#### 10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary. 現請申請人提供申請理由及支持其申請的資料。如有需要,請另頁說明。

The applicant seeks to use Lot 2882 S.B RP in D.D. 104, Mai Po, Yuen Long, New Territories (the Site) for 'Proposed Temporary Shop and Services for a Period of 5 Years' (Plan P01). The applicant would like use the Site to operate a shop and services to provide interior design services to serve nearby local.

The Site falls within an area zoned as "Open Space" ("O") on the Approved Mai Po and Fairview Park Outline Zoning Plan No. S/YL-MP/6 (Plan P02). According to the Notes of the OZP, 'shop and services' is a column 2 use within the "O" zone, which requires permission from the Board. Since the application is only on a temporary basis, it will not jeopardize the long term planning intention of the "O" zone.

The Site occupied an area of 380 sq.m (about)(Plan P03). One structure is proposed at the site for shop and services and ancillary office with total GFA of 176 sq.m (about)(Plan P04). The operation hours of the proposed development are 09:00 - 19:00 daily (including public holidays). The estimated maximum number of visitor per day are 10 (about). The estimated number of staff working at the Site is 5.

The Site is accessible from Castle Peak Road (Mai Po) via a local access (Plan P01). Three private car parking spaces are provided at the Site. Sufficient maneuvering space is provided within the Site to ensure no queuing, turning back outside the Site and onto public road. No light, medium or heavy goods vehicles including container tractor/trailer will be allowed to enter/exit the site at any time during the planing approval period.

The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department to minimize adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly follow the Professional Persons Environmental Consultative Committee Practice Notes for sewerage treatment at the Site.

The proposed development will not create significant adverse traffic, environmental, landscape and drainage impacts to the surrounding areas. Adequate mitigation measures will be provided after planning approval has been granted from the Board, i.e. submission of drainage and fire service installations proposals to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully requested to approve the subject application for 'Proposed Temporary Shop and Services for a Period of 5 Years'.

Dear TPB Members,

No previous history of approval but much of this OS has been approved for other activity and PlanD will no doubt trot out the usual line that there are currently no plans to develop the long overdue community facilities.

Now that 17 district councils have been reduced to skeleton, there are no local representatives to fight for the communities.

Members should question why community facilities have not been provided and what is the time line for development. Covid could be with us for a long time. There is urgent need for more and better outdoor recreational areas near homes now that people can no longer travel out of HK.

After the success of our athletes at the Olympics there will be huge demand for various sports activities, this 'O' zone should be used to address some of the deficiencies in the Mai Po community.

Approving ever more alternative uses is effectively supporting the status quo.

#### **Recommended Advisory Clauses**

- (a) To note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
  - (i) the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
  - (ii) illegal Occupation of Government Land (GL) was detected adjoining to the Site. No permission is given for occupation of GL of about 69m² in area (subject to verification). The act of occupation of GL without Government's prior approval is not allowed; and
  - (iii) the lot owner will need to immediately apply to his office to permit the structures to be erected or regularise any irregularity on site, if any. The applicant has to either cease the illegal occupation of GL or apply a formal approval prior to the actual occupation of the GL. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Application for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fees, as may be imposed by LandsD;
- (b) to note the comments of the Commissioner for Transport (C for T) that the Site is connected to Castle Peak Road Mai Po via a section of local access which is not managed by the Transport Department (TD). The land status of the local access should be clarified with LandsD by the applicant. Moreover, the management and maintenance responsibilities of the local access should be clarified with the relevant lands and maintenance authorities accordingly;
- (c) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that HyD shall not be responsible for the maintenance for any access connecting the Site and Castle Peak Road – Mai Po. Adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains;
- (d) to note the comments of the Director of Environmental Protection (DEP) to follow the "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" to minimise potential environmental impacts on the surrounding areas;
- (e) to note the comments of the Director of Fire Services (D of FS) to submit relevant layout plans incorporated with the proposed fire service installations (FSIs) to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy, and the location of the proposed FSI should be clearly marked on the layout plans. If any proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap.123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (f) to note the comments of the Chief Building Surveyor/New Territories West, Buildings

#### Department (CBS/NTW, BD) that

- (i) there is no record of approval granted by the Building Authority (BA) for any existing structures at the Site. If any structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under BO;
- (ii) for UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under BO;
- (iii) before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of BA should be obtained, otherwise they are UBW. An Authorised Person (AP) should be appointed as the co-ordinator for any proposed building works in accordance with BO;
- (iv) the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively;
- (v) the Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of B(P)R at the building plan submission stage;
- (vi) any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings and are subject to the control of Part VII of B(P)R; and
- (vii) detailed checking under BO will be carried out at the building plan submission stage; and
- (g) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) that:
  - (i) the applicant shall make a drainage submission to demonstrate how he will collect, convey, discharge rain water falling onto or flowing to the Site. A clear drainage and plan showing full details of the existing drains and the proposed drains (e.g. cover and invert levels of pipes/catchpits/outfalls and ground levels justifying waterflow etc.) with supporting design calculations and charts should be included. The drainage proposal should be prepared according to the Guideline on preparation of the drainage proposal which is available in DSD homepage at: <a href="https://www.dsd.gov.hk/EN/Files/Technical\_Manual/dsd\_Guidelines/Drainage\_Submission.pdf">https://www.dsd.gov.hk/EN/Files/Technical\_Manual/dsd\_Guidelines/Drainage\_Submission.pdf</a>;
  - (ii) the applicant is reminded that approval of the drainage proposal must be sought prior to the implementation of drainage works on the Site;
  - (iii) after completion of the required drainage works, the applicant shall provide DSD

for reference a set of record photographs showing the completed drainage works with corresponding photograph locations marked clearly on the approved drainage plan. DSD will inspect the completed drainage works jointly with the applicant with reference to the set of photographs;

- (iv) the applicant shall ascertain that all existing flow paths would be properly intercepted and maintained without increasing the flooding risk of the adjacent areas;
- (v) no public sewerage maintained by CE/MN, DSD is currently available for connection. For sewage disposal and treatment, agreement from DEP shall be obtained;
- (vi) the applicant is reminded that the proposed drainage works as well as the site boundary should not cause encroachment upon areas outside his jurisdiction;
- (vii) all the proposed drainage facilities should be constructed and maintained by the applicant at his own cost. The applicant should ensure and keep all drainage facilities on site under proper maintenance during occupancy of the Site; and
- (viii) the applicant should consult DLO/YL, LandsD regarding all the proposed drainage works outside the site boundary in order to ensure the unobstructed discharge from the Site in future.
