S.16 PLANNING APPLICATION APPROVED PING SHAN OUTLINE ZONING PLAN NO. S/YL-PS/20

Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years in "Village Type Development" Zone Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long

Supporting Planning Statement

December 2023

Applicant: Long Tin Car Park Management Limited

Consultant: KTA Planning Limited S3110_PS_V01

Executive Summary

The Applicant, Long Tin Car Park Management Limited, is seeking renewal of planning approval from the Town Planning Board ("TPB") under Section 16 of the Town Planning Ordinance for the temporary public vehicle park (private cars) for a period of 3 years at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long ("the Site"). The Site is situated within an area zoned "Village Type Development" ("V") on the Approved Ping Shan Outline Zoning Plan ("the OZP") No. S/YL-PS/20. The Site has an area of about 2,315m².

The Site is currently used as a public vehicle park (private cars) as approved by the TPB since 2015. As a renewal application of the previous approved application No. A/YL-PS/626, this application is for the same use at the same site with the same layout and number of parking spaces. The public vehicle park is decently operated under proper management. Existing landscape planting, boundary fencing, drainage facilities and fire service installations are well maintained. The traffic arrangement agreed under the previous approved applications is still applied.

Since the last planning approval, there is no material change in the planning circumstances nor land uses of the surrounding areas. The renewal of the planning approval will unlikely cause adverse traffic, drainage, visual, landscape and environmental impacts to the surrounding. The applicant has complied with all the approval conditions attached in the previous approval. All the planning justifications in respect of the Application No. A/YL-PS/626 should remain valid.

In consideration of the above, we sincerely request the TPB to support this Planning Application from planning and technical points of view.

Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars) in "Village Type Development" Zone at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long

Supporting Planning Statement

1 INTRODUCTION

1.1 **Purpose**

- 1.1.1 This Planning Application is prepared and submitted on behalf of Long Tin Car Park Management Limited ("the Applicant") to seek renewal of planning approval from the Town Planning Board ("TPB") under Section 16 of the Town Planning Ordinance for the temporary public vehicle park (private cars) for a period of 3 years at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land ("GL"), Ha Mei San Tsuen, Ping Shan, Yuen Long ("the Site"). The Site falls within an area zoned "Village Type Development" ("V") on the Approved Ping Shan Outline Zoning Plan ("the OZP") No. S/YL-PS/20.
- 1.1.2 The Site is the subject site of four previous approved s.16 planning applications for temporary public vehicle park uses:

	Application No.	Proposed Use	Decision Date
1.	A/YL-PS/216	Temporary Public Vehicle Park for Private Cars and Light Goods Vehicle for a Period of 3 Years	Approved with conditions on 24.6.2005 (Revoked on 15.12.2005)
2.	A/YL-PS/463	Temporary Public Vehicle Park for Private Cars for a Period of 3 Years	Approved with conditions on 27.2.2015
3.	A/YL-PS/551	Temporary Public Vehicle Park for Private Cars for a Period of 3 Years	Approved with conditions on 9.2.2018
4.	A/YL-PS/626	Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years	Approved with conditions on 26.2.2021 (planning permission to be expired on 26.2.2024)

Table 1.1	Previous Approved Planning Applications for the Site

1.1.3 The last Application No. A/YL-PS/626 was approved with conditions by the TPB on 26 Feb 2021 for 3 years, with the planning permission cease to expire on 26 Feb

2024. All the other approval conditions had been complied with (Details refer to **Section 2.6**).

1.1.4 In order to continue the current temporary public vehicle park operation on the Site, the same Applicant therefore submits this Application for a renewal of the permitted uses. There would be no change in the proposed development parameters, the nature and operation of the land uses as compared with the last approved Application No. A/YL-PS/626. There is also no change in the planning circumstances and physical setting of the surroundings. This Supporting Planning Statement is intended to demonstrate the suitability of the Site for continual operation of a temporary public vehicle park (private cars).

1.2 **Report Structure**

1.2.1 Following this Introductory Section, the site and planning context will be briefly set out in Section 2. The Development Scheme is included in Section 3 followed by planning merits and justifications for the Planning Application in Section 4. Section 5 concludes and summarizes this Supporting Planning Statement.

2 SITE AND PLANNING CONTEXT

2.1 Site Location and Existing Condition

2.1.1 The Site is located to the southeast of Ha Mei San Tsuen in Ping Shan. It comprises Lots 44 (Part), 72 (Part) and 73 (Part) in D.D.122 and adjoining GL (Figure 2.1 Location Plan refers). The Site is at present accessible from Yung Yuen via a local access road.

2.2 Land Status

2.2.1 The Site comprises private land and adjoining GL (**Figure 2.2** Site Plan refers). The major portion of the Site (93.6%) is private land under old schedule agricultural lots under Block Government Lease. While none of which is owned by the Applicant, reasonable steps have been taken to obtain/give the necessary owner's consent/notification. The remaining portion (6.4%, about 149m2) is GL which is covered by Short Term Tenancy No. 2858 for the purpose of temporary public vehicle park (private cars).

2.3 **Statutory Planning Context**

2.3.1 The Site falls within an area zoned "V" on the OZP (**Figure 2.1**). According the statutory Notes for the "V" zone on the OZP, "Public Vehicle Park (excluding container vehicle)" is a Column 2 use which requires planning permission from the TPB. While the Notes stated the planning intention of the "V" zone is "*primarily intended for development of Small Houses by indigenous villagers.*", it also stated that "Other commercial, community and recreational uses may be permitted on application to the Town Planning Board."

2.4 Surrounding Land Use Pattern

- 2.4.1 The Site is surrounded mainly by low-rise village settlements with a mix of village houses, open storage yards and logistic centre (**Figure 2.3** Site Plan refers):
 - x To the north and east are village houses and an open storage yard;
 - x To the south are village houses, an eating place under Application No. A/YL-PS/678 and a public vehicle park approved under Application No. A/YL-PS/649. To the further south across the MTR Tuen Ma Line viaduct is a logistic centre and vehicle park approved under Application No. A/YL-PS/633; and
 - x To the west are village houses and an open storage yard.

2.5 **Similar Planning Applications**

2.5.1 As shown on Figure 2.1, there have been two approved applications for temporary public vehicle park within the same "V" zone. The details of the similar applications approved in the past five years are listed below.

	Application No.	Use(s)/Development(s)	Site Area (m²) (about)	Approval Date
1.	A/YL-PS/578	Temporary Public Vehicle Park for Private Cars and Light Goods Vehicles for a Period of 3 Years	(Partly falls	4.1.2019
2.	A/YL-PS/649	Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars and Light Goods Vehicles) for a Period of 3 Years	within "Green Belt" Zone)	24.12.2021

Table 2.1Similar S.16 Applications for Temporary Public Vehicle Park with the same "V" zone
on the Approved Ping Shan Outline Zoning Plan No. S/YL-PS/20 in the Past Five Years

2.6 Planning History of the Site

2.6.1 As briefly explained in Section 1, the Site or part of the site is the subject site of three previous approved applications, including Application No. A/YL-PS/216, 463, 551 and 626. The Site is the same site of the last approved Application No. A/YL-PS/626 (approved by the TPB on 26 Feb 2021). All the approval conditions had been complied with and the planning permission of this previous application will be expired on 26 Feb 2021 (Appendix 1 refers). The approval conditions and their status are listed out below:

	Approval Conditions	Status on Compliance	Date of Compliance
(a)	No operation between 11:00p.m. and 7:00a.m., as proposed by the Applicant, is allowed on the site during the planning approval period	q	During the approval period
(b)	Only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period	q	During the approval period
(c)	A notice should be posted at a prominent location of the site to indicate that only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period	q	During the approval period
(d)	No vehicle without valid licence issued under the Road Traffic Ordinance is allowed to be parked/stored on the site at any time during the planning approval period	q	During the approval period
(e)	No vehicle washing, vehicle repair, dismantling, paint spraying or other workshop activity, as proposed by the applicant, is allowed on the site at any time during the planning approval period	q	During the approval period
(f)	No vehicle is allowed to queue back to or reverse onto/from public road at any times during the planning approval period	q	During the approval period
(g)	The existing landscape planting on the site shall be maintained at all times during the approval period	q	During the approval period
(h)	The existing drainage facilities shall be maintained at all times during the planning approval period	q	During the approval period
(i)	The existing boundary fencing on the site shall be maintained at all times during the planning approval period	q	During the approval period
(j)	The submission of a condition record of the existing drainage facilities within 3 months from the date of planning approval to the satisfaction of the Director of Drainage Services or of the TPB by 26.5.2021	q	Complied (Appendix 2 letter from Planning Department dated 18.5.2021 refers)
(k)	The submission of a fire service installations proposal within 6 months from the date of planning approval to the satisfaction of Director of Fire Services or of the TPB by 26.8.2021	q	Complied (Appendix 2 letter from Planning Department dated 21.5.2021 refers)
(I)	In relation to (k) above, the implementation of fire service installations proposal within 9 months from the date of planning approval to the satisfaction of Director of Fire Services or of the TPB by 26.11.2021	q	Complied (Appendix 2 letter from Planning Department dated 15.7.2021 refers)
(m)	If any of the above planning condition (a), (b), (c), (d), (e), (f), (g), (h), or (i) is not complied with during the approval period, the approval hereby given shall cease to have effect and shall be revoked immediately without further notice	q	During the approval period
(n)	If any of the above planning condition (i), (k) or (l) is not complied with by the above specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice	q	During the approval period

Status of the Approval Conditions of the Application No. A/YL-PS/626

3 DEVELOPMENT SCHEME

3.1 **Public Vehicle Park (Private Cars)**

- 3.1.1 The Site is intended for a public vehicle park for private cars same as the previous approved Application No. A/YL-PS/626. All development parameters, including the site area (2,315m²), site boundary, layout and number of parking spaces (79 private car parking spaces) would be the same as Application No. A/YL-PS/626 (**Figure 3.1** Layout Plan refers).
- 3.1.2 The Site is well-paved, properly fenced off by boundary fencing, and with the provision of drainage facilities and fire service installations and well-maintained landscape planting. All approval conditions were complied with good site management carried out throughout the approval period.

