**Proposed Temporary Warehouse for Storage of Construction Materials
for a Period of 3 Years**

at

**Lots 1255 (Part), 1256 (Part), 1258 (Part) & 1259 (Part) in D.D. 119, Pak
Sha Tsuen, Yuen Long, N.T.**

Annex 1 Estimated Traffic Generation

- 1.1 As shown in **Figure 2**, the application site is accessible via a vehicular track leading from Kung Um Road. In view of that the site is intended for warehouse use, traffic generated by the proposed development would be insignificant.
- 1.2 The estimated average traffic generation and traffic generation rate at peak hours are as follow:

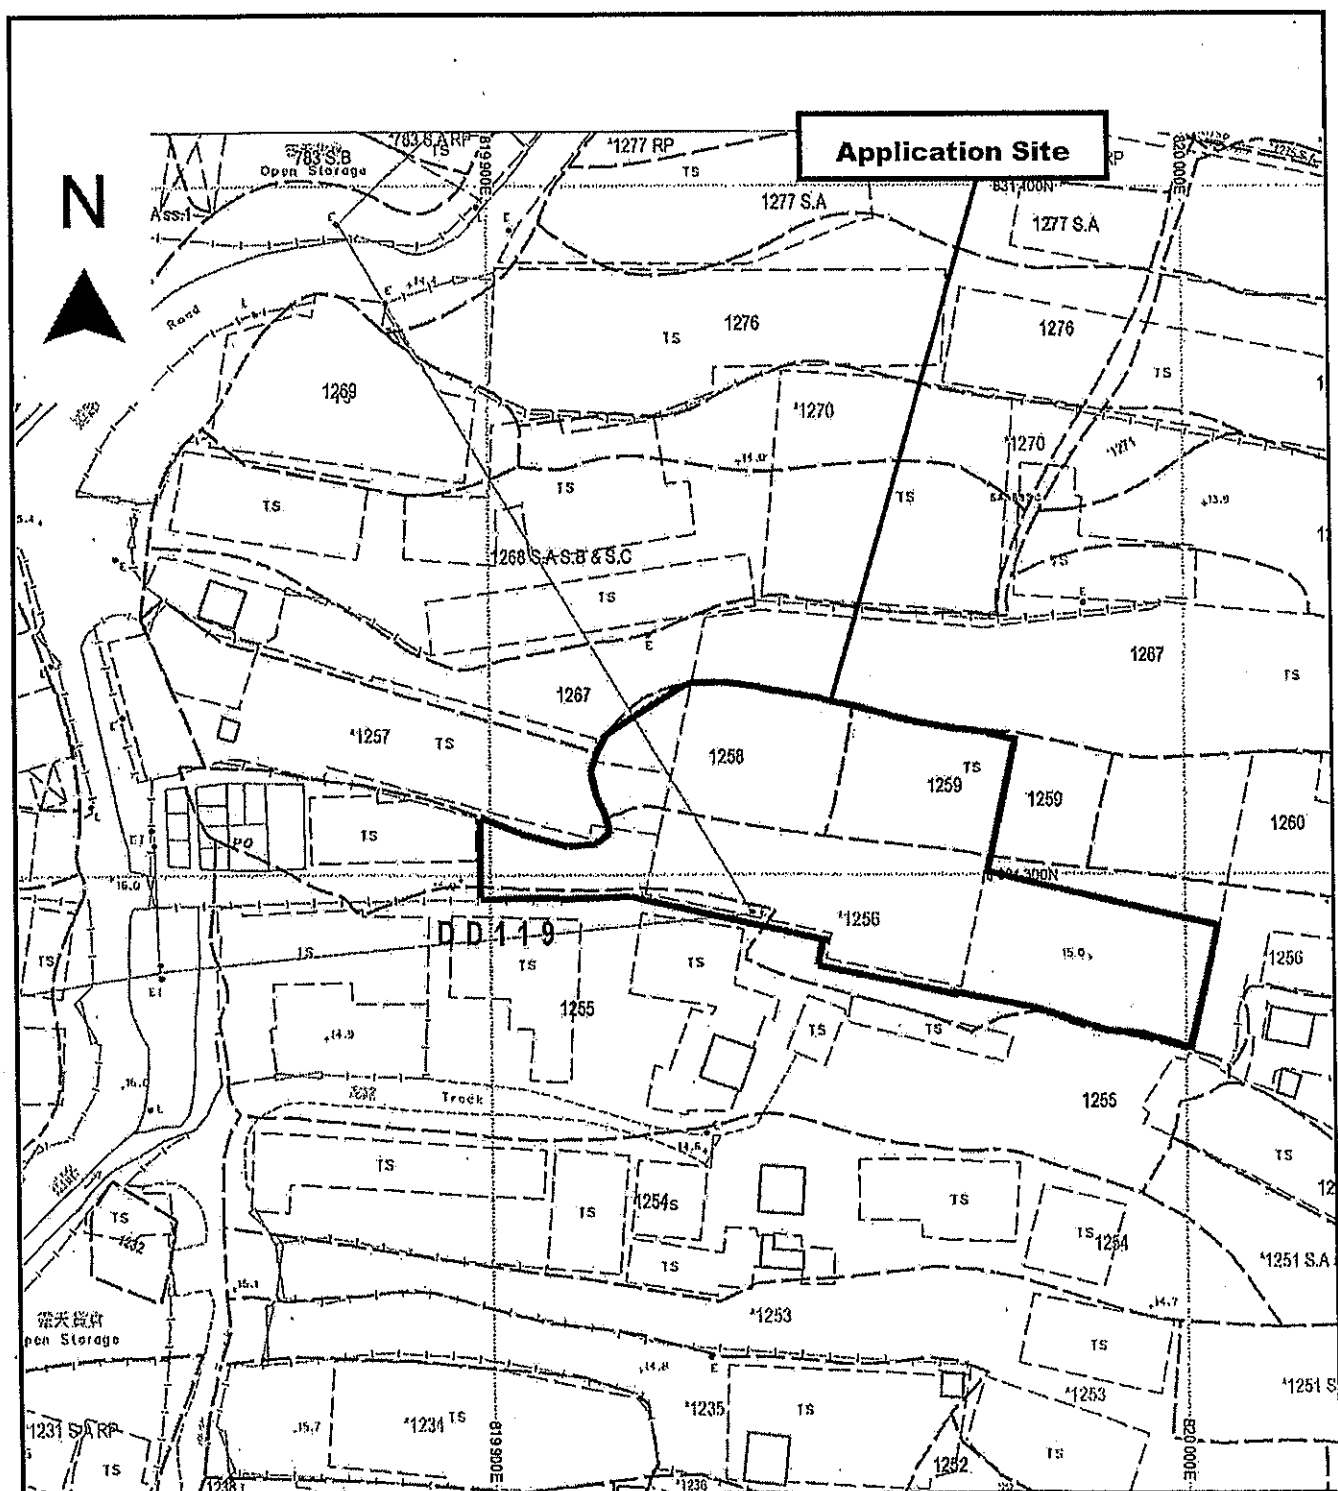

Type of Vehicle	<u>Average Traffic Generation Rate</u> (pcu/hr)	<u>Average Traffic Attraction Rate</u> (pcu/hr)	<u>Traffic Generation Rate at Peak Hours</u> (pcu/hr)	<u>Traffic Attraction Rate at Peak Hours</u> (pcu/hr)
Light goods vehicle (not exceeding 5.5 tones)	0.19	0.19	0	0

Note 1: The opening hour of the proposed development is restricted to 9:00 a.m. to 5:00 p.m. from Mondays to Saturdays. No operation will be held on Sundays and public holidays.

Note 2: The pcu of light goods vehicle is taken as 1.5.

Note 3: Morning peak is defined as 7:00a.m. to 9:00a.m. whereas afternoon peak is defined as 5:00p.m. to 7:00p.m.

- 1.3 In association with the intended purpose, adequate space for manoeuvring of exhibition materials would be provided and so queueing up of traffic would not be the result especially that the traffic generated is insignificant. The negligible increase in traffic would not aggravate the traffic condition of Kung Um Road and nearby road networks.

Dear Sir,

Proposed Temporary Warehouse for Storage of Construction Materials for a Period of 3 Years at Lots 1255 (Part), 1256 (Part), 1258 (Part) & 1259 (Part) in D.D. 119, Pak Sha Tsuen, Yuen Long, N.T.

We refer to the comments of the Transport Department received on 3.3.2022. Our response to the comments of the Transport Department is as follows:

Transport Department's comments	Applicant's response
(a)The applicant should specify how the parking need of the proposed development could be satisfied.	Noted. Although there is a site office at the application site, no staff will station at the application site. As such, there is no parking need to be met.
(b)The applicant should specify the maximum size of building material to be stored in the proposed development.	Tiles are being stored at the application site. They can be delivered by light goods vehicle. The maximum size of tiles is about 2m x 2m and they can be stood on the light goods vehicle when being delivered.

Should you have any enquiries, please feel free to contact our Mr. Patrick Tsui at [REDACTED] at your convenience.

