Town Planning Board

PART I - INTRODUCTION

Preamble

1.1 The conduct of the Town Planning Board (the Board or TPB) is subject to the provisions of the Town Planning Ordinance (the Ordinance) (Cap. 131) and the general principles of administrative law that it must act fairly and reasonably. This document incorporates the procedure and practice adopted by the Board in conducting its business so that consistency can be ensured. This document is subject to revision as and when considered necessary.

Establishment and Functions of the Board

1.2 The Board is a statutory body established under section 2 of the Ordinance.

1.3 The Board's main functions are laid down in section 3 of the Ordinance, i.e. to undertake the systematic preparation of plans for the layout of such areas of Hong Kong (i.e. Outline Zoning Plans and Development Permission Area Plans) as well as for the types of buildings suitable for erection therein with a view to the promotion of the health, safety, convenience and general welfare of the community. The Board also considers applications for amendment of plan under section 12A, for planning permission under section 16 and amendment to planning permission under section 16A of the Ordinance and conducts, under section 17, reviews on its decisions on section 16 and section 16A applications.

1.4 Furthermore, under section 25 of the Urban Renewal Authority (URA) Ordinance, Cap. 563, the URA may submit any plan prepared under subsection (3)(a) of the URA Ordinance to the Board for consideration. Upon the submission of a plan so prepared by the URA, the Board may deem the plan as suitable for publication, with or without amendment(s), or may refuse to deem the plan as being suitable for publication. A plan which the Board deems suitable for publication shall be deemed to be a draft plan prepared by the Board for the purposes of the Ordinance and the provisions of the Ordinance shall apply accordingly.

1.5 A description of the powers and functions of the Board is set out in **Appendix I**.

Composition of the Board

1.6 The Board consists of the Chairman (currently the Permanent Secretary for Development (Planning and Lands)), the Vice-Chairman (currently a non-official Member), five other official Members [currently the Director of Planning; the Deputy Secretary (Transport **and Logistics**) 1, Transport and **LogisticsHousing** Bureau (Alternate member: Principal Assistant Secretary (Transport **and Logistics**), Transport and **LogisticsHousing** Bureau; Assistant Commissioner for Transport, ~~–(New Territories), Assistant Commissioner for Transport (Urban),~~ Chief Traffic Engineer **and Chief Engineer (Hong Kong), Chief Traffic Engineer (Kowloon), Chief Traffic Engineer (New Territories East) and Chief Transport Engineer (New Territories West), Transport Department); the Director of Home Affairs (Alternate members: Deputy Director (1), Deputy Director (2), Assistant Director (1), Assistant Director (2), Assistant Director (3) and Chief Engineer (Works), Home Affairs Department); the Director of Environmental Protection (Alternate members: Deputy Director of**

Environmental Protection (1), Assistant Director (Environmental Assessment), Principal Environmental Protection Officer (~~Metro Assessment~~**Territory South**) and Principal Environmental Protection Officer (**Territory North**~~Strategic Assessment~~), Environmental Protection Department); and the Director of Lands (Alternate members: Deputy Director (~~/General~~), Assistant Director—(~~/Hong Kong~~**Regional 1**), Assistant Director (~~/Kowloon~~**Regional 2**) and Assistant Director—(~~/New Territories~~**Regional 3**), Lands Department)] and ~~28–22~~ other non-official Members. The Deputy Director of Planning (District) is appointed as the Secretary to the Board (Secy/Board) and is assisted by a panel of Planning Department staff at the Board's meetings.

1.7 All Members of the Board are appointed by the Chief Executive (CE) under section 2(1) of the Ordinance and the appointment is announced in the Government of the Hong Kong Special Administrative Region Gazette. There is no tenure of appointment in the Ordinance but it is usually for a period of two years. All non-official Members are appointed in their personal capacity and not as representatives of organizations to which they belong. The CE may reappoint any Member upon expiry of his/her tenure of appointment.

Planning Committee

1.8 With the expansion of statutory planning jurisdiction/coverage to the non-urban areas and to cope with the increase in the Board's workload, two Planning Committees (PCs), i.e. the Metro Planning Committee (MPC) and the Rural and New Town Planning Committee (RNTPC), were set up in July 1991. The plan at **Appendix II** shows the geographical jurisdiction of the MPC and RNTPC.

1.9 Each PC comprises the ~~chairman~~**person** (currently the Director of Planning), the vice-chairman (currently a non-official Member), four other official Members (currently the Deputy Secretary ~~for the Transport and Housing~~-(**Transport and Logistics**) **1**, **Transport and Logistics Bureau** (Alternate member: Assistant Commissioner for Transport—(~~Urban~~)/(~~New Territories~~), Chief Traffic Engineer—(~~New Territories East~~) and Chief Traffic Engineer—(~~New Territories West~~), Transport Department); the Director of Home Affairs (Alternate members: Deputy Director (~~1~~)/(**2**), Assistant Director—(~~1~~), (**2**)—~~and~~, **Assistant Director (3)**, **and Chief Engineer (Works)**, Home Affairs Department); the Director of Environmental Protection (Alternate members: Assistant Director (Environmental Assessment), ~~and~~—Principal Environmental Protection Officer (**Territory South**) **and Principal Environmental Protection Officer (Territory North)**(~~Metro Assessment~~)/(~~Strategic Assessment~~), Environmental Protection Department); and ~~the Assistant~~ Director—/**Regional 1**, of **Lands Department** (Alternate member: ~~Deputy Director (General)~~/(~~Specialist~~)—~~and~~ Assistant Director—(~~/Kowloon~~)/(**NTRegional 2**), Lands Department)) and ~~14–11~~ other non-official Members ~~each~~ for the MPC and **9 for the** RNTPC respectively.

1.10 Similar to the operation of the full Board, the Deputy Director of Planning (District) is the Secretary to the two PCs and is assisted by a panel of Planning Department staff at the PC meeting.

1.11 All Members of the PCs are appointed by the CE among the Members of the Board in accordance with section 2(3) of the Ordinance.

Representation Hearing Committee

1.12 To meet the requirement that consideration of representations/further representations has to be completed and submission of a draft plan **or the draft part of a partly approved plan (hereafter referred to as 'draft plan')** to the **Chief Executive in Council** (CE in C) be made within ~~nine~~**five** months from the expiry of the **last** plan exhibition period (or as extended by ~~the CE Secretary for Development (SDev)~~ **by-up to a maximum period of six-two months and thereafter, further extended by the SDev for two more periods (of 2 months each) under exceptional circumstances**), the Board may appoint a Representation Hearing Committee (RHC) from amongst its members. The RHC is normally appointed on a plan basis to exercise the Board's powers and functions under sections 6B to 6H (i.e. to hear representations made to a draft plan ~~and comments in respect of the representations~~, propose amendment(s) to the draft plan to meet the representations, consider further representations to the proposed amendment(s) and decide whether the proposed amendment(s), as proposed or as further varied, should form part of the draft plan for submission to the CE in C). For those draft plans which are of significant territorial interests or would attract wide public interests, the Board may decide to consider the representations/~~comments~~/further representations itself.

1.13 While membership of a RHC is normally appointed by roster, Members with potential conflict of interest will not be appointed and those with expert knowledge relevant to the subject of the representations may be appointed. Under the Ordinance, each RHC shall consist of not less than five Members, at least 3 of whom must be non-official Members. In practice, it usually consists of nine Members including a chairman (currently the Director of Planning), two official Members and six non-official Members of whom one will be appointed the deputy chairman of the RHC. Similar to the operation of the full Board and the PC, the Deputy Director of Planning (District) is the Secretary to the RHC and is assisted by a panel of Planning Department staff at the RHC meeting.

Delegation of Powers and Functions

1.14 In accordance with section 2(5)(a) of the Ordinance, the Board may delegate to the two PCs the following powers and functions:-

- (i) to prepare draft Outline Zoning Plans and Development Permission Area Plans (section 3 ~~&and~~ section 4(1));
- (ii) to consider Comprehensive Development Schemes including the approval of Master Layout Plans and subsequent amendments to approved schemes (section 4A);
- (iii) to publish **new draft plans** and amendments to approved plans **or the approved parts of partly approved plans upon reference back by the CE in C** (section 5) **(hereafter approved plans and approved parts of partly approved plans collectively referred to as 'approved plans')**;
- (iv) to make and publish amendments to draft plans (section 7(1) to 7(3));
- (v) to submit ~~a~~ draft plans to the CE in C (section 8);
- (vi) to consider and decide on applications for amendment of plan (section 12A);

- (vii) to consider and decide on applications for planning permission (section 16);
- (viii) to consider and decide on applications for amendments to planning permission (section 16A); and
- (ix) to designate Development Permission Areas (section 20(1)).

1.15 In accordance with section 2A(1) of the Ordinance, the Board may also delegate its powers and functions under sections 6B, 6C, 6D, 6E, 6F, 6G and 6H to a RHC appointed under that section.

1.16 In accordance with s.2(5)(b) of the Ordinance, the Board may delegate its powers and functions to a public officer or class of public officer in respect of:

- (i) an application for making Class B amendments to planning permission under section 16A(2); and
- (ii) an application for permission for development within a Development Permission Area provided that such development would be discontinued and the land reinstated within six months after the permission is granted.

1.17 In accordance with section 2(5)(c) of the Ordinance, the Board may also delegate its powers and functions to the Secy/Board to determine **the exceptional circumstance under which a representer¹ being a natural person may authorize another natural person to attend the hearing on the representer's behalf under section 6B(4A)**, the acceptance of further information submitted by an applicant in respect of an application for amendment of plan made under section 12A, for planning permission made under section 16 and review of a decision on a section 16 application made under section 17, and to exempt the accepted further information from the requirements of publication for public comments **and/or the recounting requirement (as the case may be)**.

1.18 The delegation of powers and functions made by the Board are attached at **Appendix I**.

Promulgation of Guidelines and Guidance Notes

1.19 The Board may from time to time promulgate guidelines to provide guidance to the public on matters such as the general criteria adopted by the Board in considering/**processing of** planning applications and representations to draft plans, **and related matters**. These guidelines are distributed free of charge to members of the public and are available on the Board's website. The guidelines are intended for general reference only. The decision to approve or reject an application rests entirely with the Board or its delegated authority, and will be based on the individual merits and any other specific consideration of each case.

1.20 The Board may also promulgate guidance notes **and technical documents** to provide general information to the public on the requirements for making submissions to the Board and the general procedures adopted by the Board.

¹ A representer means a person who makes a representation under section 6(1) of the Ordinance.

Handling of Information Possessed by the Board

1.21 As disclosure of some of the information of the Board would not be in the public interest, **would** prejudice the position of the Board, the Government or the **CE in C**~~Chief Executive in Council~~, or **would be** in breach of any duty of confidentiality owed to any person by the Board/PC or the Government, etc., Members are obliged to preserve the confidentiality of such sensitive information, e.g. information for the preparation of draft plans, which they obtained in their official capacity. No such materials should be published, made private copies or communicated to unauthorized persons to prevent abuse or misuse of information and to avoid hindering the proper functioning of the Board due to premature disclosure.

1.22 To safeguard and uphold the impartiality, independence and integrity of the Board, all Members should refrain from commenting or speaking on any particular case scheduled for consideration by the Board, either in public or private discussion. If a case has been scheduled for consideration by the Board and Members have been informed of the agenda, Members should not comment on the case before the meeting. Otherwise, the Board may be taken as forming a view before completing the due process of deliberation on the case at a meeting.

1.23 It would be inevitable that Members may be approached by the media/press for information on any particular case under consideration by the Board. Members should exercise their own judgement on how to respond having regard to the code on release of information before the meeting. In general, it would be appropriate for Members to respond that they are not in a position or at liberty to make any comment as the Board would be considering the case.

1.24 Members are appointed in their personal capacity instead of representing any organization. If a Member, as a representative or member of an organization, is obliged to form a view or take a stance on a particular case from the perspective of his/her organization as a whole, he should declare an interest and refrain from participating in the discussion of the case in accordance with the guidelines on declaration of interest in Part II.

1.25 For formal release of information to the public, members may make reference to Part IV.

Request for Board's Ruling

1.26 There are occasions in which the Board is requested by the public to give rulings on issues in relation to statutory planning matters. These include the interpretation of provisions and restrictions under statutory plans. If considered necessary, the Board may also be requested to consider whether building proposal would be in contravention of the provisions under the relevant statutory plan.

PART II – DECLARATION OF INTERESTS

Preamble

2.1 The guidelines for declaration of interest are drawn up to protect the integrity and reputation of the Board as a whole. Since the Board deals with matters that may have wide and far-reaching implications on the environment and economy of Hong Kong as well as the well-being of the community, it is necessary to ensure that the Board acts fairly and impartially in making its decision. This is particularly important as the Board's decision might affect development projects of high financial value. It will be in the interest of the Board for Members to declare their interests to the best of their knowledge.

Introduction

2.2 It is inevitable that from time to time Members of the Board may have interests (personal, family, or business; direct or indirect; pecuniary or otherwise) in matters that come before the Board. Under the rule against bias, an administrative decision may be quashed if the facts give rise to a real likelihood of bias or it might reasonably be thought that the decision-maker ought not to act because of some personal interests. It is therefore necessary for Members to disclose their interests when there is a real or potential conflict of interests in a matter placed before the Board.

2.3 A two-tier declaration system is adopted. Members should register their pecuniary interests in writing on a regular basis and, when circumstances change, should register the changes. Furthermore, Members should also declare, to the best of their knowledge, their interests (pecuniary or otherwise) in any matters to be transacted by the Board before or at the relevant meeting.

Registration of Pecuniary Interests

2.4 The Chairman, Vice-chairman and Members should register in writing their pecuniary interests upon commencement of a new term of appointment, and update the information once every year. The registration should be made on a standard form (**Appendix III**). Members should complete and return the registration form within one month to the Secy/Board. Besides, any change of Members' interests should be registered within 14 days of any such change. A register of Members' pecuniary interests will be kept by the Secy/Board and will be made available for inspection on request by members of the public.

2.5 The registrable interests are the pecuniary interests Members hold and those of their spouses and children under the age of 18 including: -

- (i) directorships or partnerships in companies;
- (ii) direct or indirect substantial shareholdings (1% or more of the issued share capital);
- (iii) holdings in land and properties; and

- (iv) remunerated employment, offices, trades, professions or vocations.

2.6 Where practicable, Members should also give a brief description of the lines of business of companies in which they are involved.

2.7 Guidelines for completing the registration form on Members' pecuniary interests are at **Appendix IV**. Members should register their interests and those of their spouses and children under the age of 18 to the best of their knowledge.

Declaration of Interests before or at meeting

2.8 If Members or their spouses have any interest (pecuniary or otherwise) in any matter under consideration by the full Board/PC/RHC, the Members should as soon as practicable disclose to the Chairman of the Board or the chairman of the relevant PC/RHC or Secy/Board prior to the meeting or at the meeting prior to the discussion of the concerned item.

2.9 Where a substantial direct conflict of interest is known to the Secy/Board, the Secy/Board would ~~withhold the issue of the relevant papers and documents to the concerned Members~~ **alert the Member before the meeting**. In case where the Member believes that he/she has a direct conflict of interest in a particular matter when he/she receives the agenda and/or papers, he/she should declare before the meeting. ~~Any papers or other information relating to the matter which the Member may have received should be returned to the Secy/Board.~~

2.10 All cases of declaration of interests shall be recorded in the minutes of meeting.

General Principles

2.11 It is difficult to set a hard and fast rule on what constitutes a conflict of interest. The following are some general guiding principles that Members are recommended to follow in identifying potential conflicts of interests which should be declared at or before the meeting:-

- (a) Pecuniary interests in a matter under consideration, interests held either by a Member or by his/her spouse, children under 18, or by the Member's close relative;
- (b) A directorship, partnership, advisory or client relationship, employment or other significant connection with a company, firm, club, association, union or other organisation which is concerned with, or the subject of, the matter under consideration;
- (c) A Member or his/her spouse who, as a professional adviser, has personally or as a member of a company, advised or represented any person or body on the matter under consideration, or has business dealings with any person or body connected with the matter under consideration;
- (d) Some friendships which might be so close as to warrant declaration in order to avoid situations where an objective observer might believe the Member's advice to have been influenced by the closeness of the association; and

- (e) Any interest likely to lead an objective observer to believe that the Member's decision might have been motivated by personal interest rather than a duty to give impartial advice.

2.12 The Guidelines set out below should be followed by Members, irrespective of whether the Members are official or non-official Members.

Guidelines for Declaration of Interests

2.13 All interests of Members and their spouses in any matter under consideration need to be declared. The onus of making a declaration rests with individual Members who are in the best position to judge what constitutes an interest warranting a declaration. In this respect, Members are required to declare their spouses' interests to their best of their knowledge. In exercising their judgement, Members must take into account the sunshine test, that is, should their interest become public knowledge, whether it would give rise to a public perception that their advice tendered to the Board might have been biased or influenced by that interest.

2.14 If the interest ~~is were~~ direct and substantial, the Member would have to withdraw from the meeting. If the interest is direct but not substantial or indirect/insubstantial, the Member would be allowed to continue to participate in the discussion and determination of the matter.

2.15 It would be difficult to set out categorically all situations under which a Member has to declare interest and whether an interest is direct and substantial or otherwise depends very much on the circumstances of the case. It is intended to set out below some common situations for Members' reference.

Direct and Substantial Interest

2.16 The following situations usually constitute direct and substantial interest: -

- (a) **The subject matter involves a landed interest held by the Member or his/her spouse.**

This applies to the situation where the application/representation/~~comment on representation~~/further representation/-amendment to statutory plans covers land which is owned by the Member or his/her spouse. This also covers the situation where the Member or his/her spouse is the applicant/representer/~~commenter~~/further representer² of a case.

- (b) **The subject matter involves a company or organisation of which the Member or his/her spouse holds a proprietorship, partnership, directorship or substantial shareholdings (i.e. 1% or more of the issued share capital), advisory or client relationship, employment or other significant connection.**

² A further representer means a person who makes a further representation under section 6D(1) of the Ordinance.

This applies to the situation where the Member or his/her spouse's company or organisation is involved directly in the matter under consideration, either as applicant/representer/~~commenter~~/further representer or the company/organisation has tendered professional advice (e.g. being the consultant acting for the applicant/representer/~~commenter~~/further representer) on the matter under consideration. This also applies to the situation where the Member or his/her spouse is a staff member of a company or organisation (including a Government department) which is the applicant/representer/~~commenter~~/further representer of the matter under consideration.

