

**APPLICATION FOR RENEWAL OF PLANNING APPROVAL**  
**FOR TEMPORARY USE**  
**UNDER SECTION 16 OF THE TOWN PLANNING ORDINANCE**

**APPLICATION NO. A/YL-TYST/1183**

- Applicant** : Mr. TANG Wing Luen represented by R-riches Property Consultants Limited
- Site** : Lot 777 (Part) in D.D. 119, Pak Sha Tsuen, Yuen Long, New Territories
- Site Area** : 658 m<sup>2</sup> (about)
- Lease** : Block Government Lease (demised for agricultural use)
- Plan** : Approved Tong Yan San Tsuen Outline Zoning Plan (OZP) No. S/YL-TYST/14
- Zoning** : “Undetermined” (“U”)
- Application** : Renewal of Planning Approval for Temporary Warehouse for Storage of Construction Material for a Period of 3 Years

**1. The Proposal**

- 1.1 The applicant seeks renewal of planning approval for temporary warehouse for storage of construction material for a period of three years at the application site (the Site) (**Plan A-1a**). According to the covering Notes of the OZP, all uses or developments within the “U” zone except those specified in the Notes require planning permission from the Town Planning Board (the Board). The Site is currently occupied by vehicle repair workshop without valid planning permission (**Plans A-2 to A-4b**).
- 1.2 According to the applicant, no open storage, repairing, dismantling, cleaning, spraying and other workshop activities will be carried out at the Site. No medium or heavy goods vehicles, including container tractors/trailers, will be allowed to access the Site. Plans showing the vehicular access leading to the Site, site layout, as-built drainage facilities and fire service installations (FSIs) proposal submitted by the applicant are at **Drawings A-1 to A-4** respectively.
- 1.3 The Site is the subject of five previous applications (No. A/YL-TYST/255, 541, 693, 856 and 987) (details at paragraph 6 below).

- 1.4 The major development parameters of the current application are the same as the last previously approved application and are summarised as follows:

Major Development Parameters	Previously Approved Application No. A/YL-TYST/987	Current Application No. A/YL-TYST/1183
Applied Use	Temporary Warehouse for Storage of Construction Material for a Period of 3 Years	
Site Area	About 658 m <sup>2</sup>	
Total Floor Area (Non-domestic)	About 448 m <sup>2</sup>	
No. and Height of Structures	2 for warehouse (8m, 1 storey)	
No. of Parking Space	Nil	
No. of Loading/Unloading Space	1 (for light goods vehicle) (7 m x 3.5 m)	
Operation Hours	7:00 a.m. to 11:00 p.m., with no operation on Sundays and Public Holidays	

- 1.5 In support of the application, the applicant has submitted the following documents:

- (a) Application Form with plans received on 13.9.2022 (Appendix I)
  - (b) Further Information (FI) received on 27.9.2022\* (Appendix Ia)
  - (c) FI received on 13.10.2022\* (Appendix Ib)
- \* *accepted and exempted from publication requirements*

## 2. **Justifications from the Applicant**

The justifications put forth by the applicant in support of the application are detailed in the Application Form (Appendix I). They can be summarised as follows:

- (a) the Site was the subject of previous planning permissions. The current proposal is the same as the last application (No. A/YL-TYST/987) and all the time-limited approval conditions of the last application had been complied with;
- (b) the applied use is in line with the Town Planning Board Guidelines for “Application for Open Storage and Port Back-up Uses” (TPB PG-No.13F). A number of open storage and warehouse uses have been approved by the Board in the vicinity of the Site. The applied use is compatible with the surrounding environment; and
- (c) there will be minimal traffic, environmental, landscape and drainage impacts arising from the applied use. The applicant undertakes to follow the environmental mitigation measures in the “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” (Code of Practice).

### **3. Compliance with the “Owner’s Consent/Notification” Requirements**

The applicant is not a “current land owner” but has complied with the requirements as set out in the Town Planning Board Guidelines on Satisfying the “Owner’s Consent/Notification” Requirements under Sections 12A and 16 of the Town Planning Ordinance (TPB PG-No. 31A) by posting site notice and sending the notice to the Ping Shan Rural Committee by registered post. Detailed information would be deposited at the meeting for Members’ inspection.

### **4. Town Planning Board Guidelines**

The Town Planning Board Guidelines on Renewal of Planning Approval and Extension of Time for Compliance with Planning Conditions for Temporary Use or Development (TPB PG-No. 34D) are relevant to the application. The relevant assessment criteria are at **Appendix II**.