Yours faithfully,

4	A/YL-TYST/1082	Temporary Warehouse for Storage of Furniture with Ancillary Office for a Period of 3 Years	23.7.2021	(1)

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD):

- no adverse comment on the application.

2. Traffic

(a) Comments of the Commissioner for Transport (C for T):

- the local track leading to the Site is not under her purview.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD):

- no adverse comment on the application.

3. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no objection in principle to the subject development;
- based on the drainage proposal enclosed in the application, apparently the applicant would maintain the same drainage facilities as those implemented under previous planning application No. A/YL-TYST/972; and
- should the Board consider that the application is acceptable from the planning point of view, approval conditions requiring the maintenance of the drainage facilities implemented under application No. A/YL-TYST/972 and submission of records of the existing drainage facilities on site to the satisfaction of the Director of Drainage Services or of the Board should be stipulated.

4. Water Supply

Comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD):

- no objection to the application.

5. Fire Safety

Comments of the Director of Fire Services (D of FS):

- no objection in principle to the proposal;

- the applicant should be reminded of the detailed comments on the submitted fire service installations (FSIs) proposal and general comments at **Appendix IV** of the RNTPC paper. Revised layout plans incorporated with the proposed FSIs should be submitted to his department for approval.

6. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD):

- as there is no record of approval by the Building Authority for the existing structures at the Site, he is not in a position to offer comments on their suitability for the use proposed in the application.

7. Long Term Development

(a) Comments of the Chief Engineer/Cross-Boundary Infrastructure and Development, Planning Department (CE/CID, PlanD):

- the Civil Engineering and Development Department (CEDD) and PlanD jointly commissioned the “Planning and Engineering Study for Housing Sites in Yuen Long South (YLS) – Investigation” (the YLS Study). According to the Revised Recommended Outline Development Plan of YLS promulgated in May 2020, the Site partly falls within an area zoned “Residential - Zone 2 (Subsidised Sale Flats with Commercial)”, partly falls within an area zoned “Amenity” and partly falls within an area shown as ‘Road’; and
- the objective of YLS is to transform the degraded rural land predominantly occupied by brownfield operations including open storage yards, warehouses and rural industrial uses into housing and other uses with supporting infrastructure and community facilities, and to improve the existing environment. It is noted that the application is for temporary use for a period of 3 years. In considering the application for temporary uses, due consideration should be given on the possible implication on land clearance which would affect the future implementation of YLS.

(b) Comments of the Project Manager (West), CEDD (PM(W), CEDD):

- no objection to the application.

8. District Officer’s Comments

Comments of the District Officer (Yuen Long), Home Affairs Department (DO(YL), HAD):

- his office has not received any comments from the locals.

9. Other Department

- Commissioner of Police (C of P) has no comment on the application.

Recommended Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) shorter compliance period is imposed in order to monitor the progress of compliance with approval conditions. Should you fail to comply with any of the approval conditions again resulting in the revocation of planning permission, sympathetic consideration may not be given to any further applications;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:

 - (ii) Lots No. 1255, 1256, 1258 and 1259 in D.D. 119 are covered by Short Term Waivers (STWs) No. 4289, 4290, 4291 and 4292 respectively to permit structures erected thereon for the purpose of “Temporary Warehouse for Storage of Construction Material, Exhibition Material and Furniture”; and
 - (iii) the STW holder(s) will need to apply to her office for modification of the STW conditions where appropriate. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by her department;

- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that:
 - (i) adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains; and

- (f) to note the comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD) that:
 - (i) proposed water mains will intersect the Site (**Plan A-2** of this RNTPC paper); and

- (ii) for provision of water supply to the development, the inside services to the nearest suitable government water mains for connection should be extended. Any land matter (such as private lots) associated with the provision of water should be resolved. You are responsible for the construction, operation and maintenance of the inside services within the private lots to her department's standards;
- (g) to note the comments of the Director of Fire Services (D of FS) and in particular on the submitted fire service installations proposal that:
 - (i) gross floor area and compartment volume of each structure shall be clearly stated on plan;
 - (ii) storage configuration, category and height regarding the provision of sprinkler system shall be stated on plan;

- (h) to note the comments of the Director of Environmental Protection (DEP) that:

the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspect of Temporary Uses and Open Storage Use" should be followed to minimise any potential environmental nuisances on the surrounding area;
- (i) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:
 - (i) if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the application;
 - (ii) for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;

- (iii) before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. based on the preliminary project boundary of the proposed Yuen Long South (YLS) Development, the Site falls within the boundary of the proposed YLS Development – Stage 3. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong and the detailed implementation programme with phasing and packaging of works for YLS Development – Stage 3 is being formulated.
