**Extract of Town Planning Board Guidelines
on Renewal of Planning Approval
and Extension of Time for Compliance
with Planning Conditions for Temporary Use or Development**

(TPB PG-No. 34D)

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.
2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

2.	A/YL-NTM/277	Renewal of Planning Approval for Temporary Fish Farming for a Period of 3 Years	9.11.2012 (3 years)
3.	A/YL-NTM/318	Temporary Fish Farming for a Period of 3 Years	22.5.2015 (3 years)

Rejected Applications

No.	Application No.	Use(s)/Development(s)	Date of Consideration (RNTPC)	Rejection Reason(s)
1.	A/YL-NTM/147	Temporary Open Storage of Construction Materials for a Period of 3 Years	25.7.2003	(1), (2), (3), (4)
2.	A/YL-NTM/223	Proposed Comprehensive Low Density Residential Development	19.6.2009	(5), (6), (7)

Main Reasons for Rejection

- (1) The proposed open storage of construction materials was not in line with the planning intention of the “Comprehensive Development Area” (“CDA”) zone. No strong justification had been provided in the submission for a departure from the planning intention of the “CDA” zone.
- (2) The proposed open storage of construction materials was not compatible with the rural character of the area and the adjacent uses.
- (3) There was insufficient information in the submission to demonstrate that the proposed development would not have adverse environmental, traffic, drainage and landscape impacts on the surrounding areas.
- (4) Approval of the application would set an undesirable precedent for similar applications in the surrounding area.
- (5) The impact assessments submitted by the applicant were applicable to part of the “CDA” zone only and could not demonstrate that the planning intention of the “CDA” zone (i.e. that it should be comprehensively developed in whole) and its development parameters as stipulated on the Outline Zoning Plan were achievable without causing any adverse impacts on the surrounding areas.
- (6) The submitted impact assessments could not demonstrate that there would not be odour nuisance from the nearby Tam Mei Barracks Sewage Treatment Works in the long run.
- (7) The submitted technical assessments could not demonstrate that the tree planting of the proposed development would be under proper management and maintenance.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD):

- the application site (the Site) comprises Government Land (GL) and Old Schedule Agricultural Lots 963 and 956 in D.D. 104 held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
- the GL of the Site is covered by a Short Term Tenancy (STT) No. 2865 for the purpose of “Temporary Fish Farming”;
- the private land Lot No. 956 in D.D.104 is covered by Short Term Waiver (STW) No. 4216 to permit structures for the purpose of “Temporary Fish Farming”;
- should planning approval be given to the subject application, the STT/STW holders will need to immediately apply to his office for modification of the STT/STW conditions where appropriate. Moreover, the lot owner(s) of the lot(s) without STW will need to apply to his office for permitting the structures to be erected or regularise any irregularity on the Site, if any. Besides, given the applied use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by LandsD; and
- advisory comments as detailed in **Appendix V**.

2. Traffic

Comments of the Commissioner for Transport (C for T):

3. Environment

Comments of the Director of Environmental Protection (DEP):

- he has no objection to the application from environmental planning perspective;
- there was no substantiated environmental complaint concerning the Site received by the Environmental Protection Department in the past three years; and
- advisory comments as detailed in **Appendix V**.

4. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- based on the planning statement enclosed in the application, apparently the applicant would maintain the same drainage facilities as those implemented under previous planning application No. A/YL-NTM/420. In view of the above, he has no objection in principle to the proposed development from the public drainage point of view;
- should the Board consider that the application is acceptable from the planning point of view, conditions should be stipulated in the approval letter requiring (i) to maintain the drainage facilities implemented under application No. A/YL-NTM/420; and (ii) to submit records of the existing drainage facilities on site to the satisfaction of the Director of Drainage Services or of the Board.

5. Fire Safety

Comments of the Director of Fire Services (D of FS):

- he has no objection in principle to the renewal application subject to the existing fire service installations implemented on the site being maintained in efficient working order at all times.

Recommended Advisory Clauses

- (a) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Short Term Tenancy (STT)/Short Term Waiver (STW) holders will need to immediately apply to his office for modification of the STT/STW conditions where appropriate. Moreover, the lot owner(s) of the lot(s) without STW will need to apply to his office for permitting the structures to be erected or regularise any irregularity on the Site, if any. Besides, given the applied use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by LandsD.
- (b) to note the comments of the Commissioner for Transport (C for T) that:
- the Site is connected to Ngau Tam Mei Road via a section of local access which is not managed by the Transport Department;
 - all vehicles of 7m or above are currently prohibited to enter Ngau Tam Mei Road; and
 - the land status of the local access should be clarified with LandsD by the applicant. Moreover, the management and maintenance responsibilities of the local access should be clarified with the relevant lands and maintenance authorities accordingly.

 - if the existing structures are erected on leased land without the approval of the BA, they are UBW under the BO and should not be designated for any proposed use under the captioned application;

- for UBW erected on leased land, enforcement action may be taken by the Buildings Department to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the application site under the BO;
- any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R; and
- detailed checking under the BO will be carried out at building plan submission stage.