- (c) **The subject matter involves a statutory/public body, club, association, union or other bodies of which the Member or his/her spouse holds a chairmanship or, in some cases, membership, or is the office bearer of an executive board, a board of directors or a management committee.**

This includes the situation where the Member or his/her spouse is a member of a statutory/public body (and its sub-committee) such as **the** Hong Kong Housing Authority (HKHA), **the** Hong Kong Housing Society (HKHS), the Urban Renewal Authority (URA) and the District Council, which is the applicant/representer/~~commenter~~/further representer of the matter under consideration. The fact that the Member or his/her spouse is an ordinary/corporate member of a club, association, union or other bodies would not constitute direct interest if the Member or his/her spouse were not directly involved in the matter under consideration.

- (d) **The Member or his/her spouse has current business dealings or potential future business dealings with the applicant/representer/~~commenter~~/further representer of the matter under consideration.**

This applies to the situation where the Member or his/her spouse has current business dealings or business dealings under negotiation with the applicant/representer/~~commenter~~/further representer. The business dealings may not necessarily be related to the matter under consideration.

[Current business dealings include, but not limited to, the following:

- Member or his/her spouse works for and receives remuneration from the applicant/representer/~~commenter~~/further representer/his agent;
- The applicant/representer/~~commenter~~/further representer/his agent works for and receives remuneration from Member or his/her spouse; and
- Member or his/her spouse works with the applicant/representer/~~commenter~~/further representer/his agent in a project consultancy team not related to the subject matter under consideration.

For the first scenario above, the Member should declare his/her interest and withdraw from the meeting. For the second and third scenarios, the Member should declare his/her interest and it would be up to the Board or the relevant PC/RHC to decide whether the interest is so direct and substantial that the

Member should withdraw from the meeting. Normally, for the latter two scenarios, there should be no need for the concerned Member to withdraw from the meeting.]

- (e) **The Member who is also a member of the HKHA/HKHS/URA or other public bodies and the subject of a representation/~~comment~~—on representation/further representation involves a project of such public bodies**

This does not apply to the situation where a HKHA/HKHS/URA project is the subject of an amendment to a statutory plan proposed by the Planning Department or where HKHA/HKHS/URA sites are proposed in a new plan.

Other Interests which may be Direct and Substantial

2.17 There are other situations of potential conflict of interest. Whether these situations would constitute direct and substantial interest would depend on the substance, scope and nature of the interest, and have to be considered on a case-by-case basis. As a general rule, the Member shall declare any interest, which may likely lead the public to believe that the Member's advice might have been influenced by his/her relationship with the applicant/representer/~~commenter~~/further representer. It would be up to the Board or the relevant PC/RHC to decide whether the interest is so direct and substantial that the Member should withdraw from the meeting. For example:

- (a) The subject matter affects a landed interest held by the Member, his/her spouse, and his/her close relative or close friend.
- (b) The subject matter affects (or in the case of the Members' close relative or close friend, involves) the interest of a company or organisation of which the Member, his/her spouse, his/her close relative or close friend holds a proprietorship, partnership, directorship or substantial shareholdings, advisory or client relationship, employment or other significant connection.
- (c) The Member or his/her spouse has past business dealings with the applicant/representer/~~commenter~~/further representer.

[If the Member's or his/her spouse's past business dealings with the applicant/representer/~~commenter~~/further representer are related to the site under consideration, all such past business dealings should be declared. If the matter involves a completed project, the Member should be allowed to continue to participate in the discussion. However, if the matter involves an on-going project, the Member should be required to withdraw from the meeting.]

If only general business dealings are involved between the Member or his/her spouse and the applicant/representer/~~commenter~~/further representer, and the dealings are not related to the site under consideration, only past dealings within three years should be declared, and the Member should be allowed to continue to participate in the discussion.]

[Past business dealings include, but not limited to, the following:

- Member or his/her spouse once worked for and received remuneration from the applicant/representer/~~commenter~~/further representer/his agent;
 - The applicant/representer/~~commenter~~/further representer/his agent once worked for and received remuneration from Member or his/her spouse; and
 - Member or his/her spouse once worked with the applicant/representer/~~commenter~~/further representer/his agent in a project consultancy team not related to the subject matter under consideration.]
- (d) The Member or his/her spouse has given personal advice or opinion to an applicant/representer/~~commenter~~/further representer on any occasions on the matter under consideration.

[The situation of Government departments tendering professional advice or stating Government policies to the applicant/representer/~~commenter~~/further representer, however, should not fall within this category as it is incumbent upon the official Member to tender advice, which is consistent with the official views of the Government departments or Government policy.]

2.18 Two common situations are illustrated in Tables 1 and 2 below for Members' reference and some further examples of the circumstances constituting potential conflict of interest are given in **Appendix V**.

2.19 There are situations in which the Member is a member of an advisory body which has expressed views on the matter under consideration. For these cases, if the advisory body to which the concerned Member belongs has only expressed views without passing a motion which represents the collective views of the body or submitting any comment/representation to the Board on the subject matter, the concerned Member should only be requested to declare interest but does not have to withdraw from the meeting.

Application of the Guidelines to Chairman and Vice-chairman/Deputy Chairman

2.20 The general guidelines on declaration of interest are applicable to the Chairman and Vice-chairman/Deputy Chairman of the Board /PC/RHC.

2.21 If the Chairman or Vice-chairman/Deputy Chairman needs to declare an interest and there is nobody to take up the chairmanship, the matter should normally be adjourned to the next meeting. However, if the matter is subject to a statutory time limit, then as a matter

of necessity, the Chairman or Vice-chairman/Deputy Chairman should continue to assume the chairmanship but a conscious effort should be made to contain his/her scope of involvement in an administrative role to minimise any risk that he/she may be challenged.

2.22 In case both the Chairman and Vice-chairman/Deputy Chairman of the relevant PC/RHC need to declare an interest, then the matter should be referred to the Board for a decision. However, if both the Chairman and Vice-chairman of the Board need to declare interest, as a matter of necessity, the Chairman should continue to assume the chairmanship.

Probity Requirements

2.23 To protect the integrity and uphold public trust of the Board and to protect the public interest, Members should observe the following principles³ on solicitation and acceptance of advantages and entertainment, and use of public assets and capacity as a Board/PC member.

Solicitation and Acceptance of Advantage

2.24 Members should refrain from soliciting or accepting any advantage from any persons or companies having business dealings with the Board (e.g. applicants, representers, ~~commenters~~ and their representatives/consultants).

Gifts/souvenirs

2.25 Any gift/souvenir given to Members in their capacity as such should be regarded as a gift/souvenir to the Board. The handling procedures of gifts and/or souvenirs are set out at **Appendix VI**.

Sponsorship

2.26 Members being offered with sponsorships in their capacity for official purposes such as attending any local/overseas conferences, conventions, product trial activities, etc. should refer such to the Board for consideration of acceptance of the sponsorship and selection of suitable person for the sponsorship where appropriate.

Advantages offered to Members in their private capacity

2.27 Members may accept advantage in their private capacity only if such will not affect the performance of their duties as Members and will not make Members feel obliged to do something in return in connection with the Board's business for the offeror. In such case, Members should follow the guidelines for declaration of interests in paragraphs 2.13 to 2.19 above.

Entertainment

2.28 Although entertainment is an acceptable form of business and social behaviour, Members must not accept lavish or frequent entertainment from any persons with whom the Board has business dealings (e.g. applicants, representers, ~~commenters~~—and their representatives/consultants) to avoid placing themselves in a position of obligation to the offeror.

Offer of Advantage

2.29 Members should refrain from offering advantages to any directors, or staff of any

³ The principles are based on the "Sample Code of Conduct for Members of Public Councils" prepared by the Corruption Prevention Department of the Independent Commission Against Corruption

companies or organizations, for the purpose of influencing such person or company in any dealings in connection with the business of the Board.

Records, Accounts and Other Documents

2.30 Members should ensure that any records, receipts, accounts or other documents submitted to the Board is a true representation of the events or transactions reported in the submission.

Use of Board Assets

2.31 Members should refrain from any unauthorized uses of the Board's assets, including information and intellectual property, to make personal gains.

Misuse of Capacity as a Member

The MPC meets in the morning and the RNTPC meets in the afternoon. The RHC meets on a need basis and usually on Tuesday.

3.2 The schedules of the Board and PC meetings are available from the Secretariat of the Board and the Board's website from the beginning of the year. The agenda of each meeting is usually provided to Members four days before the meeting (together with the relevant papers for consideration), and except confidential items, the agenda will also be uploaded onto the Board's website for public information on the same day. Members and the public will be notified of any subsequent change to the agenda of the meeting as soon as practicable.

3.3 For meeting arrangements during rainstorm warning or when a typhoon signal is hoisted, Members should refer to **Appendix VII**. Since most of the Board's duties, such as consideration of representations to draft plans and planning applications, are bound by their respective statutory time limits, special meetings may need to be arranged in case of adjournment/postponement of meetings due to rainstorm or typhoon. Members will be notified of any special arrangement as soon as practicable and a notice of the re-scheduled meeting will also be uploaded onto the Board's website for public information.

~~3.8 The open meeting arrangements are not applicable to the consideration of objections to a draft plan which was exhibited before the commencement of the Town Planning (Amendment) Ordinance 2004 (i.e. before 10 June 2005), the consideration of section 16 applications and rezoning requests made to the Board before such date, and the consideration of section 17 reviews~~

~~concerning section 16 applications made to the Board before such date. The meetings for consideration of these cases will be conducted in private.~~

Observation of Open Meeting by the Public

3.98 Due to seating and security considerations, members of the public will observe the meeting of the Board or the committees in a Public Viewing Room. The proceedings of the Board or the committees will be broadcasted simultaneously on television monitors. The broadcasting will be temporarily suspended for the part of the meeting to be conducted in private and be resumed when the meeting reverts to open session. A note on the “Rules for Observation of Open Meetings of the Town Planning Board and its Committees” has been promulgated by the Board for public information.

Conduct of Meetings

3.409 The Chairman of the meeting may determine whether the meeting should be conducted in Cantonese or English, taking into account the preference of the attendees. Simultaneous interpretation service will be provided for all meetings of the Board and its committees.

3.410 In the consideration of general planning matters, new plans, **and** proposed amendments to draft **plans** or approved plans, representatives of the Planning Department and other concerned Government **bureaux**/departments or bodies may be invited to attend the meetings of the Board or its committees to brief Members on the background of the subject matters, present the assessment and answer Members’ queries. In the second part of the meeting, the Board or its committees will deliberate for making a decision on the **further representation**/application in private.

3.412 Similarly, the meetings for ~~hearing the consideration~~ of representations, ~~comments on representations and further representations made in respect of draft plans, consideration of section 12A applications, and hearing of section 17 reviews~~ will be divided into two parts. The first part of the meeting will be held in open when the ~~representers/commenters/further representers~~ or applicants are invited to attend the meeting to present their views before the Board or the committees and respond to queries raised by Members. The representatives of the Planning Department and relevant Government **bureaux**/departments are also invited to attend the meeting to provide information on the cases, elaborate on the assessment and answer questions from Members on the case. After hearing of the views of the concerned parties, they will leave the meeting. The Board will then deliberate and make a decision in private in the second part of the meeting.

3.413 The detailed meeting arrangements are contained in Parts V, VI, VII and VIII below.

Decision-Making Process of the Board and its Committees

~~3.45~~**14** The Board and its committees operate on a majority ruling basis. Votes would not normally be taken unless Members' views on an item that requires the ruling of the Board or the committees are clearly divided.

~~3.46~~**15** The Chairman would decide whether a vote would be necessary to determine an item under consideration after considering Members' views. All official and non-official Members, other than those who have declared interests ~~in~~ **on** the item, shall have a right to vote. Members should themselves judge whether they are in a position to vote, and if not, they may abstain from voting. Generally, Members who have not attended a substantial part of the discussion of the item, or do not have full knowledge of the case, should themselves refrain from discussion and voting on the item. In case the decision of an item is adjourned to a later meeting, Members who have not attended the earlier discussion should not take part in the discussion and voting at a later meeting unless they consider themselves have attained full knowledge of the case by reading all relevant materials including the papers and minutes of the previous meeting. Voting would normally be conducted by means of a show of hands. Dissenting views could be recorded in the relevant minutes upon request. In case of an equal number of votes for and against the item, the Chairman shall have a casting vote.

~~3.47~~**16** The key points of discussion and decision of a meeting would be recorded in the relevant minutes of meeting to serve as official records of the meeting. The minutes are not recorded in verbatim. Besides, the name of non-official Members would not be recorded in the minutes as the Board operates under a collective responsibility system and the decision of a meeting is the collective decision of Members.

Issue of Paper

~~3.48~~**17** The relevant Papers for discussion at a meeting are normally ~~despatched~~ **issued** to Members by the Secy/Board at least four days before the meeting. In order to allow the public to better understand the subject matter under discussion when observing the meeting, the Papers to be discussed, except those classified as "confidential", are available for public inspection at the Planning Enquiry Counters of the Planning Department **and on the Board's website** on the following day after the issue of the Papers to Members. The Papers will also be available at the Public Viewing Room on the day of the meeting. A bilingual gist of the planning application **made under section 16 and section 17** ~~or representation/further representation~~ in both Chinese and English will be available for reference by the public.

~~3.49~~**18** On some occasions, urgent items or supplementary information may be received after the issue of the agenda/Papers. Such information will be issued to Members as soon as practicable or, if it is not possible to do so, it will be tabled at the meeting. The information (except for confidential item) will also be made available for public inspection as soon as practicable at the Planning Enquiry Counters of the Planning Department **and on the Board's website**, and deposited at the Public Viewing Room on the day of the meeting.

Issue of Minutes

If the relevant parties request for an immediate notification on the decision, an informal reply on the result could be conveyed verbally to the concerned parties by the Secy/Board, with the advice that it will be subject to subsequent written confirmation. Request for an interim written reply may also be made to the Secy/Board in writing. However, upon receipt of the circulation, any Member may, within the specified period, give a notice to the Chairman of the Board or the committees and request the holding of a meeting to consider the matter. In case of further hearing, after the presentation by the further representers, the representers will be invited to make submissions in turn, and then followed by the commenters; and~~
 - (ii) ~~–in case of individual hearing/further hearing, the representer/further representer will be invited to make submission first, followed by the commenter(s) in case of hearing, or the representer(s) and then commenter(s) in case of further hearing;~~
- (f) to avoid a prolonged hearing process, **a maximum presentation time of 10 minutes will be allotted to each representer or his/her authorized representative. Such 10-minute speaking time cannot be accumulated, i.e. regardless of the number of representers the authorized**

representative is representing, each representer/authorized representative will only be given 10 minutes to speak even when the authorized representative himself/herself is also a representer or there is any accompanying person to speak on behalf of the representer/authorized representative. Oral submissions should focus on responding to TPB's enquiries for clarifications or departments' comments arising from the subject representations, instead of reciting the points made in the written representations which have already been provided to TPB before the meeting and had been taken into account; and should be confined to the ground of the written representations already made to TPB under the Ordinance. ~~the representers/commenters/further representers will be asked not to repeat the same points or argument which have already been raised by other representers/commenters/further representers at the same hearing/further hearing;~~

- (g) the chairman will then invite the representatives of the Planning Department and other Government departments, if any, and the ~~representers/commenters/further representers~~ to answer any questions from Members;
- (h) should the representative(s) of the Planning Department and other Government departments, if any, wish to respond to statements made by the ~~representers/commenters/further representers~~ or to clarify any of their own statements, they should do so with the permission of the chairman and in the presence of the ~~representers/commenters/further representers~~. The ~~representers/commenters/further representers~~ will also have an opportunity to respond to statements made by Government representatives as directed by the chairman; and
- (i) the representatives of the Planning Department and other Government departments, if any, and ~~representers/commenters/further representers~~ will then leave the meeting. The Board/RHC will deliberate on the ~~representations/further representations~~ in private.

Arrangement for Consideration of Further Representations

5.13 Similar to the representers, further representers will receive acknowledgement of the receipt of their further representations from the Secy/Board. The Secy/Board will also inform the further representers of the tentative date of the Board/RHC's consideration which will be held after the process of seeking comments on the further representations from government departments and written responses from the further representers on the departmental comments, if any, as mentioned in paragraph 5.3 above.

5.14 When the Board/RHC considers the further representations, the representatives of the Planning Department and other Government departments (where appropriate) will present the background of the amendment(s) proposed under section 6B(8) and the main points of the further representations. Afterwards, the Board/RHC will invite the representatives to leave the meeting and proceed to deliberate the further representations in private.

Minutes of Meeting

5.159 ~~If the representations/further representations are considered by the Board, the~~ draft minutes of a meeting of the Board are normally confirmed at the following scheduled Board's meeting. ~~If the representations/further representations are considered by a RHC,~~ the draft minutes of a meeting of the RHC are normally confirmed by circulation among the RHC Members within two weeks after the meeting. The confirmed minutes of the meeting of the RHC will be circulated to all Members of the Board for information.

Confirmation of Attendance at the Hearing/Further Hearing

~~5.10 Any delay of a hearing/further hearing will have significant implications on meeting the statutory nine month time limit. The Secy/Board will ensure that reasonable notice is given to the representers/commenters/further representers of the hearing/further hearing date (normally four weeks in advance). The representers/commenters/further representers will be required to confirm attendance to the meeting within two weeks.~~

~~5.11 If any one of the representers/ commenters/further representers indicates that he/she could not attend the meeting as scheduled and seeks a deferment of the hearing/further hearing, good justifications have to be given. Since any deferment will have implications on meeting the time limit for submission of the draft plan to the CE in C for approval and may affect other parties involved in the hearing/further hearing, a request for deferment would not normally be entertained unless with the consent of other concerned parties and there are very strong grounds to do so. If it is absolutely unavoidable, the Board/RHC may only adjourn the hearing/further hearing for a period up to a maximum of four weeks, taking into account all relevant considerations and circumstances of the case. The decision on whether to defer or not would be made by the Board or the RHC, as the case may be. If the request is not acceptable, the hearing/further hearing will proceed as scheduled. If any one of the representers/commenters/further representers fails to attend the hearing/further hearing, the Board/RHC may proceed to hold the hearing/further hearing in his/her absence.~~

Out-of-time Representation/Comment/Further representation

~~5.12 Representations, comments on representations and further representations are required to be submitted to the Board within their relevant statutory time limits. All submissions made to the Board after the expiry of the time limits shall be treated as not having been made under the Ordinance.~~

Further Information Submitted to the Board

5.163 There is no provision under the Ordinance for the Board to accept any further information submitted by the representers/commenters/further representers after the expiry of the relevant statutory time limits.

