**7. Justifications 理由**

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.  
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The applicant is still waiting for the short term waiver so that the site is still vacant up to now and that's why the applicant cannot implement the accepted fire service installations proposal until now.
2. The application site subjects to a planning permission since 2018. The applied use of the current application is the same as the approved use of the last planning permission (i.e. warehouse) since 2018.
3. Warehouse is normally approved in the 'undetermined' zone.
4. The proposed development is a temporary use for a period of 3 years which would not jeopardize the long term planning intention of the current zoning.
5. The proposed development is not incompatible with the surrounding environment including open storage use and port back-up activities.
6. Open storage & port back-up uses adjoining the application site were granted with planning permission. Similar preferential treatment should be granted to the current application.
7. All the planning conditions imposed to the last planning permission except the implementation of the FSI proposal has been complied with. In view of that the applicant is still waiting for the short term waiver so that the proposed temporary structure cannot be erected at the moment and the implementation of the accepted fire service installations proposal can only be carried out after the completion of the structure. The applicant has reported the completion of the implementation of the drainage proposal.
9. The planning circumstance pertaining to the application site is similar to the recent approval of adjacent open storage yards and port back-up uses.
10. Minimal traffic impact.
11. Insignificant environmental and noise impacts because the applied use is housed within an enclosed structure and no operation will be held during sensitive hours.
12. Insignificant drainage impact because surface U-channel has been provided at the application site.
13. Shortage of land for port back-up purpose in Tong Yan San Tsuen.
14. The construction materials to be stored at the application site includes pvc pipe, tiles and sanitary wares.

**8. Declaration 聲明**

I hereby declare that the particulars given in this application are correct and true to the best of my knowledge and belief.  
本人謹此聲明，本人就這宗申請提交的資料，據本人所知及所信，均屬真實無誤。

I hereby grant a permission to the Board to copy all the materials submitted in an application to the Board and/or to upload such materials to the Board's website for browsing and downloading by the public free-of-charge at the Board's discretion.  
本人現准許委員會酌情將本人就此申請所提交的所有資料複製及/或上載至委員會網站，供公眾免費瀏覽或下載。

**Proposed Temporary Warehouse for Storage of Construction Materials  
for a Period of 3 Years  
at  
Lot 864 S.A&S.B (Part) in D.D. 119, Yuen Long, N.T.**

---

**Annex 1 Estimated Traffic Generation**

- 1.1 The application site is accessible via a vehicular access leading from Kung Um Road. Having mentioned that the site is intended for storage of construction materials, traffic generated by the proposed development is extremely insignificant. No medium and heavy goods vehicle exceeding 5.5 tonnes and container trailer/tractor will access the application site. To address the concern of the heavy traffic along Kung Um Road, the proposed development will operate from 9:00a.m. to 5:00p.m on Mondays to Saturdays.
- 1.2 The estimated average traffic generation and traffic generation rate at peak hours are as follow:

