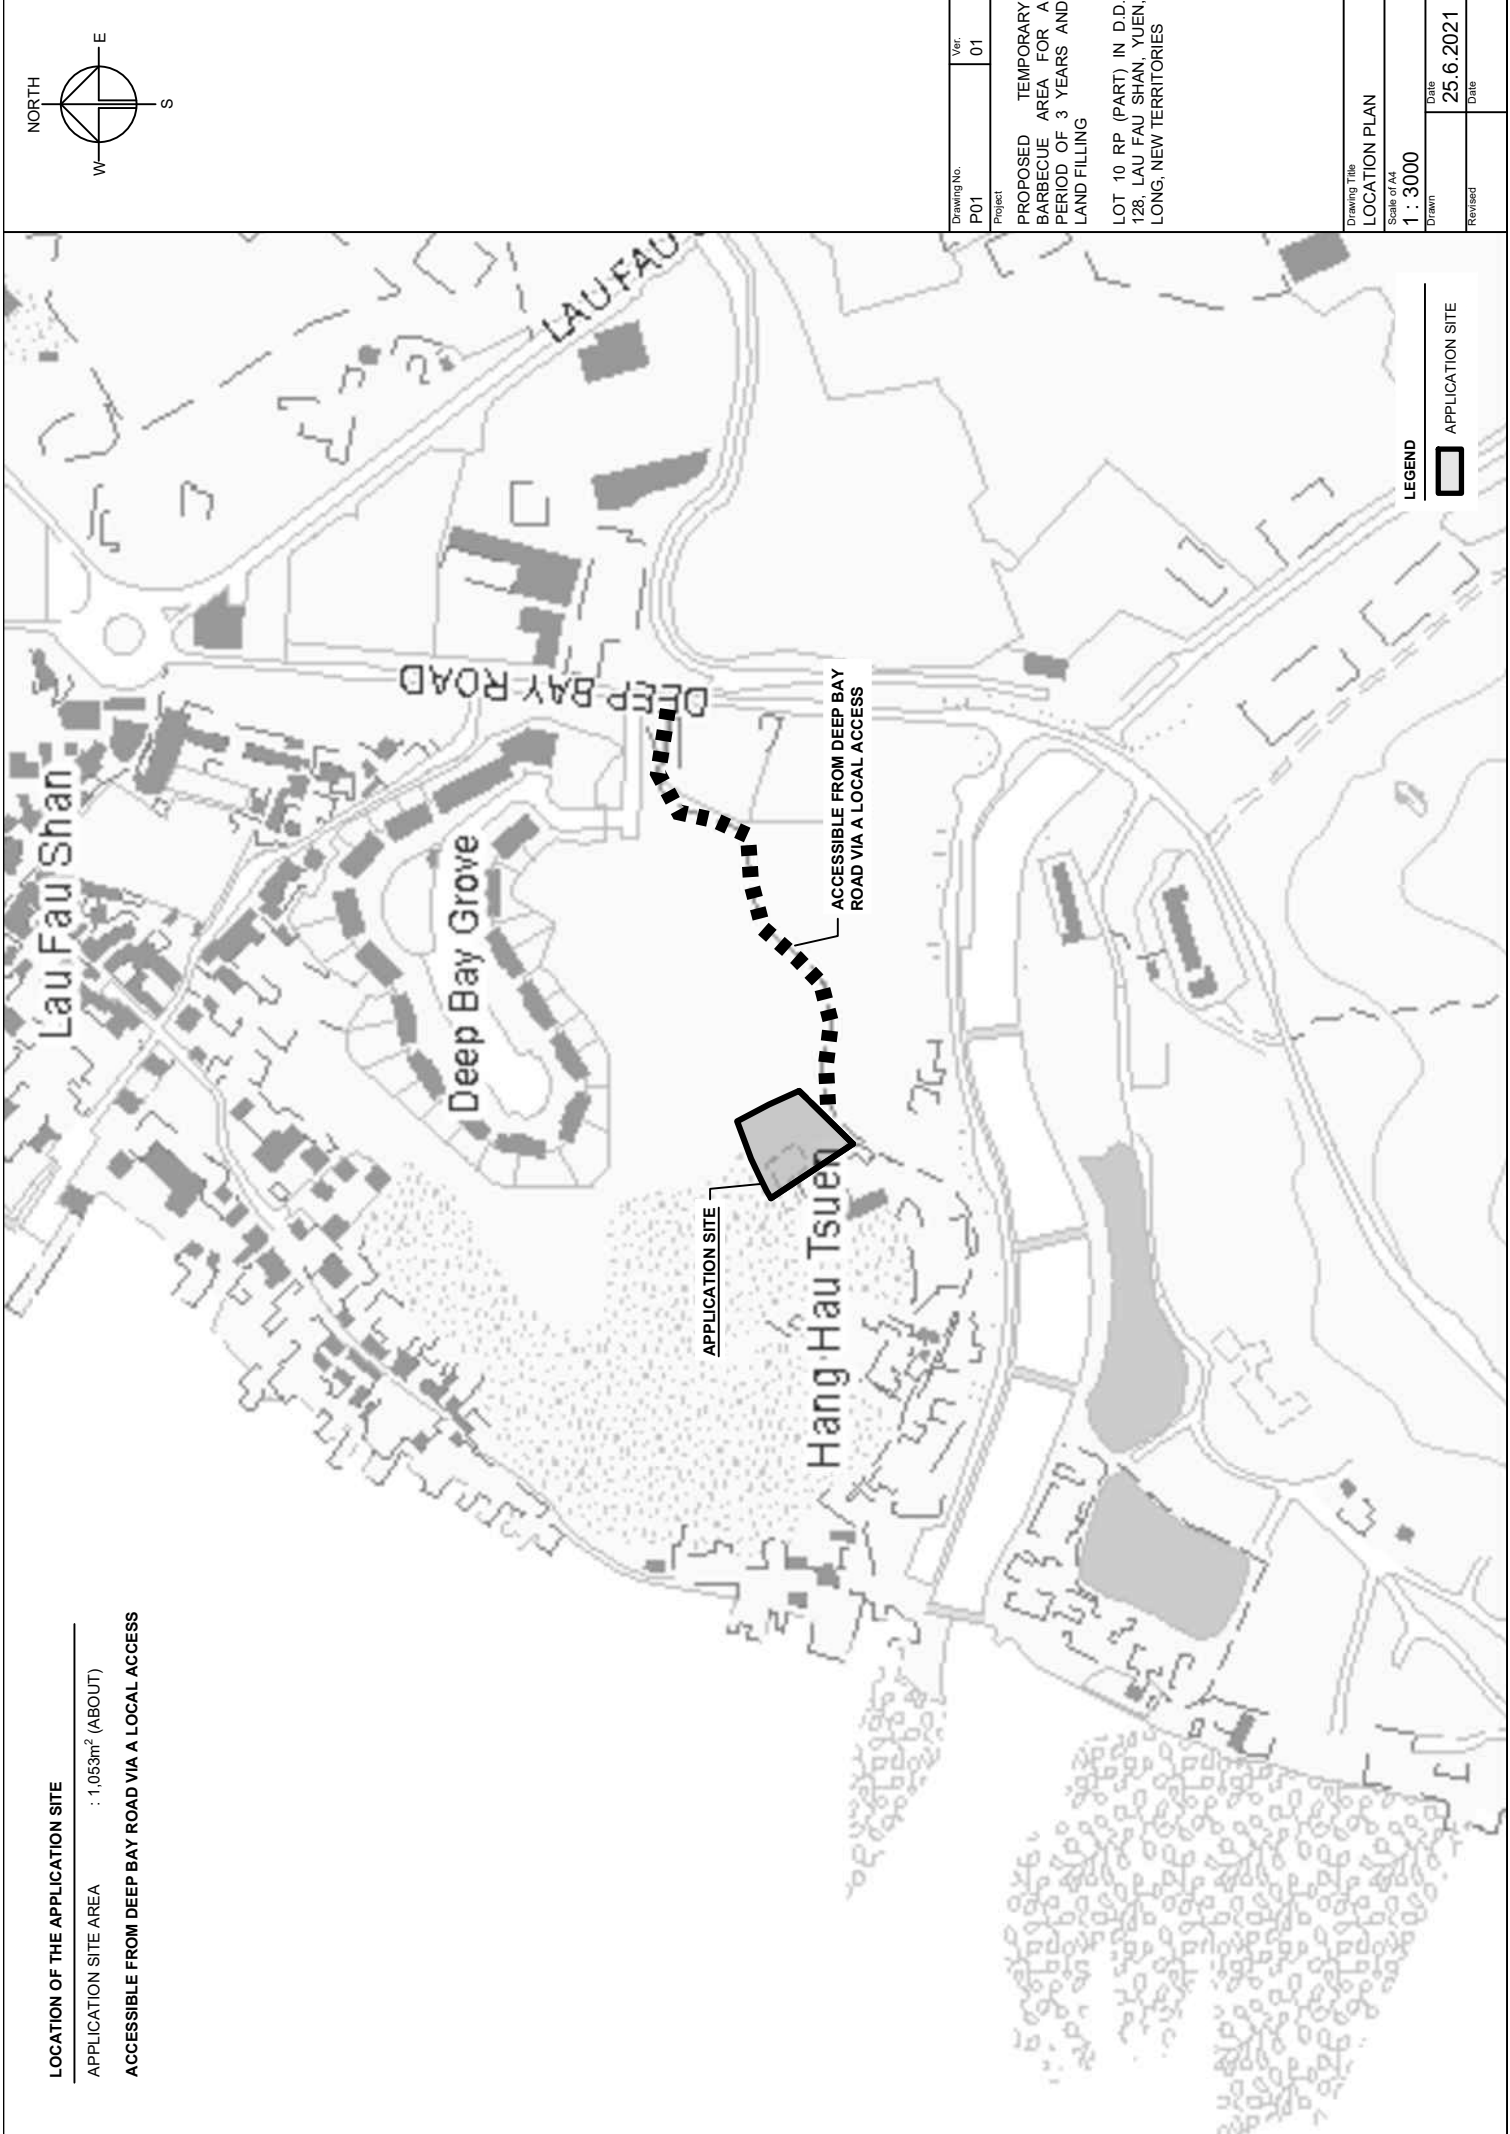

<b>Gist of Application 申請摘要</b> (Please provide details in both English and Chinese <u>as far as possible</u> . This part will be circulated to relevant consultees, uploaded to the Town Planning Board's Website for browsing and free downloading by the public and deposited at the Planning Enquiry Counters of the Planning Department for general information.) <sup>1</sup> The proposed residential development comprised four 3-storey houses within “R(C)” zone, and ten 2-storey houses within “R(D)” zone. The building height of 9m and plot ratio of 0.4 of the four 3-storey houses within “R(C)” zone, and the building height of 6m and plot ratio of 0.2 of the ten 2-storey houses within “R(D)” zone meet the respective development