### **5. Background**

The Site is currently not subject to planning enforcement action.

### **6. Previous Applications**

6.1 The Site involves five previous applications (No. A/YL-TYST/255, 541, 693, 856 and 987) for various temporary warehouse uses covering the same or a larger extent of the Site. Details of the applications are summarised in **Appendix III** and the boundaries of the sites are shown on **Plan A-1b**.

6.2 All five applications were approved with conditions each for a period of three years by the Rural and New Town Planning Committee (the Committee) of the Board between 2004 and 2019 mainly on the considerations that the proposals were generally in line with the planning intention of the “U” zone; the proposals were not incompatible with the surrounding uses; the concerns of relevant government departments could be addressed by imposing approval conditions; and the proposals would not jeopardise the long-term development of the area. However, two of the planning permissions (No. A/YL-TYST/255 and 541) were subsequently revoked due to non-compliance of approval conditions. All the time-limited approval conditions of the last planning application No. A/YL-TYST/987 have been complied with and the planning permission is valid until 15.11.2022.

6.3 Compared with the last application (No. A/YL-TYST/987), the current application is submitted by the same applicant for the same use at the same site with the same development parameters and layout (see paragraph 1.4).

### **7. Similar Applications**

7.1 A total of 88 similar planning applications for various temporary warehouse uses with/without other uses within/straddling the subject “U” zone had been considered by the Committee since 2017. Details of the applications are summarised in **Appendix III** and the locations of the sites are shown on **Plan A-1a**.

- 7.2 Out of the 88 similar applications, 84 were approved mainly on similar considerations that the developments were not incompatible with the surrounding open storage/warehouse uses and the concerns of relevant departments could be addressed by imposing approval conditions. However, the planning permissions for 26 of them were subsequently revoked due to non-compliance with approval conditions.
- 7.3 The remaining four applications were rejected by the Committee between 2018 and 2021 on the grounds that approval of the applications with repeated non-compliances would set an undesirable precedent for other similar planning permissions for temporary uses, thus nullifying the statutory planning control system.
- 7.4 For Members' information, applications No. A/YL-TYST/1184 (for proposed temporary warehouse for storage of electronic goods for a period of 3 years) and 1185 (for temporary warehouse for storage of furniture for a period of 3 years) within the same "U" zone will also be considered at this meeting (**Plan A-1a**).

## **8. Planning Intention**

- 8.1 The planning intention of the "U" zone is to cater for the continuing demand for open storage which cannot be accommodated in conventional godown premises. Any proposed developments within the zone should demonstrate that they will not have significant traffic, drainage and environmental impacts on the area.
- 8.2 According to the Explanatory Statement of the OZP, under the "Planning and Engineering Study for Housing Sites in Yuen Long South (YLS) – Investigation", this area falls within the remaining stages of the YLS Development and the existing operations would be gradually phased out in stages.

## **9. The Site and Its Surrounding Areas (Plans A-1a to A-4b)**

- 9.1 The Site is:
- (a) accessible from Kung Um Road to its southeast via a local track (**Plan A-3**); and
  - (b) paved, fenced off and occupied by vehicle repair workshop without valid planning permission (**Plans A-2 to A-4b**).
- 9.2 The surrounding areas have the following characteristics (**Plans A-2 and A-3**):
- (a) comprise predominantly warehouses and open storage/storage yards with scattered residential structures, graves, agricultural land and vacant land/structures;
  - (b) there are residential structures in the vicinity of the Site with the nearest one located to its immediate south; and

- (c) except for two warehouses with valid planning permissions (No. A/YL-TYST/1097 and 1100), the remaining warehouses and open storage/storage yards in the vicinity are suspected unauthorized developments subject to planning enforcement action.

## **10. Comments from Relevant Government Departments**

All government departments consulted have no objection to or no adverse comment on the application. Their general comments on the application and advisory comments in the Recommended Advisory Clauses are provided in **Appendices IV and V** respectively.

## **11. Public Comment Received During the Statutory Publication Period**

On 20.9.2022, the application was published for public inspection. During the first three weeks of the statutory public inspection period, no public comment was received.

