**1    Background**

- 1.1 On 16.12.2020, the applicant submitted an application seeking amendment of OZP to rezone the southern portion of the application site (the Site) (**Plan Z-1a**) from “CDA” to “R(B)1” and rezoning the northern portion of the Site from “CDA” to “R(C)1” for proposed residential developments.
- 1.2 On 12.3.2021, the Rural and New Town Planning Committee (the Committee) agreed to defer a decision on the application, as requested by the applicant, to allow two months’ time for the applicant to prepare further information to address the departmental comments.
- 1.3 Subsequently, the applicant has submitted Further Information (FI), including revised layout plans, revised visual impact assessment, revised landscape master plan, revised environment assessment, revised ecological impact assessment, revised sewerage impact

assessment and revised traffic impact assessment, to address departmental comments. The application is scheduled for consideration by the Committee at this meeting.

## **2 Request for Deferment**

- 2.1 On 8.12.2021, the applicant's representative wrote to the Secretary of the Board and requested the Board to further defer making a decision on the application for 2 months in order to allow more adequate time to provide further information in response to the comments from government departments. (**Appendix I**)

## **3 Planning Department's Views**

- 3.1 The Planning Department has no objection to the request for the second deferment as the justification for deferment meets the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Comments, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33A<sup>1</sup>) in that the applicant needs more time to prepare further information in response to departmental comments, the deferment period is not indefinite, and the deferment would not affect the interest of other relevant parties.
- 3.2 Should the Committee agree to defer a decision on the application, the application will be submitted to the Committee for consideration within three months upon receipt of further submission from the applicant. If the further information submitted by the applicant is not substantial and could be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. The applicant should be advised that the Committee has allowed a total of four months for preparation of the submission of FI, and no further deferment would be granted unless under very special circumstances.

## **4 Decision Sought**

The Committee is invited to consider whether or not to accede to the applicant's request for deferment. If the request is not acceded to, the application will be submitted to the Committee for consideration at the next meeting.