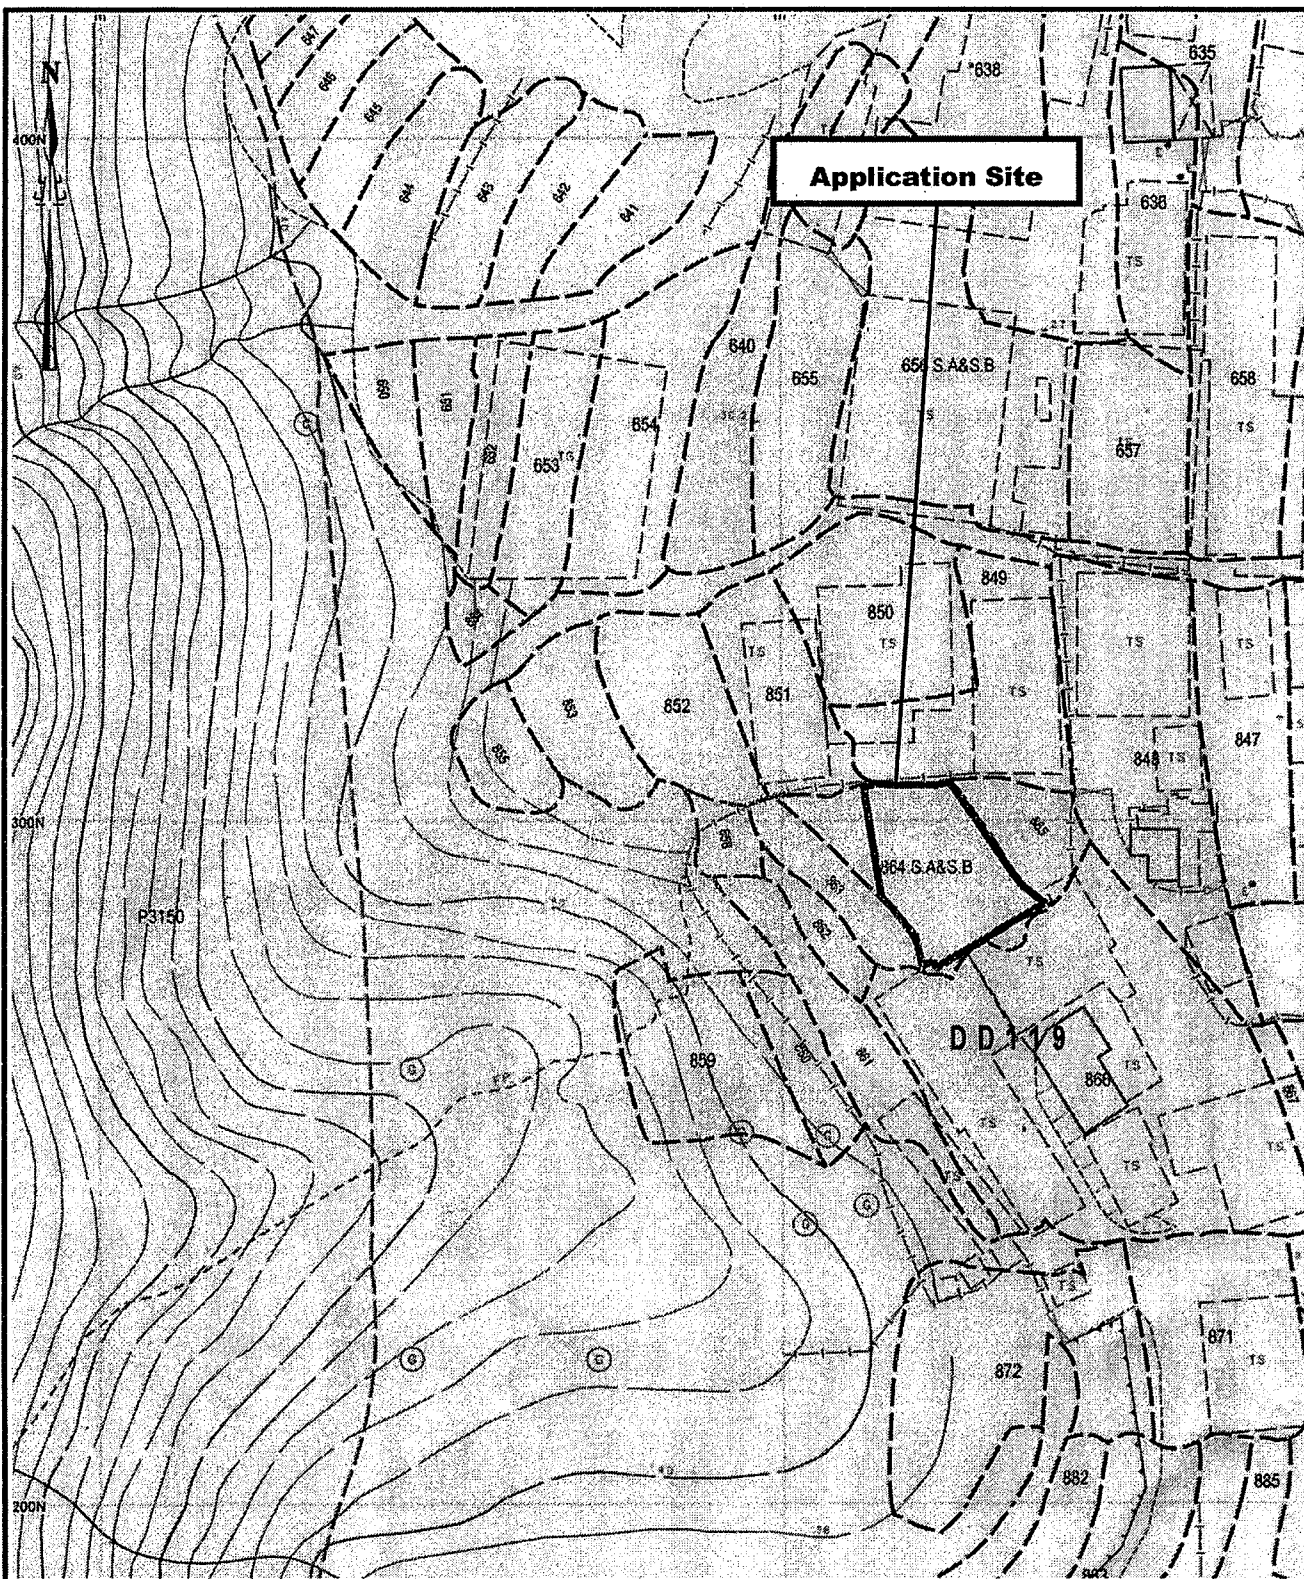

Type of Vehicle	<u>Average Traffic Generation Rate</u> (pcu/hr)	<u>Average Traffic Attraction Rate</u> (pcu/hr)	<u>Traffic Generation Rate at Peak Hours</u> (pcu/hr)	<u>Traffic Attraction Rate at Peak Hours</u> (pcu/hr)
Light goods vehicle	0.19	0.19	0	0

Note 1: The opening hour of the proposed development is restricted to 9:00 a.m. to 5:00 p.m. from Mondays to Saturdays. No operation will be held on Sundays and public holidays.