restrictions of the “R(C)” and “R(D)” zones. Planning permission from the Board was required, for ‘House’ was a Column 2 use under the “R(D)” zone and the aggregate plot ratio of the entire development (i.e. 0.2334) exceeded the development restriction of the “R(D)” zone.

A/YL-LFS/403 項目，明顯與 A/YL-LFS/356 項目有關，而 A/YL-LFS/356 項目對深灣畔居民造成非常不困擾，包括營業時的噪音，晚上營業至十一時或凌晨，非法經營無牌燒烤場，非法高聲熟食，販賣上明日張膽列明燒烤收費，假日時車輛阻塞居民出入，入場人數於疫情期間亦無超賣情況，本人截圖，柏照投訴接近二十次，想對其仍沒有執法，連中訴委員會都認同規劃署執法不力，A/YL-LFS/356 已非常擾民，因本人極力反對 A/YL-LFS/403 項目，以免破壞深灣畔居民福祉。

Lots 10 RP (Part) in D.D. 128, Lau Fau Shan

Site area : About 1,053 sq.m

Zoning : "Res (Group D)"

Applied use : BBQ / Land Filling / Parking??

Dear TPB Members,

The site is adjacent to Application 354 for Hobby Farm, approved under the recommendation of the ever obliging PlanD on 17 Jan 2020. However to date the conditions have not been met. That application also included filling of land.

*In response to a Member's question on the primary concern on application involving land filling, Ms Bonnie K.C. Lee, STP/TMYLW, said that as **the area had drainage concern (i.e. flooding problem)**, planning permission was required for filling of pond and filling of land in respective landuse zones on the Outline*

---

*Zoning Plan*

It would appear that the intention is to extend the Destroy to Build area.

Members should ask questions re relationship between applicants and what conditions are not being met.

There is already a large amusement/bbq site close by with vehicular access. Where is the demand for additional facilities?

