Dear TPB Members,

This is part of the site of 233 approved in 2017 that racked up an astonishing 18 Extensions of Time. Why was the approval not revoked?

Applicant is now back for another 6 years. Members have a duty to make inquiries into the matter.

Failure to comply with conditions should not be rewarded.

Site area : About 303.7 m²

Zoning : "Open Space"

Applied Development : Real Estate Agency / 6 Years

Dear TPB Members,

While there is no application history, there is mention of 3 structures so it would appear that the application is to legalize unapproved use?

This zone is intended primarily for the provision of outdoor open-air public space

for active and/or passive recreational uses serving the needs of local residents as well as the general public. There is a presumption against any building on OS except for services supporting the recreational use. Re agency does not tick the box.

The application mentions 6 years, double the usual approval period.

TPB should reject this application that would lock up land intended for OS for a long period.