3.2 Access and Traffic

- 3.2.1 The Site is accessible from Yung Yuen Road via a local access road. Four pedestrian entrances are also provided to facilitate the access of the local villages. The aisles and spaces in between the rows of car parking spaces will have a clear width of not less than 5m, which is sufficient for manoeuvring of private cars. Besides, the clear width of the ingress and egress point is 5m. Details of the internal traffic layout are shown in **Figure 3.2**.
- 3.2.2 Traffic arrangement agreed under Application No. A/YL-PS/626 would remain unchanged. Only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked at the Site at any time. No vehicle without valid licence issued under the Road Traffic Ordinance is allowed to be parked/stored on the Site at any time. No vehicle will be allowed to queue back to or reverse onto/from public road at all times.
- 3.2.3 As demonstrated in the trip generation and attraction estimation under Application No. A/YL-PS/626, the estimated traffic generation and attraction of the development will be insignificant in both morning and afternoon peak. Given that the nearby local villages are located in close proximity to light rail station (Tin Tsz Station), railway station (Tin Shui Wan Station) and nearby bus stops, majority of residents would travel by public transport during weekdays, and mainly drive during weekends/holidays. Most of the cars are therefore parked within the Site most of the time and the traffic flow generated by the development is generally low. This Application will not pose adverse traffic impact on the surrounding road network.

3.3 Boundary Fencing and Landscape

3.3.1 The approval conditions under Application No. A/YL-PS/626 in relation to the maintenance of the boundary fencing and landscape planting had been complied (**Figure 3.3** Landscape and Drainage Plan refers).

3.3.2 Regular maintenance including watering, weeding, pest control, litter removal, fertilizing etc. will remain undertaken by the Applicant. The plants are well maintained and are in good condition as shown in **Figure 3.4** Site Photos.

3.4 **Drainage Facilities**

- 3.4.1 Adequate drainage facilities including peripheral surface channel and catch pits were installed to ensure no adverse drainage impact on the surrounding areas to satisfaction of Drainage Services Department (**Figure 3.3** Landscape and Drainage Plan refers).
- 3.4.2 The approval conditions under Application No. A/YL-PS/626 in relation to the maintenance and record submission of existing drainage facilities had been complied.
- 3.4.3 Regular cleaning and maintenance are carried out. The existing drainage facilities on the Site are well maintained as shown in **Figure 3.4** Site Photos. No flooding in the surrounding area is recorded.

3.5 Fire Service Installations

- 3.5.1 Adequate fire services installations (FSIs) including fire extinguishers have been provided. The approval conditions under Application No. A/YL-PS/626 in relation to the submission and implementation of fire services installations proposal had been complied.
- 3.5.2 Since the proposed use and layout of this Application is the same as the previous Application No. A/YL-PS/626, the previous approved Fire Service Layout Plan and Certificate of Fire Service Installation and Equipment are attached in Appendices 3 and 4 respectively.

4 PLANNING MERITS AND JUSTIFICATIONS

4.1 **Previous Planning Approval has been Granted**

4.1.1 The same use at the Site was approved by the TPB since 2015. The public vehicle park has been well-managed and has not caused any adverse traffic, drainage, fire safety, and other environmental impacts throughout the years. It would not set an undesirable precedent case for similar applications. All planning conditions imposed under the previous applications are complied with to the satisfaction of the relevant Government departments. The good track records should merit the approval of this application by the TPB.

4.2 All Approval Conditions of the Previous Approved Applications have been executed and fulfilled

4.2.1 As explained in **Section 2.6**, all approval conditions of the Application No. A/YL-PS/626 had been compiled with during the 3 years of planning permission period. The Applicant has submitted and implemented the previous accepted FSIs proposal, maintained the existing landscape planting, boundary fencing, drainage facilities, as well as executed the agreed traffic arrangement. The Applicant is willing to execute and fulfil the existing approval conditions in the future.

4.3 In Line with the Town Planning Board Guidelines (TPB PG-No. 34D)

4.3.1 The nature of the current application in terms of approval period sought and proposed use is the same as that proposed in the last approved application (No. A/YL-PS/626). Apart from the fact that there are no changes in the proposed development parameters nor the nature/operation of the proposed uses, the physical settings surrounding the Site would also be unchanged compared to the last approved application. In addition, no adverse planning implications by allowing the current application is likely to be anticipated and the Applicant has in fact complied with all planning conditions under the previous approval within specified time limits. In view of this, the current application shall be deemed and entitled to be considered as an application of renewal of planning approval according to Town Planning Board Guidelines (TPB PG-No. 34D).

4.4 **Previous Planning Justifications Are Still Applicable**

4.4.1 Since this Application is the renewal of the permitted use on the Site, the justifications in relation to the previous approved Application No. A/YL-PS/626 are still valid. The planning justifications are briefly summarized as below:

4.4.1.1 Suitable for the Proposed Interim Use and Will Not Jeopardise the Long-Term Planning of the "V" Zone

The Site is zoned as "V" zone on the approved Ping Shan Outline Zoning Plan No. S/YL-PS/20 (**Figure 2.1**). The planning intention of "V" zone is "*to reflect existing*

recognized and other villages, and to provide land considered suitable for village expansion and reprovisioning of village houses affected by Government projects". At present, the indigenous villagers have no intention to build their small houses and rent their lots to the applicant for the proposed temporary public vehicle park to serve the local villagers in the vicinity. It therefore will not jeopardise the planning intention of the "V" zone. In fact, the proposed public vehicle park will serve the local villagers and complement the village type development.

4.4.1.2 Compatible with the Surrounding Uses

The Site is located in a mixed neighbourhood with village houses and other logistic centres, open storage yards, vehicle parks and vacant land (**Figure 2.3**). The proposed temporary public vehicle park is compatible with the character of its surrounding areas and will not cause any adverse impacts to the surrounding. There is also adequate buffer between the vehicle park separating the adjoining lots with existing small houses and potential lots for small houses. Peripheral fencing with wooden planks also enhances visual amenity of the Site. As such, the proposed development is compatible with and will not affect the village development in the area.

4.4.1.3 Help Meet the Existing Parking Demand in the Area and Fulfil the HKPSG Standard

According to Chapter 8 of Hong Kong Planning Standard and Guidelines, the parking standard for village houses is up to 1 car parking space for each standard NTEH (65m²) with 10-15% of provision for overnight goods vehicles, and they are generally provided in communal parking area(s) within the village environ. Therefore, the provision of vehicle parks can help alleviate the demand of parking spaces in the area. The proposed public vehicle park can provide 79 parking spaces for private cars (**Figure 3.1**). It serves as an essential supporting facility for residents of the "V" zone. Since the operation of the proposed public vehicle park in 2015, the problem of illegal road side parking has been reduced.

4.5 No Adverse Traffic Impact

4.5.1 Traffic arrangement agreed under Application No. A/YL-PS/626 would be applied. Sufficient manoeuvring space and adequate width of aisles and ingress/egress point are provided to ensure smooth operation of the vehicle park. Since the proposed vehicle park with only 79 parking spaces which is intended to serve the parking demand from the local villagers and to help alleviate on-street illegal parking, no adverse impact on traffic network is envisaged.

4.6 **Provision of Fire Services Installations to Enhance Fire Safety**

4.6.1 Proper FSIs are provided to the satisfaction of FSD under the previous approved Application No. A/YL-PS/626 (**Appendix 3**). The FSIs approved by FSD are well maintained and in good condition (**Appendix 4**).

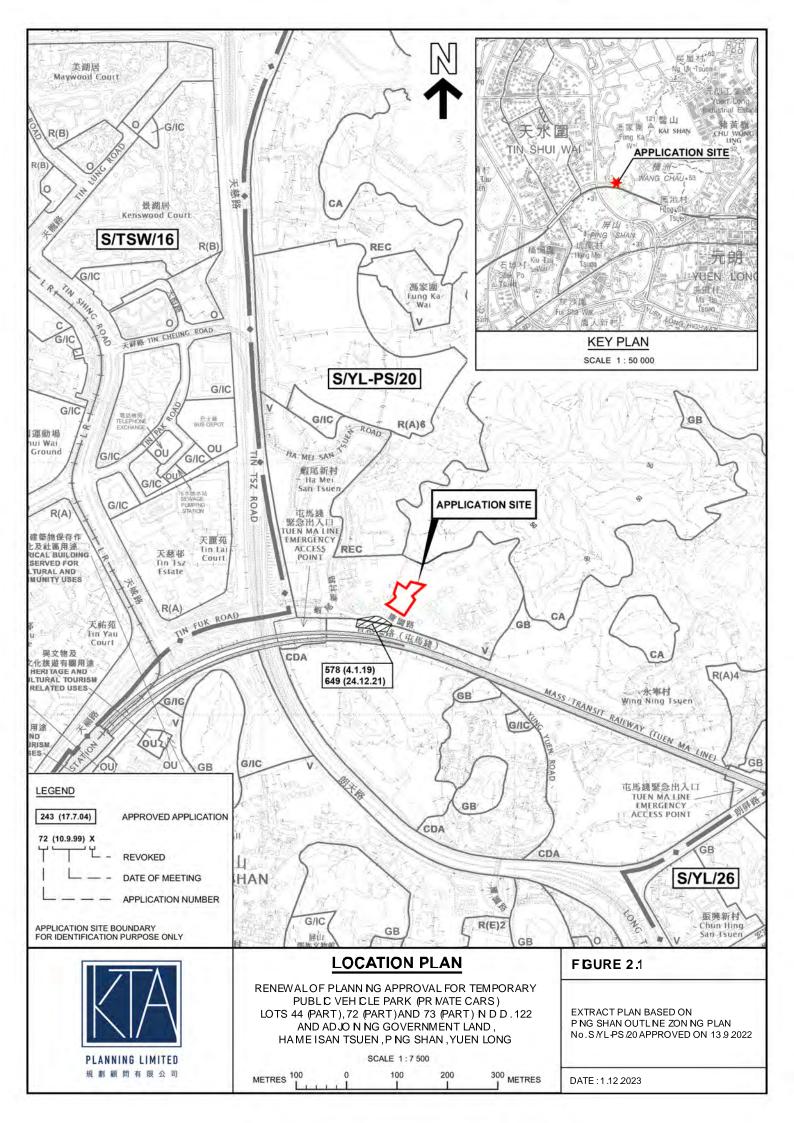

4.7 **Provision of Mitigation Measures to Ensure No Adverse Environmental, Visual,** Landscape and Drainage Impact

