Executive Summary

This Planning Statement is submitted in support of Proposed Religious Institution with Ancillary Shop and Services, Eating Place and Office in the Entertainment Unit no. 3 on 1/F, Ho Shun Lee Building, No. 9 Fung Yau Street South, Yuen Long, New Territories ("the Application Premises"), to seek the approval from the Town Planning Board ("TPB") under Section 16 of the Town Planning Ordinance. The Application Premises falls within an area zoned "Residential (Group A)" ("R(A)") on the approved Yuen Long Outline Zoning Plan No. S/YL/27 (the "OZP"). According to the Notes of the OZP, 'Religious Institution' is a Column 2 use and planning permission from the TPB is required, whereas the other uses (i.e. 'Eating Place', 'Shop and Services' and 'Office') are always permitted on the lowest three floors of a building, taken to include basements.

The Application Premises of about 264 sq.m. is situated on an existing composite commercial and residential building known as Ho Shun Lee Building ("the subject building"). It is currently a church. In the proposal, it will be used for accommodating a maximum of 160 people with 130 seats in an assembly hall. 'Shop and Services' and 'Eating Place' with about 20% of the total gross floor area and 'Office' as of right on the OZP will be provided. The remaining spaces will be used as storage, lavatories and AV control room to support the general functions of the religious institution.

The proposal is justified mainly for the following reasons:

- The Proposed 'Religious Institution' use is compatible with the land uses in the subject building and the surroundings, which are predominately non-domestic uses at lower floors;
- The size, layout and location of the Application Premises is a suitable venue for expansion of the applicant's services and satisfy with our applicant's consistent missions that is committed to provide social welfare services and to promote Christianity;
- The Applicant is committed to serve the community and devoted to promote Christianity that can bring a positive impact to the existing facilities and the local community;
- There are similar approved applications for 'religious institution' use in the vicinity, demonstrating that it is not incompatible with the surrounding land use and is unlikely to cause adverse impacts; and
- The Application Premises would not result in insurmountable traffic and fire safety impacts on the surroundings.

In view of the planning and justifications put forth in the Supplementary Planning Statement, the Town Planning Board is kindly invited to give favorable consideration to this application.

行政摘要

(內容如與英文版本有任何差異,應以英文版本為準)

此規劃綱領是為一宗位處新界元朗鳳攸南街 9 號好順利大廈 1 樓娛樂場所(「申請處 所」)用作擬議宗教機構及准許的食肆、商店及服務行業及辦公室用途的規劃申請而擬 備,並根據《城市規劃條例》第 16 條希望得到城市規劃委員會的申請規劃許可。申請 處所位於元朗分區計劃大綱核准圖編號 S/YL/27(「該大綱核准圖」)上的「住宅(甲類)」 地帶。根據該大綱核准圖的《註釋》所述,「宗教機構」用途屬於第二欄用途,須先向 城市規劃委員會申請,而「食肆」、「商店及服務行業」及「辦公室」用途,只要位處 於建築物的最低三層,包括地庫,則屬經常准許的用途。

申請處所(面積大約 264 平方米)位於一座名為「好順利大廈」(「主題大廈」)的現有住 宅及商業用途的樓宇內。申請處所現時為教會。在本計劃中,該處所可容納 160 人, 當中的禮堂最多可容納 130 人,部分為該大綱核准圖准許的「食肆」、「商店及服務行 業」及「辦公室」,其中「食肆(自助餐廳)」和「商店及服務行業」的面積將會佔用場 地約 20% 的總面積,其餘的位置則用作支援宗教機構日常的運作包括儲物室、洗手間 和影音控制室等。

該規劃申請的規劃理據主要基於以下原因:

