Proposed Temporary Shop and Services (Retail Shop for Apparel & Potted Plants) for a Period of 3 Years
at
Lots 3839 RP (Part) & 3840 RP (Part) in D.D. 124, Shun Tat Street, Tuen Mun, N.T.

Annex 1 Estimated Traffic Generation

- 1.1 The application site is accessible via Shun Tat Street. In view of that the proposed development is target for the nearby residents and villagers, 2 loading/unloading spaces of 7m x 3.5m would be sufficient for the proposed development.
- 1.2 The estimated average traffic generation and traffic generation rate at peak hours are as follow:

Type of Vehicle	Average Traffic Generation Rate (pcu/hr)	Average Traffic Attraction Rate (pcu/hr)	Traffic Generation Rate at Peak Hours (pcu/hr)	Traffic Attraction Rate at Peak Hours (pcu/hr)
Private car	0.36	0.36	1	1
Light goods vehicle	0.27	0.27	1.5	1.5
Total	0.63	0.63	2.5	2.5

Note 1: The opening hour of the proposed development is restricted to 9:00 a.m. to 8:00 p.m. at all days.

Note 2: The pcu of private car & light goods vehicle are taken as 1 and 1.5.

Note 3: Morning peak is defined as 7:00a.m. to 9:00a.m. whereas afternoon peak is defined as 5:00p.m. to 7:00p.m.

- 1.3 In association with the intended purpose, adequate space for manoeuvring of vehicle would be provided within the application site and queueing up of traffic would not be the result especially that the traffic generated is insignificant. The negligible increase in traffic would not aggravate the traffic condition of nearby road networks.

**Relevant Extracts of Town Planning Board Guidelines
on Renewal of Planning Approval
and Extension of Time for Compliance
with Planning Conditions for Temporary Use or Development
(TPB PG-No. 34D)**

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.
2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

A/TM-LTY Y/416	Proposed Temporary Shop and Services for a Period of 3 Years	24.9.2021	(1), (2), (3), (4), (5), (6)

Approval Conditions

- (1) No night time operation.
- (2) No vehicle is allowed to be parked on/enter the site.
- (3) Submission and implementation of drainage proposal.
- (4) Maintenance of implemented drainage facilities.
- (5) Submission and implementation of fire services installations proposal.
- (6) Revocation Clauses.

Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of District Lands Officer/Tuen Mun, Lands Department (DLO/TM, LandsD) that:
 - (i) the Site falls within the Lots No. 3839 RP and 3840 RP (Part) in D.D. 124 (“the Lots”). The Lots are Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
 - (ii) a Short Term Waiver No. MR. 17003 (“STW”) is granted by her Office to permit erection of structures for temporary shop and services (retail shop for pet food and potted plants) on Lot No. 3839RP in D.D. 124. As revealed from the application, both the Built Over Area (“B.O.A.”) and the user of the existing structure do not tally with those approved under the STW. The lot owner is required to apply to her Office for the revision of the B.O.A. and user of the STW. However, there is no guarantee that the application will be approved. The application will be considered by LandsD acting in the capacity as the landlord at its sole discretion. In the event that the application is approved, it would be subject to such terms and conditions as the Government shall deem fit to do so, including charging of waiver fee, deposit and administrative fee, etc.;
 - (iii) the Site is accessible via a strip of government land (GL) leading from Shun Tat Street. Her Office is not responsible for the maintenance of the said road nor guarantee that right-of-way will be given to the Site; and
 - (iv) notwithstanding the above, her Office reserves the right to take enforcement actions as considered appropriate against any unauthorized erection/extensions/alterations of the structures within the Lots at any time irrespective of whether planning permission will be given or not. Enforcement action will also be taken should any structure is found erected without prior approval given by her Office or in case of any unauthorised occupation of GL;
- (c) to note the comments of the Chief Highways Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that:
 - (i) the applicant should construct a run in/out at the access point at Shun Tat Street in accordance with the latest version of Highways Standard Drawing No. H1113 and H1114, or H5133, H5134 and H5135, whichever set is appropriate to match with the existing adjacent pavement;
 - (ii) the proposed access from the Site to Shun Tat Street is not and will not be maintained by HyD; and

- (iii) adequate drainage measures should be provided to prevent surface water flowing from the Site to nearby public roads/drains;
- (d) to follow the relevant mitigation measures and requirements in the latest “Code of Practice on Handling the Environmental Aspect of Temporary Uses and Open Storage Sites” (“COP”) issued by the Environmental Protection Department;
- (e) to note the comments of the Director of Environmental Protection (DEP) that if septic tank and soakaway system is used in case of unavailability of public sewer, its design and construction should follow the requirements of the Practice Note for Professional Persons (ProPECC PN) 5/93 “Drainage Plans subject to Comment by the Environmental Protection Department” and are duly certified by an Authorized Person (AP);
- (f) to note the comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD) that approval of the section 16 application by the Board does not imply approval of the trees works such as pruning, transplanting and/or felling under lease. The applicant is reminded to approach relevant authority/government department(s) direct to obtain necessary approval on tree works, where appropriate;
- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:
 - (i) if the existing structures (not being a NTEH) are erected on leased land without the approval of the BD, they are unauthorized building works (UBW) under the Buildings Ordinance (the BO) and should not be designated for any proposed use under the application;
 - (ii) before any new building works (including structures and toilet as temporary buildings and connection of drains) are to be carried out on the Site, prior approval and consent of the BD should be obtained, otherwise they are UBW. An AP should be appointed as the co-ordinator for the proposed building works in accordance with the BO;
 - (iii) for UBW erected on lease land, enforcement action may be taken by the BD to effect their removal in accordance with BD’s enforcement policy against UBW as and when necessary. The granting of any planning approval should be no construed as an acceptance of any existing building works or UBW on the Site under the BO;
 - (iv) in connection with (ii) above, the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively.
 - (v) if the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of B(P)R at the building plan submission stage.

- (vi) formal submission under the BO is required for any proposed new works, including any temporary structures. Detailed comments will be provided at the building plan submission stage; and
- (h) to note the comments of the Project Team Leader/Housing, Civil Engineering and Development Department (PTL/Housing, CEDD) that the Site might be subject to land resumption for the implementation of the proposed public housing development at Lam Tei North, Tuen Mun which might take place at any time before the expiry of the temporary planning permission. The applicant is advised not to carry out any substantial works in view of the proposed public housing development.