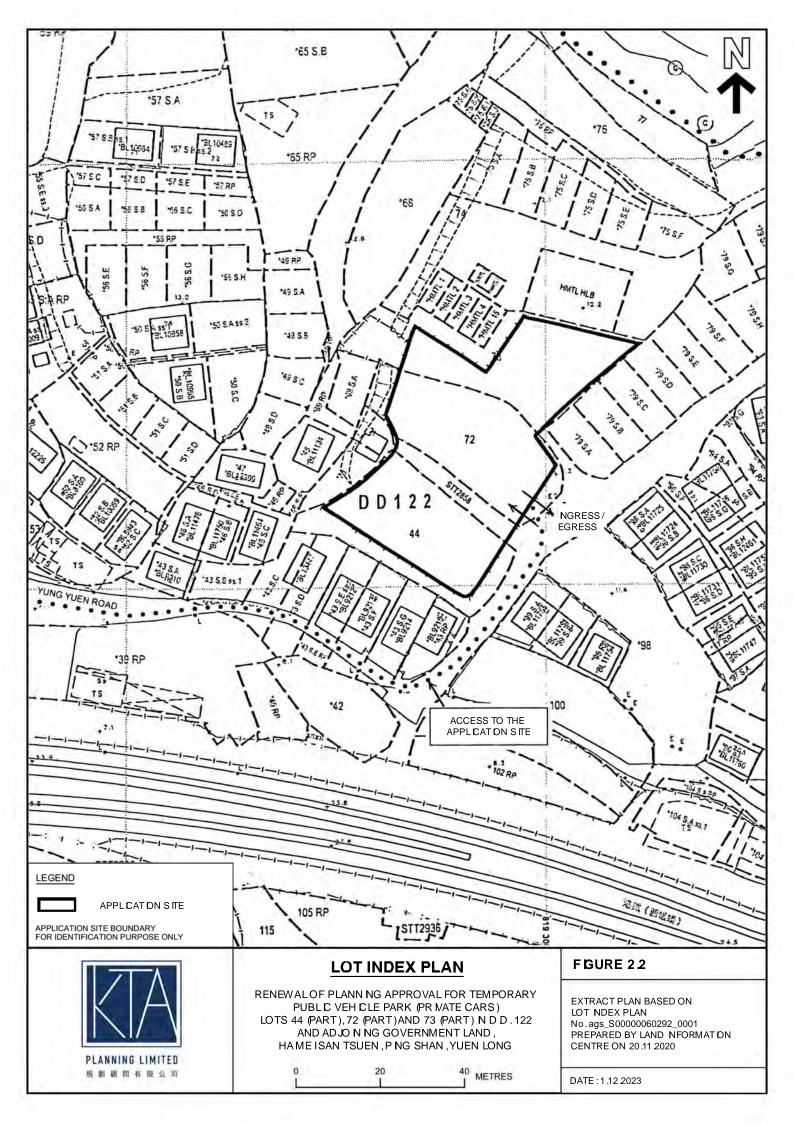

- 4.7.1 The Site is decently operated, well-paved and well-managed, it is a non-polluting use (**Figure 3.4**). Therefore, no adverse environmental impact is envisaged. The Director of Environmental Protection (DEP) had no adverse comment on the previous application from environmental point of view.
- 4.7.2 The applicant had complied the approval conditions of the previous Application No. A/YL-PS/626 in relation to the provision of landscape planting, boundary fencing and drainage facilities (**Appendix 2**). No adverse visual, landscape and drainage impact to the surroundings is envisaged.

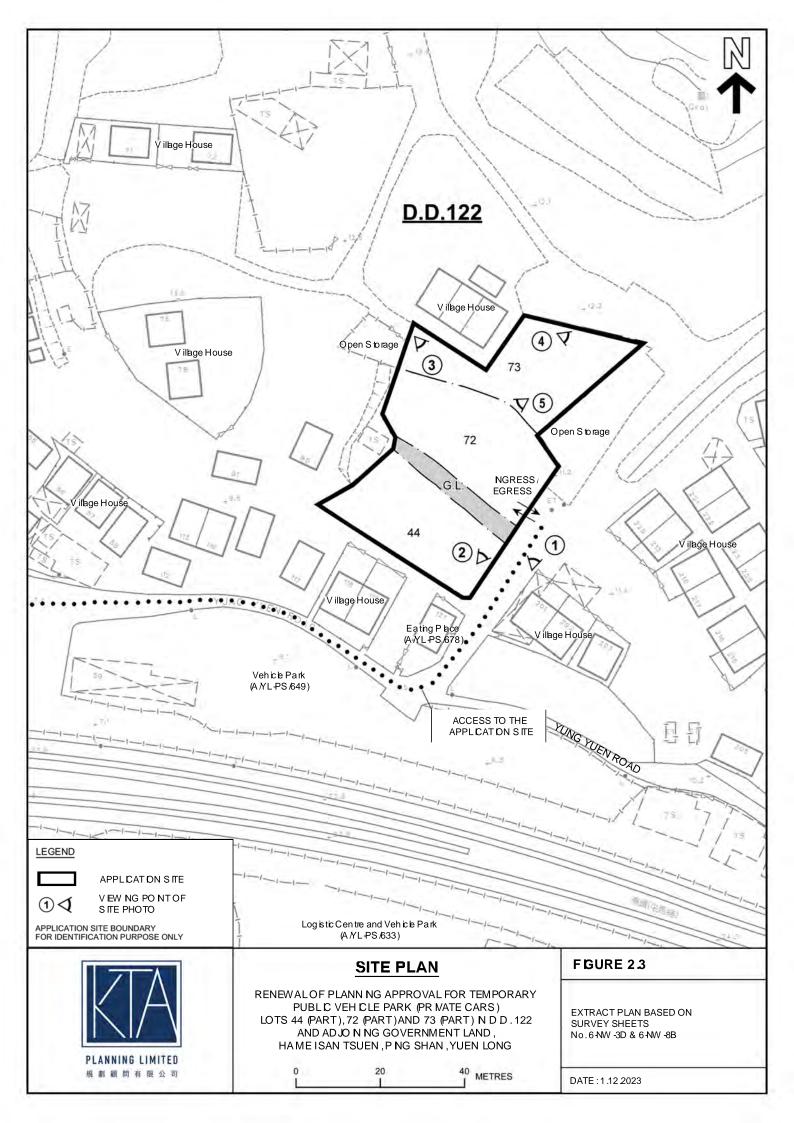

5 SUMMARY AND CONCLUSION

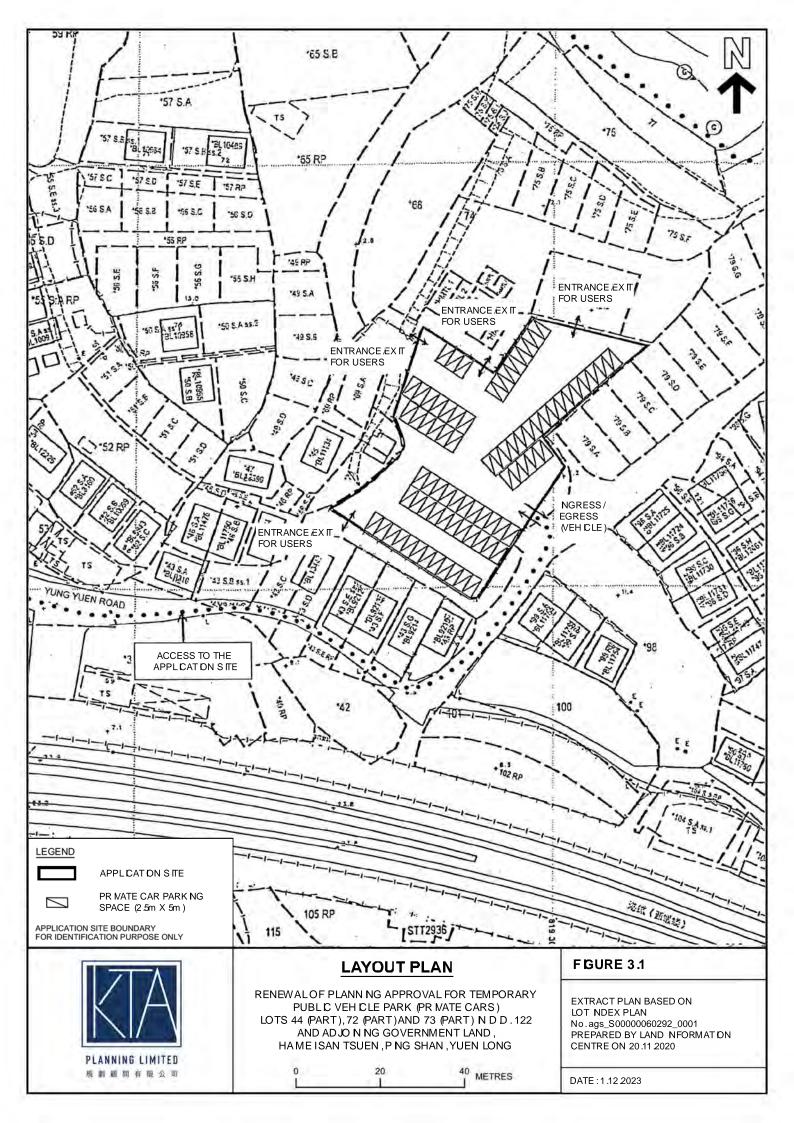

- 5.1 The Applicant is seeking renewal of approval from the TPB for Temporary Public Vehicle Park (Private Cars) for a period of 3 years at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long.
- 5.2 The current application is a renewal of the latest planning permission from the TPB under Planning Application No. A/YL-PS/626 given on 26.2.2021 which will be expired on 26.2.2024 such that the Applicant will be given an opportunity to continue utilising the Site for the proposed use. There would be no change in the proposed development parameters, the nature/operation of the proposed use and the overall physical setting surrounding the Site.
- 5.3 The Site falls within an area zoned "V" on the OZP No. S/YL-PS/20. As detailed in the Planning Statement, the proposed use is well justified on the grounds that:
 - a) Previous planning approval has been granted;
 - b) All approval conditions of the previous approved applications have been executed and fulfilled;
 - c) This Application is in line with the TPB Guidelines (TPB PG-No. 34D);
 - d) Previous planning justifications are still applicable:
 - x The Site is suitable for the proposed interim use and will not jeopardise the long-term planning of the "V" zone;
 - x The Site is compatible with the surrounding uses; and
 - x The proposed use help meet the existing parking demand in the area and fulfil the HKPSG standard;
 - e) No adverse traffic impact is anticipated;
 - f) Fire services installations are provided to enhance fire safety; and
 - g) Mitigation measures are provided to ensure no adverse environmental, visual, landscape and drainage impact to the surrounding area.
- 5.4 In view of the applicant's excellent track record to fulfil the approval conditions and efforts to mitigate possible environmental impacts, members of the TPB are respectfully requested to give favourable consideration to the application.