Withdrawal of Representations/~~Comment~~/Further Representations

5.174 A representer/~~commenter~~ may withdraw his/her representation/~~comment~~ before the hearing by notifying the Board in writing. The withdrawn representation/~~comment~~ shall thereafter be treated as not having been made and will not be considered by the Board/RHC.—~~If a representation is withdrawn, its related comment(s) shall also be treated as not having been made.~~ Upon receiving the notice of withdrawal, the Secy/Board will inform the relevant representer(s)/~~commenter(s)~~ accordingly.

5.185 Similarly, a further representer may withdraw his/her further representation before the ~~further hearing~~ **Board's consideration of the further representation** by notifying the Board in writing. The withdrawn further representation shall thereafter be treated as not having been made and will not be considered by the Board/RHC. Upon receiving the notice of withdrawal, the Secy/Board will inform the relevant ~~representer(s)/commenter(s)/~~ further representer(s) accordingly.

The applicant will be required to confirm attendance to the hearing within two weeks. Seven days before the hearing, the applicant will receive the agenda for the hearing and a copy of the relevant Paper.

Proceedings of Hearing

~~6.36.4~~ In general, the proceedings of hearing **on** section 12A application are as follows:

- (b) the chairman of the meeting will briefly explain the hearing procedures;
- (c) the chairman will then invite the representative of the Planning Department and/or other Government department(s) to present the background of the application;

- (g) the representatives of the Planning Department and other Government departments, if any, and the applicant will then leave the meeting. The Board/PC will deliberate on the application in private.

Submission of Further Information

6.46.5 Further information may be submitted by the applicant **within the specified periods published in the Gazette, i.e. within two months after the day of the receipt of the application and within two months after the day on which the Board makes a decision to defer its decision on the application in order for the applicant to give further information**~~before the application is considered by the Board/PC.~~ The Secy/Board will decide if such further information can be accepted for inclusion into the application. Further information which will result in a material change of the nature of the application will not be accepted. Further information accepted for inclusion into the application by the Secy/Board will be made available for public inspection.~~Unless exempted by the Secy/Board, such further information will be published for three weeks for public comments.~~ **Unless exempted by the Secy/Board, the Secy/Board will re-arrange a date for the Board/PC meeting, which shall be not more than three two months from the date of receipt of the further information.**~~If the further information submitted is exempted from the publication requirement, then the original date of the Board/PC meeting will be adhered to.~~ **To comply with the Ordinance and avoid unreasonable delay in processing the application, the Board must refuse to accept further information submitted not falling within the specified periods.** Details on the submission of further information are contained in the TPB Guidelines on Submission of Further Information in relation to Applications for Amendment of Plan, Planning Permission, and Review made under the Town Planning Ordinance.

Adjournment of Hearing/Request for Deferment

6.56.6 If the applicant fails to attend the meeting, the Board/PC may proceed with the meeting in his/her absence or, if appropriate, adjourn the meeting to another date. On some

occasions, the applicant may request for a deferment of the hearing. According to the TPB Guidelines for Deferment of Decision on Representations, ~~Comments~~, Further Representations and Applications made under the Town Planning Ordinance, each request for deferment will be considered on its merits. In considering a request for deferment, the Board will take into account all relevant factors and whether the right or interest of other concerned parties will be affected and may specify a maximum deferment period as it deems appropriate. Normally, if there are reasonable grounds for the deferment, the applicant or relevant parties will be given two months for preparation of submission of further information (if required). The case will then be re-submitted to the Board/PC for consideration within ~~three~~two months upon receipt of the further information.

~~6.66.7~~ If the applicant has reasonable grounds to support his request and informs the Secy/Board in advance before the issue of agenda and the relevant Paper, a Paper will be prepared by the Planning Department to seek the Board's/PC's agreement to the request. —However, if the request is received after the issue of the agenda and relevant Paper, the representative of the Planning Department will report the case at the scheduled meeting. For request for deferment without reasonable ground, it will be submitted together with the relevant ~~p~~Paper on the application to the Board/PC for consideration, regardless whether the request is received before or after the issue of agenda. Should the Board/PC consider that a deferment is not warranted, it may proceed to make a decision on the application or adjourn the meeting for consideration of the application to the next scheduled meeting. For the latter case, the applicant will be invited to attend the next scheduled meeting.

Decision of the Board/PC

~~6.76.8~~ The Board/PC may accept an application for amendment of plan in whole or in part or refuse the application. There is no right of review or appeal against the Board's/PC's decision on the application under the Ordinance. Should the Board accept in whole or in part an application, the Board will incorporate the accepted proposal into the relevant plan. The relevant draft plan incorporating the amendments shall be exhibited for public inspection in accordance with the provisions of the Ordinance, and the amendments shall be subject to the statutory procedures under sections 6 and ~~6BA~~ to 6H of the Ordinance.

PART VII- APPLICATIONS FOR PERMISSION AND AMENDMENT TO PERMISSION

Consideration of Application for Permission under Section 16

7.1 All s.16 applications are normally considered by the respective PC and shall be considered within two months from the date of receipt of the application. In considering a section 16 application, the Board/PC will make reference to Government departments' views, and have regard to public comments received during the first three weeks of the public inspection period of the application.

7.2 On receipt of a section 16 application, the Secy/Board will acknowledge receipt of the application and inform the applicant of the tentative date of the meeting for consideration of the application, **as well as making the application available for public inspection.**—

Submission of Further Information to supplement a Section 16 Application

7.3 Further information may be submitted by the applicant **within the specified periods published in the Gazette, i.e. within two months after the day of the receipt of the application and within two months after the day on which the Board makes a decision to defer its decision on the application in order for the applicant to give further information before the application is considered by the Board/PC.** The Secy/Board will decide if such further information can be accepted for inclusion into the application. Further information which will result in a material change of the nature of the application will not be accepted. Further information accepted for inclusion into the application by the Secy/Board will be made available for public inspection. Unless exempted by the Secy/Board, such further information will be published for three weeks for public comments. The Secy/Board will re-schedule the meeting for consideration of the application. The meeting date shall be within two months of the date of receipt of the further information. If the further information submitted is exempted from the publication requirement, then the original date of the Board/PC meeting will be adhered to. **To comply with the Ordinance and avoid unreasonable delay in processing the application, the Board must refuse to accept further information submitted not falling within the specified periods.** Details on the submission of further information are contained in the TPB Guidelines on Submission of Further Information in relation to Applications for Amendment of Plan, Planning Permission, and Review made under the Town Planning Ordinance.

Request for Deferment of Decision on a Section 16 Application

7.4 On some occasions, an applicant may request for a deferment of decision on the application. According to the TPB Guidelines for Deferment of Decision on Representations, ~~Comments~~, Further Representations and Applications made under the Town Planning Ordinance, each request for deferment will be considered on its merits. In considering a request for deferment, the Board will take into account all relevant factors and whether the right or interest of other concerned parties will be affected and may specify a maximum deferment period as it deems appropriate. Normally, if there are reasonable grounds for the deferment, the applicant or relevant parties will be given two months for preparation of submission of further information (if required). The case will then be re-submitted to the Board/PC for consideration within two

months upon receipt of the further information.

7.5 If the applicant has reasonable grounds to support his request and informs the Secy/Board in advance before the issue of agenda and the relevant Paper, a Paper will be prepared by the Planning Department to seek the Board's/PC's agreement to the request. However, if the request is received after the issue of the agenda and relevant Paper, the representative of the Planning Department will report the case at the scheduled meeting. For request for deferment without reasonable ground, it will be submitted together with the relevant Paper on the application to the Board/PC for consideration, regardless whether the request is received before or after the issue of agenda. Should the Board/PC consider that a deferment is not warranted, it may proceed to make a decision on the application.

Consideration of Application for Amendment to Permission under Section 16A

7.6 The applicant to whom a section 16 permission has been granted for a development proposal may apply for amendments to the approved development proposal under section 16A of the Ordinance. The Board has published, in the form of a Gazette Notice, a list of Class A and Class B amendments. Permission from the Board is not required for changes falling within Class A amendments. Class B amendments are however subject to the approval of the Board upon application made under section 16A(2). Details on the amendments to approved development proposals are contained in TPB Guidelines on Class A and Class B Amendments to Approved Development Proposals.

7.7 An application for Class B amendments may be considered by the Director of Planning or Deputy Director of Planning and Assistant Directors of Planning in the District Planning Branch of the Planning Department under the delegated authority of the Board. However, if an application is considered unacceptable by the concerned Government departments, it will be submitted to the Board/PC for consideration. An applicant for Class B amendments will normally be informed of the decision by the delegated authority of the Board within six weeks. For those cases which are to be submitted to the Board/PC, they will be considered by the Board/PC within two months from the date of receipt of the applications.

Decision of the Board/PC

7.8 The Board/PC may approve, with or without condition(s), or refuse to approve an application made under section 16 or 16A. The applicant will be notified in writing of the Board's/PC's decision, including the approval conditions, if any, or the reasons for refusing the application. If the applicant is aggrieved by the decision of the Board/PC, he/she may, within 21 days of being formally notified of the decision, apply in writing to the Secy/Board for a review of the Board's/PC's decision under section 17 of the Ordinance.

PART VIII - REVIEW OF PLANNING APPLICATIONS

Review of Decisions Made under Section 16 or 16A

If no ground is provided in the review application, the Board will refuse the application.** All section 17 reviews shall be considered by the Board within three months from the date of receipt of the review applications. In considering a section 17 review, the Board will make reference to Government departments' views. In respect of a section 17 review of decision made under section 16, the Board will also have regard to public comments received during the first three weeks of the public inspection period of the review application.

8.2 On receipt of an application for a section 17 review, the Secy/Board will acknowledge receipt of the review application and inform the applicant of the tentative date of the hearing for the review, **as well as making the application available for public inspection.** The applicant may attend before the Board and be heard. The Secy/Board will ensure that reasonable notice is given to the applicant of the hearing date (normally four weeks in advance). The applicant will be required to confirm attendance to the hearing within two weeks. Seven days before the hearing, the applicant will receive the agenda for the hearing and a copy of the relevant Paper.

8.3 In considering a review, the Board will only consider the original application in the light of any further written and/or oral representations. A revised development proposal materially different from the original proposal would not be considered and must be re-submitted in the form of a fresh s.16 application.

Proceedings of Review Hearing

8.4 The Ordinance has not specified the steps and manner for conducting the review of planning applications. The following procedure has been adopted:-

- (a) the applicant as well as the representatives of the Planning Department and other Government departments, if any, will be invited to the meeting at the same time;
- (b) the chairman of the meeting will briefly explain the review hearing procedure;
- (c) the chairman will then invite the representative of the Planning Department to present the background of the application;
- (d) the applicant will then be invited to elaborate on the case;

- (g) the representatives of the Planning Department and other Government departments, if any, and the applicant will then leave the meeting. The Board will deliberate on the review application in private.

Submission of Further Information

8.5 Further information may be submitted by the applicant **within the specified periods published in the Gazette, i.e. within two months after the day of the receipt of the application and within two months after the day on which the Board makes a decision to defer its decision on the application in order for the applicant to give further information before the review hearing.** The Secy/Board will decide if such further information can be accepted for inclusion into the application. Further information which will result in a material change of the nature of the application will not be accepted. Further information accepted for inclusion into the application by the Secy/Board will be made available for public inspection. In respect of a review of decision made under section 16, unless exempted by the Secy/Board, the further information will be published for three weeks for public comments. The Secy/Board will rearrange a date for the hearing, which shall be not more than three months from the date of receipt of the further information. If the further information submitted is exempted from the publication requirement, then the original date of the hearing will be adhered to. **To comply with the Ordinance and avoid unreasonable delay in processing the application, the Board must refuse to accept further information submitted not falling within the specified periods.** Details on the submission of further information are contained in the TPB Guidelines on Submission of Further Information in relation to Applications for Amendment of Plan, Planning Permission, and Review made under the Town Planning Ordinance.

Adjournment of Hearing/Request for Deferment

8.6 If the applicant fails to attend the hearing, the Board may proceed with the consideration of the review in his/her absence or, if appropriate, adjourn the hearing to another date. On some occasions, the applicant may request for a deferment of the hearing. According to the TPB Guidelines for Deferment of Decision on Representations, ~~Comments~~, Further Representations and Applications made under the Town Planning Ordinance, each request for deferment will be considered on its merit. In considering a request for deferment, the Board will take into account all relevant factors and whether the right or interest of other concerned parties will be affected and may specify a maximum deferment period as it deems appropriate. Normally, if there are reasonable grounds for the deferment, the applicant or relevant parties will be given two months for preparation of submission of further information (if required). The case will then be re-submitted to the Board for consideration within three months upon receipt of the further information.

8.7 If the applicant has reasonable grounds to support his request and informs the

Secy/Board in advance before the issue of agenda and the relevant Paper, a Paper will be prepared by the Planning Department to seek the Board's agreement to the request. – However, if the request is received after the issue of the agenda and relevant Paper, the representative of the Planning Department will report the case at the scheduled meeting. For request for deferment without reasonable ground, it will be submitted together with the relevant Paper on the application to the Board for consideration, regardless whether the request is received before or after the issue of agenda. Should the Board consider that a deferment is not warranted, it may proceed to make a decision on the review or adjourn the review hearing to the next scheduled meeting. For the latter case, the applicant will be invited to attend the next scheduled meeting.

Decision of the Board

8.8 Upon review of a decision of the Board/PC, the Board may approve with or without condition(s), or refuse to approve the application. The applicant will be notified in writing of the Board's decision, including the approval conditions, if any, or the reasons for refusing the application. If the applicant is aggrieved by the decision of the Board, he/she may, within 60 days of being formally notified of the decision, lodge an appeal by completing the form for Notice of Appeal under section 17B which may be obtained from the Secretary, Town Planning Appeal Board at ~~on~~ 17/F, West Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong. The completed form should be submitted to the Secretary, Town Planning Appeal Board and copied to the Secy/Board.

Circumstances Constituting Potential Conflict of Interest

I. Under the following situations, a Member should be considered as having direct and substantial interest in a matter under consideration:

(a) The subject matter involves a landed interest held by the Member or the Member's spouse

For example:

- the Member and/or his/her spouse is the sole or part owner or the tenant of the application/representation site under consideration.
- the Member and/or his/her spouse is the applicant/representer/~~commenter~~/further representer of the matter under consideration.

(b) The subject matter involves a public or private company or other organisation (including subsidiary or associated companies within the same group) of which the Member or his/her spouse holds a proprietorship, partnership, directorship or substantial shareholdings (i.e. 1% or more of the issued share capital), advisory or client relationship, employment or other significant connection.

For example:

- the company of which the Member or his/her spouse holds a proprietorship, partnership, directorship or substantial shareholdings is the applicant/~~commenter~~/further representer of the matter under consideration.
- the Member or the company of which the Member or his/her spouse holds a proprietorship, partnership or directorship is the professional consultant tendering professional advice to or representing the applicant/representer/~~commenter~~/further representer in the matter under consideration.
- the Member or his/her spouse is the employee/staff of a company, an organisation or association such as the Scouts Association and the University of Hong Kong, which is the applicant/representer/~~commenter~~/further representer of the matter under consideration.
- the Member or his/her spouse is a staff of a Government department which itself is the applicant under consideration.

This also applies to the situation where the subject company has a substantial shareholdings (i.e. 1% or more of the issued share capital) of the company owned by the Member or his/her spouse.

- (c) **The subject matter involves a statutory/public body, club, association, union or other bodies of which the Member or his/her spouse holds a chairmanship or, in some cases, membership, or is the office bearer of an executive board, a board of directors or a management committee.**

For example:

- the Member or his/her spouse is a member of a statutory/public body (including its sub-committee), such as the Hong Kong Housing Society (HKHS), the Hong Kong Housing Authority (HKHA), the Urban Renewal Authority (URA) and the District Council, which is the applicant/representer/~~commenter~~/further representer of the matter under consideration.

This does not apply to the situation where the Member or his/her spouse is just an ordinary member/corporate member of a club, association or other bodies, and the Member or his/her spouse is not involved in the matter under consideration.

- (d) **The Member or his/her spouse has current business dealings and/or business dealings under negotiation with the applicant/-representer/~~commenter~~/further representer of the matter under consideration.**

For example:

- the Member or his/her spouse is at present a consultant/advisor to the applicant/representer/~~commenter~~/further representer's on-going development projects irrespective of whether the dealings are related to the matter under consideration.
- the Member or his/her spouse or the company owned by the Member or his/her spouse was a business partner with the applicant/representer/~~commenter~~/further representer on on-going businesses irrespective of whether the dealings are related to the matter under consideration.

- (e) **The Member who is also a member of the HKHA/HKHS/URA or other public bodies and the subject of a representation/further representation involves a project of such public bodies**

This does not apply to situation where a HKHA/HKHS/URA project is the subject of an amendment to a statutory plan proposed by the Planning Department or where HKHA/HKHS/URA sites are proposed in a new plan.

- II. The following situations would give rise to potential conflict of interest but whether the interest is direct and substantial would depend on the substance, scope and nature of the interest in relation to the case under consideration:

- (a) **The subject matter affects a landed interest held by the Member or his/her spouse.**

For example:

- the Member (and/or his/her spouse) is the sole or part owner or the tenant of a property that may be affected by the development proposal under consideration.

- (b) **The subject matter involves or affects a landed interest held by a “close relative or close friend” of the Member or his/her spouse.**

For example:

- a “close relative or close friend” of the Member or his/her spouse is the sole or part owner or the tenant of the application/representation site under consideration. Members themselves are the best judges of who, in the particular circumstances, is a “close relative or close friend”.

- (c) **A Member or his/her spouse has given personal advice or opinion to an applicant/~~representer/commenter~~/further representer on any occasion on the subject matter under consideration.**

For example:

- the Member or his/her spouse has given personal opinion or advice to the applicant/~~representer/commenter~~/further representer on the matter under consideration, which might lead the public to believe that the Member’s views might be biased or not given impartially.