**Advisory Clauses**

- (a) prior planning permission should have been obtained before commencing the applied use at the application site (the Site);
- (b) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
  - (i) the Site comprises Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government; and
  - (ii) should planning approval be given to the subject planning application, the lot owner(s) will need to apply to this office for permitting the structures to be erected or to regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by the Lands Department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by the LandsD.
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to the nearby public roads/drains. HyD shall not be responsible for the maintenance of any access connecting the Site and Deep Bay Road;
- (e) to note the comments of the Director of Environmental Protection (DEP) that the relevant mitigation measures and requirements in the revised “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” shall be followed to minimize any potential environmental nuisance. Adequate supporting infrastructure/facilities for proper collection, treatment and disposal of waste/wastewater generated from the proposed use shall be provided. If septic tank and soakaway system will be used in case of unavailability of public sewer, its design and construction shall follow the requirements of Environmental Protection Department’s Practice Note for Professional Person (ProPECC) PN 5/93 “Drainage Plans subject to Comment by the Environmental Protection Department” including percolation test. It is the obligation of the applicant to meet the statutory requirements under relevant pollution control ordinances;
- (f) to note the comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD) that according to the submitted information, the proposed barbeque area is to be grass-paved. To avoid damage to the tree roots, the applicant is reminded that the proposed locations of the 15 barbecue grills and grass-paving should not intrude into the planting area of the existing trees along the southern and western boundary of the Site. The applicant should revise the extent of grass-paved area to avoid conflict with the existing trees. According to the site visit

dated 8.7.2021, two nos. of *Bauhinia sp.* (羊蹄甲屬) near southwestern corner of the Site are withering and entwined with climbers. The applicant is reminded that irrigation and weeding of planting areas including removal of invasive climbers on trees should be carried out in regular basis for healthy growth of the plants. A *Michelia x alba* (白蘭) near north-western corner of the Site with dieback twigs is observed. The applicant should refer to the guidelines promulgated by the Development Bureau on tree management to undertake proper and regular tree maintenance work. The applicant is reminded that approval of section 16 application by the Town Planning Board does not imply approval of the tree works such as pruning, transplanting and/or felling under lease. The applicant is reminded to approach relevant authority/government department(s) direct to obtain the necessary approval on tree works;

- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the Building Authority should be obtained, otherwise they are unauthorised building works (UBW) under the Buildings Ordinance (BO). An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. For UBW erected on leased land, enforcement action may be taken by the Buildings Department to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other use are considered as temporary buildings and are subject to the control of Part VII of the B(P)R. Detailed checking under the BO will be carried out at building plan submission stage;
- (h) to note the comments of the Director of Fire Services (D of FS) that in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. The applicant shall submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSIs to be installed should be clearly marked on the layout plans. The applicant is reminded that if the proposed structure(s) is required to comply with the BO or licence is required for the subject barbecue site, detailed fire service requirements will be formulated upon receipt of formal submission of general building plans or referral from relevant licensing authority; and
- (i) to note the comments of the Director of Food and Environmental Hygiene (DFEH) that proper licence/permit issued by her Department is required if there is any food business/catering service/activities regulated by the DFEH under the Public Health and Municipal Services Ordinance (Cap. 132) and other relevant legislation for the public: (a) Under the Food Business Regulation, Cap. 132X, a food business licence is required for the operation of the relevant type of food business listed in the Regulation. For any premises intended to be used for food business (e.g. a restaurant, a food factory, a fresh provision shop), a food business licence from her Department in accordance with the Public Health and Municipal Services Ordinance (Cap. 132) shall be obtained. The application for licence, if acceptable by the FEHD, will be referred to relevant

government departments such as the Buildings Department, Fire Services Department and Planning Department for comment. If there is no objection from the departments concerned, a letter of requirements will be issued to the applicant for compliance and the licence will be issued upon compliance of all the requirements. (b) Depending on the mode of operation, generally there are three types of food business licence that the operator of an outdoor barbecue site may apply for under the Food Business Regulation (the Regulation): (i) if food is sold to customers for consumption on the premises, a restaurant licence should be obtained; (ii) if food is only prepared for sale for consumption off the premises, a food factory licence should be obtained; (iii) if fresh, chilled or frozen meat is sold, a fresh provision shop licence should be obtained. If the proposal involves any commercial/trading activities, no environmental nuisance should be generated to the surroundings. Also, for any waste generated from the commercial/trading activities, the applicant should handle on their own/at their expenses. The applicant shall be reminded that the operation of the canteen must not cause any environmental nuisance to the surrounding. The refuse generated by the proposed canteen are regarded as trade refuse. The management or owner of the site is responsible for its removal and disposal at their expenses. The operation of any business should not cause any obstruction or environmental nuisance in the vicinity.