TOWN PLANNING BOARD

15/F., North Point Government Offices 333 Java Road, North Point, Hong Kong.

By Post & Fax (2620 6022)

12 March 2021

Dear Sir/Madam,

Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years in "Village Type Development" Zone, Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long

I refer to my letter to you dated 2.2.2021.

After giving consideration to the application, the Town Planning Board (TPB) approved the application for permission under section 16 of the Town Planning Ordinance on the terms of the application as submitted to the TPB. The permission shall be valid on a temporary basis for a period of 3 years until 26.2.2024 and is subject to the following conditions:

- (a) no operation between 11:00 p.m. and 7:00 a.m., as proposed by you, is allowed on the site during the planning approval period;
- (b) only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period;
- (c) a notice should be posted at a prominent location of the site to indicate that only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period;
- (d) no vehicle without valid licence issued under the Road Traffic Ordinance is allowed to be parked/stored on the site at any time during the planning approval period;
- (e) no vehicle washing, vehicle repair, dismantling, paint spraying or other workshop activity, as proposed by you, is allowed on the site at any time during the planning approval period;
- (f) no vehicle is allowed to queue back to or reverse onto/from public road at any time during the planning approval period;

- (g) the existing landscape planting on the site shall be maintained at all times during the approval period;
- (h) the existing drainage facilities shall be maintained at all times during the planning approval period;
- (i) the existing boundary fencing on the site shall be maintained at all times during the planning approval period;
- (j) the submission of a condition record of the existing drainage facilities within 3 months from the date of planning approval to the satisfaction of the Director of Drainage Services or of the TPB by <u>26.5.2021</u>;
- (k) the submission of a fire service installations proposal within 6 months from the date of planning approval to the satisfaction of the Director of Fire Services or of the TPB by <u>26.8.2021</u>;
- (l) in relation to (k) above, the implementation of the fire service installations proposal with 9 months from the date of planning approval to the satisfaction of the Director of Fire Services or of the TPB by <u>26.11.2021</u>;
- (m) if any of the above planning condition (a), (b), (c), (d), (e), (f), (g), (h) or (i) is not complied with during the planning approval period, the approval hereby given shall cease to have effect and shall be revoked immediately without further notice; and
- (n) if any of the above planning condition (j), (k) or (l) is not complied with by the specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice.

The TPB also agreed to advise you to note the advisory clauses as set out at Appendix V of the TPB Paper.

You are reminded to strictly adhere to the time limit for complying with the above planning conditions. If any of the above planning conditions are not complied with by the specified time limit, the permission given shall be revoked without further notice and the development will be subject to enforcement action. If you wish to apply for extension of time for compliance with planning conditions, you should submit a section 16A application to the TPB no less than six weeks before the expiry of the specified time limit. This is to allow sufficient time for processing of the application in consultation with the concerned departments. The TPB will not consider any application for extension of time if the time limit specified in the permission has already expired at the time of consideration by the TPB. For details, please refer to the TPB Guidelines No. 34C and 36B. The Guidelines, application form (Form No. S16A) and the Guidance Notes for applications are available at the TPB's website (www.info.gov.hk/tpb/), the Planning Enquiry Counters of the Planning Department (Hotline : 2231 5000) at 17/F, North Point Government Offices, 333 Java Road, North Point; 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin; and the Secretariat of the TPB at 15/F, North Point Government Offices.

This temporary permission will lapse on <u>27.2.2024</u>. You may submit an application to the TPB for renewal of the temporary permission no less than two months before its expiry by completing an application form (Form No. S16-III). For details, please refer to TPB Guidelines No. 34C. However, the TPB is under no obligation to renew the temporary permission.

For amendments to the approved scheme that may be permitted with or without application under section 16A, please refer to TPB Guidelines No. 36B for details.

A copy of the TPB Paper in respect of the application (except the supplementary planning statement/technical report(s), if any) and the relevant extract of minutes of the TPB meeting held on 26.2.2021 are enclosed herewith for your reference.

Under section 17(1) of the Town Planning Ordinance, an applicant aggrieved by a decision of the TPB may apply to the TPB for a review of the decision. If you wish to seek a review, you should inform me within 21 days from the date of this letter (on or before 7.4.2021). I will then contact you to arrange a hearing before the TPB which you and/or your authorized representative will be invited to attend. The TPB is required to consider a review application within three months of receipt of the application for review. Please note that any review application will be published for three weeks for public comments.

This permission by the TPB under section 16 of the Town Planning Ordinance should not be taken to indicate that any other government approval which may be needed in connection with the development, will be given. You should approach the appropriate government departments on any such matter.

If you have any queries regarding this planning permission, please contact Ms. Bonnie Lee of Tuen Mun & Yuen Long West District Planning Office at 2158 6288. In case you wish to consult the relevant Government departments on matters relating to the above approval conditions, a list of the concerned Government officers is attached herewith for your reference.

Yours faithfully,

(Raymond KAN) for Secretary, Town Planning Board

S.16 PLANNING APPLICATION APPROVED PING SHAN OUTLINE ZONING PLAN NO. S/YL-PS/20

Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years in "Village Type Development" Zone Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long

Supporting Planning Statement

December 2023

Applicant: Long Tin Car Park Management Limited

Consultant: KTA Planning Limited S3110_PS_V01

Executive Summary

The Applicant, Long Tin Car Park Management Limited, is seeking renewal of planning approval from the Town Planning Board ("TPB") under Section 16 of the Town Planning Ordinance for the temporary public vehicle park (private cars) for a period of 3 years at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long ("the Site"). The Site is situated within an area zoned "Village Type Development" ("V") on the Approved Ping Shan Outline Zoning Plan ("the OZP") No. S/YL-PS/20. The Site has an area of about 2,315m².

The Site is currently used as a public vehicle park (private cars) as approved by the TPB since 2015. As a renewal application of the previous approved application No. A/YL-PS/626, this application is for the same use at the same site with the same layout and number of parking spaces. The public vehicle park is decently operated under proper management. Existing landscape planting, boundary fencing, drainage facilities and fire service installations are well maintained. The traffic arrangement agreed under the previous approved applications is still applied.

Since the last planning approval, there is no material change in the planning circumstances nor land uses of the surrounding areas. The renewal of the planning approval will unlikely cause adverse traffic, drainage, visual, landscape and environmental impacts to the surrounding. The applicant has complied with all the approval conditions attached in the previous approval. All the planning justifications in respect of the Application No. A/YL-PS/626 should remain valid.

In consideration of the above, we sincerely request the TPB to support this Planning Application from planning and technical points of view.

行政摘要

(內文如有差異,應以英文版本為準)

朗天停車場管理有限公司(「申請人」)現欲根據城市規劃條例第 16 條向城市規劃委員會 (下稱「城規會」)在元朗屏山蝦尾新村丈量約份第 122 約地段第 44 號(部分)、第 72 號 (部分)及第 73 號(部分)和毗連政府土地(「申請地點」)作臨時公眾私家車停車場用途 申請規劃許可續期,為期三年。申請地點位於屏山分區計劃大綱核准圖編號 S/YL-PS/20 的 「鄉村式發展」地帶內。申請地點的地盤面積約 2.315 平方米。

申請地點現用作臨時公眾私家車停車場,該用途自 2015 年起已獲得城規會批准。是次申請的 用途、地點、布局和車位數目與先前批准的申請(編號 A/YL-PS/626)相同。停車場的管理 良好,申請人亦有妥善保養現有的園景植物、邊界圍欄、排水設施及消防裝置。以往同意的交 通安排將仍然繼續生效。

自上一次申請·申請地點的規劃情況和附近地區的土地用途並沒有改變。規劃許可的續期不會 對交通、渠務、視覺、景觀及環境造成不良影響。申請人亦已履行所有的規劃許可附帶條件。 申請編號 A/YL-PS/626 中所列載的規劃理據仍然適用。

基於以上規劃及技術理由,申請人懇請城規會批准是次規劃申請。

S.16 Planning Application Approved Ping Shan Outline Zoning Plan No. S/YL-PS/20

Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars) in "Village Type Development" Zone at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long

Supporting Planning Statement

1 INTRODUCTION

1.1 **Purpose**

- 1.1.1 This Planning Application is prepared and submitted on behalf of Long Tin Car Park Management Limited ("the Applicant") to seek renewal of planning approval from the Town Planning Board ("TPB") under Section 16 of the Town Planning Ordinance for the temporary public vehicle park (private cars) for a period of 3 years at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land ("GL"), Ha Mei San Tsuen, Ping Shan, Yuen Long ("the Site"). The Site falls within an area zoned "Village Type Development" ("V") on the Approved Ping Shan Outline Zoning Plan ("the OZP") No. S/YL-PS/20.
- 1.1.2 The Site is the subject site of four previous approved s.16 planning applications for temporary public vehicle park uses:

	Application No.	Proposed Use	Decision Date
1.	A/YL-PS/216	Temporary Public Vehicle Park for Private Cars and Light Goods Vehicle for a Period of 3 Years	Approved with conditions on 24.6.2005 (Revoked on 15.12.2005)
2.	A/YL-PS/463	Temporary Public Vehicle Park for Private Cars for a Period of 3 Years	Approved with conditions on 27.2.2015
3.	A/YL-PS/551	Temporary Public Vehicle Park for Private Cars for a Period of 3 Years	Approved with conditions on 9.2.2018
4.	A/YL-PS/626	Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years	Approved with conditions on 26.2.2021 (planning permission to be expired on 26.2.2024)

Table 1.1	Previous Approved Planning Applications for the Site

1.1.3 The last Application No. A/YL-PS/626 was approved with conditions by the TPB on 26 Feb 2021 for 3 years, with the planning permission cease to expire on 26 Feb

2024. All the other approval conditions had been complied with (Details refer to **Section 2.6**).

1.1.4 In order to continue the current temporary public vehicle park operation on the Site, the same Applicant therefore submits this Application for a renewal of the permitted uses. There would be no change in the proposed development parameters, the nature and operation of the land uses as compared with the last approved Application No. A/YL-PS/626. There is also no change in the planning circumstances and physical setting of the surroundings. This Supporting Planning Statement is intended to demonstrate the suitability of the Site for continual operation of a temporary public vehicle park (private cars).