The situation of Government departments tendering professional advice or stating Government policies to the applicant/~~representer/commenter~~/further representer should not fall within this category as it is incumbent upon the official member to tender advice, which is consistent with the official views of the Government departments or statement of Government policy.

- (d) **The subject matter involves a public or private company or other organisation (including subsidiary or associated companies within the same group) of which the Member’s or his/her spouse’s “close relative or close friend” holds a proprietorship, partnership or directorship, advisory or client relationship, employment or other significant connection.**

For example:

- the Member’s or his/her spouse’s “close relative or close friend” is the owner of a company/organisation and the company is the applicant/~~representer/commenter~~/further representer of the subject matter.
- —the Member’s or his/her spouse’s “close relative or close friend” is the professional consultant tendering professional advice to the applicant/—

representer/~~commenter~~/further representer in the subject matter under consideration.

This is to avoid situations where the public might believe that the Member's advice has been influenced by the closeness of the association. The Members themselves are the best judges of who, in the particular circumstances, is a "close relative or close friend".

(e) The Member or his/her spouse has past business dealings with the applicant/representer/~~commenter~~/further representer of the matter under consideration.

For example:

- the Member or his/her spouse or the company owned by the Member or his/her spouse was previously the professional consultant tendering professional advice to the applicant/representer/~~commenter~~/further representer in the matter under consideration but the Member or his/her spouse or the company owned by the Member or his/her spouse is no longer involved in the matter. The Member should declare **all** such past dealings. If the matter involves a completed project, the Member should be allowed to continue to participate in the discussion. If the matter involves an on-going project, the Member should be required to withdraw from the meeting.
- the Member or his/her spouse has general business dealings with the applicant/representer/~~commenter~~/further representer. If the business dealings are not related to the matter under consideration, the Member should declare only the recent dealings in the past three years, and upon declaration, the Member should be allowed to continue to participate in the discussion.

**Procedures for Handling Gifts/Souvenirs

The Guidelines are subject to revision without prior notice.)

1. Introduction

On 22.6.2001, the Town Planning Board (the Board) amended the Covering Notes of the Master Schedule of Notes to Statutory Plan (MSN) for the urban and new town areas mainly to clarify its intention with respect to “existing use” ~~in the urban context~~ **in areas previously not covered by Development Permission Area (DPA) plans.**

~~These Guidelines explain generally the Board’s intention with respect to “existing use” in the urban and new town areas. The Guidelines also set out the Board’s approach to interpret “existing use” in some particular situations.~~

2. Scope and Application

- 2.1 These Guidelines explain generally the Board’s intention with respect to “existing use” in the Covering Notes of the OZP.**
- 2.2 These Guidelines also set out the Board’s approach to interpret “existing use” in some particular situations.**
- 2.3 Any use which may be allowed in terms of the provisions of a plan must also conform to any other relevant legislation and the conditions of the Government lease concerned.**

2.3. Planning Intention on “Existing Use”¹

~~2.13.1~~ ~~The new paragraph (3)(a) of the Covering Notes provides that no action is required to make the “existing use of any land or building” conform to a statutory plan until there is a material change of use or the building is redeveloped; and the new paragraph (3)(c) provides that “existing use of any land or building” means -~~

- (i) before the publication in the Gazette of the notice of the first statutory plan covering the land or building (hereafter referred as ‘the first plan’),
 - a use in existence before the publication of the first plan which has continued since it came into existence; or
 - a use or a change of use approved under the Buildings Ordinance which relates to an existing building²; and
- (ii) after the publication of the first plan,
 - a use permitted under a plan which was effected during the effective period of that plan and has continued since it was effected; or
 - a use or a change of use approved under the Buildings Ordinance which relates to an existing building and permitted under a plan prevailing at the time when the use or change of use was approved.

43.2 The planning intention of these provisions is to allow a land owner, whose land or building may be affected by the imposition of a new land use zoning restriction, to continue the use of his land or building until there is a change of use or the building is redeveloped.

43.3 Generally speaking, the use of any land or building which was in existence at the time when a new statutory plan or a new land use zoning restriction affecting the land or building came into effect will be regarded as the “existing use” of the land or building. The “existing use” of the land or building will be allowed to continue whether or not the use conforms to the new statutory plan or the new land use zoning restriction. However, if the use was effected (i.e. came into existence) when a

¹ Under section 21A of the Town Planning Ordinance as amended in 2023, the Secretary for Development is empowered to designate areas within Outline Zoning Plans (OZPs) but previously not covered by DPA plans as regulated areas (RAs). Where an OZP involves RA, the Covering Notes of the OZP will comprise two parts, viz Part A and Part B to reflect the Board’s intention in the non-RA and RA areas respectively. The Board’s intention on “existing use” is not applicable to the RA portion.

² “Existing building” means a building, including a structure, which is physically existing and is in compliance with any relevant legislation, the conditions of the Government lease concerned, and any other Government requirements, as may be applicable.

statutory plan was in force, it must be a use permitted under that statutory plan before the existing use right can be claimed.

43.4 Furthermore, the Board recognized that Hong Kong is a fast changing place and it is not uncommon for the use of a premises to change from one use to another within the same broad use, for example, from retail shop to fast food shop, both within the range of ‘Shop and Services’ use. Therefore, the Board will allow a land owner to continue the use of his building not only for the actual use (e.g. shop use) in existence at the time when the new land use zoning restriction is imposed but also for the use(s) designated on the building plans or the Occupation Permit (OP) of the building approved/issued under the Buildings Ordinance (BO); or any subsequent change of use approved under section 25 of the BO, provided that such use should be a use permitted under the prevailing statutory plan, if any, when the building use was approved under the BO. It should be noted that such existing use right is only applicable to a use or a change of use approved under the BO which relates to an existing building. Uses shown on approved building plans for a proposed building are not regarded as existing uses.

43.5 The right to an existing use of land or building, i.e. “existing use right”, will be forfeited upon a change of use of the land, or a change of use of the building outside the scope approved under the BO, or when the building is redeveloped. Any change of use and any other development or redevelopment of the land or building should conform to the extant statutory plan. Nonetheless, the Board will allow the carrying out of minor alteration works including maintenance works to the building, provided that such works do not constitute a change of use or give rise to any planning implication. For example, the renovation of the external facade or alteration of the internal layout of a building without any change of use will be permitted and no planning permission is required.

3.4. Interpretation of “Existing Use”

54.1 The following are some examples to illustrate the Board’s approach to interpret “existing use” in some particular situations:

Use in existence/approved prior to the publication of the first statutory plan

45.1.1 Some uses of land or building were in existence before the publication of any statutory plan covering the concerned area. These uses may not conform to the statutory plan published for the area. To recognize the “existing use right” of a land owner, the Board will allow such non-conforming uses to continue until there is a change of use or a building is redeveloped. For example, a long-established school in a pure residential neighbourhood which is zoned

“Residential (Group C)” (“R(C)”) will be tolerated until the school building is put to some other uses or the building is redeveloped.

54.1.2 In addition, the Board will also allow a land owner to continue the use of his building as designated on the approved building plans/OP, or as approved under section 25 of the BO, until there is a change of such approved building use or the building is redeveloped. For example, a building approved under the BO for non-domestic use prior to the publication of the first statutory plan will be allowed to be used for such purpose even if the building falls within a “R(C)” zone on a statutory plan subsequently published.

Use in existence/approved during the effective period of a statutory plan

54.1.3 To keep abreast with the community's aspirations or requirements, the planning intention of a site may change as time goes by and that may necessitate amendments to the land use zoning restrictions, which are governed by established public ~~objection~~ **representation** procedures under the Town Planning Ordinance. A use permitted under a previous version of a statutory plan (including the first plan or any subsequent amendment plan) may become a use not permitted in a subsequent version of the statutory plan. In such circumstances, the Board will allow a land owner to continue the use of the land or building which was permitted under the previous statutory plan and effected/realised during the effective period of that plan, provided that the use is continued after it was effected (that is to say, there is no change of use since the use was effected).

54.1.4 Likewise, the Board will allow a land owner to use his building for a use approved under the BO, including a use approved under section 25 of the BO, as long as it conforms to the zoning restrictions on a statutory plan which applied at the time that the use was approved. In determining the "existing use right" of a land owner, the Board will take into account both the approved building use and the permitted uses under that plan. For example, if the approved building use of a premises previously zoned “Residential (Group A)” (“R(A)”) is non-domestic and the premises was subsequently rezoned to “R(C)” for pure domestic use, the Board will allow the land owner to use the premises only for those non-domestic uses which were permitted under the previous “R(A)” zone such as bank, shop and restaurant³². Non-domestic uses such as commercial bathhouse and massage establishment which fall outside the scope of uses permitted under the previous “R(A)” zone will not be allowed in the premises.

³ In determining the permitted uses of a particular zone, reference should be made to the Notes for the zone of the respective statutory plan.

54.2 The above examples only illustrate the Board's approach to interpret "existing use" in some particular situations whereby such uses may be allowed to continue despite a change in the land use zoning restrictions. Other cases which are not illustrated by examples will be considered by the Board on their own facts.

54.3 It is not for the Planning Department or the Board to provide evidence to prove whether a use is an "existing use". Any person who intends to claim an "existing use right" will need to provide sufficient evidence to support his claim.

~~4. Scope and Application~~

~~These Guidelines apply to those statutory plans which have incorporated the new paragraph (3) in the Covering Notes of the plans.~~

~~Any use which may be allowed in terms of the provisions of a plan must also conform to any other relevant legislation and to the conditions of the Government lease concerned.~~

~~4.~~

~~²In determining the permitted uses of a particular zone, reference should be made to the Notes for the zone of the respective statutory plan.~~

2.1 The plan-making process is set out in ~~sections 5 to 7 of~~ the Ordinance. Under the process, any ~~new draft plan or amendment of plan~~ **(hereafter collectively referred to as “the Plan”)** ~~to draft/approved plan~~⁺ will be exhibited **under section 5 or section 7 of the Ordinance** for public inspection for a period of 2 months. During the exhibition period, any person may make representation (whether in support or opposition to the ~~p~~Plan) to the Board in respect of the ~~new draft pPlan or amendment to draft/approved plan~~ (“the draft plan”). Such representation will be made available for public inspection as soon as reasonably practicable **during and** after the expiry of the 2-month period until the Chief Executive in Council (CE in C) has made a decision in respect of the ~~draft pPlan~~ **or part of the Plan to which the representation relates.**

~~2.2 During the first 3 weeks of the public inspection period of the representations, any person may make comment on the representations to the Board. Such comment will be made available for public inspection as soon as reasonably practicable~~

⁺ ~~For amendment to draft/approved plan, any reference to “the draft plan” in s6(1) and s6(2)(a) is a reference to the amendment(s).~~

~~after the expiry of the 3 week period until the CE in C has made a decision in respect of the draft plan.~~

- 2.32 The Board² will then hold a meeting (“the hearing”) to hear and consider the representations ~~and comments~~ received in respect of the ~~draft p~~Plan. The person who made the representation (“the representer”) ~~and the person who made the comment on the representation (“the commenter”), including their authorized agent,~~ will be invited to attend the hearing.
- 2.43 After hearing the representations ~~and comments~~, the Board will decide whether to propose amendment(s) to the ~~draft p~~Plan to meet/partially meet the representation(s) in the manner proposed in the representation(s) or in other manner that the Board considers appropriate in meeting the representation(s) (thereafter “the proposed amendment(s)”).
- 2.54 If the Board decides to propose amendments to the ~~draft p~~Plan **to meet the representation(s), the proposed y-amendment(s)** will be made available for public inspection as soon as reasonably practicable until the CE in C has made a decision in respect of the ~~draft p~~Plan **or part of the Plan to which the proposed amendment(s) relates.** During the first 3 weeks of the public inspection period of the proposed amendment(s), any person ~~(other than the representers and commenters relating to the proposed amendment(s))~~ **(further representer)** may make further representation (whether in support or opposition to the proposed amendment(s)) to the Board in respect of the proposed amendment(s). Such further representation will be made available for public inspection as soon as reasonably practicable **during and** after the expiry of the above 3-week period until the CE in C has made a decision in respect of the ~~draft p~~Plan **or part of the Plan to which the further representation relates.**
- 2.56 **There will be no hearing for the consideration of the further representations.** If there is no further representation received in respect of the proposed amendment(s) in question, the Board shall, as soon as reasonably practicable, amend the ~~draft p~~Plan by incorporating the proposed amendment(s). In the event that there are further representations but they are not opposing the proposed amendment(s), the Board shall hold a meeting to consider the further representations and to amend the ~~draft p~~Plan by the proposed amendment(s). **For further representations opposing the proposed amendment(s), administrative arrangement would be made such that the Secretariat of the Board will liaise with the relevant District Planning Office to check whether clarification and/or inquiries are needed. Where appropriate, comments on the further representations from government departments concerned and written responses from the further representers on the comments received from relevant government departments will be sought to facilitate the Board’s consideration of the further representations and decide whether to amend the plan in question either by the proposed amendments or by the proposed amendments as varied in such manner as considered appropriate by the Board.** ~~However, the relevant representers/commenters/further~~

² Under section 2A(1) of the Ordinance, the Board may appoint Representation Hearing Committees to consider representations, ~~comments~~ and further representations.

~~representers will not be invited to the meeting and be heard by the Board.~~

~~2.7 If there are opposing further representations, the Board will hold a meeting (“the further hearing”) to hear and consider the further representations. The relevant representers/commenters/further representers (including their authorized agents) will be invited to attend the further hearing.~~

~~2.8 Upon consideration of the further representation, the Board will decide whether to amend the draft plan, either by the proposed amendment(s) or in other manner that the Board considers appropriate. After the Board’s decision to amend the Plan by the proposed amendment(s) or its variation(s), the draft pPlan shall then be read as including the amendment(s) so decided by the Board, and such amendment(s) will be made available for public inspection as soon as reasonably practicable until the CE in C has made a decision in respect of the Plan or the relevant part of the Plan.~~

~~2.695~~ The ~~draft~~ **pPlan**, together with a schedule of the representations/~~comments~~/further representations (if any) made in respect of the ~~draft pPlan~~ as well as any amendment(s) made by the Board, ~~will~~ **must** be submitted to the CE in C for approval within ~~95~~ months after the expiry of the ~~last~~ plan exhibition period. **The statutory time limit may be extended, if appropriate, for a period of 2 months and, in exceptional circumstances, further two more periods of 2 months each by the Secretary for Development.**

3. Submission Requirements

3.1 All representations/~~comments~~/further representations ~~should~~ **must** be **submitted in writing and** forwarded to the “Secretary, Town Planning Board, 15/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong” by hand, post, fax (2877 0245 or 2522 8426) or e-mail (tpbpd@pland.gov.hk). - 9.1 This set of Guidelines is intended to provide general guidance on the submission and ~~publication~~ **processing** of representations, ~~comments on representations~~ and further representations under the Ordinance. It is not meant in any way to restrict the contents of each representation/~~comment~~/further representation, nor to restrict the right of the Board to require further information.
- 9.2 The representations/~~comments~~/further representations submitted to the Board and the Board's decision on the representations/~~comments~~/further representations will be disclosed to the public. The public may make photocopies of the representations/~~comments~~/further representations which are made available for public inspection upon payment of a fee. The Guidelines are subject to revision without prior notice.]

1. Scope and Application

The purpose of this set of Guidelines is to set out the general practices adopted by the Town Planning Board (the Board) regarding the publication of applications for ~~amendment of plan,~~ planning permission and review and submission of comments on ~~various~~ **the** applications under the Town Planning Ordinance (the Ordinance).

2. Publication of ~~Various~~ Applications

2.1 The Ordinance provides statutory mechanism for ~~submitting~~ **making** the following applications **available for public inspection to the Board**:

- ~~(a) application for amendment of plan made under section 12A of the Ordinance;~~
- ~~(b)~~**(a)** application for planning permission made under section 16 of the Ordinance;
and
- ~~(c)~~**(b)** application for review of the Board's decision on a section 16 application made under section 17 of the Ordinance.

2.2 ~~An application for amendment of plan under section 12A and~~ planning application under section 16 of the Ordinance shall be made by filling in an application form or an electronic application form (e-form) to be submitted via electronic submission system (e-submission) via the Board's website. The application form is available at the Secretariat of the Board or Planning Enquiry Counters of Planning Department

and can be downloaded from the Board's website (<http://www.infotpb.gov.hk/tpb/>). As for e-submission, relevant e-forms are available at the Board's website.

- 2.3 All information (including name, but excluding correspondence address, and telephone number/fax number/e-mail address) included in the applications **(including the application form, plans/drawings and supplementary information (SI) such as planning statements and reports on technical assessments)** will be made available for public inspection as soon as reasonably practicable after the applications are made until the Board or its Committee has made a decision on them.
- 2.4 The Board will publish a notice once a week in two daily Chinese and one daily English local newspapers **and on the Board's website** (newspaper/website notice) during the first 3 weeks of the public inspection period or cause a notice (site notice) to be posted in a prominent position on or near the application site at the beginning of the public inspection period.
- 2.5 The newspaper/**website** notice will specify:
 - (a) the place and hours at which the application is available for public inspection (i.e. during normal office hours at the Planning Enquiry Counters of the Planning Department);
 - (b) that any person may make comment to the Board in respect of the application and the time limit for submitting the comment (i.e. within the first 3 weeks of the public inspection period); and
 - (c) the place and hours at which such comment will be available for public inspection (i.e. as soon as reasonably practicable after the expiration of the first 3 weeks of public inspection period).
- 2.6 Generally speaking, as a matter of practice, a newspaper/**website** notice will always be published. In so far as the local circumstances permit, a site notice will be posted unless the application involves a large area or many buildings, the application site is remote and inaccessible by the public, ~~the application is not site specific~~, or the posting of notice is refused by the owner or management office of the application site.
- 2.7 Depending on the circumstances of individual applications, the following practice will be adopted in posting site notices:
 - (a) for applications involving a change of use of the application premises (e.g.

showroom or “shop and services” in an industrial building or kindergarten in an existing building), a site notice of about A2 size (i.e. 16 inches x 23 inches or 420mm x 594mm) will be posted at or near the application premises, preferably on the notice board at the entrance/lobby of the building concerned;

- (b) for applications for development on open land (e.g. open storage or comprehensive development on a vacant site ~~or proposed rezoning of a piece of agricultural land~~), a site notice of about A1 size (i.e. 23 inches x 32 inches or 594mm x 841mm) will be posted at or near the application site;
- (c) for applications of territorial or major local significance, a notice (about 33 inches x 60 inches or 867mm x 1577mm) may also be mounted to a roadside railing in the locality of the application site; and
- (d) other measures as considered appropriate by the Board.

