The applicant should demonstrate with a layout plan with demension and turning table/swept path that sufficient space would be allowed for manoeuring inside the proposed development without reverse movement of vehicles on public road;	The applicant should specify how the loading/unloading need of the proposed development could be satisfied;	Comments The applicant should demonstrate that, with reference to similar development, the proposed parking space arrangement of the proposed development could satisfy its own parking need, including the customers' parking need;
Please refer to Layout Plan (Vehicle Tracking 1) and Layout Plan (Vehicle Tracking 2) attached.	There are 3 private car parks (also good for LGV) and two heavy goods vehicle parking spaces in the center of the site specially designed for loading/unloading needs. As the main item of commodities to sell is frozen food and the site has ample storage space for it, frequency of stock refill is quite limited. The applicant will arrange loading/unloading activities to be carried out after traffic peak hours late in the evening or at night. Please refer to (a) for the tables on traffic generation and attraction.	Response Target customers are residents and working people nearby. They can take public transport or walk to the application site for their needs of eating and shopping. The applicant does not offer car park facilities to customers.

A/YL-TYST/1080

Lot 2621 RP in D.D. 120 Shan Ha Road, Tong Yan San Tsuen

Site area: About 730sq.m Zoning: "Open Storage"

Applied use: Restaurant / Retail Frozen Food and Car-related Products / 5 Vehicle Parking / 5 Years

Dear TPB Members,

This site is between the Big Bus depot and an industrial operation. In view of the environmental impact of these operations one has to question how a restaurant and frozen food retailer can co-exist.

There is no mention of hygiene, hand washing, toilets, drainage, etc. We are in the middle of a major health crisis. It is certainly advisable to insist on high standards when it comes to any food related enterprise. Is the site connected to a sewerage system?

I trust that members will request more information with regard to the provision of amenities and how food safety can be guaranteed.

Mary Mulvihill

Advisory clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (LandsD) that the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The lot owner will need to apply to her office to permit the structures to be erected or regularise any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity as landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by her department;
- (c) to note the comments of the Commissioner for Transport that the land status of the access road/path/track leading to the Site from Shan Ha Road should be checked with the lands authority. The management and maintenance responsibilities of the access road/path/track should be clarified and consulted with the relevant management and maintenance authorities accordingly. Sufficient space should be provided within the Site for manoeuvring of vehicles. No parking of vehicles on public road are allowed;
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. His department shall not be responsible for the maintenance of any access connecting the Site and Shan Ha Road;
- (e) to note the comments of the Director of Environmental Protection that the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" issued by the Environmental Protection Department should be followed to minimise any potential environmental nuisances on the surrounding areas;
- (f) to note the comments of the Director of Fire Services that in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. Relevant layout plans incorporated with the proposed FSIs should be submitted to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy, the location of where the proposed FSIs to be installed should also be clearly marked on the layout plans. If the proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans or referral from relevant licensing authority respectively;
- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA),

they are unauthorised building works (UBW) under the BO and should not be designated For UBW erected on leased land, for any proposed use under the application. enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. If the proposed use under application is subject to issue of a license, any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licensing Detailed checking under the BO will be carried out at building plan authority. submission stage;

- (h) to note the comments of the Project Manager (West), Civil Engineering and Development Department that the Site falls within the boundary of Yuen Long South (YLS) Development – Stage 2 Phase 1 (the project). Based on the latest programme of the project, land clearance at the Site is planned to commence in mid 2022 subject to Executive Council's authorisation on land resumption and Finance Committee's funding approval of the project by O4 2021 and O1 2022 respectively. The programme of land resumption would follow the project programme notwithstanding the validity period of the planning permission to be granted. The Site might be subject to land resumption for the implementation of the YLS Development – Stage 2 Phase 1 which might take place at any time before the expiry of the temporary planning permission and thus no new structures should be erected or no substantial works should be carried out in view of the planned YLS Development – Stage 2 Phase 1. You are responsible for removal of any structures falling within the project limit when required by the government within required time limit. His department will give sufficient notice to relevant department(s) for early resumption of the Site if his department's works commence early; and
- (i) to note the comments of the Director of Food and Environmental Hygiene (DFEH) that if the proposal involves any commercial/trading activities, there should be no encroachment on the public place and no environmental nuisance should be generated to the surroundings. Its state should not be a nuisance or injurious or dangerous to health and surrounding environment. Also, you should handle any waste generated from the commercial/trading activities at your own expenses. Proper licence/permit issued by his department is required if there is any catering service/activities regulated by him under the Public Health and Municipal Services Ordinance (Cap. 132) and other relevant legislation for the public. If the operator intends to operate a restaurant business in the territory, a general restaurant/light refreshment restaurant licence should be obtained from his department in accordance with Cap. 132. The application for restaurant licence, if acceptable by his department, will be referred to relevant government departments, such as BD, Fire Services Department, Planning Department (PlanD), LandsD (if

necessary) for comment. If there is no objection from the departments concerned, a letter of requirements will be issued to the applicant for compliance and the licence will be issued upon compliance of all the requirements. In accordance with Section 4 of Food Business Regulation, Cap. 132X, the expression "food business" means, any trade or business for the purpose of which any person engages in the handling of food or food is sold by means of a vending machine. But it does not include any canteen in work place (other than a factory canteen referred to in section 31) for the use exclusively of the persons employed in the work place. As such, a staff canteen that is exclusively use by the staff members of that working place does not require a food business licence from his department. However, if the said canteen provided foods to the outsiders with payment, a food business licence is required. For the operation of other types of food business, relevant food licences should also be obtained from his department in accordance with Cap. 132. Under the Food Business Regulation, Cap. 132X, a Food Factory Licence must be obtained from his department for food business which involves the preparation of food for sale for human consumption off the premises before commencement of such business. Besides, a Fresh Provision Shop licence is required for any person who intends to sell fresh, chilled or frozen beef, mutton, pork, reptiles (including live snake), fish (including live fish) and poultry at any premises before commencement of such business. The application for Food Factory Licence / Fresh Provision Shop Licence, if acceptable by his department, will be referred to relevant government departments, such as PlanD, LandsD (if necessary) for comment. If there is no objection from the departments concerned, a letter of requirements will be issued to the applicant for compliance and the licence will be issued upon compliance of all the requirements. This department will institute legal action against any person who operates a food business without a valid licence. The operation of the eating place must not cause any environmental nuisance to the surrounding. The refuse generated by the proposed eating place are regarded as trade refuse. The management or owner of the Site is responsible for its removal and disposal at their expenses. The operation of any business should not cause any obstruction or environmental nuisance in the vicinity.