1.2 **Report Structure**

1.2.1 Following this Introductory Section, the site and planning context will be briefly set out in Section 2. The Development Scheme is included in Section 3 followed by planning merits and justifications for the Planning Application in Section 4. Section 5 concludes and summarizes this Supporting Planning Statement.

2 SITE AND PLANNING CONTEXT

2.1 Site Location and Existing Condition

2.1.1 The Site is located to the southeast of Ha Mei San Tsuen in Ping Shan. It comprises Lots 44 (Part), 72 (Part) and 73 (Part) in D.D.122 and adjoining GL (Figure 2.1 Location Plan refers). The Site is at present accessible from Yung Yuen via a local access road.

2.2 Land Status

2.2.1 The Site comprises private land and adjoining GL (**Figure 2.2** Site Plan refers). The major portion of the Site (93.6%) is private land under old schedule agricultural lots under Block Government Lease. While none of which is owned by the Applicant, reasonable steps have been taken to obtain/give the necessary owner's consent/notification. The remaining portion (6.4%, about 149m2) is GL which is covered by Short Term Tenancy No. 2858 for the purpose of temporary public vehicle park (private cars).

2.3 **Statutory Planning Context**

2.3.1 The Site falls within an area zoned "V" on the OZP (**Figure 2.1**). According the statutory Notes for the "V" zone on the OZP, "Public Vehicle Park (excluding container vehicle)" is a Column 2 use which requires planning permission from the TPB. While the Notes stated the planning intention of the "V" zone is "*primarily intended for development of Small Houses by indigenous villagers.*", it also stated that "Other commercial, community and recreational uses may be permitted on application to the Town Planning Board."

2.4 Surrounding Land Use Pattern

- 2.4.1 The Site is surrounded mainly by low-rise village settlements with a mix of village houses, open storage yards and logistic centre (**Figure 2.3** Site Plan refers):
 - To the north and east are village houses and an open storage yard;
 - To the south are village houses, an eating place under Application No. A/YL-PS/678 and a public vehicle park approved under Application No. A/YL-PS/649. To the further south across the MTR Tuen Ma Line viaduct is a logistic centre and vehicle park approved under Application No. A/YL-PS/633; and
 - To the west are village houses and an open storage yard.

2.5 **Similar Planning Applications**

2.5.1 As shown on Figure 2.1, there have been two approved applications for temporary public vehicle park within the same "V" zone. The details of the similar applications approved in the past five years are listed below.

	Application No.	Use(s)/Development(s)	Site Area (m²) (about)	Approval Date
1.	A/YL-PS/578	Temporary Public Vehicle Park for Private Cars and Light Goods Vehicles for a Period of 3 Years	(Partly falls	4.1.2019
2.	A/YL-PS/649	Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars and Light Goods Vehicles) for a Period of 3 Years	within "Green Belt" Zone)	24.12.2021

Table 2.1Similar S.16 Applications for Temporary Public Vehicle Park with the same "V" zone
on the Approved Ping Shan Outline Zoning Plan No. S/YL-PS/20 in the Past Five Years

2.6 Planning History of the Site

2.6.1 As briefly explained in Section 1, the Site or part of the site is the subject site of three previous approved applications, including Application No. A/YL-PS/216, 463, 551 and 626. The Site is the same site of the last approved Application No. A/YL-PS/626 (approved by the TPB on 26 Feb 2021). All the approval conditions had been complied with and the planning permission of this previous application will be expired on 26 Feb 2021 (Appendix 1 refers). The approval conditions and their status are listed out below:

	Approval Conditions	Status on Compliance	Date of Compliance
(a)	No operation between 11:00p.m. and 7:00a.m., as proposed by the Applicant, is allowed on the site during the planning approval period	\checkmark	During the approval period
(b)	Only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period	\checkmark	During the approval period
(c)	A notice should be posted at a prominent location of the site to indicate that only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period	1	During the approval period

Table 2.2

Status of the Approval Conditions of the Application No. A/YL-PS/626

3 DEVELOPMENT SCHEME

3.1 **Public Vehicle Park (Private Cars)**

- 3.1.1 The Site is intended for a public vehicle park for private cars same as the previous approved Application No. A/YL-PS/626. All development parameters, including the site area (2,315m²), site boundary, layout and number of parking spaces (79 private car parking spaces) would be the same as Application No. A/YL-PS/626 (**Figure 3.1** Layout Plan refers).
- 3.1.2 The Site is well-paved, properly fenced off by boundary fencing, and with the provision of drainage facilities and fire service installations and well-maintained landscape planting. All approval conditions were complied with good site management carried out throughout the approval period.

3.2 Access and Traffic

- 3.2.1 The Site is accessible from Yung Yuen Road via a local access road. Four pedestrian entrances are also provided to facilitate the access of the local villages. The aisles and spaces in between the rows of car parking spaces will have a clear width of not less than 5m, which is sufficient for manoeuvring of private cars. Besides, the clear width of the ingress and egress point is 5m. Details of the internal traffic layout are shown in **Figure 3.2**.
- 3.2.2 Traffic arrangement agreed under Application No. A/YL-PS/626 would remain unchanged. Only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked at the Site at any time. No vehicle without valid licence issued under the Road Traffic Ordinance is allowed to be parked/stored on the Site at any time. No vehicle will be allowed to queue back to or reverse onto/from public road at all times.
- 3.2.3 As demonstrated in the trip generation and attraction estimation under Application No. A/YL-PS/626, the estimated traffic generation and attraction of the development will be insignificant in both morning and afternoon peak. Given that the nearby local villages are located in close proximity to light rail station (Tin Tsz Station), railway station (Tin Shui Wan Station) and nearby bus stops, majority of residents would travel by public transport during weekdays, and mainly drive during weekends/holidays. Most of the cars are therefore parked within the Site most of the time and the traffic flow generated by the development is generally low. This Application will not pose adverse traffic impact on the surrounding road network.

3.3 Boundary Fencing and Landscape

3.3.1 The approval conditions under Application No. A/YL-PS/626 in relation to the maintenance of the boundary fencing and landscape planting had been complied (**Figure 3.3** Landscape and Drainage Plan refers).

3.3.2 Regular maintenance including watering, weeding, pest control, litter removal, fertilizing etc. will remain undertaken by the Applicant. The plants are well maintained and are in good condition as shown in **Figure 3.4** Site Photos.

3.4 **Drainage Facilities**

- 3.4.1 Adequate drainage facilities including peripheral surface channel and catch pits were installed to ensure no adverse drainage impact on the surrounding areas to satisfaction of Drainage Services Department (**Figure 3.3** Landscape and Drainage Plan refers).
- 3.4.2 The approval conditions under Application No. A/YL-PS/626 in relation to the maintenance and record submission of existing drainage facilities had been complied.
- 3.4.3 Regular cleaning and maintenance are carried out. The existing drainage facilities on the Site are well maintained as shown in **Figure 3.4** Site Photos. No flooding in the surrounding area is recorded.

3.5 Fire Service Installations

- 3.5.1 Adequate fire services installations (FSIs) including fire extinguishers have been provided. The approval conditions under Application No. A/YL-PS/626 in relation to the submission and implementation of fire services installations proposal had been complied.
- 3.5.2 Since the proposed use and layout of this Application is the same as the previous Application No. A/YL-PS/626, the previous approved Fire Service Layout Plan and Certificate of Fire Service Installation and Equipment are attached in Appendices 3 and 4 respectively.

4 PLANNING MERITS AND JUSTIFICATIONS

4.1 **Previous Planning Approval has been Granted**

4.1.1 The same use at the Site was approved by the TPB since 2015. The public vehicle park has been well-managed and has not caused any adverse traffic, drainage, fire safety, and other environmental impacts throughout the years. It would not set an undesirable precedent case for similar applications. All planning conditions imposed under the previous applications are complied with to the satisfaction of the relevant Government departments. The good track records should merit the approval of this application by the TPB.

4.2 All Approval Conditions of the Previous Approved Applications have been executed and fulfilled

4.2.1 As explained in **Section 2.6**, all approval conditions of the Application No. A/YL-PS/626 had been compiled with during the 3 years of planning permission period. The Applicant has submitted and implemented the previous accepted FSIs proposal, maintained the existing landscape planting, boundary fencing, drainage facilities, as well as executed the agreed traffic arrangement. The Applicant is willing to execute and fulfil the existing approval conditions in the future.

4.3 In Line with the Town Planning Board Guidelines (TPB PG-No. 34D)

4.3.1 The nature of the current application in terms of approval period sought and proposed use is the same as that proposed in the last approved application (No. A/YL-PS/626). Apart from the fact that there are no changes in the proposed development parameters nor the nature/operation of the proposed uses, the physical settings surrounding the Site would also be unchanged compared to the last approved application. In addition, no adverse planning implications by allowing the current application is likely to be anticipated and the Applicant has in fact complied with all planning conditions under the previous approval within specified time limits. In view of this, the current application shall be deemed and entitled to be considered as an application of renewal of planning approval according to Town Planning Board Guidelines (TPB PG-No. 34D).

