 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

1. The application site is now being occupied for a warehouse for storage of food and electronic goods. A fresh planning application is submitted for the consideration of the Town Planning Board.
2. The application site subjects to eight planning permission since 2001. The applied use of the current application is the same as the approved use of the previous planning permissions (i.e. warehouse) since 2017.
3. The proposed development conforms to the Town Planning Board Guidelines for Application for Open Storage and Port Back-up Uses (TPB PG-NO. 13F) because it is subject to previous planning permission.
4. The proposed development is a temporary use for a period of 3 years which would not jeopardize the long term planning intention of the current zoning.
5. The proposed development is not incompatible with the surrounding environment including open storage use and port back-up activities.
6. Open storage & port back-up uses adjoining the application site were granted with planning permission. Similar preferential treatment should be granted to the current application.
7. All the planning conditions imposed to the last planning permission except the implementation of the FSI proposal have been complied with. 9. The planning circumstance pertaining to the application site is similar to the recent approval of adjacent open storage yards and port back-up uses.

13. Shortage of land for port back-up purpose in Tong Yan San Tsuen.
14. The electronic goods to be stored at the application site is well packed and they are brand new products including tablets, mobile phones and computers. The food to be stored at the application site includes mainly milk powder, biscuits and canned food.

Proposed Temporary Warehouse for Storage of Food & Electronic Goods for a Period of 3 Years
at
Lots 1343 (Part), 1344 (Part), 1345 (Part), 1349 (Part), 1351 (Part), 1353 (Part) in D.D. 119 & Adjoining Government Land, Yuen Long, N.T.

Annex 1 Estimated Traffic Generation

- 1.1 The application site is serviced by a paved vehicular access leading from Kung Um Road. In view of that the site is intended for warehouse for storage of construction materials, traffic generated by the proposed development is extremely insignificant.
- 1.2 The estimated average traffic generation and traffic generation rate at peak hours are as follow:

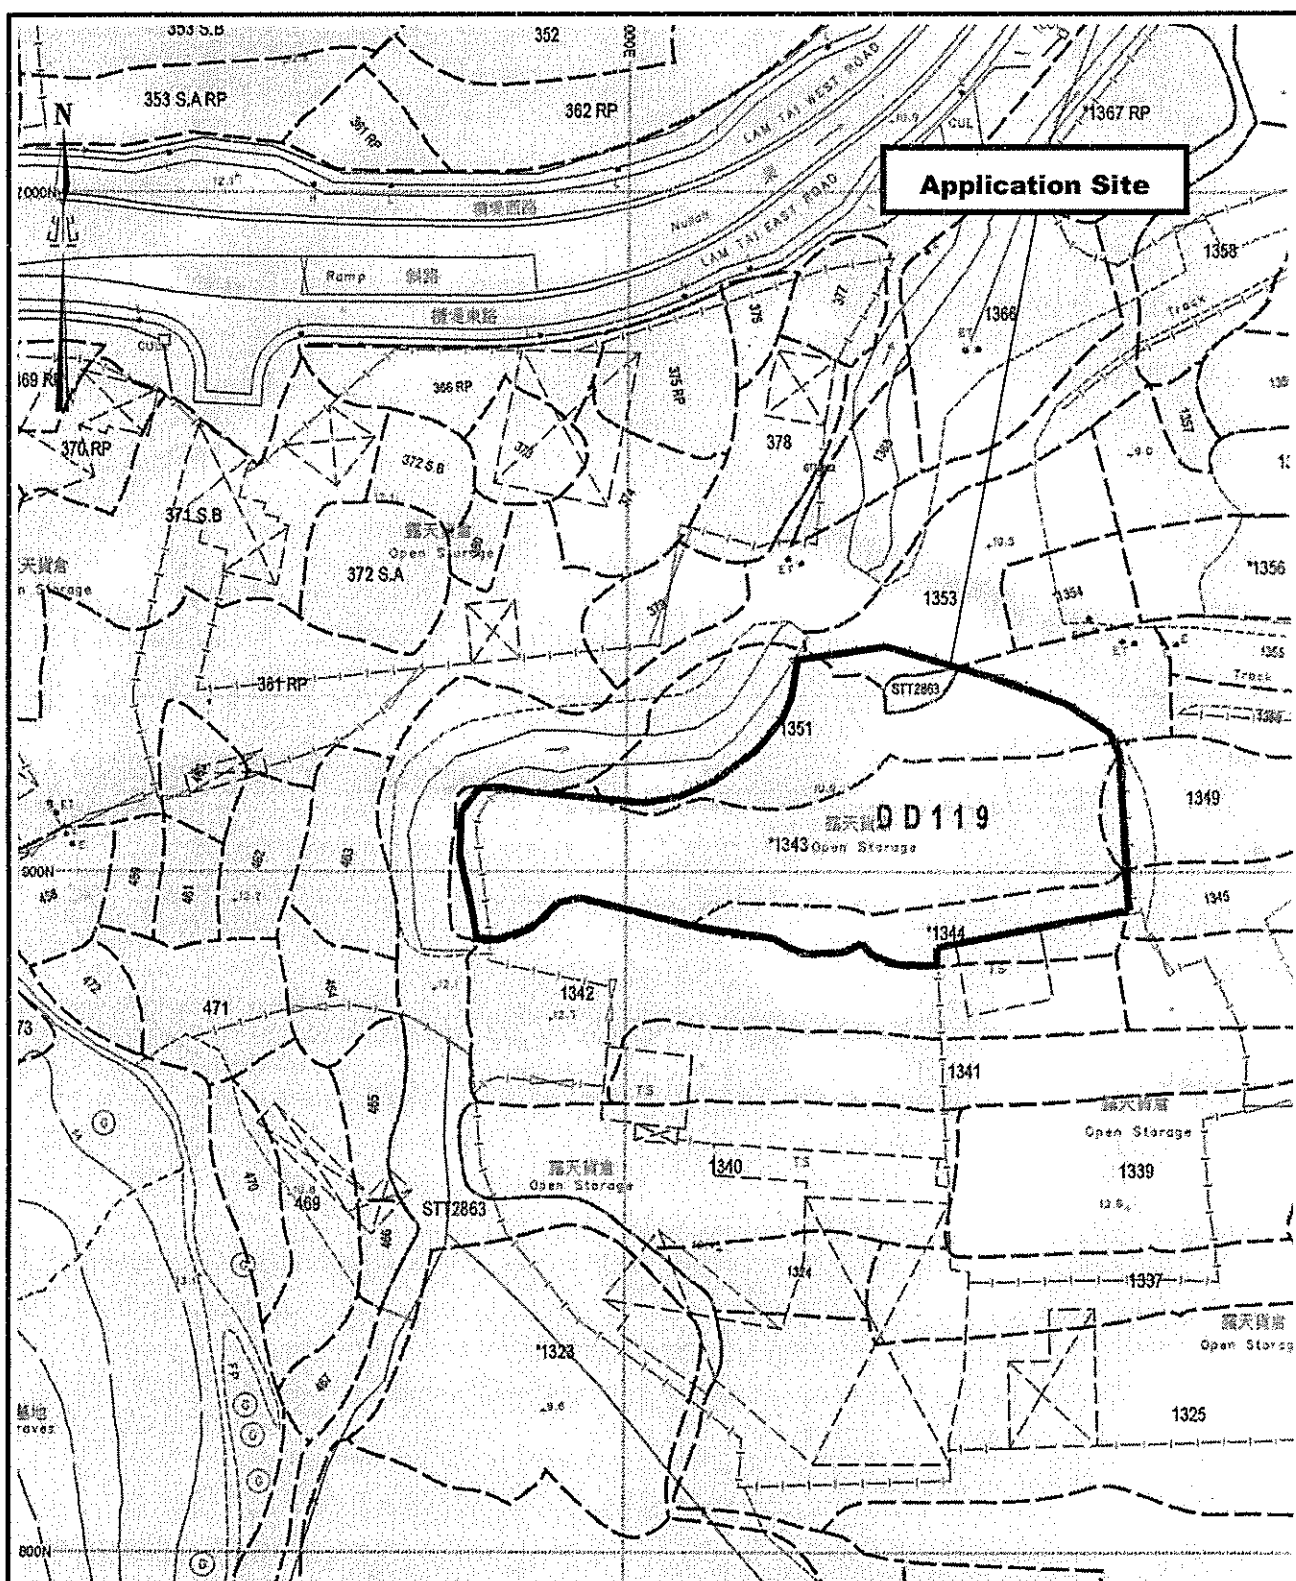

Type of Vehicle	Average Traffic Generation Rate (pcu/hr)	Average Traffic Attraction Rate (pcu/hr)	Traffic Generation Rate at <u>Peak Hours</u> (pcu/hr)	Traffic Attraction Rate at <u>Peak Hours</u> (pcu/hr)
Private car	0.25	0.25	0	0
Medium/ Heavy goods vehicle	0.25	0.25	0	0
Total	0.5	0.5	0	0

Note 1: The opening hour of the proposed development is restricted to 9:00 a.m. to 5:00 p.m. No operation will be held on Sundays and public holidays.

Note 2: The pcu of private car and medium/heavy goods vehicle is taken as 1 and 2 respectively.

Note 3: Morning peak is defined as 7:00a.m. to 9:00a.m. whereas afternoon peak is defined as 5:00p.m. to 7:00p.m.

- 1.3 From the above, the negligible increase in traffic would not aggravate the traffic condition of Kung Um Road and nearby road networks. The application site is also subject to eight previous planning permissions approved for open storage and warehouse use.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD):

No adverse comment on the application.

2. Traffic

(a) Comments of the Commissioner for Transport (C for T):

No comment from traffic engineering viewpoints on the application.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD):

No adverse comment on the application.

3. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no objection in principle to the proposed development;
- apparently the applicant would maintain the same drainage facilities as those implemented under the previous planning applications No. A/YL-TYST/868 and 1030; and
- should the Town Planning Board (the Board) consider the application acceptable from the planning point of view, approval conditions requiring the maintenance of the drainage facilities implemented under applications No. A/YL-TYST/868 and 1030 and the submission of records of the existing drainage facilities on site to the satisfaction of the Director of Drainage Services or of the Board should be stipulated.

