8.4. Traffic

- 8.4.1. The site is accessible from Kung Um Road to its east via a local track.
- 8.4.2. A 5m-wide vehicular ingress/egress point is provided at the northern part of the site which remains the same as the previous application A/YL-TYST/891. Please refer to the Location Plan (Plan 1) and the Site Plan (Plan 3) for details.
- 8.4.3. Light goods vehicles are used for logistics. A loading/unloading space (7m (L) x 3.5m (W)) for light goods vehicle will be provided for the purpose of loading and unloading only. Please refer to the Site Plan (Plan 3) for details.

8.4.4. Sufficient space for manoeuvring of light goods vehicle within the site is provided. Thus, no parking, queuing and reverse movement of vehicles outside the site is required. Please refer to the Swept Path Analysis (Plan 6 and 7) for details.

0800 – 0900	0	0
0900 – 1000	0	0
1000 – 1100*	1	0
1100 – 1200	0	0
1200 – 1300	0	0
1300 – 1400*	0	1
1400 – 1500	0	0
1500 – 1600*	1	0
1600 – 1700	0	0
1700 – 1800	0	0
1800 – 1900	0	0
1900 – 2000*	0	1
2000 – 2100	0	0
2100 – 2200	0	0
Total	2	2

(* Expected peak hours for the service)