4.4 **Previous Planning Justifications Are Still Applicable**

4.4.1 Since this Application is the renewal of the permitted use on the Site, the justifications in relation to the previous approved Application No. A/YL-PS/626 are still valid. The planning justifications are briefly summarized as below:

4.4.1.1 Suitable for the Proposed Interim Use and Will Not Jeopardise the Long-Term Planning of the "V" Zone

The Site is zoned as "V" zone on the approved Ping Shan Outline Zoning Plan No. S/YL-PS/20 (**Figure 2.1**). The planning intention of "V" zone is "*to reflect existing*

recognized and other villages, and to provide land considered suitable for village expansion and reprovisioning of village houses affected by Government projects". At present, the indigenous villagers have no intention to build their small houses and rent their lots to the applicant for the proposed temporary public vehicle park to serve the local villagers in the vicinity. It therefore will not jeopardise the planning intention of the "V" zone. In fact, the proposed public vehicle park will serve the local villagers and complement the village type development.

4.4.1.2 Compatible with the Surrounding Uses

The Site is located in a mixed neighbourhood with village houses and other logistic centres, open storage yards, vehicle parks and vacant land (**Figure 2.3**). The proposed temporary public vehicle park is compatible with the character of its surrounding areas and will not cause any adverse impacts to the surrounding. There is also adequate buffer between the vehicle park separating the adjoining lots with existing small houses and potential lots for small houses. Peripheral fencing with wooden planks also enhances visual amenity of the Site. As such, the proposed development is compatible with and will not affect the village development in the area.

4.4.1.3 Help Meet the Existing Parking Demand in the Area and Fulfil the HKPSG Standard

According to Chapter 8 of Hong Kong Planning Standard and Guidelines, the parking standard for village houses is up to 1 car parking space for each standard NTEH (65m²) with 10-15% of provision for overnight goods vehicles, and they are generally provided in communal parking area(s) within the village environ. Therefore, the provision of vehicle parks can help alleviate the demand of parking spaces in the area. The proposed public vehicle park can provide 79 parking spaces for private cars (**Figure 3.1**). It serves as an essential supporting facility for residents of the "V" zone. Since the operation of the proposed public vehicle park in 2015, the problem of illegal road side parking has been reduced.

4.5 No Adverse Traffic Impact

4.5.1 Traffic arrangement agreed under Application No. A/YL-PS/626 would be applied. Sufficient manoeuvring space and adequate width of aisles and ingress/egress point are provided to ensure smooth operation of the vehicle park. Since the proposed vehicle park with only 79 parking spaces which is intended to serve the parking demand from the local villagers and to help alleviate on-street illegal parking, no adverse impact on traffic network is envisaged.

4.6 **Provision of Fire Services Installations to Enhance Fire Safety**

4.6.1 Proper FSIs are provided to the satisfaction of FSD under the previous approved Application No. A/YL-PS/626 (**Appendix 3**). The FSIs approved by FSD are well maintained and in good condition (**Appendix 4**).

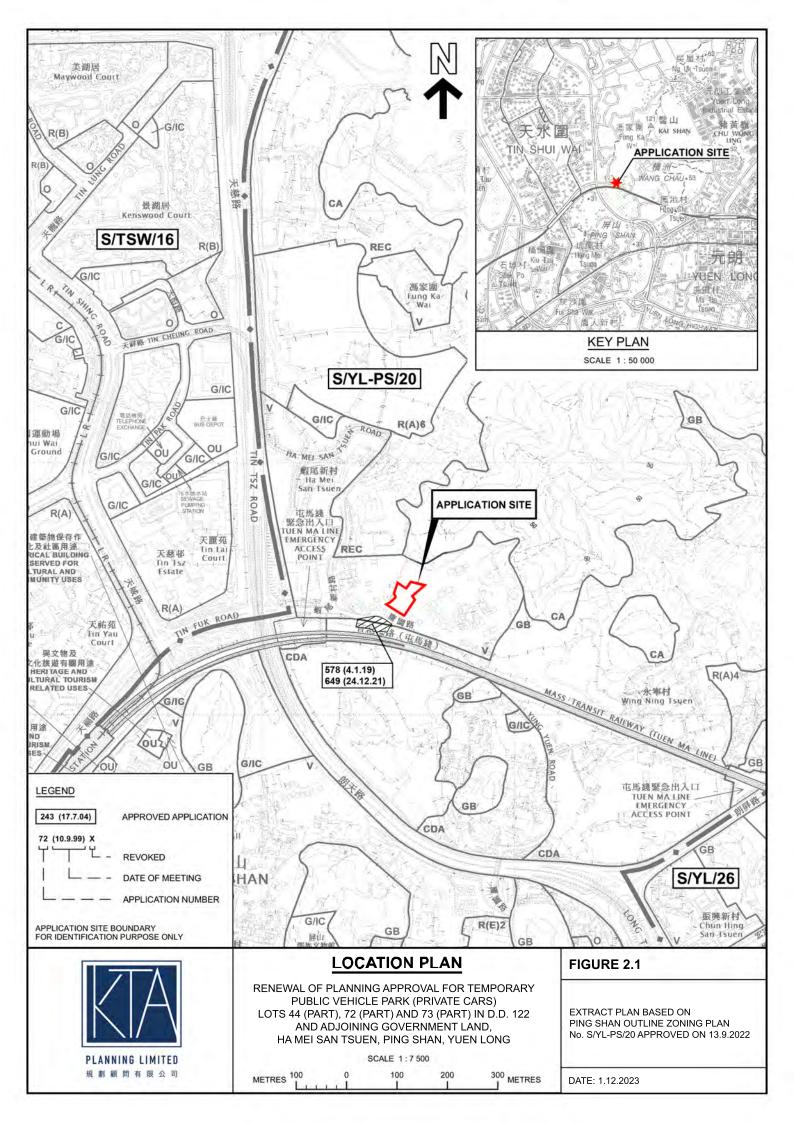

4.7 **Provision of Mitigation Measures to Ensure No Adverse Environmental, Visual,** Landscape and Drainage Impact

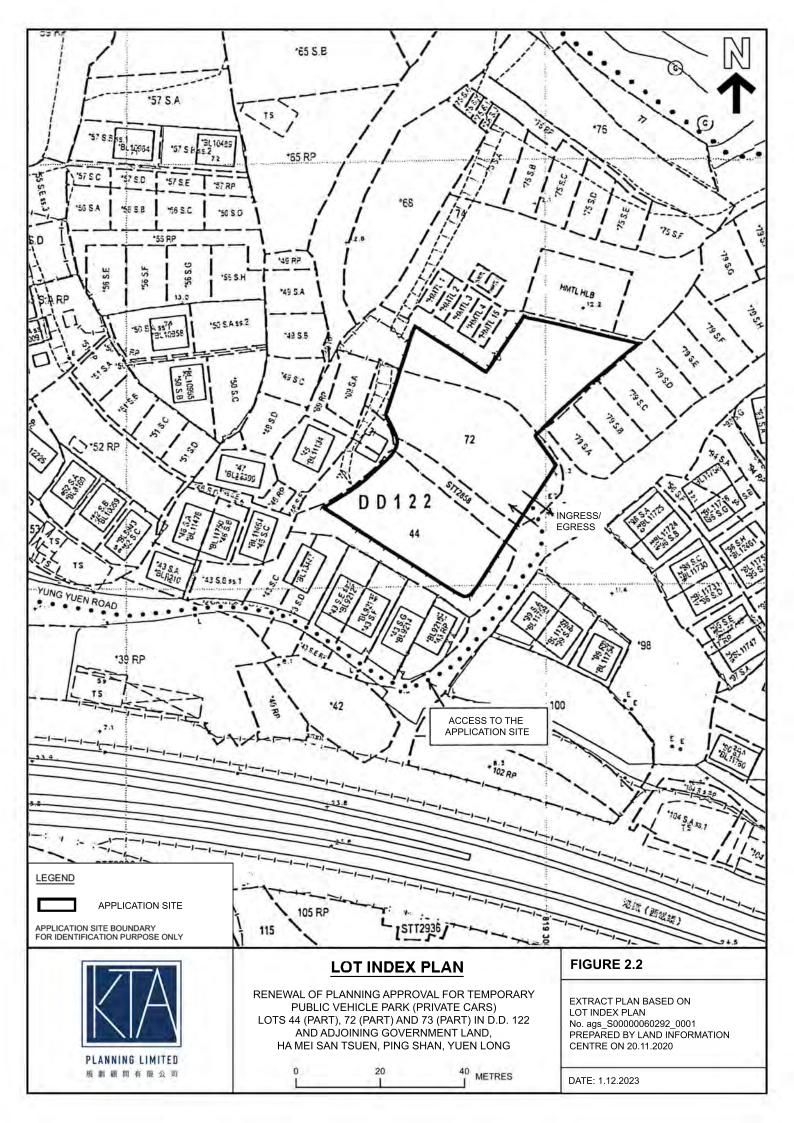

- 4.7.1 The Site is decently operated, well-paved and well-managed, it is a non-polluting use (**Figure 3.4**). Therefore, no adverse environmental impact is envisaged. The Director of Environmental Protection (DEP) had no adverse comment on the previous application from environmental point of view.
- 4.7.2 The applicant had complied the approval conditions of the previous Application No. A/YL-PS/626 in relation to the provision of landscape planting, boundary fencing and drainage facilities (**Appendix 2**). No adverse visual, landscape and drainage impact to the surroundings is envisaged.