2.8 In addition, as an administrative measure, a notice informing the public about the availability of the application for public inspection will also be:

- ~~(a) — uploaded to the Board’s website until the Board or its Committee has decided on the application in question;~~
- ~~(b)~~(a) posted at the Secretariat of the Board, the Planning Enquiry Counters of the Planning Department, the relevant District Planning Office, local community centre, District Office (DO) and Rural Committee office (where appropriate) during the first 3 weeks of the public inspection period; and
- ~~(c)~~(b) sent to the Owners’ Corporation(s) or other committee(s) of the buildings within 100 feet (around 30m) from the boundary of the application site at the beginning of the public inspection period.

3. Further Information on Applications

Further information to supplement an application may be submitted to the Board **within the specified periods published in the Gazette by the Board, i.e. two months after the day of the receipt of the application by the Board and two months after the day on which the Board decides to defer its decision on the application for the applicant to give**

~~further information before the application is considered by the Board or its Committee.~~ If the further information does not result in a material change in the nature of the application and is accepted by the Board or its Secretary, it will be made available for public inspection until the Board or its Committee has decided on the application. The availability of the further information for public inspection will also be notified in a like manner as the application. If the further information does not affect the substance of the application, the Board or its Secretary may exempt it from the requirement of publication for public comments. For details on the determination of acceptance of further information and exemption of it from the requirement of publication for public comments, reference shall be made to the Town Planning Board Guidelines on Submission of Further Information in relation to Applications for Amendment of Plan, Planning Permission and Review of Application made under the Ordinance.

4. Submission of Comments on ~~Various~~ Applications

- 4.1 Any comment shall be made in writing (preferably in both English and Chinese, or at least a summary in English for Chinese submission or vice versa should be provided). It shall be forwarded to the “Secretary, Town Planning Board, 15/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong” by hand, post, fax (2877 0245 or 2522 8426) or e-mail (tpbpd@pland.gov.hk).
- 4.2 The statutory time limits for making comment on ~~various~~ applications (i.e., ~~application for amendment of plan under section 12A,~~ application for permission under section 16 and application for review under section 17) are the same, namely, within the first three weeks when the application is available for public inspection. The time limit will be stated in the relevant notice.
- 4.3 Any comment must be made within the statutory time limit for submission. Comments which are made after the expiration of the statutory time limits shall be treated as not having been made. The date of submission stated in the notice is taken as follows:
 - (a) the receipt date for a submission sent by hand;
 - (b) the date of postal chop for a submission sent by post; or
 - (c) the receipt date of ~~transmission for~~ **an online submission or** a submission sent by fax/e-mail.
- 4.4 In order to facilitate communication with the Secretary of the Board (Secy/Board) and relevant Government departments for the purpose of processing the applications,

commenters are advised to provide their particulars (including name, correspondence address, and telephone number/fax number/e-mail address) in the submission.

- 4.5 The following information is considered essential for the Board to consider a comment, hence should be included in the submission. Otherwise, the Board may refuse to process the comment and treat it as invalid:

- (a) the particular matter in the application to which the comment relates; and
- (b) details of the comment **(including views on the particular matter)**.

- 4.6 The comment (including name, but excluding correspondence address, and telephone number/fax number/e-mail address) will be made available for public inspection during normal office hours at the Planning Enquiry Counters of the Planning Department until the Board or its Committee has decided on the application. ~~A notice informing the public of the availability of the comments for public inspection will be uploaded to the Board's website.~~ Information including the tentative meeting date and the other arrangements concerning the consideration and release of decision on the application is ~~also~~**made** available on the Board's website.

- 4.7 Public comments should be related to the planning context of the application and submitted in accordance with the relevant provisions of the Ordinance. These public comments will be assessed by the Board on a case-by-case basis and only planning-related considerations will be taken into account. As a general guideline, the Board will primarily consider the following planning issues in considering the public comments on the application: -

- (a) the nature (e.g. views in support, against or expressing general concern) of the public comment;
- (b) the planning intention, land-use compatibility and impacts (e.g. effects on environment, ecology, traffic, infrastructure, landscape, visual and the local community etc.);
- (c) comments specific to the proposed scheme; and
- (d) other considerations that the Board considers appropriate.

5. Notification of the Board's Decision

- 5.1 After the Board or its Committee has decided on the application, the Secy/Board will notify the applicant of the decision in writing after confirmation of the minutes (normally 2 weeks after the meeting).
- 5.2 After the meeting, the applicant and the commenter may seek verbal advice on the decision on the application or make reference to the Gist of Decision which is available on the Board's website shortly after the meeting on the same day.
- 5.3 Pending formal notification, request from the applicant for an interim reply on the decision on the application could be made to the Secy/Board in writing. The interim reply should not be treated as a formal notification of the decision of the Board or its Committee, which will only be issued after confirmation of minutes. The date of decision of the Board or its Committee on an application is the date of its meeting, but the time limit for lodging a review and appeal under section 17 and 17B respectively starts from the date of notification of the Committee or the Board's decision.

6. Important Points to Note

- 6.1 This set of Guidelines only provides general guidance on the publication of applications for ~~amendment of plan~~, planning permission and review and submission of comments on the ~~various~~ applications under the Ordinance. It is not meant in any way to restrict the contents of any application or comment made, nor to restrict the right of the Board to require further information.
- 6.2 The information submitted to the Board, except those as mentioned in paragraph 2.3 above, and the decision of the Board or its Committee on the applications would be disclosed to the public. The public may **view the application materials from the Board's website or make photocopies of these submissions** ~~—planning applications and the comments which are made available for public inspection at the Planning Enquiry Counters of the Planning Department~~ upon payment of a fee as the Board determines.

The Guidelines are subject to revision without prior notice.]

1. Introduction

1.1 In submitting an application for amendment of ~~a draft or approved~~ plan under section 12A or planning permission under section 16 of the Town Planning Ordinance (the Ordinance), the applicant must **comply with the requirement under section 12A(3)(a) or 16(2)(a) of the Ordinance by:**

- (a) **obtaining** the consent of or **notifying** each and every ‘current land owner’ of the application site in writing if he is not the ‘current land owner’ or the sole ‘current land owner’ (hereinafter referred to as the ‘owner’s consent’ and ‘owner’s notification’ requirements respectively); or
- (b) **demonstrating** that reasonable steps have been taken to obtain/give the necessary owner’s consent/notification (hereinafter referred to as the ‘reasonable steps’ requirements).

For a section 12A application, besides the above requirements, the applicant must be an eligible person¹ as defined under section 12A(25) of the Ordinance and provide the necessary documentary proof².

¹ The applicant of a section 12A application must be (a) a person whose name is registered in the Land Registry as that of the sole owner or one of the owners of any non-Government land within the application site; (b) a person who has obtained written consent to the application from at least one owner as defined in (a); (c) a person who has obtained written consent to the application from the Director of Lands in relation to any Government land within the application site; (d) a public officer; or (e) a public body as defined by section 2 of the Prevention of Bribery Ordinance (Cap. 201).

² Please refer to the Guidance Notes on Application for Amendment of Plan under Section 12A of the Town Planning Ordinance (Cap. 131) promulgated by the Town Planning Board.

- 1.2 The Town Planning Board (the Board) may refuse to process the concerned application if the applicant fails to satisfy the ‘owner’s consent’, ‘owner’s notification’ and/or ‘reasonable steps’ requirements (hereinafter collectively referred to as the ‘owner’s consent/notification’ requirements) in such form or include such particulars as the Board requires.
- 1.3 These Guidelines provide guidance on the interpretation of ‘current land owner’ as set out in **sections 12A(25) and 16(8)** ~~the relevant provisions~~ of the Ordinance; the documents required to be submitted together with the application to demonstrate the ownership of the application site; and the manner in which the applicant would be considered by the Board to have satisfied the ‘owner’s consent’, ‘owner’s notification’ and/or ‘reasonable steps’ requirements.

2. Interpretation of ‘Current Land Owner’

- 2.1 ‘Current land owner’ means any person whose name is registered in the Land Registry as that of an owner of the land to which the application relates, as at the commencement of such period before the application is made as is specified by the Board by notice published in the Gazette³. According to the Gazette Notice published on 15 April 2005, ‘such period’ is taken as ‘6 weeks’ before the application is made. In satisfying this requirement, more updated record of owner registered in the Land Registry will also be accepted.
- 2.2 It should be noted that ‘land’ includes any premises constructed thereon. Where the boundary of the application site transverses part of any lot/premises, the ‘current land owner’ in respect ~~to of~~ such lot/premises should also be included. Also, where any related lot/premises is/are owned by more than one person according to the records at the Land Registry (LR records), each and every such person should be regarded as ‘current land owner’.

3. Documentary Proof of Ownership Status

- 3.1 It is the responsibility of the applicant to comply with the ‘owner’s consent/notification’ requirements. The applicant is required to sign a declaration in

³ **For the purpose of meeting the owner’s consent/notification requirements, the** ~~The~~ definition of ‘current land owner’ does not include the HKSAR Government even though Government land may be included in the application site.

the application form that he has satisfied the ‘owner’s consent/notification’ requirements. The Secretariat of the Board will carry out random check on the submission to ensure that the applicant has fully complied with the requirements. In case of doubt, the Board may require the applicant to verify any information included in the application. In such circumstances, the applicant may be required to provide proof of ownership by supplying a copy of the LR records or by any other means such as statutory declarations.

- 3.2 If the applicant is not the sole ‘current land owner’ of the application site, he is also required to complete the relevant part of the application form on satisfying the ‘owner’s consent/notification’ requirement for section 12A or section 16 application and provide all the required documents.

4. The ‘Owner’s Consent’ Requirements

If the applicant has obtained the consent of any ‘current land owner’ to make a particular application, such information including the number of ‘owner’s consent’ obtained should be included in the relevant part of the application form. He is also required to provide copies of the completed statement of consent signed by the concerned ‘current land owner’. If the ‘current land owner’ is an individual, the statement of consent should state the Hong Kong Identity Card/Passport Number of that person. If it is a corporate entity, the statement of consent should bear the company seal and should be accompanied by a resolution of the board of directors. A sample format of statement of consent for reference by the applicant is shown in **Annex 1**.

5. The ‘Owner’s Notification’ Requirements

- 5.1 If the applicant has notified any ‘current land owner’ of the application, such information including the number of ‘owner’s notification’ given should be included in the relevant part of the application form.
- 5.2 An ‘owner’s notification’ should be in the form of a written notification of the application. Such notification may be sent by registered mail or local recorded delivery mail (e.g. courier service) to the name of individual ‘current land owner’ as appeared in the LR records. The mail may be sent to the postal address of the ‘current land owner’ registered on the LR records (or the company’s office address registered in the Companies Registry if the ‘current land owner’ is a corporate entity), or to the

relevant postal address⁴ of the land/premises under application. A sample format of the notice for reference by the applicant is shown in **Annex 2**. A full set of the record of ‘owner’s notification’ given (e.g. records of registered mail or local recorded delivery mail) should be submitted together with the application.

6. The ‘Reasonable Steps’ Requirement

- 6.1 Apart from obtaining owner’s consent or making notification, an applicant may demonstrate that reasonable steps have been taken to such effect before the application is made to the Board. To facilitate easy checking, the applicant is required to complete the relevant part of the application form. A full set of the relevant documents showing the steps taken should be submitted together with the application.
- 6.2 Subject to paragraph 6.3 below, the applicant is required to take the following steps to obtain owner’s consent or give notification to the ‘current land owner’:
- (a) sending a request for consent to the postal address of each and every ‘current land owner’. Relevant evidence (e.g. records of registered mail or local recorded delivery mail) should be submitted together with the application; or
 - (b) (i) publishing a notice of the application once in two Chinese and one English local newspapers. The newspaper notice should be in the size of not smaller than 30 square centimetres (five square inches). A sample format of the newspaper notice is shown in **Annex 3**. The newspaper notice should be published in the local newspapers specified by the Board. Details can be obtained from the Secretariat of the Board or viewed at the Board’s website; and
 - (ii) either posting a notice(s) of the application in a prominent position on or near the application site/application premises. **Any notices posted before 1.9.2023, The notice** should be at least A4 size and legible from a public place. **Notices posted on or after 1.9.2023 should comply with the requirements set out in Annex 4. A** ~~(a sample format of the notice~~ is shown in **Annex 45**); or

⁴ Sending written notification to non-postal address, such as to a lot address is not normally accepted unless successful delivery is proved by advice of receipt.

sending a notice to the postal address of Owners' Corporation(s), Owners' Committee(s), ~~Mutual Aid Committee(s)~~ or management office(s), where applicable, of the building(s) erected on the application site or in which the application premises is located or, where appropriate, to the relevant Rural Committee. Relevant evidence (e.g. records of registered mail or local recorded delivery mail) should be submitted together with the application. A sample format of the notice is shown in **Annex 54**.

- 6.3 Other than the steps set out in paragraph 6.2 above, the applicant may demonstrate to the satisfaction of the Board that he/she has fulfilled the 'reasonable steps' requirement. The Board will take into account the particulars provided in the application and determine whether such other steps taken by the applicant are acceptable on a case-by-case basis.
- 6.4 In satisfying the requirements in paragraph 6.2 above, the applicants of the following three types of applications are exempted from the requirement of publishing newspaper notice, but they are required to undertake both steps set out in paragraph 6.2(b)(ii) above in order to fulfill the 'reasonable steps' requirements:
- (a) change of use of premises within existing buildings;
 - (b) temporary uses with an application site area less than 1 hectare; and
 - (c) New Territories Exempted House/Small House developments.
- 6.5 Generally speaking, the applicant may consider resorting to fulfill the 'reasonable steps' requirements under the following circumstances⁵ :
- (a) where the applicant is unable to contact the 'current land owner' due to the absence/inadequacy of the relevant information, e.g. absence of or incomplete postal address of the 'current land owner' in the LR records, or
 - (b) where the number of 'current land owners' involved in the application is large (~~i.e.~~ **e.g.** above 50), and obtaining individual owner's consent and/or notifying each and every owner becomes too onerous.

⁵ The circumstances in this paragraph are provided as examples under which the applicant would consider resorting to fulfill the 'reasonable steps' requirement. These circumstances are not pre-requisites for the 'reasonable steps' requirement.

7. Validity Period of Owner's Consent/Notification

The Ordinance stipulates that the applicant shall comply with the 'owner's consent/notification' requirements within a reasonable period before the application is made. What constitutes 'reasonable period' will depend on individual circumstances of each case taking into account the justification to be provided by the applicant. In general, one year before the application will be taken as the reasonable validity period of the owner's consent/notification, provided that such owner remains the 'current land owner'. Beyond the reasonable period, the applicant may be required to obtain the consent of or notify the 'current land owner' or satisfy the 'reasonable steps' requirement afresh.

8. Important Points to Note

- 8.1 The above guidelines are for general reference only. In deciding whether the applicant has satisfied the 'owner's consent', 'owner's notification' and/or 'reasonable steps' requirements, the Board will take into account individual circumstances of each case.
- 8.2 The Secretariat of the Board will carry out random check on the submission to ensure the applicant has fully complied with the 'owner's consent/notification' requirements. The Board may also require the applicant to verify any matter or particulars set out or included in the application, whether by statutory declaration or otherwise. In accordance with section 40(2)(c) of the Interpretation and General Clauses Ordinance (Cap. 1), the Board may withdraw its decision on an application if the applicant is found to have made any false declaration or statement on the application. Any person who knowingly or willfully makes a false declaration or statement would be liable to prosecution under the Crimes Ordinance (Cap. 200), the Oaths and Declarations Ordinance (Cap. 11) and/or other relevant Ordinances.

9. Guidance Notes

Before making the application, the applicant is also encouraged to make reference to the Guidance Notes for Application for Permission under Section 16 of the Town Planning Ordinance (Cap. 131) or Guidance Notes for Application for Amendment of Plan under Section 12A of the Town Planning Ordinance (Cap. 131), where applicable.

**TOWN PLANNING BOARD GUIDELINES ON
SUBMISSION OF FURTHER INFORMATION
IN RELATION TO APPLICATIONS FOR AMENDMENT OF PLAN,
PLANNING PERMISSION AND REVIEW
MADE UNDER THE TOWN PLANNING ORDINANCE**

{[Important Note :-

The Guidelines are intended for general reference only.

Any enquiry on this pamphlet should be directed to the Secretariat of the Town Planning Board (**by email: tpbpd@pland.gov.hk; by post: 15th Floor, North Point Government Offices (NPGO), 333 Java Road, North Point, Hong Kong; or by phone: ~~Tel. No.~~ 2231 4810 or 2231 4835) or the Planning Enquiry Counters of the Planning Department (Hotline : 2231 5000; email: enquire@pland.gov.hk; or by post: ~~17th Floor, NPGO and 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin).~~**

The Guidelines are subject to revision without prior notice.}]

1. Purpose

These Guidelines set out the general practices adopted by the Town Planning Board (the Board) in dealing with further information submitted by an applicant to supplement an:

- (a) application for amendment of plan made under s.12A of the Town Planning Ordinance (~~the~~ Ordinance) (s.12A application);
- (b) application for planning permission made under s.16 of the Ordinance (s.16 application); or
- (c) application for review of the Board's decision on a s.16 application made under s.17 of the Ordinance (s.17 review).

2. Delegation of the powers of the Board

- 2.1** Pursuant to s.2(5)(c) of the Ordinance, the Board has delegated to the Secretary of the Board (Secy/Board) its powers to determine acceptance of further information, **and whether** to exempt it from the requirements in respect of publication for public comments and recounting of the statutory time limit for consideration of the application from the receipt of the further information. ~~—(i.e. The publication and recounting requirement does not apply to s.12A~~

applications).