8.4.7. The trip generation and attraction rate is anticipated to be four trips per day (two in and two out).

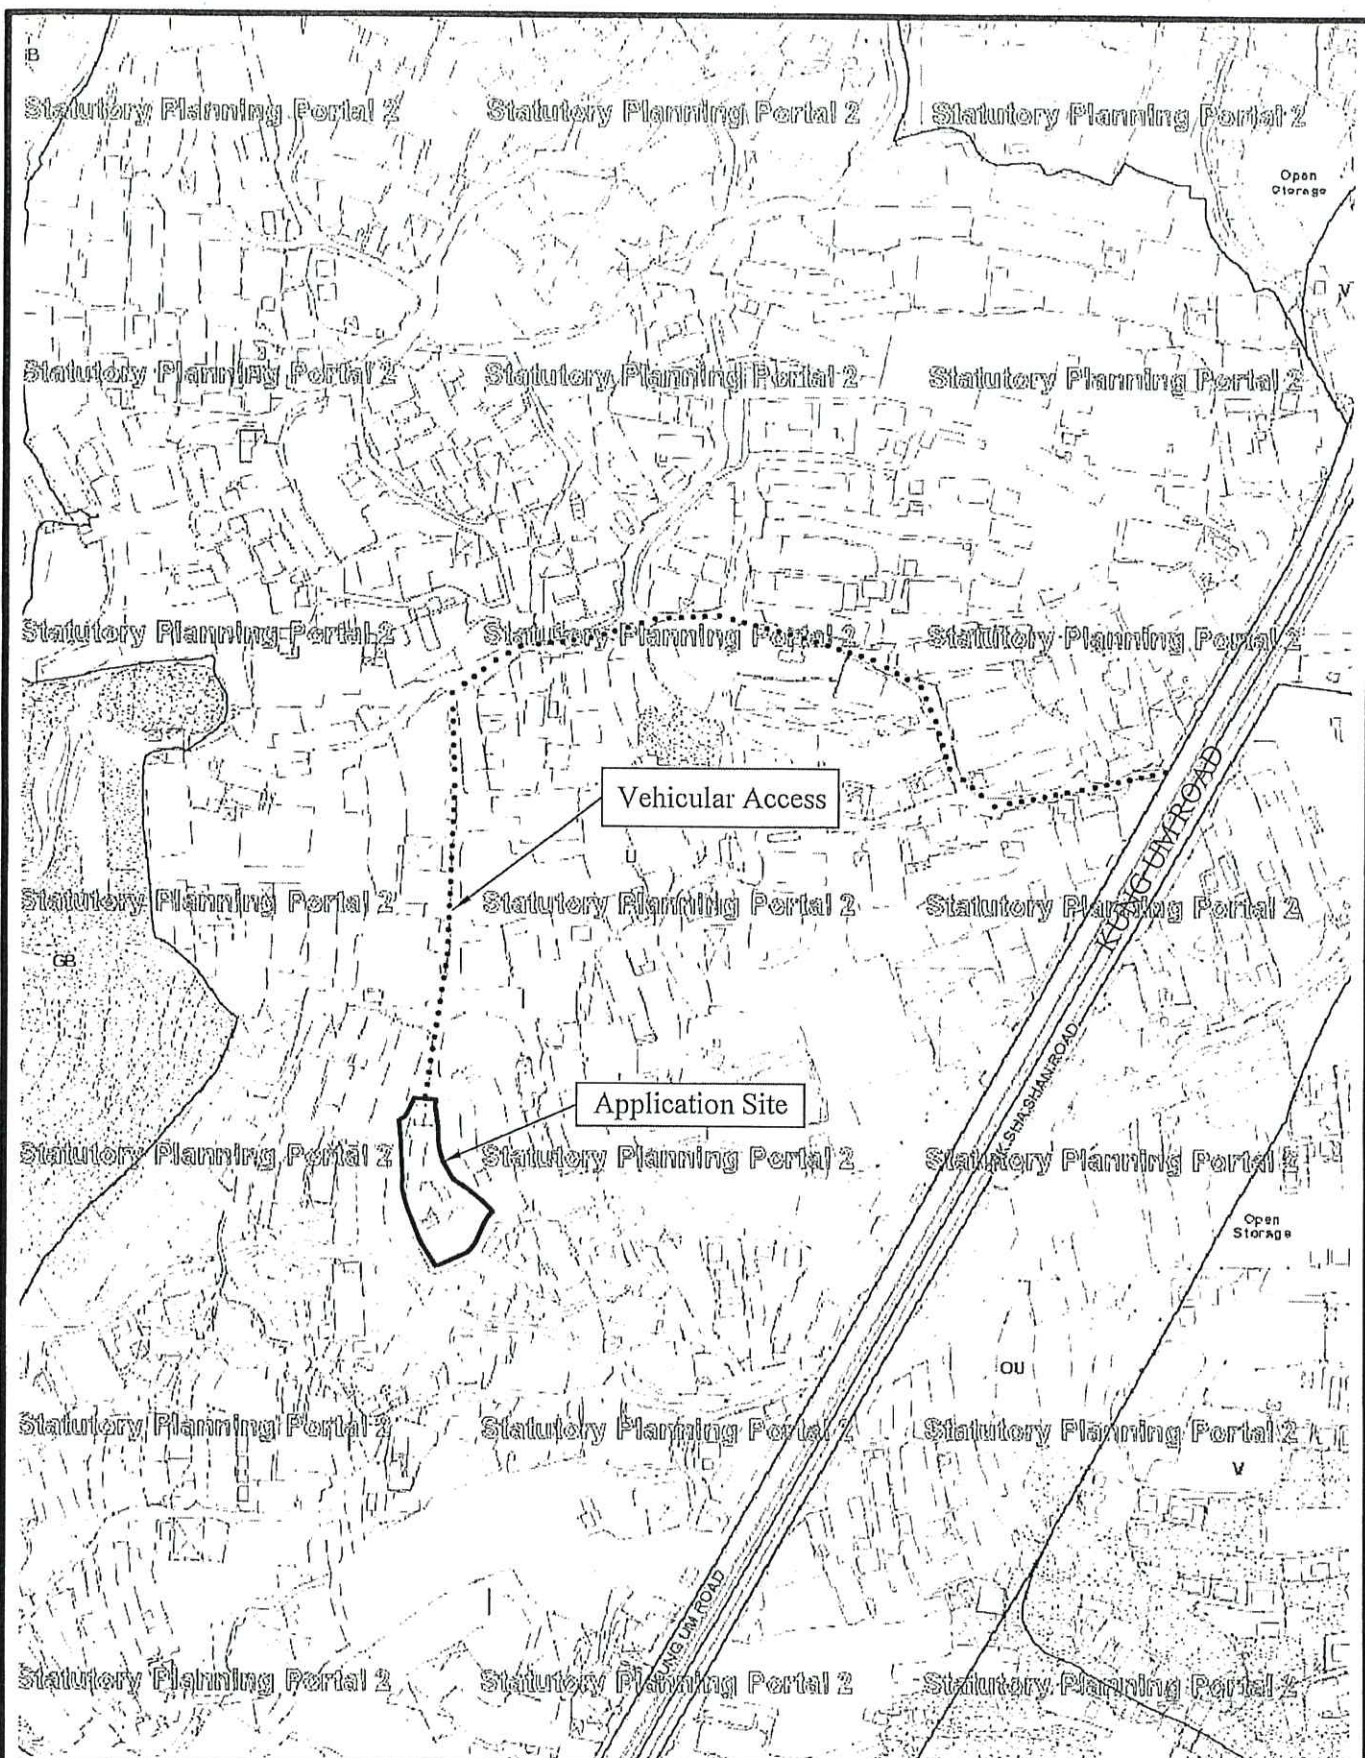

8.4.8. Given the small number of trips to be generated, the traffic impact to the local road network, i.e. Kung Um Road, is minimal.