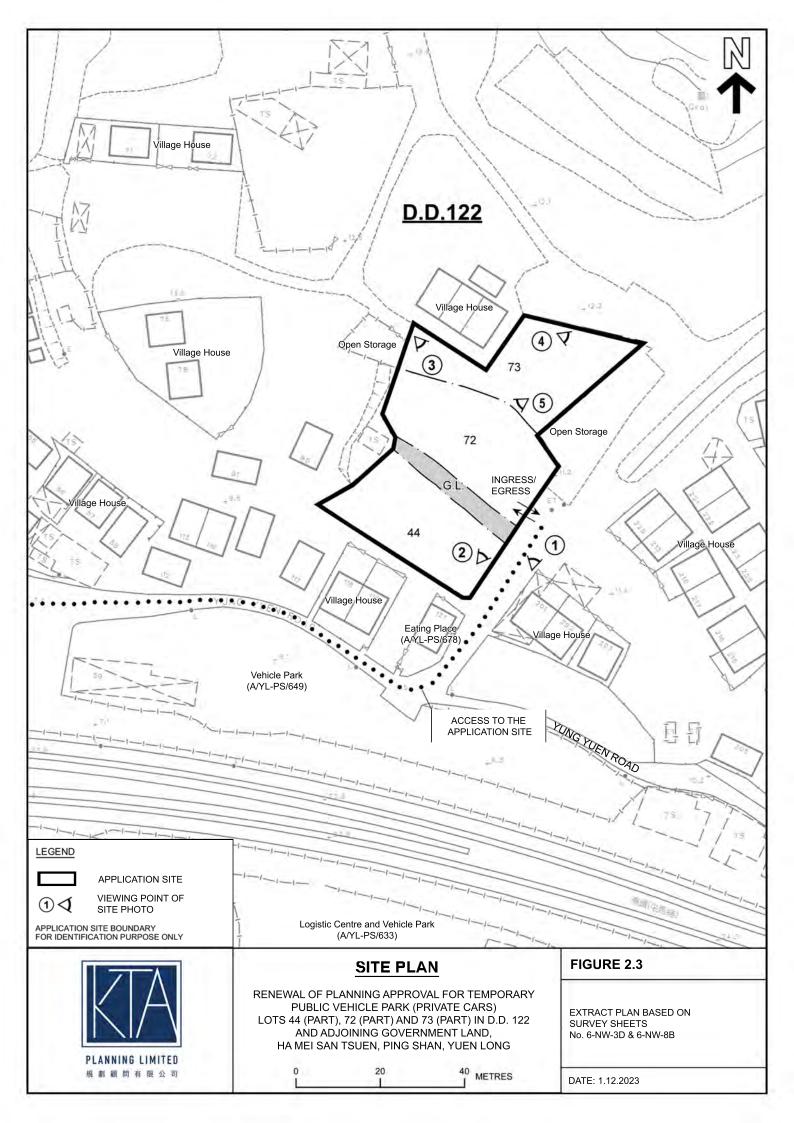

5 SUMMARY AND CONCLUSION

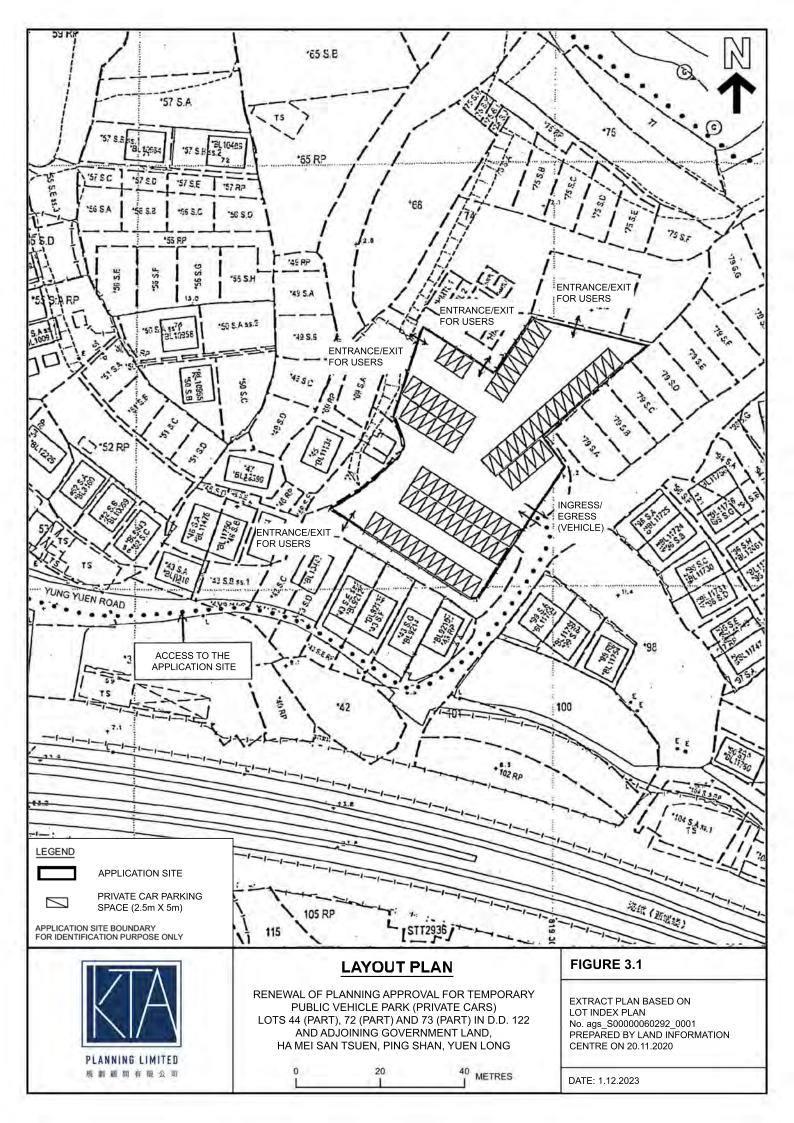

- 5.1 The Applicant is seeking renewal of approval from the TPB for Temporary Public Vehicle Park (Private Cars) for a period of 3 years at Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long.
- 5.2 The current application is a renewal of the latest planning permission from the TPB under Planning Application No. A/YL-PS/626 given on 26.2.2021 which will be expired on 26.2.2024 such that the Applicant will be given an opportunity to continue utilising the Site for the proposed use. There would be no change in the proposed development parameters, the nature/operation of the proposed use and the overall physical setting surrounding the Site.
- 5.3 The Site falls within an area zoned "V" on the OZP No. S/YL-PS/20. As detailed in the Planning Statement, the proposed use is well justified on the grounds that:
 - a) Previous planning approval has been granted;
 - b) All approval conditions of the previous approved applications have been executed and fulfilled;
 - c) This Application is in line with the TPB Guidelines (TPB PG-No. 34D);
 - d) Previous planning justifications are still applicable:
 - The Site is suitable for the proposed interim use and will not jeopardise the long-term planning of the "V" zone;
 - The Site is compatible with the surrounding uses; and
 - The proposed use help meet the existing parking demand in the area and fulfil the HKPSG standard;
 - e) No adverse traffic impact is anticipated;
 - f) Fire services installations are provided to enhance fire safety; and
 - g) Mitigation measures are provided to ensure no adverse environmental, visual, landscape and drainage impact to the surrounding area.
- 5.4 In view of the applicant's excellent track record to fulfil the approval conditions and efforts to mitigate possible environmental impacts, members of the TPB are respectfully requested to give favourable consideration to the application.

TOWN PLANNING BOARD

15/F., North Point Government Offices 333 Java Road, North Point, Hong Kong.

By Post & Fax (2620 6022)

12 March 2021

Dear Sir/Madam,

Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years in "Village Type Development" Zone, Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long

I refer to my letter to you dated 2.2.2021.

After giving consideration to the application, the Town Planning Board (TPB) approved the application for permission under section 16 of the Town Planning Ordinance on the terms of the application as submitted to the TPB. The permission shall be valid on a temporary basis for a period of 3 years until 26.2.2024 and is subject to the following conditions:

- (a) no operation between 11:00 p.m. and 7:00 a.m., as proposed by you, is allowed on the site during the planning approval period;
- (b) only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period;
- (c) a notice should be posted at a prominent location of the site to indicate that only private cars as defined in the Road Traffic Ordinance are allowed to enter/be parked on the site at any time during the planning approval period;
- (d) no vehicle without valid licence issued under the Road Traffic Ordinance is allowed to be parked/stored on the site at any time during the planning approval period;
- (e) no vehicle washing, vehicle repair, dismantling, paint spraying or other workshop activity, as proposed by you, is allowed on the site at any time during the planning approval period;
- (f) no vehicle is allowed to queue back to or reverse onto/from public road at any time during the planning approval period;

- (g) the existing landscape planting on the site shall be maintained at all times during the approval period;
- (h) the existing drainage facilities shall be maintained at all times during the planning approval period;
- (i) the existing boundary fencing on the site shall be maintained at all times during the planning approval period;
- (j) the submission of a condition record of the existing drainage facilities within 3 months from the date of planning approval to the satisfaction of the Director of Drainage Services or of the TPB by <u>26.5.2021</u>;
- (k) the submission of a fire service installations proposal within 6 months from the date of planning approval to the satisfaction of the Director of Fire Services or of the TPB by <u>26.8.2021</u>;
- (l) in relation to (k) above, the implementation of the fire service installations proposal with 9 months from the date of planning approval to the satisfaction of the Director of Fire Services or of the TPB by <u>26.11.2021</u>;
- (m) if any of the above planning condition (a), (b), (c), (d), (e), (f), (g), (h) or (i) is not complied with during the planning approval period, the approval hereby given shall cease to have effect and shall be revoked immediately without further notice; and
- (n) if any of the above planning condition (j), (k) or (l) is not complied with by the specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice.

The TPB also agreed to advise you to note the advisory clauses as set out at Appendix V of the TPB Paper.

You are reminded to strictly adhere to the time limit for complying with the above planning conditions. If any of the above planning conditions are not complied with by the specified time limit, the permission given shall be revoked without further notice and the development will be subject to enforcement action. If you wish to apply for extension of time for compliance with planning conditions, you should submit a section 16A application to the TPB no less than six weeks before the expiry of the specified time limit. This is to allow sufficient time for processing of the application in consultation with the concerned departments. The TPB will not consider any application for extension of time if the time limit specified in the permission has already expired at the time of consideration by the TPB. For details, please refer to the TPB Guidelines No. 34C and 36B. The Guidelines, application form (Form No. S16A) and the Guidance Notes for applications are available at the TPB's website (www.info.gov.hk/tpb/), the Planning Enquiry Counters of the Planning Department (Hotline : 2231 5000) at 17/F, North Point Government Offices, 333 Java Road, North Point; 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin; and the Secretariat of the TPB at 15/F, North Point Government Offices.