4. Fire Safety

Comments of the Director of Fire Services (D of FS):

- no objection in principle to the proposal subject to the fire service installations (FSIs) being provided to his satisfaction; and
- the submitted FSIs proposal is considered acceptable.

5. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department

(CBS/NTW, BD):

No objection to the application.

6. Food and Environmental Hygiene

Comments of the Director of Food and Environmental Hygiene (DFEH):

7. Long Term Development

(a) Comments of the Chief Engineer/Cross-Boundary Infrastructure and Development, Planning Department (CE/CID, PlanD):

- the Civil Engineering and Development Department (CEDD) and PlanD jointly commissioned the “Planning and Engineering Study for Housing Sites in Yuen Long South (YLS) – Investigation”. According to the Revised Recommended Outline Development Plan of YLS promulgated in May 2020, the Site falls partly within an area zoned “Residential – Zone 2 (with Commercial)” and “District Open Space”; and
- the objective of YLS is to transform the degraded rural land predominantly occupied by brownfield operations including open storage yards, warehouses and rural industrial uses into housing and other uses with supporting infrastructure and community facilities, and to improve the existing environment. It is noted that the application is for temporary use for a period of three years. In considering the application for temporary uses, due consideration should be given on the possible implication on land clearance which would affect the future implementation of YLS.