- 擬議的宗教機構(教堂)用途與主題大廈內的商鋪和毗鄰的土地用途相容,其
 較低樓層常見用作非住宅用途;
- 申請處所無論在大小、間隔和位置方面均符合申請人擴展其教會服務的需要, 亦滿足到申請人一直秉承社會福利服務和推廣基督教的使命;
- 申請人致力服務社會及宣揚基督教,其服務相信能與區內現有的設施能相輔相 成及有助裨益當地社區;
- 周邊有類似的宗教機構(教堂)用途申請獲批准,這表示該擬議用途與周圍的
 土地用途並非不兼容,亦不太可能造成不利影響;以及
- 申請處所在交通、消防安全和噪音方面都不會對周圍環境造成不良影響。

基於規劃綱領中的規劃及技術理據,懇請城規會支持是項規劃申請。

3.2.2 In summary, the above-mentioned planning applications align with the planning intention of the "R(A)" zone, which is a residential development and non-residential uses on the lowest three floors. These cases demonstrated that the proposed religious institutions are significant in providing religious and social services to the local community. The Application Premises is considered not incompatible with the surrounding development in terms of development scale, intensity, and land use nature. These justifications support the purpose of the proposed development.

Section Four - The Proposed Development Scheme

- 4.1 The Application Premises of about 264 sq.m. is proposed to be a religious institution with ancillary shop and services, eating place and office. The area of the Application Premises is tally with the area as stated in the Assignment of the subject premises (as shown on page 3 of **Appendix 1**). The main facilities in the Church include an assembly hall for worship services, and fellowship gatherings. An assembly hall with a maximum of 130 seats will be provided in the Application Premises with storage, lavatories and AV control room. The assembly hall will also be used for daily fellowship activities.
- 4.2 While the Religious Institution use remains the main use, the Application Premises is intended to provide ancillary uses such as shop and services, eating place and office. These uses are Column 1 uses and planning permission is not required at the lowest three floors of a building.
- 4.3 The parameters for the Application Premises and the operation hours of the church are summarized in **Tables 3 and 4** below. Please also refer to the schematic drawings in **Drawing A-4** for the First Floor Plans.

Total Gross Floor Area	About 264 sq.m.

Shop and Services About 25 sq.m.		
Eating Place	About 21 sq.m.

Section Five - Planning and Technical Justifications

5.1 Compatible with the Subject Building and the Surrounding Land Uses

The Application Premises abutting Fung Yau Street South is located in a local community hub that incorporates a good mix of restaurants, workshops, kindergarten, etc. on lower floors (as shown in Figures 2 to 7). Four (4) approved applications for similar applied use are also situated in the vicinity (Please refer to Table 1 of Section 3 and Figure 8). The subject building, where the G/F and 1/F are used as a shopping mall (known as Ho Shun Lee Shopping Centre), comprises learning centres, restaurants, car pairing workshops and other services uses. In this connection, the proposed uses for operating a church with permitted shop and services and eating place are compatible with the surrounding land use.

5.2 Venue for Expansion of the Current Church's Services

- 5.2.1 The Application Premises is conveniently located within the Yuen Long Town Centre, within 10 minutes walking distance from the Yuen Long MTR Station and Light Rail and public transportation terminus. This location is considered suitable for providing community facilities to serve the wider neighborhood, including new residential developments in the Yuen Long South Development.
- 5.2.2 To meet the demand for continuous growth of the church, the Application Premises is one of the few options that can provide a spacious environment within the Yuen Long District with high accessibility. The Application Premises is also a suitable venue for organizing different kinds of interactive activities in terms of development scale, intensity, and land use nature.

5.3 Committed to Serve the Community and to Promote Christianity

With over 80 years of experience in providing religious and social services, the Application Premises will certainly facilitate the service of the religious institution to cater for the increase of brethren with a view to increasing the social cohesiveness in the community through learning Bible. In addition to the religious services and activities, the Applicant intends to provide counselling in the Application Premises to heal people with distress and preach the gospel.

5.4 Similar Application in the Vicinity

Four (4) similar applications in the vicinity were previously approved by the Board on 16.3.1998, 7.11.2003, 3.2.2006 and 22.12.2023 respectively. Their proposed religious institutions were considered not incompatible with surrounding areas in these cases by TPB. All of them are still running as a church. With a similar development scale, intensity and land use nature, it is expected that the Application Premises for the proposed religious institution is compatible and a suitable use in the surrounding.