Note 2: The pcu of light goods vehicle is taken as 1.5.

Note 3: Morning peak is defined as 7:00a.m. to 9:00a.m. whereas afternoon peak is defined as 5:00p.m. to 7:00p.m.

- 1.3 In association with the intended purpose, adequate space for manoeuvring of vehicle would be provided and so queueing up of traffic would not be the result especially that the traffic generated is insignificant. The negligible increase in traffic would not aggravate the traffic condition of Kung Um Road and nearby road networks.

1	A/YL-TYST/922	Temporary Warehouse for Storage of Exhibition Materials, Furniture, Wooden Products, Construction Materials, and Vehicle and Electronic Parts for a Period of 3 Years	2.9.2018	(1)
2	A/YL-TYST/926	Temporary Warehouse for Storage of Construction Materials and Furniture for a Period of 3 Years	7.12.2018	(1)
3	A/YL-TYST/943	Temporary Warehouse for Storage of Construction Materials for a Period of 3 Years	1.2.2019	(1)

#### **Rejection Reason:**

- (1) The application involves previously revoked planning permissions due to non-compliance with the approval conditions. Approval of the application with repeated non-compliances would set an undesirable precedent for other similar planning permissions for temporary uses, nullifying statutory planning control.

Lot 864 S.A & S.B (Part) in D.D. 119, Pak Sha Tsuen, Yuen Long

Site area : About 420sq.m

Zoning : "Undetermined"

Applied use : Warehouse for Storage of Construction Materials / 1 Vehicle Parking

Dear TPB Members,

Despite EIGHT extensions of time, applicant has failed to fulfill conditions and is now using the usual trick of submitting a new application.

While the site is still zoned "Undetermined", there are plans for extensive public and private residential and community development close by in the Pak Sha Tsuen area. Facilities that could pose danger in any form to the community and local environment cannot be tolerated.

Members must ask questions.

Mary Mulvihill

**Advisory Clauses**

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) shorter compliance period is imposed in order to monitor the progress of compliance with approval conditions. Should you fail to comply with any of the approval conditions again resulting in the revocation of planning permission, sympathetic consideration may not be given to any further applications;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The lot owner(s) will need to apply to her office to permit the structures to be erected or to regularise any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by her department;
- (d) to note the comments of the Commissioner for Transport that the land status of the road/path/track leading to the Site from Kung Um Road shall be checked with the lands authority. The management and maintenance responsibilities of the access road/path/track shall be clarified and consulted with the relevant management and maintenance authorities accordingly. Sufficient space should be provided within the Site for manoeuvring of vehicles. No parking of vehicles on public road are allowed;
- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to the nearby public roads/drains. His department shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road;
- (f) to note the comments of the Director of Environmental Protection that the relevant mitigation measures and requirements in the latest “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storages Sites” issued by the Environmental Protection Department should be followed to minimise any potential environmental nuisances on the surrounding areas;
- (g) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department that the drainage facilities should be implemented on site in accordance with the agreed drainage proposal. You are required to rectify the drainage system if they are found to be inadequate or ineffective during operation. You shall also be liable for and shall indemnify claims and demands arising out of damage or nuisance caused by a failure of the drainage system. The proposed development would neither obstruct overland flow nor adversely affect existing natural streams, village drains, ditches and the adjacent areas. You should consult DLO/YL, LandsD and seek consent from the relevant lot owners for any works to be carried out outside your lot boundary before commencement of the drainage works;

- (h) to note the comments of the Director of Fire Services that the installation/ maintenance/ modification/ repair work of fire service installations shall be undertaken by a Registered Fire Service Installation Contractor (RFSIC). The RFSIC shall after completion of the installation/ maintenance/ modification/ repair work issue to the person on whose instruction the work was undertaken a certificate (FS 251) and forward a copy of the certificate to him. If the proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (i) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. Any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. Detailed checking under the BO will be carried out at building plan submission stage; and
- (j) to note the comments of the Project Manager (West), Civil Engineering and Development Department that based on the preliminary project boundary of the proposed Yuen Long South (YLS) Development, the Site falls within the boundary of the proposed YLS Development – Stage 3. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong and the detailed implementation programme with phasing and packaging of works for YLS Development – Stage 3 is being formulated.