9. Planning Gain

9.1. The proposed use can serve the continuing demand for open storage use in the area.

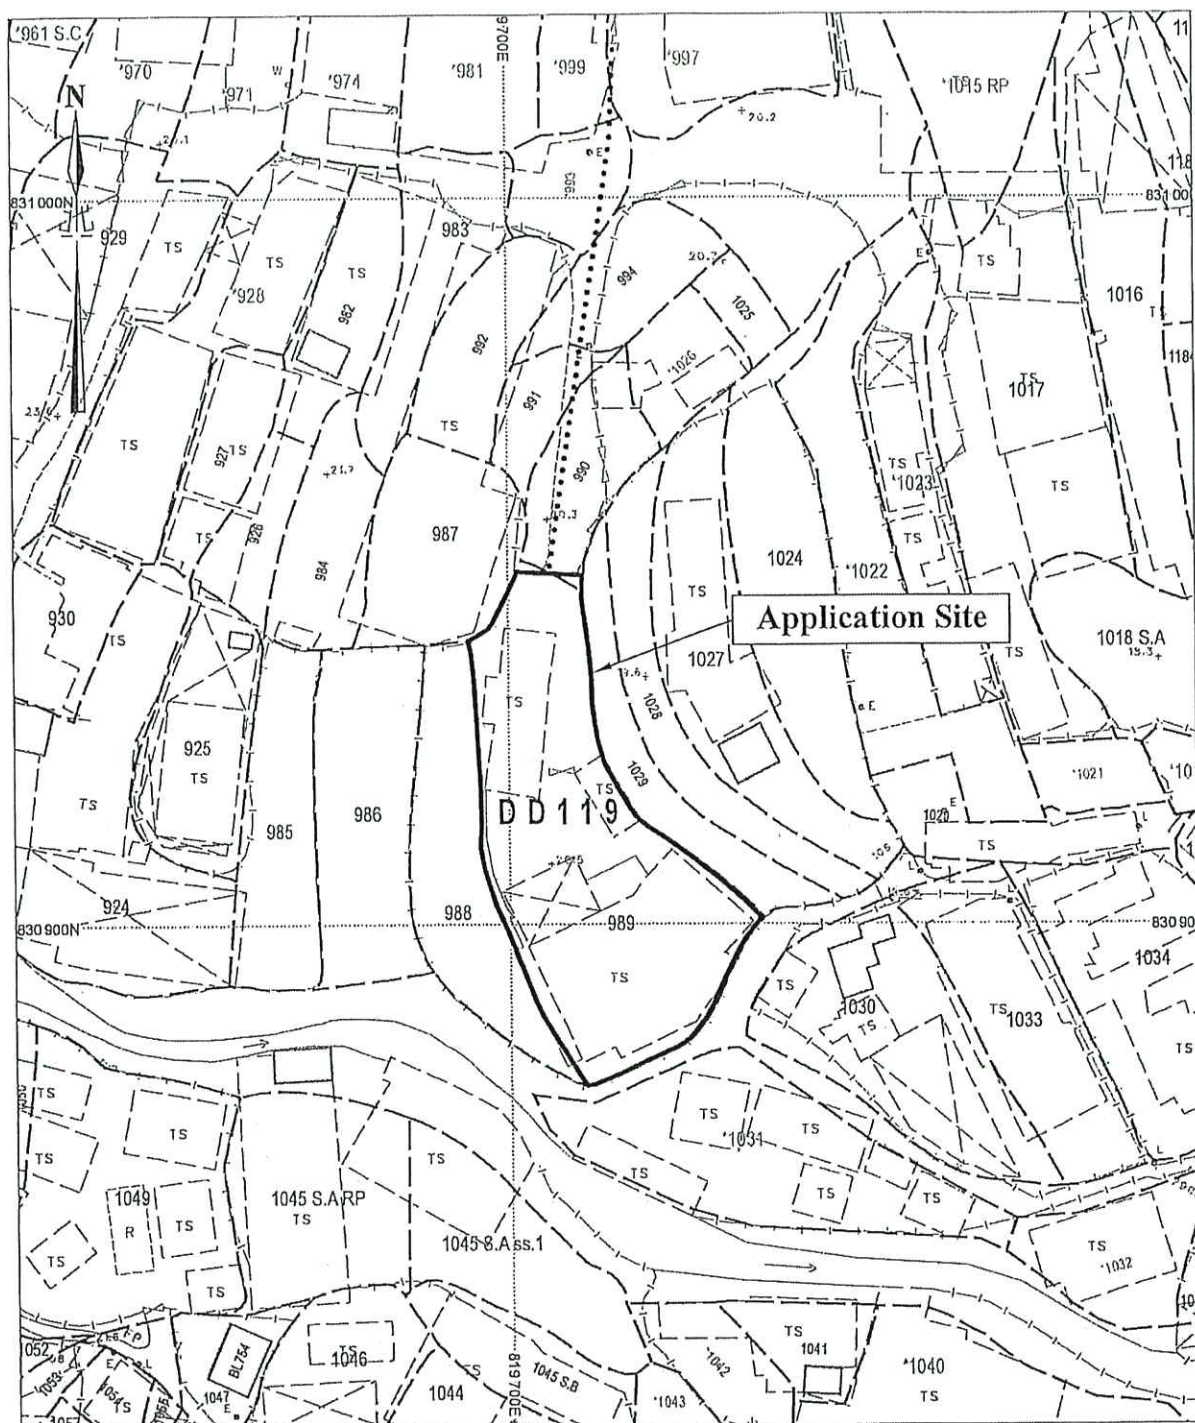

9.2. The proposed use is on a temporary basis which would not hinder the long-term development of the area.

**Relevant extracts of the Town Planning Board Guidelines No. 34C for
“Renewal of Planning Approval and Extension of Time for Compliance with Planning
Conditions for Temporary Use or Development”
(TPB PG-No. 34C)**

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstance since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.
2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

Lots 989 (Part) and 990 (Part) in D.D. 119, Nr. Pak Sha Shan Road, Yuen Long

Site area : About 1,467.3sq.m

Zoning : "Undetermined"

Applied use : Warehouse for Storage of Construction Material / 1 Vehicle Parking

Dear TPB Members,

While this site continues to be zoned 'Undetermined', there are plans for extensive development of housing and community services in the district. Note that the applicant had **TEN Extensions of Time** on Application 891.

This is of concern as non compliance with terms could create environmental, hygiene and safety issues that are detrimental to the proposed developments.

Members must question if terms were finally complied with and if there are outstanding issues before rolling over the application.

Mary Mulvihill

Advisory clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. Lot No. 989 in D.D. 119 is currently covered by Short Term Waiver (STW) No. 3441 to permit structures erected thereon for the purpose of “Warehouse for Storage of Construction Materials and Battery (with Ancillary Workshop Activities)”. The STW holder(s) will need to apply to her office for modification of the STW conditions where appropriate and the lot owner(s) of the lot(s) without STW will need to apply to her office to permit the structures to be erected or regularise any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by her department;
- (c) to note the comments of the Commissioner for Transport that the land status of the access road/path/track leading to the Site from Kung Um Road shall be checked with the lands authority. The management and maintenance responsibilities of the access road/path/track shall be clarified with the relevant management and maintenance authorities. Sufficient space should be provided within the Site for manoeuvring of vehicles. No parking of vehicles on public road are allowed;
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. His department shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road;
- (e) to note the comments of the Director of Environmental Protection that the relevant mitigation measures and requirements in the latest “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” issued by the Environmental Protection Department should be followed to minimise any environmental nuisance on the surrounding areas;
- (f) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without approval of BD, they are unauthorised building works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with BD’s enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings and land filling) are to be carried out on the Site, prior approval and consent of the BD should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular

access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5 m wide, its permitted development intensity shall be determined under Regulation 19(3) of B(P)R at the building plan submission stage; and

- (g) to note the comments of the Project Manager (West), Civil Engineering and Development Department that based on the preliminary project boundary of the proposed Yuen Long South (YLS) Development, the Site falls within the boundary of the proposed YLS Development – Stage 3. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong and the detailed implementation programme with phasing and packaging of works for YLS Development – Stage 3 is being formulated.
