Dear TPB Members,

As the locations are adjacent, it would appear to be a combined operation and applications should be considered at the same time.

The lots together with a number of nearby lots have obviously been used for parking for some time. How come there is no history of approval? One has to question how Inland Revenue is keeping tabs on revenue flow from commercial enterprises like this.

Members should question how many parking facilities there are in the immediate area, total number of parking spaces, and if any attempt is being made to utilize stacked parking to reduce the amount of at grade land devoted to this inefficient

land use.