2.12.2 Under s. 12A(13A), 16(2JA) and 17(2HA) of the Ordinance, the Board *must not accept* any further information given by the applicant to the Board for s.12A application, s.16 application or s.17 review if the further information is given at a time not falling within the specified periods published in the Gazette by the Board on 1.9.2023, i.e. not given within two months after the day of the receipt of the application by the Board or within two months after the day on which the Board decides to defer its decision on the application for the applicant to give further information. Accordingly, the Board will only accept further information within the 2-month period starting from the day after the application is made (e.g. from 2.9.2023 to 1.11.2023 inclusive if the application is made on 1.9.2023). Nevertheless, if the Board decides to defer its decision on the application for the applicant to give further information, the Board will also accept further information within another 2-month period starting from the day after that deferment decision is made (e.g. from 2.12.2023 to 1.2.2024 inclusive if the Board decides to defer its decision on the application on 1.12.2023).

3. Processing of further information

3.1 It is the duty of the applicant to provide sufficient information when making an application to the Board. This would facilitate the Board's consideration and avoid delay in processing the application. However, an applicant may submit further information to the Secy/Board to supplement his application ~~before the application is considered by the Board. Such submission shall be made at least two weeks before the scheduled meeting of the Board.~~ The Secy/Board will determine whether the information could be accepted and, if accepted, whether the information would be exempted from the publication **requirement (such requirement is only applicable to s.16 application and s.17 review)** and the recounting requirement **(applicable to s.12A application, s.16 application and s.17 review)s**. In submitting any further information, the applicant should clearly indicate whether he would proceed with the original application (i.e. without the further information) in case the Secy/Board decides that the further information is not accepted, or such information is accepted but not exempted from the publication **requirement** and/or the recounting requirements, **as the case may be.**

3.2 Submission of further information should not be used as a tactic to delay

consideration of applications. Further information involving various assessments should be submitted in one go and not ~~by in different batches~~. **When the Board decides to defer the consideration of an application for the applicant to submit further information,** ~~the Secy/Board~~ has the discretion to schedule the meeting date for consideration of the application as soon as possible **on a date after the specified period for submission of further information but** before the expiry of the statutory time limit, with a view to expediting the processing of applications. **To comply with the Ordinance and avoid unreasonable delay in processing the application, the Board will refuse to accept further information submitted not falling within the specified periods mentioned in paragraph 2.2 above.**

Whether the information could be accepted

- 3.3 If the further information **is submitted within the specified periods mentioned in paragraph 2.2 above and** does not result in a “material change” of the nature of the application, it will be accepted by the Secy/Board for inclusion into the application and be processed as part of the application in accordance with the relevant provisions of the Ordinance. If the further information is accepted as not resulting in a material change of the nature of the application, then the effect of submitting further information is that the statutory time limit for consideration of the application, i.e. 2 months for ~~a s.12A application and~~ **s.16 application and** ~~3 months for a s.12A application and~~ **3 months for** s.17 review, will be automatically restarted, unless an exemption under sections **12A(15), 16(2L); 12A(15) and 17(2J)** respectively is granted.
- 3.4 Further information resulting in a material change of the nature of the application will not be accepted by the Secy/Board. Under such circumstances, the submitted further information will not be processed. If the applicant wants to proceed with the further information that ~~will result in~~ **will result** in a material change of the nature of application, a fresh application will need to be submitted. If the applicant chooses to proceed with the original application, then he must do so without the further information. In that case, the statutory time limit will run from the original application date and the further information will be ignored. The choice of proceeding without the further information will not prejudice the applicant’s submission of another application in future.
- 3.5 All ~~accepted~~ further information **on s.16 applications and s.17 reviews, if accepted by the Secy/Board,** will be published for public comment, unless an

exemption as mentioned below has been granted by the Secy/Board.

Whether the accepted information could be exempted

- 3.6 If the Secy/Board accepts the further information, he will simultaneously consider whether the accepted information can be exempted from the publication requirement and/or the recounting requirements (as the case may be).
- 3.7 **For s.16 applications and s.17 reviews, –If the further information could be exempted, i.e. need not be published for public comments, the application, together with the further information, will be submitted to the Board for consideration as originally scheduled. On the other hand, if the further information could not be exempted, it would be published for three weeks for public comments and the statutory time limit for consideration of the application will be automatically restarted, unless the applicant has indicated at the outset that the original application should be proceeded with.**
- 3.8 **For s.12A applications, the publication requirement is not applicable and the Secy/Board will decide whether the further information could be exempted from the recounting requirement. If exempted, the application, together with the further information, will be submitted to the Board for consideration as originally scheduled. Otherwise, the statutory time limit for consideration of the application will be automatically restarted, unless the applicant has indicated at the outset that the original application should be proceeded with if the further information could not be exempted from the recounting requirement.**
- 3.97 All accepted further information on s.12A application, s.16 application and s.17 review will be ~~deposited~~ **uploaded to the Board's website and available** at the Planning Enquiry Counters of the Planning Department at 17/F, North Point Government Offices, 333 Java Road, Hong Kong, and 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin for public inspection until the application has been considered by the Board.

4. **Types of information that constitute “a material change”**

What constitutes a material change of the nature of the application is a matter of fact and degree and should be assessed on the individual merits of each case. In general, a

material change is involved if the further information will lead to, for a s.12A application, a major change in site area/boundary in question, the proposed zoning, uses and development restrictions and, for a s.16 application and s.17 review, a major change in the area and configuration of the application site (e.g. enlargement of site to include additional lot), proposed use (e.g. from office to hotel), design and layout of the proposed scheme (e.g. substantial change in built-form and disposition of building blocks) and nature of approval sought (e.g. from temporary to permanent). For these types of applications, a change in the proposed site area, plot ratio, gross floor area, site coverage or building height under application exceeding 10% would generally be considered as “material” **(particularly those involving increases in any such development parameters), while the circumstances of each case should be taken into account.**

5. Types of information that could be exempted

Whether an exemption is to be granted should be assessed on the circumstances of each case no matter the proposed scheme is a temporary use or a permanent use. In general, an exemption may be granted to the following types of information:

- (a) minor change in the proposed scheme under application without changing the major development parameters of the proposed scheme such as site area, plot ratio, gross floor area, site coverage, building height. Minor change in the following aspects may be exempted:
 - internal layout/disposition of premises;
 - the location of open space ~~(on the same level only)~~ and ancillary major utility installation;
 - the form of the building blocks;
 - increase in the provision of open space;
 - reduction in car parking spaces with no change in the car parking ratio;
 - location and size of non-building area;
 - Landscape Master Plan regarding preservation and/or planting of more trees;
 - the provision of private indoor recreational facilities; ~~and~~
 - phasing and implementation; **and**
 - **operational details and arrangements (e.g. operation hours).**

In considering whether the changes are minor or not, the Secy/Board may make reference to the relevant categories of amendments as set out in the “Schedule of

Class A Amendments”¹ published by the Board.

- (b) clarification **and supplement** of the background **and supporting** information of the application, e.g. applicant’s identity, site area/boundary, lot number, existing conditions of the site/premises, owner’s consent, notification means, operational aspects of the applicant’s business, lease conditions, application history, compliance with other relevant legislation and Government requirements, surrounding land uses and implementation schedule;
- (c) technical clarification/responses to comments of relevant Government departments **and public comments** without changing the scheme;
- (d) submission of a revised technical assessment without major changes in the assumptions and methodologies, findings and proposed mitigation measures, where appropriate;
- (e) rectification of editorial and transcription errors and miscellaneous minor information; and
- (f) other information which, in the opinion of the Secy/Board, could be exempted.

6. Notification of Secy/Board’s decision

The applicant will be informed of the Secy/Board’s decision on whether the further information could be accepted and exempted, as soon as practicable. Unless the applicant has clearly indicated his intention ~~whether~~ to proceed with the original application at the time of submitting the further information, the statutory time limit for processing the application will be recounted and the applicant will be informed of the rescheduled date for consideration of the application, if the further information is accepted but not exempted from the publication **requirement** and/or recounting requirements **(as the case may be)**. For further information that is not accepted, the original application (i.e. without the further information) will continue to be processed, unless the applicant has indicated otherwise at the time of submission.

¹ Please refer to the Schedule attached to the Town Planning Board Guidelines for Class A and Class B Amendments to Approved Development Proposals.

7. Submission of Consolidated Revised Documents

Where an application involving multiple submissions of further information for planning statement and/or technical assessment(s), and such further information submissions have already been accepted by the Secy/Board, the applicant is required to submit a consolidated version to supersede the previous further information submissions, **preferably** at least two weeks before the scheduled meeting to facilitate the Board's consideration of the application. The applicant should ensure that the consolidated version should not contain any new information other than that already accepted by the Secy/Board. **The consolidated version with no new information will not be treated as new further information.**, and it would generally be exempted from the publication and recounting requirements.

8. Further Information for Representation and, ~~Comment~~, Further Representation

Representation to a **new draft plan or the amendment to a draft/partly approved plan/approved plan**, ~~comment on representation~~ and further representation to amendments proposed by the Board **under section 6B(8)** shall be made to the Board within the relevant statutory time limits stipulated in the Ordinance. Representation, ~~comment~~ and further representation made to the Board after the expiration of the relevant time limits shall be treated as not having been made. Under the Ordinance, there is no provision for the Board to accept further information for representation, ~~comment~~ and further representation submitted to the Board after the expiry of the relevant statutory time limits for making submission.

ON DEFERMENT OF DECISION ON REPRESENTATIONS;
~~COMMENTS, FURTHER REPRESENTATIONS AND APPLICATIONS~~

The Guidelines are subject to revision without prior notice.}]}

1. Purpose

These Guidelines set out the general procedures and practices adopted by the Town Planning Board (the Board) in considering requests for deferment of a decision on:

- (a) representations to a ~~draft plan (representations) and any comment on them;~~
- (b) further representations to amendments proposed by the Board to meet a representations (further representations);
- (c) an application for amendment of plan made under s.12A of the Town Planning Ordinance (the Ordinance) (s.12A application) ~~and any comment on it;~~
- (d) an application for planning permission made under s.16 of the Ordinance (s.16 application) and any comment on it;
- (e) an application for amendments to planning permission made under s.16A of the Ordinance (s.16A application); and
- (f) an application for review of the Board's decision on a s.16 or s.16A application made under s.17 of the Ordinance (s.17 review).

2. General principles in processing request for deferment

- 2.1 Upon receipt of representations, ~~comments~~, further representations, applications and reviews lodged in accordance with the Ordinance (hereafter collectively referred to as “the submissions”), the Secretary of the Board (Secy/Board) will notify the representers/further representers/~~commenters~~/applicants of the date of the Board’s meeting to consider the submissions. The Board may, under various circumstances and/or upon request of the representers, further representers, ~~commenters~~, applicants or the Planning Department, defer making a decision on the submissions and reschedule the relevant meeting to another date.
- 2.2. Any request for deferment should be addressed in writing to the Secy/Board. As a prerequisite, reasonable grounds must be provided to support the request and the proposed deferment period should not be indefinite. In considering a request for deferment, the Board will take into account all relevant factors and whether the right or interest of other concerned parties will be affected and may specify the maximum period for deferment as it deems appropriate. Normally, the applicant or relevant parties will be given two months for preparation of ~~the~~ submission of further information (if required) upon the Board’s agreement to the deferral request. The case will then be re-submitted to the Board within two months in case of a **s.12A application**/s.16 application or within three months in case of a ~~s.12A application~~/s.17 review upon receipt of the further information. The Secy/Board has the discretion to schedule the meeting date for consideration of the application as soon as practicable before the expiry of the statutory time limit, with a view to expediting the processing of applications. The rescheduled date for consideration of the relevant submissions should be adhered to.

3. Request for deferment in respect of applications and reviews

Reasons for deferment

- 3.1 Each request for deferment will be considered by the Board based on its merits. The Board may, upon consideration of such request or of its own volition, decide to defer a decision on the applications for the following reasons:

(a) Need to Consult Other Relevant Government Departments

Further consultation with relevant Government departments is required to resolve major technical issues directly associated with the case in question.

(b) Provision of Important Supplementary Information

Information which is essential for the consideration of the submissions by the Board is not available but is required to be provided by the relevant parties or Government departments, e.g. **new or revised** assessment to address certain technical issues like Traffic Impact Assessment, Environmental Impact Assessment and Drainage Impact Assessment and refinement to the application to address public comments.

(c) Awaiting Recommendations of Major Government Planning-Related Study or Infrastructure Proposal

A major Government planning-related study due to be completed shortly or a decision on a major infrastructure proposal due to be released soon which might have significant planning implications on the subject site and would affect the decision of the Board.

3.2 Non-planning related reasons (such as the need to assess/re-assess the financial or economic viability of the proposal, or awaiting a better “economic climate”) should normally not be accepted.

3.3. Notwithstanding the above, a decision on the relevant submissions may be deferred under other circumstances. These include:

(a) where the Board accepts any further information to supplement a s.12A application, s.16 application or s.17 review, the meeting arranged to consider the application may need to be rescheduled to allow time for further processing of the information. The Secy/Board will inform the relevant parties of the arrangement accordingly. The general practices are set out in the “Town Planning Board Guidelines on Submission of Further Information in Relation to Applications for Amendment of Plan, Planning Permission and Review Made under the Town Planning Ordinance”;

(b) a decision on a s.16 application or s.17 review would be deferred if the zoning/**development restrictions** of the subject site ~~is~~**are** still subject to outstanding adverse representation yet to be submitted to Chief Executive in Council (CE in C) for consideration and the substance of the

representation is relevant to the subject application/review; and

(c) any other reasonable grounds as the Board thinks fit.

3.4 Normally the first deferment requested by the applicant would be granted to allow the applicant to prepare further information to address outstanding issue(s). The request for the second deferment would not be acceded to if:

(a) the applicant fails to demonstrate that reasonable action(s) such as submission of further information has/have been taken to address the outstanding issue(s);

(b) the application site is the subject of repeated applications involving more or less the same use with similar proposal or the subject of withdrawal applications for the same use at the same site/premises; or

(c) any other factors pertinent to the application as the Board thinks relevant, such as the nature of public comments received, whether the outstanding issues are fundamental for the Board's consideration or could be dealt with at a later stage, and whether the progress of enforcement actions to be taken by the concerned departments would be affected, etc.

3.5 To avoid delay in processing application/review, the second deferment should be the last deferment. Except under very special circumstances and supported with strong justifications, further request for deferment would not be favourably considered by the Board.

4. Procedures for handling request for deferment of applications and reviews

4.1 The applicant will normally be given two months for preparation of **the** submission of further information upon the Board's agreement to the deferral request. The case will then be re-submitted to the Board within two months in case of a **s.12A application/s.16 application** or within three months in case of a ~~s.12A application/s.17 review~~ upon receipt of further information. The applicant is advised to submit the further information involving various assessments (if required) in one go as soon as possible. The Secy/Board has the discretion to schedule the meeting date for consideration of the application as soon as practicable before the expiry of the statutory time limit, with a view to

expediting the processing of applications.

- 4.2 For request with reasonable grounds (i.e. those set out in paragraph 3.1 above), if it is received by the Secy/Board before the issue of agenda of the meeting and the relevant paper on the application (normally one week before the scheduled meeting date), a simple paper will be prepared by the Planning Department to seek the Board's agreement to the request. Should the request be received after the issue of the agenda, the Planning Department will report the case at the scheduled meeting. The applicant and/or his/her representative(s) will not be required to attend the meeting in case of a s.12A application/s.17 review. If the Board agrees to the deferment **for the applicant to submit further information**, the applicant will be notified of the ~~two-month~~ period for submission of further information and the rescheduled meeting date. However, if the Board decides not to accede to the request, it may proceed to make a decision on the application at the scheduled meeting if it is a s.16 application, or adjourn the meeting for consideration of the application to the following meeting if it is a s.12A application/s.17 review. The applicant will be informed of the Board's decision on the application or will be invited to attend the rescheduled meeting as the case may be.
- 4.3 However, for request not supported by the Planning Department, e.g. the request is without reasonable grounds, it will be submitted together with the relevant paper on the application to the Board for consideration, regardless of whether the request is received before or after the issue of agenda. In case of s.12A application and s.17 review, the applicant and/or his/her representative(s) will be required to be present before the Board to explain the reasons for the proposed deferment. Should the Board consider that a deferment is not warranted, it may proceed to make a decision on the application/review. If the applicant and/or his/her representative(s) fails to attend the scheduled meeting, the Board may proceed with the meeting in their absence.

S.16A applications

- 4.4 Pursuant to s.2(5)(b) of the Ordinance, the Board has delegated to the Director of Planning (D of Plan) the power to consider s.16A applications. Any request for deferment of decision on such applications shall be submitted to the Secy/Board as early as possible before D of Plan has made a decision on the application. D of Plan will decide on the request in accordance with these Guidelines.

5. Request for deferment in respect of representations, ~~comments~~ and further representations

- 5.1 According to the Ordinance, the Board shall submit a ~~draft~~ plan to the CE in C within a statutory time limit of ~~nine~~ **five months after the expiry of the last plan exhibition period (or with an extension which may be extended, if appropriate, for two months and in exceptional circumstances, further two more periods of 2 months each by the Secretary for Development)** ~~CE) from the expiration of the exhibition period of the draft plan.~~ Deferment of consideration of representations, ~~comments~~ and/or further representations may affect the submission of the plan to CE in C and other parties involved in the hearing **of representations.** Hence, such request would not be entertained unless **there are very strong reasons to do so and consent of other concerned parties has been given** ~~with the consent of other concerned parties and there are very strong reasons to do so.~~ If it is absolutely unavoidable, the Board may only adjourn the meeting for a period up to a maximum of ~~four~~ **two** weeks (counting from the original hearing date) taking into account all relevant considerations and circumstances of each case.
- 5.2 To meet the statutory time limit on submission of a ~~draft~~ plan to the CE in C, any request for deferment should be submitted to the Secy/Board as soon as possible but in any case not later than two weeks before the scheduled meeting date. Upon receipt of a request for deferment, the Planning Department will circulate a simple paper to seek the views of the Board on the request and inform the relevant parties of the decision of the Board on the request accordingly. If the request is not acceptable to the Board, the hearing of ~~the~~ representations/**consideration of** further representations will proceed as scheduled.
- 5.3 If the request is received after the two-week deadline, it will be submitted to the Board for consideration together with the relevant paper on the representations/further representations at the scheduled meeting. **For the hearing of representations,** ~~t~~The relevant parties ~~and/or if applicable,~~ their representative(s) will be required to be present before the Board to explain the reasons for the proposed deferment. Should the Board consider that a deferment is not warranted, the hearing of the representations/~~further representation~~ will

proceed as scheduled. If the **representers** ~~relevant parties and/or~~ their representative(s) fail to attend the meeting, the Board may proceed with the meeting in their absence.