This temporary permission will lapse on <u>27.2.2024</u>. You may submit an application to the TPB for renewal of the temporary permission no less than two months before its expiry by completing an application form (Form No. S16-III). For details, please refer to TPB Guidelines No. 34C. However, the TPB is under no obligation to renew the temporary permission.

For amendments to the approved scheme that may be permitted with or without application under section 16A, please refer to TPB Guidelines No. 36B for details.

A copy of the TPB Paper in respect of the application (except the supplementary planning statement/technical report(s), if any) and the relevant extract of minutes of the TPB meeting held on 26.2.2021 are enclosed herewith for your reference.

Under section 17(1) of the Town Planning Ordinance, an applicant aggrieved by a decision of the TPB may apply to the TPB for a review of the decision. If you wish to seek a review, you should inform me within 21 days from the date of this letter (on or before 7.4.2021). I will then contact you to arrange a hearing before the TPB which you and/or your authorized representative will be invited to attend. The TPB is required to consider a review application within three months of receipt of the application for review. Please note that any review application will be published for three weeks for public comments.

This permission by the TPB under section 16 of the Town Planning Ordinance should not be taken to indicate that any other government approval which may be needed in connection with the development, will be given. You should approach the appropriate government departments on any such matter.

If you have any queries regarding this planning permission, please contact Ms. Bonnie Lee of Tuen Mun & Yuen Long West District Planning Office at 2158 6288. In case you wish to consult the relevant Government departments on matters relating to the above approval conditions, a list of the concerned Government officers is attached herewith for your reference.

Yours faithfully,

(Raymond KAN) for Secretary, Town Planning Board

Secretary, Town Planning Board 15/F, North Point Government Offices 333 Java Road North Point Hong Kong

Dear Sir/ Madam,

Renewal of Planning Approval for Temporary Public Vehicle Park (Private Cars) for a Period of 3 Years in "Village Type Development" Zone, Lots 44 (Part), 72 (Part) and 73 (Part) in D.D. 122 and Adjoining Government Land, Ha Mei San Tsuen, Ping Shan, Yuen Long (Planning Application No. A/YL-PS/703)

- Further Information No.1 -

Reference is made to the captioned S16 Planning Application which is scheduled for consideration by the Town Planning Board ("TPB") on 26 January 2024.

We would like to clarify that the operation hours of the temporary public vehicle park (private cars) are from 7:00 a.m. to 11:00 p.m., which is the same as that in the previous planning application (No. A/YL-PS/626).

Should you have any queries in relation to the attached, please do not hesitate to contact the undersigned or Mr. Benjamin TUNG at 3426 8402.

Yours faithfully For and on behalf of KTA PLANNING LIMITED

cc. the Applicant

Relevant extracts of the Town Planning Board Guidelines on "Renewal of Planning Approval and Extension of Time for Compliance with Planning <u>Conditions for Temporary Use or Development"</u> (TPB PG-No. 34D)

- 1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.
- 2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

(a) Comments of the Commissioner for Transport (C for T):

No adverse comment on the application from traffic engineering perspective.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD):

No comment on the application from highways maintenance point of view.

3. <u>Environment</u>

Comments of the Director of Environmental Protection (DEP):

- no adverse comment on the application; and
- no environmental complaint pertaining to the Site has been received in the past three years.

4. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no objection in principle on the application from the drainage point of view;
- according to the applicant, the existing drainage facilities which was implemented under the previously approved application No. A/YL-PS/626 will be maintained for the applied use; and
- should the Board consider that the application is acceptable from the planning point of view, he would suggest that a condition should be stipulated in the approval letter requiring the applicant to maintain the existing drainage facilities and submit condition record of the existing drainage facilities to the satisfaction of the Drainage Services Department.

5. Fire Safety

Comments of the Director of Fire Services (D of FS):

No objection in principle to the application subject to the existing fire service installations implemented in the Site being maintained in an efficient working order at all times.

6. **Building Matters**

- Commissioner of Police (C of P);
- Director of Agriculture, Fisheries and Conservation (DAFC); and
- Project Manager (West), Civil Engineering and Development Department (PM(W)), CEDD.

Recommended Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) prior planning permission should have been obtained before commencing the applied use at the Site;
- (c) should you fail to comply with any of the approval conditions again resulting in the revocation of planning permission, sympathetic consideration may not be given to any further applications;
- (d) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
 - (i) the Site comprises Government Land (GL) and Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
 - (ii) the GL within the Site is covered by Short Term Tenancy (STT) No. 2858 for the purpose of Temporary Public Vehicle Park for Private Cars; and
 - (iii) the STT holder will need to apply to his office for modification of the STT conditions where appropriate. The application for STT will be considered by the Government in its capacity as a landlord and there is no guarantee that they will be approved. The STT, if approved, will be subject to such terms and conditions including the payment of rent and administrative fee as considered appropriate by LandsD. Besides, given the proposed use is temporary in nature, only erection of temporary structure(s) will be considered;
- (e) to note the comments of the Commissioner for Transport (C for T) that:
 - (i) the Site is connected to the public road network via a section of a local access road which is not managed by Transport Department. The land status of the local access road should be clarified with LandsD by the applicant. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly; and
 - (ii) sufficient manoeuvring spaces shall be provided within the Site. No vehicle is allowed to queue back to public roads or reverse onto/from public roads any time during the planning approval period;
- (f) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that:
 - (i) adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains; and
 - (ii) the access between Yung Yuen Road highlighted in the attached reference plan and the Site is not and will not be maintained by HyD;

(g) to note the comments of the Director of Environmental Protection (DEP) that:

the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" should be followed to minimise any potential environmental nuisances;

(h) to note the general comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) that:

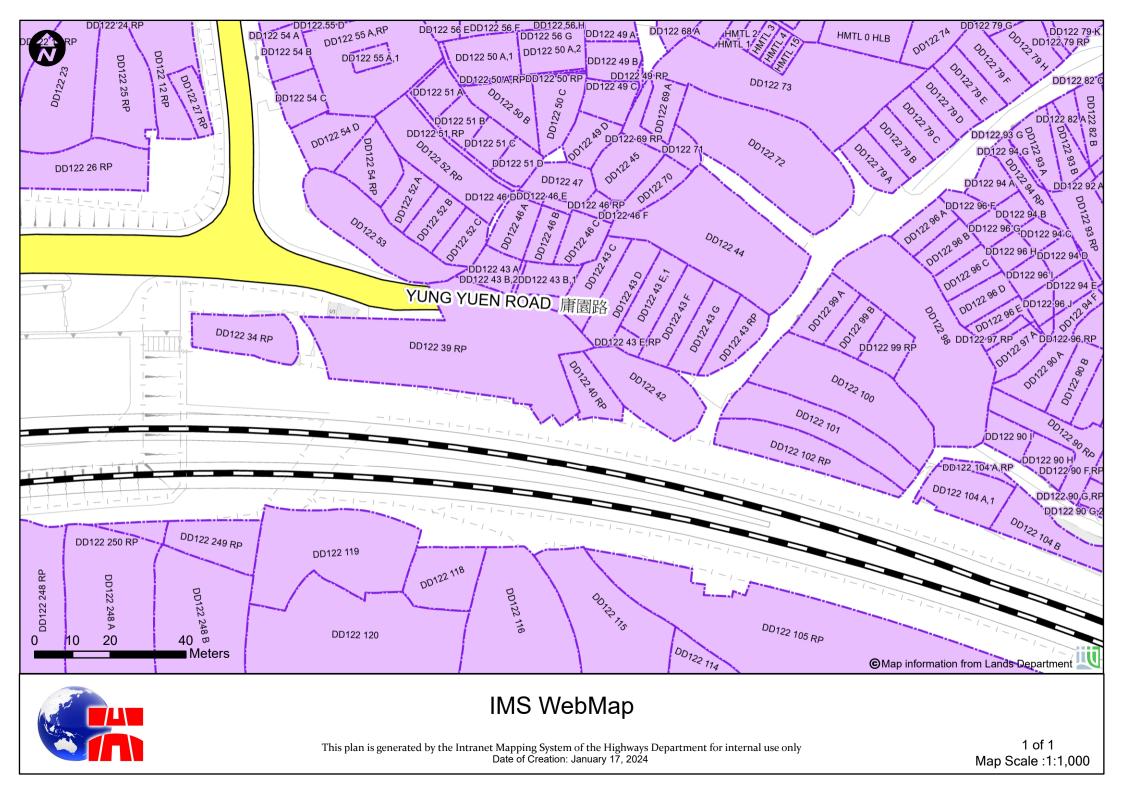

the required condition record should include coloured photos showing the current condition of the drainage facilities and a layout plan indicating the locations of the photos taken. The submitted photos should cover all internal surface channels, catch pits, sand traps, manholes, terminal catch pits/manholes and the downstream discharge path as indicated on the submitted drainage proposal;

(i) to note the comments of the Executive Secretary (Antiquities and Monuments) of Antiquities and Monuments Office, Development Bureau (ES(AM) of AMO, DEVB) that:

the applicant is required to inform Antiquities and Monuments Office immediately when any antiquities or supposed antiquities under the Antiquities and Monuments Ordinance (Cap. 53) are discovered in the course of works; and

(j) to note the comments of the Director of Electrical and Mechanical Services (DEMS) that:

in the interests of public safety and ensuring the continuity of electricity supply, the parties concerned with planning, designing, organizing and supervising any activity near the underground cable or overhead line under the mentioned document should approach the electricity supplier (i.e. CLP Power) for the requisition of cable plans (and overhead line alignment drawings, where applicable) to find out whether there is any underground cable and/or overhead line within and/or in the vicinity of the concerned site. They should also be reminded to observe the Electricity Supply Lines (Protection) Regulation and the "Code of Practice on Working near Electricity Supply Lines" established under the Regulation when carrying out works in the vicinity of the electricity supply lines.
