10. Justifications 理由

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

Background

The applicant seek to use Lot 630 (Part) in D.D. 104, Ngau Tam Mei, Yuen Long, New Territories (the Site) for 'Proposed Temporary Shop and Services for a Period of 5 Years (proposed development) (Plan 1). The applicant would like to use the Site to operate a convenience store with ancillary office to serve the local demand and support the needs of the nearby residents.

Planning Context

The Site falls within an area zoned as "Recreation" ("REC") on the Approved Ngau Tam Mei Outline Zoning Plan No.: S/YL-NTM/12 (Plan 2). According to the Notes of the OZP, 'shop and services' is a column 2 use within the "REC" zone, which requires permission from the Board. As the proposed development intends to support the needs of the nearby locals and the low-rise proposed structures, it is considered not in compatible with the surrounding area. In addition, as the application is only on a temporary basis, the proposed development would therefore not jeopardize the long term planning intention of the "REC" zone.

Development Proposal

The Site occupied an area of 434 sq.m (about) of private land (Plan 3). Two 2-storey structures (7m high) are proposed at the Site for shop and services with total GFA of 288 sq.m (about)(Plan 4). The remaining uncovered area will be used for circulation and loading/unloading area. The Site is accessible from Ngau Tam Mei Road via a local access (Plan 1). 1 loading/unloading (L/UL) space for light goods vehicle is provided at the Site (Plan 4). Sufficient space is provided for vehicle to smoothly manoeuvre to/from and within the Site to ensure no queuing, turning back outside the Site during the planning approval period (Plan 5). No medium or heavy goods vehicles exceeding 5.5 tonnes, including container tractors / trailers, as defined in the Road Traffic Ordinance are allowed to be parked/stored on or enter/exit the Site at any time during the planning approval period. As traffic generation and attraction of the proposed development is minimal, adverse traffic impact to the surrounding road network should not be anticipated (Appendix I).

Operation Mode

The proposed development is operated from 09:00 to 18:00 daily, including public holiday. 4 nos. of staff will work at the Site. The loading/unloading space is provided for transportation of goods to support the daily operation of the proposed development. Lot 630 (Part) in D.D. 104, Ngau Tam Mei, Yuen Long

Site area: About 434sq.m

Zoning: "Recreation"

Applied use: Shop / 1 Vehicle Parking

Dear TPB Members,

Strong objections. The site is, or was until recently, wooded and covered in natural vegetation. -

Approval of the application would set a precedence and encourage destruction of the natural environment that is compatible with the "R" zoning where there are paths connecting with the basketball court/playground where people can stroll.