## **12. Planning Considerations and Assessments**

- 12.1 The application is for renewal of planning approval for temporary warehouse for storage of construction material at the Site zoned “U” on the OZP. The applied use is generally not in conflict with the planning intention of the “U” zone which is to cater for the continuing demand for open storage which cannot be accommodated in conventional godown premises. The area is designated as “U” zoning mainly due to concerns of the capacity of Kung Um Road. In this regard, Commissioner for Transport (C for T) has no adverse comment on the application. Under the Revised Recommended Outline Development Plan of YLS, a minor portion of the Site falls within an area zoned “Residential – Zone 2 (Subsidised Sale Flats) (with commercial)” under Stage 3 of YLS Development, while the majority of the Site has been included in the possible expansion of YLS Development Area. The Chief Engineer/Cross-Boundary Infrastructure and Development, Planning Department and Project Manager (West), Civil Engineering and Development Department have no objection to the application. Approval of the application on a temporary basis of three years would not jeopardise the long-term development of the area.
- 12.2 The surrounding area comprises predominantly warehouses and open storage/storage yards with some of them covered by valid planning permissions (**Plan A-2**). While there are residential structures in the vicinity, the applied use is generally not incompatible with the surrounding area.
- 12.3 The application is generally in line with TPB PG-No. 34D in that there has been no material change in planning circumstances since the granting of the previous approval under application No. A/YL-TYST/987; all the time-limited approval conditions under the previous approval had been complied with; and the 3-year approval period sought is reasonable and of the same timeframe as the previous approval.
- 12.4 Concerned government departments, including C for T, Director of Environmental Protection, Director of Fire Services and Chief Engineer/Mainland North, Drainage Services Department have no objection to/no adverse comment on the application. Adverse traffic, environmental, fire safety and drainage impacts on the

surrounding areas are not envisaged. There has been no substantiated environmental complaint concerning the Site received in the past three years. Furthermore, relevant approval conditions are recommended in paragraph 13.2 below to address the technical requirements of concerned government departments. Should the planning application be approved, the applicant will also be advised to follow the latest Code of Practice and that the planning permission does not condone uses not covered by the application but currently existing on the Site (i.e. vehicle repair workshop).

12.5 Given that five previous approvals for similar warehouse uses have been granted to the Site and 84 similar applications within/straddling the subject “U” zone have been approved since 2017, approval of the current application is generally in line with the Committee’s previous decisions.

12.6 There is no public comment received on the application during the statutory public inspection period.

### **13. Planning Department’s Views**

13.1 Based on the assessments made in paragraph 12 above, the Planning Department considers that the temporary warehouse for storage of construction material could be tolerated for a further period of three years.

13.2 Should the Committee decide to approve the application, it is suggested that the permission shall be valid on a temporary basis for a period of three years and be renewed from 16.11.2022 to 15.11.2025. The following conditions of approval and advisory clauses are also suggested for Members’ reference:

#### Approval conditions

- (a) the existing drainage facilities on the Site shall be maintained at all times during the planning approval period;
- (b) the submission of a condition record of the existing drainage facilities on the Site within **3** months from the date of commencement of the renewed planning approval to the satisfaction of the Director of Drainage Services or of the Town Planning Board by 16.2.2023;
- (c) the implementation of the accepted fire service installations proposal within **9** months from the date of commencement of the renewed planning approval to the satisfaction of the Director of Fire Services or of the Town Planning Board by 16.8.2023;
- (d) if the above planning condition (a) is not complied with during the planning approval period, the approval hereby given shall cease to have effect and shall be revoked immediately without further notice; and
- (e) if any of the above planning condition (b) or (c) is not complied with by the specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice.

*[Approval conditions (a) to (c) are the same as those under the permission for application No. A/YL-TYST/987; requirements for maintenance of landscaping, as well as restrictions on operation hours, specific activities and vehicle types have been removed as per the department's latest requirement; and restriction on queuing and reverse movement of vehicles is now stipulated as an advisory clause.]*

#### Advisory clauses

The recommended advisory clauses are at **Appendix V**.

13.3 There is no strong reason to recommend rejection of the application.

### **14. Decision Sought**

- 14.1 The Committee is invited to consider the application and decide whether to grant or refuse to grant permission.
- 14.2 Should the Committee decide to approve the application, Members are invited to consider the approval condition(s) and advisory clause(s), if any, to be attached to the permission, and the period of which the permission should be valid on a temporary basis.
- 14.3 Alternatively, should the Committee decide to reject the application, Members are invited to advise what reason(s) for rejection should be given to the applicant.