- 5.4 As no hearing will be arranged for consideration of further representations, the Board normally will not entertain any request for deferment of the consideration raised by the further representers.**

6. Notification of request for deferment

It is a statutory requirement that the Board's meetings to consider the relevant submissions, except the part on deliberation of the submissions, shall be open to public. To facilitate the public in tracking the progress of the case, the receipt of a request for deferment will be notified on the Board's website.

PRESENTATION TIME

Setting and Allocation of Speaking Time

16 Pursuant to section 2C(4) of the Ordinance, the Board may determine the length of time for a representer, or authorized representative who is authorized by one or more representers, to present his/her/their case(s) at the hearing. The authorized representative may himself/herself be a representer, and may represent also a number of other representers.

~~12~~**17 While the Board TPB—fully respects the rights of the representers/commenters/further representers to be heard and, as well as the need to ensure procedural fairness, there is a need to ensure efficient conduct of hearings and processing/consideration of representations in accordance with the statutory time limit. In this regard, a maximum presentation time of 10 minutes will be allotted to each representer or his/her authorized representative, on a non-accumulative basis, i.e. regardless of the number of representers the authorized representative is representing, each representer or authorized representative will only be given 10 minutes to speak once in the hearing even when the authorized representative himself/herself is also a representer or there is any accompanying person to speak on the behalf of the representer/authorized representative. Without prejudice to the aforesaid, TPB has to manage efficient and effective hearing session under the circumstances that a large number of representations/comments/further representations in respect to a draft plan were received. Having taken into account all relevant circumstances and matters including the statutory timeframe within which TPB has to submit the draft plan to the Chief Executive in Council, a time limit might be imposed on the oral submission of each representer/commenter/further representer.**

~~13~~ TPB may initially allot a maximum presentation time of 10 minutes to each representer /commenter/further representer, subject to confirmation of the number of such attendees for the hearing session and the aggregate presentation time required. With a view to ensuring fair treatment, all representers/commenters/further representers (whether they attend in person or through their authorized representatives) will be given the same time limit. TPB has the responsibility of ensuring the smooth conduct of the meetinghearing. In discharging such responsibility, TPB may stop any oral submission which is repetitive, abusive or on any other reasonable grounds even before the allotted time ~~expires~~has expired. Where a representer/commenter/further representer has authorized a representative to speak on his behalf, such authorized representative will take over the 10-minute time slot allocated to the representer/commenter/further representer. If a representative is authorized by more than one representer/commenter/further representer to represent them, that authorized representative may use the cumulative time allotted to all the persons he represents to make the oral submission. The authorized representative may himself be a representer/commenter/further representer, and may represent also a number of other representers/commenters/further representers. Such authorized representative will not be allowed to speak longer than the total amount of time allotted to himself and the other representer/commenter/further representer whom he represents cumulatively.

~~14~~

~~15~~**18 For a hearing with more than one session, once the representers/commenters/further**

~~representers have been assigned with a session to attend the meeting, their authorized representatives may only use the time slots of the represented persons at the sessions allotted to them in order to avoid affecting the scheduled sessions of other representers/commenters/further representers. However, this is subject to the swapping arrangement set out below. For the convenience of the authorized representative who represents more than one representer/commenter/further representer, arrangement will be made as far as practicable to allot the same session for such authorized representative provided that the TPB Secretariat has been duly notified of the authorizations before the assignment of sessions for the concerned representer/commenter/further representer. Otherwise, the authorized representative will have to make his oral submission at the session(s) of the meeting when his represented representers/commenters/further representers are scheduled to be heard.~~

Swapping of Allotted Time

19 For a hearing that is to be conducted with more than one session, once a representer/authorized representative has been assigned with a specific session, the representer or authorized representatives can only attend the assigned session in order to avoid affecting the convention of other scheduled sessions.

~~16—A representer may swap his/her time slot with another representer in respect of the same draft plan who has been allotted a different session on a one-to-one mutually agreed basis. For any such swapping, the concerned representers should provide the TPB Secretariat of~~
the Board with written notification duly signed by both of them indicating their mutual consent to the swapping arrangement before commencement of the relevant session. **For avoidance of doubt, the 10-minute rule set out in paragraph 17 still applies.**

~~17—The same swapping arrangement is applicable to commenters and further representers, where appropriate.—~~

~~1820~~

Time Keeping

~~1921~~ A time-keeper will be appointed by the TPB Secretariat **of the Board** to ring a bell or other similar device 2 minutes before the allotted time is up to alert the representer/**authorized representative**/~~commenter/further representer~~ that the **speaking** time limit is about to expire, and to do so again when the allotted time limit expires. Upon the ringing of this device when the allotted limit is up, the speaker must stop **speaking** immediately.

Presentation by Electronic Media

~~2022~~ If, at the ~~meeting~~**hearing**, a representer/~~commenter/further representer~~ or his/authorized representative chooses to present the submission by electronic media such as video/record tape **or PowerPoint slides**, he/she **must do so within** ~~—still will not be allowed to exceed the total allotted time of 10 minutes.~~ **The representer/authorized representative is not allowed to submit electronic media for broadcasting at the hearing if he/she does not attend the hearing in person**~~The submission of such electronic media for broadcasting at the meeting by a representer/commenter/further representer who does not attend the meeting in person or by an authorized representative will not be allowed.~~

Request for Further Time

- ~~21~~**23** Request for further time for making oral submission from a representer/~~commenter/further representer~~ or his/**her** authorized representative will be subject to the discretion of **the Board TPB**—and such discretion will only be exercised upon sufficient cause shown and after taking into account all relevant circumstances. ~~The representer/commenter/further representer or his authorized representative will be notified of the result of his request at the meeting.~~ If his/**her** request is acceded to, he/**she** will be allowed to make an oral submission continuously **up to the cumulative further time allowed by the Board**~~limit~~. If there is more than one hearing session, the representer/~~commenter/further representer~~ or his/~~authorized~~ representative will be either given further time in the same allotted session to make his/**her** submission (if time permits), or be notified of the date when he/**she** will be invited to return for such purpose.

CONTENT OF ORAL SUBMISSIONS

- ~~22~~**24** **To allow time to be used more wisely and effectively, we strongly encourage** ~~Each~~ oral submissions **to respond to the Board's enquiries for clarifications or departments' comments arising from** ~~—may elaborate further or highlight the essential points in support of the subject representations/comment/further representation, instead of reciting the points made in the written representations which have already been provided to the Board before the hearing and had been taken into account.~~ Oral ~~Such~~—submissions should **also** be confined to the ground of the written representations/~~comment/further representation~~ already made to **the BoardTPB** under the Ordinance.
- ~~23~~**25** To ensure a smooth and efficient conduct of the ~~meeting~~**hearing**, the Chairman of **the BoardTPB** (the Chairman) may request the representers/~~commenter/further representer~~ or his—authorized representatives not to repeat unnecessarily the same points which have already been presented by others at that ~~meeting~~**hearing**. If a point has already been made by others in the ~~meeting~~**hearing** or is unrelated to the subject matter, the Chairman can in his/**her** discretion disallow repetition and may request ~~the a~~ representer/~~commenter/further representer~~ or his/**her** authorized representative to discontinue.
- ~~24~~ ~~In order not to unnecessarily prolong the meeting process, the oral submissions made in the meeting should avoid reading out or repeating statements contained in the written representations/comments/further representations made under the Ordinance which the TPB Secretariat has already provided to members of TPB.~~
- ~~25~~**26** During the ~~meeting~~**hearing**, the representers/~~commenters/further representers~~ or ~~their~~—/authorized representatives and representatives of government bureau(x)/department(s) may only address **questions from the members of the BoardTPB** at the invitation of the Chairman. The ~~meeting~~**hearing** should not be taken as an occasion for cross-examination among concerned parties.

WHETHER AN APPLICATION IS REQUIRED

- 3 Prior to commencement of any use or development, please check the land use zoning of the site/premises on the relevant statutory plan (the Plan), i.e. Outline Zoning Plan (OZP) or Development Permission Area (DPA) Plan and the provisions of the Plan to which the proposed use or development relates.
- 4 The Plan is available for public inspection at the Planning Enquiry Counters of the Planning Department and for sale at the Map Publications Centres of the Lands Department. The electronic version of the Plan can also be viewed at ~~the Town Planning Board's~~ (the Board's) ~~W~~website (<http://www.tpbinfo.gov.hk/tpb/>). Forming part of the Plan is a set of Notes which includes the following:
 - (a) the covering Notes which set out the terms and general provisions of the Plan;

- (b) a set of Notes which sets out for each land use zone the uses or developments that are always permitted (the “Column 1” uses) and those requiring permission from the Board (the “Column 2” uses); and
 - (c) additional restrictions, if any, on uses or developments within a particular land use zone specified under the “Remarks” in the Notes for that particular land use zone.
- 5 Attached to the Plan is an Explanatory Statement which provides description on the general planning intention of each land use zone. A set of “Definitions of Terms Used in Statutory Plans” is also available for public inspection at the Planning Enquiry Counters of the Planning Department and the Board’s Website.
- 6 The following uses or developments are always permitted and no separate permission is required:
 - (a) uses or developments which are always permitted as specified in the covering Notes of the Plan unless otherwise specified in the respective zone(s); and
 - (b) “Column 1” uses of the relevant land use zone.
- 7 Permission from the Board is required for any proposed use or development which falls under “Column 2” or as required under the terms of the Notes.
- 8 No action is required to make the existing use of any land or building conform to the Plan. The scope of existing use is defined in the covering Notes of the OZPs and DPA Plans. For interpretation of existing use in the urban and new town areas, reference can also be made to the Town Planning Board Guidelines for Interpretation of Existing Use in the Urban and New Town Areas. Any material change of use or any other development (except minor alteration and/or modification to the development of the land or building in respect of the existing use, which is always permitted) or redevelopment must be permitted in terms of the Plan or, if permission is required, in accordance with the permission granted by the Board. It is not for the Planning Department or the Board to provide evidence to prove whether a use is an existing use. Any person who intends to claim an “existing use right” will need to provide sufficient evidence to support his/**her** claim.
- 9 If the proposed use or development is neither a use or development always permitted nor a “Column 2” use under the Notes of the Plan, there is no provision for application for such use or development, except for temporary use in the rural areas **or in regulated areas under the Ordinance** (please refer to paragraphs 10 to 13 below). Nevertheless, pursuant to section 12A of the Ordinance, an application for amendment of plan may be submitted to the Board for consideration. Please refer to the Guidance Notes on Application for Amendment of Plan under Section 12A of the Town Planning Ordinance for details.

PROVISION FOR TEMPORARY USE

Urban and New Town Areas

- 10 Generally speaking, in the Notes of the OZPs covering the urban and new town areas, **if the land or buildings not falling within the boundaries of a regulated area**, there is a provision that temporary uses (expected to be 5 years or less) of any land or buildings are

permitted in all zones as long as they comply with other government requirements. Temporary uses expected to be over 5 years must conform to the zoned use or the terms of the Plan. **If the land or buildings fall within the boundaries of a regulated area, the provision for temporary use mentioned in paragraphs 12 and 13 below will apply.**

- 11 For the interpretation of the above, all uses in permanent buildings should be considered as permanent uses unless the temporary nature of the use can be established to the satisfaction of the Board. Uses accommodated in temporary structures on land awaiting permanent development are considered as temporary uses provided that the allocation for the use is for a period of less than 5 years.

Rural Areas

- 12 Generally speaking, in the Notes of the OZPs or DPA Plans covering the rural areas, there is a provision that, except in some conservation-related zones as specified in the Notes, temporary uses of any land or buildings not exceeding a period of 2 months are always permitted and no permission is required provided that the use is for carnival, fair, film shooting on location, festival celebration, religious function or sports event; and no site formation (filling or excavation) is carried out.
- 13 In areas covered by the rural OZPs or DPA Plans, applications for temporary uses (usually up to a maximum period of 3 years depending on the Notes of specific OZP or DPA Plan) of any land or building, notwithstanding that they are not “Column 2” uses under the Notes of the Plan, can be made to the Board. The Board may grant, with or without conditions, or refuse to grant permission. However, any temporary uses for open storage and port back-up purposes are prohibited in areas under conservation-related zonings, i.e. “Conservation Area”, “Coastal Protection Area”, “Site of Special Scientific Interest”, “Other Specified Uses” annotated “Comprehensive Development and Wetland Enhancement Area” and “Other Specified Uses” annotated “Comprehensive Development and Wetland Protection Area”.

- 14 Prior to the submission of an application, advice could be sought from the respective District Planning Office (DPO) of the Planning Department. If it is considered necessary, pre-submission meeting with the participation of other relevant government departments could be arranged.

WHERE TO OBTAIN THE APPLICATION FORM

- 15** An application for permission should be made in a form, which can be obtained from **the Secretariat of the Board at 15/F, North Point Government Offices, 333 Java Road, North Point, Hong Kong (Tel: 2231 4810 or 2231 4835) and the Planning Enquiry Counters of the Planning Department (Hotline: 2231 5000)**, or downloaded from the **Board's Website (<http://www.infotpb.gov.hk/tpb>)**. For EPASS submission, the relevant electronic application form is available at the Board's website.

WHO CAN APPLY

- 16** Any person can submit an application for permission under section 16 of the Ordinance.
- 17** The applicant could appoint an agent to submit an application on his/**her** behalf. If the application is submitted by an agent, an authorisation letter signed by the applicant should be submitted together with the application. It should be noted that it is not a mandatory requirement to engage qualified professionals in making a submission.

HOW TO COMPLETE THE APPLICATION FORM¹

- 18** The application form should be typed or completed in block letters, preferably in both English and Chinese. If the space provided on the form is insufficient, please give the details on a separate sheet of paper and make reference to this on the form. A sample of a completed application form is available for reference on the Board's Website.
- 19** The applicant is required to duly complete the application form, including, among others, the "Particulars of Applicant and Authorised Agent" and "Checklist of Documents". To ensure prompt communication during the processing of the application, the applicant or his/**her** authorised agent should provide an email address and telephone number.
- 20** **Annex A** lists out the particulars which must be included in an application for vetting by the Secretariat of the Board. If any of these particulars is missing or inconsistent with one another, the Board may refuse to process the application.

¹ For EPASS submission, reference should be made to the Guidance Notes on EPASS Submission for details.

TOWN PLANNING BOARD GUIDELINES

- 21** A number of guidelines for planning applications have been promulgated by the Board. These guidelines set out the factors which the Board normally takes into account when considering particular applications, and may therefore be of assistance to applicants in preparing their applications. The guidelines can be obtained from **the Secretariat of the Board and the Planning Enquiry Counters of the Planning Department**, or downloaded from **the Board's Website**.

CONSENT OF OR NOTIFICATION TO "CURRENT LAND OWNER"

- 22** Where an applicant is not the sole "current land owner" of the land/premises to which the application relates, he/she should indicate in the application whether he/she has within a reasonable period (normally 1 year) before making the application obtained the consent of or notified each and every other "current land owner" in respect of the application site/premises, or taken reasonable steps to do so. A "current land owner" means any person whose name is registered in the Land Registry as that of an owner of the land to which the application relates, as at 6 weeks before an application is made. For detailed requirements, please refer to the Town Planning Board Guidelines on Satisfying the Owner's Consent/Notification Requirements under Sections 12A and 16 of the Town Planning Ordinance.
- 23** A sample format of statement of consent is attached to the said Town Planning Board Guidelines and can be obtained from the Secretariat of the Board and the Planning Enquiry Counters of the Planning Department, or downloaded from the Board's Website. All consents should be signed by the concerned "current land owners".
- 24** Instead of obtaining the consent from a "current land owner", an applicant may notify such owner. The notification should be in the form of a written notification sent by registered mail or local recorded delivery mail (e.g. courier service) to the postal address of individual "current land owner" as appeared in the record of the Land Registry (or the company's office address registered in the Companies Registry if the "current land owner" is a corporate entity), or the relevant postal address of the land/premises under application. A sample format of the notice is attached to the said Town Planning Board Guidelines for reference. The applicant should provide a full record of such notification at the same time when he/she submits the application.
- 25** Apart from obtaining owners' consent or giving notification, an applicant may demonstrate that reasonable steps as required by the Board have been taken to such effect. The applicant should provide a full record of the steps taken before the application is made at the same time when he/she submits the application.

WHAT DOCUMENTS ARE REQUIRED FOR THE SUBMISSION

- 26** Applicant is required to provide signed and completed prescribed application forms

(Form No. S16-I, S16-II or S16-III)², an authorisation letter signed by the applicant, if the application is submitted by an authorised agent on the applicant's behalf, and the land/consent/notification documents as specified in paragraph 29 below. If needed, the application may also provide plans/drawings and supplementary information (SI) such as planning statements and reports on technical assessments. If SI is submitted, an Executive Summary of not more than 500 words in both English and Chinese should also be provided.

- 27** For fire safety reason, a plan in a scale of not less than 1:400 should be provided in the application for commercial use on the ground floor of an existing industrial premises falling within “Industrial”/“Other Specified Uses (Business)”/“Residential (Group E)” zone to show the location of the premises under application in the relevant building, and all means of exit, entry and internal passageway of the premises under application (please refer to **Plan 1** for sample). For the minimum requirements for fire service installations and equipment for the aforesaid commercial uses, the applicant may make reference to the Guidance Notes on Compliance with Planning Condition on Provision of Fire Safety Measures for Commercial Uses in Industrial Premises. The Guidance Notes can be obtained from the Secretariat of the Board and the Planning Enquiry Counters of the Planning Department, or downloaded from the Board's Website.
- 28** For applications for any particular use or development that may have implications on the environment, drainage, traffic, infrastructure, landscape, **visual** and topography, etc., technical assessments on the impacts of the proposed use or development may also be required. Please refer to **Annex B** for further details. For documents required for application for temporary open storage and port back-up uses in particular, please refer to paragraphs 1 to 3 in **Annex C** for details. However, the submission of certain technical assessments is not required for the following types of applications:
- (a) for applications for renewal of approvals for temporary use or development made before the expiry of the relevant approval period, there is no need to undertake new technical assessments to support the application so long as there is no major change in planning circumstances (such as a change in the planning policy/land-use zoning for the area). Updated assessments may however need to be submitted if necessary. Please refer to the Town Planning Board Guidelines on Renewal of Planning Approval and Extension of Time for Compliance with Planning Conditions for Temporary Use or Development for details; and
 - (b) for applications for filling of land involving an area of less than 1 ha (except for those within conservation-related zones), submission of technical assessments on the environmental, traffic, geotechnical, landscape and visual impacts of the proposed filling is not mandatory at the time of submitting the application. This is also applicable to drainage aspect if no existing river, stream, channel, drainage pipe, or overland flow path within the site will be affected by the proposed filling. Concerned government departments will examine the planning applications and advise whether any such impact assessment is required for individual cases before submission of the applications to the Board.