5.5 No Adverse Traffic Impact

- 5.5.1 The Application Premises has good accessibility to the Yuen Long MTR Station and mini-bus terminus within 10 minutes and 5 minutes walking distance respectively, meaning that it promotes users or visitors travelling there on foot or by public transport. Hence, an additional loading to the road capacity is very limited. The pedestrian paths and elevated walkway (as shown in Figure 7) connected to the Application Premises are wide, notably including an approximate 17 m-wide pedestrianized lane linking Fung Kwan Path and Fung Yau Street South (as shown in Figures 1, 3 and 4) and an approximate 5 m-wide pedestrianized Fung Yau Street South (as shown in Figures 1, 2 and 4) surrounding the subject building. A negligible impact on pedestrian circulation along the key routes is anticipated.
- 5.5.2 Regarding the car parking spaces, two open car parks in the north of the Application Premises will be able to fulfil the operational needs of the proposed religious institution (as shown in **Figure 7**). With regard to the close proximity of the Yuen Long MTR Station, bus terminus and mini-bus terminus, a spare space for loading/unloading bay for small coaches is not necessary.
- 5.5.3 The Application premises was previously used as a public entertainment venue for billiards and saloon. The proposed religious institution would have a smaller traffic impact compared to the former uses. This is because most of the church activities are held on Saturdays and Sundays at a specific timeframe, unlike the public entertainment venue that operated daily.
- 5.5.4 After all, the majority of visitors are expected to travel to and from the proposed religious institution by public transportation. It is considered that upon the comparison between the former public entertainment uses and the proposed uses, usage frequency, the number of visitors and their transportation method, the proposed change of use will not have any significant traffic impacts on the surroundings.

5.6 No Adverse Fire Safety

To provide a safe environment for all kinds of visitors, all the fire service provisions inside the Application Premises would meet the latest regulations and code of practices. Fire escape routes are provided to the staircases indicated by the "Exit" lights to allow obstruction-free fire escape routes in consideration of potential numbers of visitors and staff. Such fire safety enforcement would mitigate the potential risks of hazards to all occupants of the subject building.

Section Six - Conclusion

- 6.1 The section 16 planning application is submitted to seek support from TPB for the Proposed Religious Institution with Ancillary Shop and Services, Eating Place and Office in the entertainment unit no. 3 on 1/F, Ho Shun Lee Building, No. 9 Fung Yau Street South, Yuen Long, New Territories.
- 6.2 The Application Premises is fully justified on the following grounds:
 - a. the proposal is compatible with the land uses in the subject building and the surroundings;
 - b. The size, layout and location of the Application Premises is fit to the applicant for expansion of the church's service, so as to provide social welfare services and promote Christianity not only the applicants' members in New Territories but also the local community, the underprivileged and the adjacent Christian schools; and
 - c. The proposed scheme has been taken thoughtful considerations to the residents in the subject building and the neighborhood. It is unlikely to pose adverse traffic and fire safety impacts.
- 6.3 To conclude, the Application Premises is fully justified in terms of planning considerations. In view of the above, members of the TPB are respectfully requested to favourably consider the present application in support of the continuous religious services by the Applicant in Yuen Long District.

本人支持將有關地方規劃成宗教機構,因爲與原有場所的人流相差不大,加上位處低層,宗教機構無論在日間與晚間對周邊居民的噪音及燈光影響都會較細。 而且對周邊住宅環境亦屬兼容,宗教機構為一般社區的功能機構,而且周邊交通便利, 對當區居民及訪客友善,亦有助加強社區和諧相處。

本人住在元朗區,贊同當區教會有擴充采服務,因為當中的食肆及商店 及服務行業都歡迎非基督徒使用,亦使更多人認識基督教,對整體社會 都有益處。