(b) Comments of the Project Manager (West) (PM(W)), CEDD:

No objection to the application.

8. District Officer’s Comments

Comments of the District Officer (Yuen Long), Home Affairs Department (DO(YL), HAD):

His office has not received any feedback from locals.

9. Other Departments

- Chief Engineer/Construction, Water Supplies Department (CE/C, WSD) and Commissioner of Police (C of P) have no comment on the application.

 - (i) the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government and Government Land (GL);
 - (ii) Lot 1344 in D.D. 119 is currently covered by Short Term Waiver (STW) No. 4205 whereas the GL therein is covered by the Short Term Tenancy (STT) No. 2863, for the purpose of Temporary Open Storage of Construction Machinery and Materials, Recycling Materials and Used Electrical Appliances with Ancillary Workshop Activities;

Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Application(s) for any of the above will be considered by his department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by his department;
- (e) to note the comments of the Commissioner for Transport (C for T) that:
 - (i) consent of the owners/managing parties of the local track should be obtained for using it as the vehicular access to the Site; and
 - (ii) sufficient space should be provided within the Site for manoeuvring of vehicles. No parking, queuing and reverse movement of vehicles on public road are allowed;
- (f) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that:

- (iii) before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the Building Authority should be obtained, otherwise they are unauthorised building works (UBW) under the BO. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO;
- (iv) for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;
- (v) any temporary shelters or converted containers for office, storage, washroom or other uses considered as temporary buildings are subject to the control of Part VII of the B(P)R; and
- (vi) detailed checking under the BO will be carried out at building plan submission stage; and

(j) to note the comments of the Director of Food and Environmental Hygiene (DFEH) that:

Dear TPB Members,

This operation has a long history of failure to fulfill conditions. 1030 was revoked.

On yesterday's news there were reports of yet another fire on a brownfield site, folk living nearby were warned to keep their windows shut and avoid going out.

It is time that PlanD and TPB members recognize that by rolling over these applications, they are in fact part of the problem and effectively sending out a message that compliance with conditions will never stand in the way of additional approval.

Lots 1343 (Part), 1344 (Part), 1345 (Part), 1349 (Part), 1351 (Part), 1353 (Part) in D.D. 119 and Adjoining Government Land in D.D. 119, Tong Yan San Tsuen, Yuen Long

Site area : About 3,045m² (Includes Government Land of about 46sq.m

Zoning : "Undetermined"

Applied Use : Warehouse / 1 Vehicle Parking

Dear TPB Members,

No doubt PlanD will trot out the same line it has been using for more than two decades :

"The proposed use was not in conflict with the planning intention of the "Undetermined" zone which was generally intended for open storage use. **Whilst the use of the area was being reviewed under the Planning and Engineering Study for Housing Sites in Yuen Long South**, the Chief Engineer/Cross-boundary Infrastructure and Development, PlanD and the Project Manager (New Territories West), Civil Engineering and Development Department had no objection to the application. The approval of the application on a temporary basis would not jeopardize the long-term development of the site.."

But now in view of the recent JR **HCAL 26/2012 2020 HKCFI 501** members can no longer rely on PlanD recommendations but must ask questions.

Hence, a mere reading of the representation / comment and obtaining advice in respect thereof do not suffice – the decision maker must have to personally consider them rather than rely on an official's consideration of them: Tickner v Chapman, supra, at 464D-E. Li CJ also said in Oriental Daily, supra, at 868B that "the reasons should show that the issues that arise for serious consideration have been considered ."

So what is THE PLAN for the district? What progress has been made re the Study? Surely it is time for the Undetermined use to be reviewed? Members should press for details and timelines. Why is NT carpeted with land use inefficient facilities? The ease with which rolling over brownfield applications without question has become the normal is one of the reasons why so many long promised developments are stalled.