Man-made Slope, Retaining Wall or Natural Terrain

For applications for any use or development that may affect or be affected by man-made slopes, retaining walls or natural terrain, applicants should make reference to the “GEO Advice Note for Planning Applications”. The Advice Note explains the criteria for submission of a Geotechnical Planning Review Report which is required to support applications for use or development that will affect or be affected by man-made slopes, retaining walls or natural terrain. Applicants are also recommended to refer to GEO Publication No. 1/2011 “Technical Guidelines on Landscape Treatment for Slope” (<https://www.cedd.gov.hk/eng/publications/geo/geo-gco/geo-p111/index.html>) which provides useful guidelines on landscaping of man-made slopes and retaining walls.

Copies of the said Advice Note and further advice can be obtained from the Geotechnical Engineering Office of the Civil Engineering and Development Department (Tel: 2762 5401).

Landscape and Visual

For applications for any use or development that may cause landscape and/or visual impacts, **the** applicants may be required to submit, together with their applications, information on landscape and visual impacts. On landscape impact, the information may include survey on tree and landscape resources (with site photos showing the existing conditions) and ~~quantification of changes.~~ Illustrations on proposed **changes and** mitigation measures **such as including** compensatory planting and/or other landscape treatment **s as appropriate.** ~~may be necessary to suit the circumstances of each case.~~ On visual impact, the information may include identification of visual resources and ~~visually~~ sensitive **viewers/receivers**, and illustrations to show visual compatibility or obstruction and proposal of mitigation measures.

For presentation purpose in general, photomontages would be a useful tool in demonstrating the visual and landscape impacts of the proposed development. The viewpoints for the photomontages to be selected should be agreed by the Planning Department before the submission as far as possible. Where necessary, use of computer generated and/or physical models to further demonstrate the visual impact and mitigation measures may be required. For details, please contact the respective District Planning Office of the Planning Department.

Water Gathering Grounds

For applications for any use or development within the water gathering grounds, applicants may be required to submit, together with their applications, information on the potential impacts on water quality and loss of yield in the water gathering grounds arising from the proposed use or development. Moreover, applicants should demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum. The proposed development should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. in case of Small House development, the applicant can demonstrate that the water quality within water gathering grounds will not be affected by the proposed development).

Water Supply

For applications for any use or development that may cause water supply impacts, applicants may be required to submit, together with their applications, a water supply impact assessment (WSIA). The requirements of the WSIA should be agreed with the Water Supplies Department and contain the following information:

- a detailed demand assessment for potable water and flushing water;
- an estimated annual water demand build-up trend covering the period from initial completion to full development;
- proposal of connection points to the existing water main network and new mains to be laid from the connection points to the development. The preliminary feasibility of the alignment of any new water mains should be established;
- assessment of the impacts of the additional water demand generated by the proposed

development on the existing/planned waterworks infrastructure; and

- proposed measures to improve the water supply system in case it is found that the proposed development will lead to deficiency in the existing/planned waterworks infrastructure.

The applicants may be required to provide detailed calculations and hydraulic assessment if appropriate to support the WSIA.

For enquiry, please contact the Construction Division of the Water Supplies Department (Tel: 2829 4500).

Application for Permission for Temporary Open Storage and Port Back-Up Uses

WHAT DOCUMENTS ARE REQUIRED FOR THE SUBMISSION?

- 1** In submitting planning applications for permission for temporary open storage and port back-up uses, apart from application form, the following documents are required:
 - (a) **Location and Site Plans/Drawings** - clear and accurate location and site layout plans showing the location of the application site and its surrounding area. If the access to the proposed site is via a village track, the submitted plan should cover the entire section of the track from the site to the local feeder road, which should be at least up to single two lane road standard, and the applicant should also submit photographs covering the entire track to show its cross-section, the sightline and the condition of the road pavements. Also, drawings showing the locations of the proposed drainage works, landscape works, noise barriers and boundary wall or fencing, if relevant, should be submitted;
 - (b) **Details of Proposed Uses** - details of the uses and operations proposed to be carried out on the application site. These include information such as the operation hours, the type and stacking height of stored materials, the number of parking spaces for stored vehicles or container tractors/trailers, the industrial or mechanical processes involved, the vehicular access and the vehicular trip generated. Details of any structure(s) proposed to be erected on the application site should also be provided;
 - (c) **Drainage Impact Assessment/Drainage Proposals** - to alleviate the risk of flooding caused by the proposed uses involving activities such as earth filling, hard surface paving and building of structures, drainage proposals are required to demonstrate how the applicants will collect, convey and discharge rain water falling on or flowing to their sites. For application sites larger than 1 hectare, or within flood prone areas such as low-lying areas and flooding blackspots, or adjacent to or encompassing a major stream, channel or river etc, the drainage impact of the proposed uses may be significant and drainage impact assessment (DIA) would normally be required. The primary objective of the DIA is to demonstrate that with the implementation of necessary mitigation measures, the proposed use will not cause unacceptable increase in the risk of flooding in areas upstream of, adjacent to or downstream of the development;
 - (d) **Landscape Proposals** - ~~to ensure that the landscape and visual impacts of the proposed use(s) on the surrounding areas are kept to the absolute minimum,~~ the potential impacts arising from the proposed development on the existing landscape resources and the proposed tree treatments should be illustrated in the landscape proposals. The landscape proposals should also demonstrate how the landscape and visual impact generated by the proposed uses can be properly mitigated and include information such as species, size, spacing, total quantity of each type of the proposed planting and their locations. Planting in movable containers/pots will not be accepted. If mature trees in good health and structural condition are found within the site, the trees should be preserved on site as far as practicable;

- (e) **Noise Impact Assessment/Mitigation Measures** - to ensure that the proposed uses would not cause adverse noise impact to the surrounding sensitive receivers, noise impact assessments should be undertaken for noise generating activities such as those which involve the use of heavy machinery including manoeuvring of heavy vehicles and workshop activities. Proposals on mitigation measures to reduce the noise pollution generated by the proposed uses are required;
 - (f) **Air Quality Proposal** - to demonstrate and ensure that the relevant mitigation measures as stipulated under the latest “Code of Practice on Handling the Environmental Aspects of Temporary Uses & Open Storage Sites” will be followed to avoid or alleviate air nuisance generated by the proposed uses; and
 - (g) **Traffic Impact Assessment** - traffic impact assessment should be carried out for those uses generating substantial volumes of traffic, in particular container trailer/tractor park to ensure that the traffic volumes do not exceed the capacity of the local road network or that proposed mitigation measures such as junction improvements are practical and effective. Analyses of swept paths of appropriate types of goods vehicles at critical bends and junctions should also be included where appropriate. Where there are nearby residential or school developments, information on pedestrian count obtained from pedestrian surveys should be provided.
- 2 In the preparation of submissions as mentioned above, applicants can make reference to the following documents:
- (a) Town Planning Board Guidelines for Application for Open Storage and Port Back-up Uses under Section 16 of the Town Planning Ordinance (<https://www.info.gov.hk/tpb/en/forms/guideline.html>);
 - (b) “Technical Note on the Submission and Implementation of Landscape Proposals for Compliance with Approval Conditions for Applications for Open Storage and Port Back-up Uses under Section 16 of the Town Planning Ordinance” issued by Planning Department (http://pld-homepage.pland.hksarg/pland_en/tech_doc/index.html);
 - (c) “Code of Practice on Handling Environmental Aspects of Temporary Uses & Open Storage Sites” issued by Environmental Protection Department (https://www.epd.gov.hk/epd/english/environmentinhk/eia_planning/guide_ref/eia_guidelines.html); and
 - (d) “Technical Note to prepare a Drainage Submission” issued by Drainage Services Department (https://www.dsd.gov.hk/EN/Technical_Documents/DSD_Guidelines/index.html).
- They could also consult the relevant government departments and the DPOs of the Planning Department on the detailed requirements of the submissions.
- 3 In the assessment of planning applications for open storage and port back-up uses, general planning criteria including the planning intention of the area covering the site, compatibility with surrounding land uses, site accessibility and possible impacts generated by the proposed uses will be taken into account. For details on these general planning criteria, applicants can make reference to the “Town Planning Board Guidelines for Application for Open Storage and Port Back-up Uses under Section 16 of the Town

Planning Ordinance” mentioned in paragraph 2(a) above.

HOW TO COMPLY WITH APPROVAL CONDITIONS?

- 4 In granting planning permission, planning conditions on the **submission**/ resubmission of technical proposals and/or **implementation** of the proposals would be imposed to ensure that the approved open storage/port back-up uses would not generate adverse drainage, landscape, environmental and traffic impacts on the surrounding area and that the proposals would be complied with and/or implemented within a specified time. Depending on the special circumstance of each case, a planning condition requiring the application site be reinstated to an amenity area upon expiry of the planning permission would normally be imposed to ensure that the site would be tidied up, after the expiry of the planning permission, with the provision of suitable landscape treatment. It is imperative that the requirements are duly observed and implemented in accordance with the planning conditions.
- 5 Successful applicants should seek advice and assistance from the respective Government departments and the DPO in the preparation of the detailed technical submissions and implementation of the approval conditions. A list of contacts of the concerned Government departments is attached to the notification letter issued by the Secretariat of the Town Planning Board. Reference can also be made to the relevant documents providing guidance on the fulfillment of conditions mentioned in paragraph 2 above.
- 6 Government departments will give advice on the following aspects:
 - (a) **Planning Department** - preparation and implementation of landscape proposals, their maintenance and detailed reinstatement requirement;
 - (b) **Drainage Services Department** - preparation of drainage impact assessment and drainage proposals; and implementation of drainage facilities;
 - (c) **Transport Department** - provision of vehicular access point, junction improvement, design of parking layout and preparation of traffic impact assessment;
 - (d) **Environmental Protection Department** - preparation of noise impact assessment and implementation of mitigation measures to reduce noise, air quality and water quality impacts; and
 - (e) **Lands Department** - the provision of fencing and paving of the site.

Submission of Technical Proposals

- 7 Successful applicants should submit the technical proposals as soon as they are available. For normal cases where the conditions are required to be complied with within 6 months from date of planning approval, the applicant should submit the proposals at least 6 weeks before expiry of the compliance period to the relevant DPO of the Planning Department for central processing (for landscape proposals, a copy should be sent to the Urban Design & Landscape Section of the Planning Department directly). A copy of the submissions should also be sent to the Secretary, Town Planning Board for record purpose.

- 8 The relevant DPO will circulate the technical proposals to concerned government departments for comments and inform the applicants within 6 weeks upon receipt of the proposals whether the submitted proposals are acceptable. If the proposals do not meet the requirements of the concerned departments, the applicants should revise the proposals and resubmit the proposals for further consideration. In any case, it is important to have the revised proposals accepted by the relevant government—departments within the compliance period. If not, application for extension of time for compliance with the planning conditions should be sought.
- 9 Sometimes the Board may impose a shorter compliance period for implementing the conditions. Applicants should pay particular regard to the length of the compliance period and submit proposals to comply with the conditions as early as possible, and allow at least 6 weeks for departments concerned to vet the proposals.

Implementation of Technical Proposals

- 10 Once the technical proposals are accepted, the applicants should proceed with the implementation works without delay and notify the relevant DPO of the Planning Department and the Secretary, Town Planning Board once the works are completed. All works must be completed at least 6 weeks before the expiry of the specified time limit. For works that do not require the submission of proposals, implementation works should be undertaken once the applications are approved. Upon receipt of the applicants' notification of the completion of the required works, the relevant DPO and government departments will arrange for site inspection and inform the applicants within 6 weeks whether the implemented works are satisfactory. The completed works/landscape/mitigation measures should be properly maintained.

Reinstatement Clause

- 11 If the planning condition contains a requirement to reinstate the application site into an amenity area upon expiry of the planning approval, the applicant is required to undertake reinstatement works which usually include removal of hard paving and planting the site with trees, shrubs and grass, and sometimes demolition of the structure/shelter on the site. Any enquiry on the reinstatement requirement should be directed to the relevant DPO of the Planning Department.

HOW TO APPLY FOR EXTENSION OF TIME FOR COMPLIANCE WITH PLANNING CONDITIONS?

- 12 If the applicants consider that more time is required to comply with the planning conditions, they could submit applications for extension of time for compliance with planning conditions. The application form can be obtained from the Secretariat of the Board or downloaded from the Town Planning Board's website. In submitting the applications, the applicants should demonstrate that genuine efforts have been made in complying with and implementing the conditions by including in the submissions documentation on the technical proposals so far submitted and an account of works undertaken in respect of the planning conditions. Good justifications should also be given on why the planning condition(s) could not be complied with within the prescribed

time limit. Such application should be submitted to the Secretary, Town Planning Board no less than 6 weeks before the expiry of the specified time limit. The general requirements and assessment criteria for this type of application are set out in the 'Town Planning Board Guidelines on "Renewal of Planning Approval and Extension of Time for Compliance with Planning Conditions for Temporary Use or Development"'.

REVOCATION OF PLANNING APPROVAL

- 13** If the applicants fail to comply with the approval conditions within the specified time limit, the planning permissions granted for the uses will be **revoked** automatically without further notice.
- 14** Continuation of these uses without planning permissions will constitute unauthorised developments subject to enforcement action taken by the Planning Authority.
- 15** To continue the same use(s) on the site, a fresh section 16 planning application needs to be submitted to the Board for consideration. Planning permission would normally not be granted unless the applicants have included in the submissions technical assessments/proposals on such aspects as traffic, landscape, drainage and environmental mitigation to demonstrate that the proposed uses would not generate adverse traffic, landscape, drainage and environmental impacts on the surrounding areas. Furthermore, there should be no major adverse departmental comments and the concerns of the departments and local residents can be addressed through the implementation of approval conditions.

IMPORTANT POINT TO NOTE

- 16** It is **outside the purview** of the Board and the Town Planning Appeal Board to determine any claims in relation to 'existing use'. It is the right of an applicant/operator to bring an action for judicial review in the Court of First Instance if he genuinely believes that he has a valid claim of 'existing use' for a specific site. For further information on this matter, please contact the Central Enforcement & Prosecution Section of the Planning Department.

What is the purpose of posting a site notice?

- To inform the public that an application has been made; and
- To invite the public to submit comments on the application.

A site notice will contain the following information:

- (a) **the QR code and address of the Board's webpage for inspection of the application;**
- (b) the place and hours at which the application is available for public inspection;
- (c**b**) the specified period within which comments on the application may be made to the Board; and
- (d**e**) the place and hours at which any comments so made will be made available for public inspection.

What applications need to be published for public comments?

- ~~amendments of plan (section 12A);~~
- planning permission (section 16); and
- review of the Board's decision made under section 16 (section 17).

In practice, the Board will post site notices for ~~all these three~~ **two** types of applications in so far as local circumstances permit unless:

- (a) the application involves a large area or many buildings; **or**
- (b) the application site is remote and inaccessible by the public; ~~or~~
- (c) ~~the application is not site specific (e.g. application for amending the Notes of the statutory plan generally).~~

When will a notice be posted?

In general, a site notice will be posted on the same day when the application is ~~advertised in the local newspapers and is made available for public inspection and comments.~~ In the event of bad weather and other unforeseen factors, delays in posting may however occur but all efforts will be made to arrange for posting the notice as soon as practicable.

What is the size of a notice? Where will it be posted?

- (a) ~~(a)~~—For applications involving a change of use within premises (e.g. showroom or shop and services in an industrial building or kindergarten in an existing building):
 - (i) the notice is about A2 size (i.e. 420mm x 594mm or 16" x 23"); and

- (ii) it will be posted at the building where the application premises is located in the following order of preference:
- on notice board of the building;
 - inside main lobby of the building;
 - inside lift lobby/lift(s) of the building; or
 - on main gate/outer wall of the building.
- (b) For applications for development on open land (e.g. open storage or comprehensive development on a vacant site ~~or proposed rezoning of a piece of agricultural land~~):
- (i) the notice is about A1 size (i.e. 594mm x 841mm or 23" x 32"); and
 - (ii) it will be posted on the fencing or railing along the boundary of the application site. If neither fencing nor railing exists, the notice will be attached to a pole which is then fixed on the ground within the application site.
- (c) For any of the above applications, if the subject of the application is of territorial or major local significance, an additional notice of about 867mm x 1577mm or 33" x 60" will be mounted on a roadside railing in the locality of the application site/premises.

Who will post the notice?

The staff of the Planning Department will post the site notice on behalf of the Board. ~~They~~**If needed, they** will show their Identity Cards of the Government of the Hong Kong Special Administrative Region when performing the duties.

If the application site/premises involve(s) no Incorporated Owners/management office/caretaker, the staff of the Planning Department will post the notice themselves. Otherwise, they ~~will~~**may** seek assistance from the responsible person of the Incorporated Owners/management office or the concerned caretaker for posting the notice or request him/her to post it.

Why posting more than one site notice with different expiry dates for public ~~comments~~one application?

Before the Board considers an application, the applicant may submit further information to supplement his/her original submission. If the Board decides that such further information should also be published for public comments, a further notice (distinguished by a different colour) would be posted with a new expiry date for the submission of public comments. Comments on the further information may be submitted to the Board by the date specified in the new notice.

When will a notice be removed?

A site notice will be removed when the period for making comments (normally 3 weeks) has expired. The notice will be removed by the responsible person of the Incorporated Owners/management office or the concerned caretaker or the staff of the Planning Department.

What should I do if I found that a notice has been destroyed before it expires?

If you found that a notice has been obliterated/defaced/destroyed/-removed before it expires, you should inform the Secretariat of the Board immediately. The Secretariat will arrange for re-posting as soon as practicable.

Any person who obliterates/defaces/destroys/removes any site notice without the authorization of the Board may commit a criminal offence.
